The Borough Schools are expected to commence on Wednesday of this week.

The Blain School.—The Summer session of this favorite school closed on the 20th inst. The Fall term commences on the 21st of November, and no pains will be spared to maintain the present popularity of the institution.

A Smash Up.—The way passenger train down, on the Reading railroad, ran off the track, below Spring Mill on the 18th inst., in consequence of a misplaced switch.

An Upset.—On Thursday last, as Mr. Adam Beam, of Carroll township, was on his way to Duncannon with a load of clover seed, and some other articles, his horses became unmanageable and upset the wagon, destroying part of his load, and injuring one of his horses.

Wanted To Compromise.—The parents of the young man who is in jail charged with driving away and selling cattle belonging to Capt. Gutshall, were in town last week trying to have the case settled, but were unable to get the charge withdrawn.

Extremes meet.—Lowest prices and best clothing at W. & B's.

Serenade.—On Thursday evening the Newport band visited this borough, for the purpose of serenading Hon. B. F. Junkin, in honor of his election as President Judge. A number of pieces were played at his residence, and after a few remarks by Mr. Junkin, a collection was served at the Robinson House.

Boys Arrested.—On Thursday last, three boys were brought here and lodged in jail, on the charge of malicious mischief, they having thrown stone coal at the residents of Newport while passing on a freight train. On Thursday another boy who managed to escape when the others were captured was also brought here.

Humors Rheumatic Relief is a liniment which is remarkable for its healing properties and is good for man or beast. Having once tried it, no family or horseman will be without a bottle on hand. For sale by F.

It is said that if a puff of air were to be blown into a vein of an animal, death would instantaneously follow, because circulation would be stopped. The blood makes the entire circuit of the human body every seven minutes, and whenever this circulation is impeded or any of its channels are clogged by impurities which ought to be carried off, disease follows—fever or a disorder of liver or kidneys, or serofula, or dyspepsia. To get at and remove the source of the difficulty use the old and infallible blood purifier, DR. WALKER'S CALIFORNIA VINEGAR BITTERS. 43044

There is no disease flesh is heir to more troublesome to manage than rheumatism. It comes when you least expect it, and generally remains until it gets ready to go away. The most conspicuous remedy for this complaint is Johnson's Anodyne Liniment.

The Village Gentleman.—Almost every village and hamlet in the country has its gentleman. This necessary appendage to every place, claiming respectability, never soils his tender hands with toil of any kind, has no income that anybody knows of, yet he is always dressed, and judging from his ruffled countenance and corpulent body, he certainly must be well fed.

Highway Robbery.—About midnight on the 18th inst., while Mr. George Rice was passing from the Reading Railroad depot in Harrisburg to the Pennsylvania depot, he was knocked down and robbed.

Mr. Rice, who is now the contractor of a new railroad from Driftwood, Elk county, to the Alleghany railroad, arrived at twelve o'clock on the Reading Railroad from Philadelphia, with a satchel containing sixteen thousand dollars, to pay the hands employed by him. He jumped off the train before it reached the Reading depot, to proceed to the Pennsylvania Central depot, to meet his partner, Mr. Thos. A. Reily, who was to accompany him to Driftwood. The satchel was strapped to his arm. He was met in the dark by an unknown person who threw cayenne pepper in his eyes, cut the strap and disappeared with the satchel and the money. The alarm was given at once, but so far there has been no arrest.

Narrow Escape From Drowning.—On Wednesday last, Donald, a three year old son of R. Bruce Petrikin, Esq., of this borough, whilst playing in the back yard fell into a cistern containing four feet of water and would have been drowned had not his cries been heard as he was falling in. Mr. Petrikin, who was up stairs, came down and jumped into the cistern, and rescued the child just as he was about expiring. He handed the child out of the well, and it was some time before it could be restored to consciousness, his stomach being full of water, and life apparently extinct. It was with difficulty Mr. Petrikin could be got out of the cistern, the mouth of which was very narrow, but some neighbors hearing the confusion at the house arrived in time to extricate him. The child is doing well.—Huntingdon Globe.

- President Judges.—The following gentlemen were elected President Judges on the 10th inst: 1. Philadelphia—Jas. T. Mitchell, R. 2. Lancaster—J. B. Livingston, R. 3. Tioga, Potter, McKean, Cameron and Elk—H. W. Williams, R. 4. Bucks and Montgomery—Ross, D. 5. Cumberland, Perry and Juniata—B. F. Junkin, R. 6. Westmoreland, Indiana and Armstrong—J. A. Logan, R. 7. Perry County Sabbath School Convention. This convention will meet in Bloomfield on November 14th, (the 2d Tuesday in November) in the Court-house, at 10 o'clock in the morning. Now is the time for every Sunday school to choose its delegates and send their names to George Swartz, Esq., New Bloomfield P. O., before November 1st, that they may be provided for over night. Let every township committee come likewise on the 14th and tell what they have done, and if nothing so far, then do something at once. Names and duties were published over a month ago. Send word also to George Swartz, Esq., before November 1st if you are coming so that you also may be provided for. The following resolutions, passed by the convention at Loysville, are requested to be published in full, and there is time yet to obey both: Resolved, That this convention earnestly urge the respective Sunday schools wherever possible, to keep open during the winter.

Resolved, That the executive committee of this convention request every pastor in Perry county to preach in their respective congregations on the subject of bringing all the children into the Sabbath school, and earnestly urge the members of the church to do their duty in this work. The executive committee now make the above request. Names of delegates, townships, committees, and church pastors intending to be present, should be sent speedily to some one of the three members of the Centre twp. committee—these are Oliver Rice, Esq., Wm. Willis, Esq., and George Swartz, Esq. J. EDGAR, Chairman.

Newport Items.—Our correspondent at Newport sends us the following:

On Wednesday last the remains of John Meyers, a former resident of this county, were brought home from Parkton, Md.—Friends and relations who had not seen each other for years were brought together on this occasion. The body was buried by the Odd Fellows of this place and Parkton, at the Markleville cemetery.

Last Sabbath some young scamps entered the vineyard of Mr. Rider, and cut down vines to reach the grapes. I will omit their names, though they are well known.

Capt. Zinn, our post-master, has secured an arrangement for an Eastern mail in the evening. The Captain works hard for the accommodation of the public.

James Rider met with an accident at the furnace on Monday last, but is now doing well.

A number of boys make it a point to be at the depot on the arrival of every train, and by their actions make themselves a nuisance. They may soon find the railroad police after them, when they will share the fate of those sent to jail last week.

The water in the Juniata is remarkably low.

On Thursday, while out gunning, John Kough met with an accident which might have proved serious, but he fortunately escaped with a slight bruise on the left arm.

Last Friday Mr. Gardner's oldest son, aged about 12 years, met with an accident at the new Tannery, that resulted in the breaking of one arm and a leg. In company with other boys, he was playing on the cars while in motion and fell between the cars and bark with the above result.—There is a paper in circulation to obtain aid for the relief of the family as this is the fifth accident to him and family, since he came to town. Mr. G. is working with one hand in order to support his family.

New Publication.

Dr. Hitchcock's new and complete Analysis of the Holy Bible. The Bible is unlike any other book. It must be studied in a peculiar manner, because each part of it is connected with every other part. Hence we must compare all passages in it together in order to get the full knowledge we ought to upon the great and important principles set forth in the divine word.—The arrangement of Dr. Hitchcock's analysis is such that we can with the least possible labor compare scripture with scripture and make it its own interpreter. It is methodically and logically arranged. Let any one who has been in the habit of reading the Bible by course, try the analytical Bible, and they will soon be convinced of its great superiority over the common arranged Bible. It will certainly create an interest in Bible reading in all families who secure a copy. Agents will in a short time call upon the citizens of Perry county and give them a chance to examine the work, and judge for themselves. We hope very many families in this county will avail themselves of this opportunity, and secure a treasure. We append the following testimonials:

New Bloomfield, Oct. 12, 1871. Hitchcock's Analysis of the Bible will recommend itself to all Presbyterians when they are aware that it is one of their own best professors in Union Seminary, New York. To all others I would say that the author is of such reputation I can cheerfully recommend the book to them as one well suited to supply the object stated in its introduction, enabling any one to handle God's Bible more serviceably than could be done in any other way. Yours truly, JNO. EDGAR, Pastor of the Presbyterian Church.

I have briefly examined the work entitled Hitchcock's New and Complete Analysis of the Bible, and am greatly pleased with the work, and think it will be found to be of almost inestimable value to ministers and Bible students being topically arranged, it will greatly facilitate and clear ideas, save time and labor, besides affording pleasure. E. SHOEMAKER, Pastor of the M. E. Church, New Bloomfield, Pa.

I have made a brief examination of the work entitled Hitchcock's New and Complete Analysis of the Bible, and am very highly pleased with its arrangements, contents, and completeness. I think it will be of incalculable value to every minister of the gospel, and not only to ministers, but to every one who desires a knowledge of the word of God. S. A. HROGGS, Pastor of the Evangelical Lutheran Church, New Bloomfield, Pa.

I have examined Dr. Hitchcock's Analysis of the Bible, and consider it a most valuable aid in the study of the Scriptures. JOHN BRETHER, Pastor of the M. E. Church, Lewistown.

In the above I fully concur.—G. O. McCLAIN, Pastor of the Presbyterian Church, Lewistown. I have examined Dr. Hitchcock's Analysis of the Bible, and consider it the most valuable aid in the study of the sacred Scriptures.—A copy of the work should be in every family. J. H. BROWN, Pastor of the Lutheran Church, Lewistown.
