A cargo of wheat destined directly for Europe started last week from Duluth, per steamer "Cleveland," of the Vermont Central Line. It will go via Welland Canal to Ogdensburg, and thence by rail to Boston, and thence by vessel to Europe. The "Cleveland" took about 10,000 bushels. The "Empire," of the same line, will take about 10,000 bushels, whose ultimate destination is Europe.

137 The projected establishment of a direct line of steamships from Philadelphia with Europe, is progressing most satisfactorily. The contractors for the building of the vessels are pressing their work with all energy, and the managers of the financial part of the business have notified subscribers to the bonds for a payment on the 2d of October, an intimation that we have no doubt will be promptly and fully met.

127 The confederate cotton bonds held in England aggregate, it is said, about five millions sterling. When the news of the successful negotiation of the Washington treaty reached London, the cotton bonds, which were quoted at five per cent., rose to ten and twelve, but when it was understood that these " claims" were not included in those to be adjusted by the international boards to be subsequently appointed, they fell again to five.

137 The secretary of a Masonic lodge in Rockingham, Va., was recently ordered to produce in court the book in which the minutes of the lodge were kept. He refused and was threatened with imprisonment for contempt. The Judge spoke in strong terms of the evil of societies passing resolutions and orders that are liable to come in conflict with the law of the land, and expressed his intention of enforcing the law against all such proceedings. Finally, after a long and heated argument between the attorneys, they agreed to accept an attested copy of the minutes, and the secretary was released. - the
