OUR TERMS

Large Enough .- A few more such sweet potatoes as we received last week from George Shearer, Sr., of Carroll township, and we will have our winter supply. The potato referred to, weighed four pounds .-Whose 's next ?"

Every Pair Warranted .- Those who buy the winter boots sold by F. Mortimer & Co. will be sure of getting a good article, as every pair is warranted not to rip. They had them made to order from the best stock, and in the most substantial manner.

Arrested .- On Monday last Sheriff Rineheart, on information from Snyder county arrested Henry Herald, at Millerstown, charged with the larceny of a quantity of pork, lard and chickens, at Port Trevorton. He was placed in jail, in this borough, until the next day, when he was delivered to the authorities from Sunbury.

Too True.-Josh Billings in describing the fair of the Billingsville Agricultural society, remarks, very justly: "There are two yoke of oxen on the ground, several yoke of sheep, and a pair of carrots, and some worsted work; but they didn't seem to attract any sympathy. The people seemed to hanker for pure agricultural horsetrots."

Alas for the frailty of human nature ! We confess a weakness for "agricultural horsetrots," too.

Horse Killed .- A valuable horse belonging to Mr. Jeremiah Strayer, of Lebanon was killed, on Saturday morning the 30th, ult. Jeremiah, jr., was driving out towards the Canal Basin, with the meat wagon, when the sudden appearance of a locomomotive frightened the horse, and it ran and attempted to jump a paling fence, but fell on it, and the palings pierced its body, causing death in a few minutes.

Rallroad Accident .- On Thursday afternoon, a collision occurred on the Pennsylvania Railroad, near Millerstown, between a gravel train and a special train, having and was found to be nine feet deep. The on board some of the railroad officials .-The engineer of the special train struck the rear car of the construction train with great force, badly injuring the engineer and fireman, the latter shortly dying from his injuries. The accident was caused by the conductor of the gravel train failing to comply with his instructions

Directors-Hon, Frederick Watts, Thomas A. Biddle, Thomas A. Scott, Washington Butcher, Wistar Morris, Josiah Bacon, H. T. Lombaert, Daniel O. Gehr, Thomas B. Kennedy, Edmund Smith, and J. Edgar

Treasurer-E. M. Biddle. Superintendent-O. N. Luli.

Small profits—because of the immense sales at Oak Hall.

Sudden Deathi-John Wolf, aged thirteen, a son of Wm. Wolf, who reside on Judge Hiester's farm, died, very suddenly, this morning, at Dr. Rutherford's, in this city. He left home with his father, at four o'clock, to attend market, and while there took breakfast. He afterwards took a chill and complained of being sick. His father told him to go to Dr. Rutherford's. After going into the office the Doctor seeing he was very sick, invited him into the sitting room to lie down. After the doctor prepared medicine for him, and gave directions for using it after reaching home, and put the medicine in his pocket for him, the boy rapidly grew worse, and died in a few moments without a struggle, having taken no medicine.—Harrisburg State Jour-

nal, of 3d inst. Go or send-for your Fall Cicthes to

Accidents.—On Thursday a horse driven around the fair ground by a young man named Gingrich, from Raccoon Valley be-came unmanageable and ran away. The wheel of the vehicle caught on a post and the driver, and Miss Anna Orwan who was with him were thrown out. The young lady was somewhat hurt but the young man escaped injury. The vehicle was badly demoralized.

On the same day a young man, whose name we could not learn, was thrown over the dash of his buggy by the sudden stopping of his horse and for a few moments was in danger, of being run over. For-tunately his horse stood still until he was released from his perilous position.

On Thursday p. m. a horse belonging to Mr. Samuel Withrow of Centre twp., walked under a projecting board on the roof of the shed at the fair ground, entirely taking the top off the rockaway to which he was attached. This manner of "shifting a top" and turning a covered vehicle into an open buggy, is too expensive a method to be generally adopted.

On Wednesday evening as Mr. George Swartz of this borough was returning from the fair, with a load of ladies, the hind scat of the wagon suddenly tilted in passing over a breaker, and threw Mrs. Gallatin out backwards. She was partially stunned and considerably jarred by the fall, but was not seriously injured.

Several other trifling accidents occurred on the fair ground, mostly the result of reckless driving, and over-doses of "Ben-

A Lamp Explosion.-The Harrisburg State Journal says : Miss Maggie Frantz, residing on East State street, near the canal, was badly burned on Wednesday evening last, by the explosion of a lamp which was about half full of Rose oil, or "Rose burning fluid." She had placed the lamp on a sink, and was sitting on a chair near by, with her back turned. A report and an explosion was the first intimation she had of danger, and before she could get out of the way, the fluid was thrown upon the back part of her head, and ran down her neck and shoulders. She ran for the hydrant in the yard, and Miss Anna Morgan followed her, throwing three buckets of water upon Miss F. before the flames were subdued. Miss Frantz's clothes were almost burned off her back, and when we saw the young lady last evening, she suffered considerably. Her back and neck are fall of blisters, but she is considered out of danger. It was another narrow es cape from death by lamp explosions.

Hall, daily.

Mysterious Holes .- The Bucks County Inteligencer says: Somebody has been digging mysterious holes in the ground, at points near the intersection of the County Line road and the Willow Grove Turnpike. They were first discovered by William Hallowell, while, trimming a hedge. He came to a place where the earth had been disturbed, and taking a shovel dug out a place where the earth was already loosened to a depth of six feet, without making any discovery.

This hole was filled up again by some unknown person, and two others dug in the same vicinity. One of these was afterwards cleared out by Joseph Paul of Warrington object of these excavations is altogether mysterious. It is possible that some half crazy individual may have been searching for Captain Kidd's mythical deposits, or some other equally visionary object.

Remarkable Preservation.-The Sussex N. J., "Register" says : On Wednesday afternoon last as the train arrived at Newton Junction, the engine was cut loose to make a "flying switch," leaving the cars to descend by gravity on the Franklin road. Mr. Louis Heater, constable from Wantage township, being upon a platform car, in front and seeing the engine cut loose, for some reason or other, sprang off the car upon which he was standing directly in front of it upon the track. In so doing he fell crosswise between the rails, and the entire train of five cars passed over him, each in turn giving him a roll over as the brakes struck him, yet strange to say, neither his head or his limbs got under the wheels and he escaped with his life, although pretty well bruised and raked and not a little frightened.

Local Briefs.

Juniata County Fair opens to-morrow and continues three days.

Quinces have been unusually plenty in this vicinity, and are remarkably fine.— They have sold as low as \$1 per bushel. Cumberland County Fair will be held at Carlisle on Wednesday, Thursday, and Friday of this week. Quite a number from this vicinity propose to be present.

Chestauts are more plenty than they have been for some years in this vicinity.

That "Juniata Rooster" of which our "Devil" was so proud, has been stolen.—
He now wants to know who committed so foul a deed. He thinks some candidate is keeping him to crow over the majority he is anticipating.

Misionaries and others solourning in foreign lands should not fall to take with then a good supply of Johnson's Anodyne Liniment. It is the most reliable medicine for all purposes there is in the world.

Jimmy Hefflefinger Fearful.

Jimmy Hefflelinger Fearful.

Dear Sir—I am now like Micawber, waiting for something to turn up. Before writing anything further on the Judgeship, I must wait to see what will be the result of my teachings. If the rights of Carlisle are maintained at the ballot-box, I will, next week, return my thanks to those who have so faithfully supported Cumberland county's claim, and by so doing have settled the question of "title by prescription." If I am defeated, and the people should so far forget their dignity as to elect a Perry county man, as I now fear they will, I shall fall back on my dried apples and water; but before so doing shall take occasion to write a farewell epistle, in which I shall ask the "faithful" to care for McGrannahan's widow and children.

Our Newport Letter.

Newport, Oct. 7th, 1871. Last Sunday evening old Mr. Himes met

Last Sunday evening old Mr. Himes met with quite a serious accident. As he was retiring for the night he made a mis-step and fell down stairs, breaking two of his ribs. Dr. Eby was called to his aid, and he is now getting along comfortably.

Tuesday was the opening day of the Perry Co. Fair, but on account of the bad weather on that day but few articles were entered until Wednesday, when quite a large variety of articles were offered. On Wednesday and Thursday the fair was well patronized the number of persons on the grounds being quite large. One of the most attractive features of the fair was the patronized the number of persons on the grounds being quite large. One of the most attractive features of the fair was the Floral display, by Mr. L. H. Nowvicck of Commercial Nursery, at Harrisburg. A great variety of plants and flowers were presented for the admiration of the visitors, all of which were so tastefully arranged that they attracted great attention. The display of stock was small. A little excitement was caused on Friday morning by ment was caused on Friday morning, by the cars frightening the horses attached to a wagon belonging to the upper end of the county. The pole of the wagon was broken but the horses were secured before doing more damage.
