Are \$1 25 a Year in Advance.

Sudden Death .- On Friday last, the wife of Jacob Smeigh, of Juniata township, died very suddenly. She had cooked and cleared away the dinner, apparently in her usual health, but before night was a corpse. The cause of her death is not known.

Real Estate Sale. -- We call attention to the public sale of valuable, real estate in Elliottsburg on Saturday the 11th of November, at which time Mr. Moses F. Noll, in consequence of removing to the west, will sell two houses, together with about 20 acres of land near the village.

Dead .- Wilson Shearer the young man who had his arm almost torn off by a threshing machine nearly two months since died on Thursday evening. It seems that a change had been made in the medical attendance, and the new physician, so we are told took, off the compress and directed the moving of the arm, and the result was a hemorrhage which caused death.

County Sabbath School Convention .-Next Sabbath is the last before convention meets. Each County Sabbath school has four delegates male or female, whether they are now closed or open. Convention meets in Court House at 10 a. m., Tuesday Nov., 14th. Delegates' names should be sent on ahead for entertainment to.

GEORGE SWARTZ, Esq.,

New Bloomfield, P. O.

Obstructing the Trains, -Lewis Smoker, a weak minded young man of twenty, living at Gordonville, Lancaster county, has been trying to throw trains off the track of the Pennsylvania rail road, by placing ties in the way of the trains. He was moved to this dangerous business by being put off the cars because he had no money to pay his fare. He has confessed THE NEW DISCOMMENDED OF

A Sad Accident. A dreadful accident occurred at Liverpool on Wednesday morning last, resulting in the death of a little son of Mr. John Miller. Mrs. Miller had heated a boiler full of water, and set it off the stove, when the boy, who was roasting chestnuts at the time, stepped back and set into the boiling water, which entirely covered him, except his head and feet. He lived in dreadful agony until about 3 p. m., when death came to his relief. The lad was about 8 years of age.

Suicide.—On Tursday morning last, Hen-ry Troutman, a resident of Juniata township, committed suicide by hanging.

He had eaten a hearty breakfast, went out to the barn, where he was shortly after found. | When discovered, the body was yet warm, but by the time the alarm was given, and help had arrived, it was too late to recuscitate him. The deceased was subject to occasional spells of insanity, and was undoubtedly suffering from one of these attacks at that time. An inquest was held by Coroner Clemson, and a verdict rendered to that effect.

Camp Meeting Ground .- The committee, consisting of Presiding Elder Hamlin, and Messrs. McMurray of Tyrone, Moore and Norton of Newton Hamilton, Moorehead and Rosensteel of Mt. Union, Wilson and Niece of McVeytown, and Pardoe of Mifflintown representing the Juniata Valley Camp Meeting Association, field a meeting recently at Newton Hamilton, Mifflin co., and consummated the purchase of a tract of 20 acres of land, lying half a mile north of the railroad, at that place, on lands formerly known as the Vanzandt farm, but now owned by Mrs. Hattie C. Lamm, and the citizens of the town and vicinity donated, in addition, 10 acres. The price paid for the grounds was \$100 per acre, and the Association has the privilege of enlarging their grounds hereafter at pleasure, at the same price. It is a beautiful level grove, accessible from all points by railroad or private conveyances.

Value of Life Insurance.

Incidents are frequently occurring in our own midst, to show the importance of Life Insurance. The annexed receipt not only exemplifies that, but shows how promptly some Companies pay the insurance

Received of Continental Life Insurance Company, of New York, per J. F. Earon their General Agent, One Thousand Dollars, in set-tlement, and full satisfaction of all claims of Polley No. 34,454.

Millerstown, Pa., Oct. 83, 1871. Mr. Eaton, the General Agent of this Com-pany has his office in College Block, Harris-

Wanamaker & Brown's.

Newport Items .- Prof. M. F. Bretz and wife were serenaded on Saturday night last, by the Newport Germania Band." After a few tunes were played, the Professor came to the door to invite the band and his friends in to partake of the refreshments prepared for the occasion. He was taken by surprise by Mr. W. Scott Dunbar stepping up with a handsome Britania tea set, and making the following presentation speech:

Mr. M. T. Bretz:—In behalf of the Newport Germania Band. I present you this small token in appreciation of your worth as well as the unsellant motive that at all times has actuated you in support of the interests of our organization. I need not refer to your self sacrifice and untiring devotion for the behelf of our band, while an active member, because the services rendered, and the advantages obtained by your assistance are patentionall you will please accept this memento from the band, which we trust (not on account of its intrinsic value, but as a token of our regard for you) will be received as an acceptable gift from the hand of your fellow members; and as you have taken unto yourself a wife—knowing that it is not good for man to be alone, it is the heartfelt desire of the members of the Newport Germania Band that your pathway may always be strewed with the chologs blessings of life, not forgetting that life is a struggle, and remembering that may 'barks have been 'wrecked' on the rocks of dissention. But may your hearts beat in unison, and may your life as a day dream.

To which Mr. Bretz replied as follows: making the following presentation speech:

To which Mr. Bretz replied as follows:

To which Mr. Bretz replied as follows:

Fe low Comrades and Mombers of the Germania Band:—I feel that it is interly impossible for me under the circumstances to fanity you in a manner fitting the occasion, for the handsome compliment you have paid me, and which was so entirely unexpected. I find that there are no words at my command, and no sentiment at my control that can in any fitting manner express my gratitude, and my feelings upon this occasion. We have been associated together for the past fifteen years as a musical organization; and during that time we have had so many occasions of joy, so many pleasant inclidents, so much worthy of being remembered that we can look back with pride upon the past, and feel encouraged with hope for a still brighter future. It is true that upon some occasions hard feelings may have been engendered, for a moment, slight misunderstandings occurred, and sweet harmony was wrecked. But better feelings soon prevailed, and some sweet old air rendered in your usual brilliant style has brought up memories of "Antid Lang Syne," and soon restored our usual harmony. In behalf of my lady and myself, I tender you sincerely and truly our most profound thanks. We accept it not so much for its intrinsic value as for the friendship it promotes, and the pleasant memories it will hallow.—Upon all occasions we tender you the hospitalities of our home, and especially do we welcome you this evening.

Con the 25th inst., there was held at Blain, a meeting of the President and Directors of the South Pennsylvania R. R. Company, at which proceedings were had, which we hope will have the effect to arouse the people of Perry to additional efforts to secure the success of this important enterprise.

The meeting was called to order at 3 P. M., by George Hench, Esq., of Center, and on motion, Capt. Gutahall was called to the Chair, and David Moreland was made Secretary. The President, Col. James Worrall then addressed the meeting, urging the necessity of further effort on the part of the people of the county, and assuring them that if they exhibited an carnest disposition to help themselves, foreign help would not be wanting. He discussed at length, the subject of routes, expressing very decidedly, his preference for the present route, but declaring as decidedly that this was a question for the people of the county, and that they must decide which they would choose. He informed them very candidly that this was a question for the people of the county, and that they must decide which they would necessarily make the road forever a branch. He proposed—in case the route along Sherman's Creek was chosen — to accommodate Bloomfield by a branch from Gibson's Rock.

After Col. Worrall, J. M. McClure, Esq., of Harrisburg, followed with remarks upon the necessity and benefits of a Railroad through Perry county, and the duty of the people of the county to make erry exertion to secure one. Josiah Espy, of Harrisburg, George Hench, of Center and Mr. Bower, of Warm Springs, discussed various matters connected with the enterprise.

Altogether the meeting was a pleasant, and we hope a profitable one.

The people of Perry can have a railroad if they will work together and devote even a modicum of time, attention and means to secure it. As to routes there can be no doubt about the superiority of the present one as a through line, but if we can only have a feeder to the Pennsylvania Ceutral, then undoubtedly the line from Dunchmon or B

line from Duncamon or Bailey's by way of Bioomfield on up the main valley is the most feasible, and the one which will prove a convenience to the greater number of the people of the county.

Many valuable horses die from the effects of colic. The best thing to do in a case of this kind is to pour a bottle of Johnson's Anodyne Liniment into a long-necked junk bottle, add haif plut of molasses and water, then pour the whole down the horse's throat.—In ten minutes the horse will begin to eat.

New Publication.

Dr. Hitchcock's new and complete Analysis of the Holy Bible. The Bible is unlike any other book. It must be studied in a peculiar manner, because each part of it is connected with every other part. Hence we must compare all passages in it together in order to get the full knowledge we ought to upon the great and important principles set forth in the divine word.— The arrangement of Dr. Hitchcock's analy-sis is such that we can with the least possis is such that we can with the least possible labor compare scripture with scripture and make it its own interpreter. It is methodically and logically arranged. Let any one who has been in the habit of reading the Bible by course, try the anylatical Bible, and they will soon be convinced of its great superiority over the common arranged Bible. It will certainly create an interest in Bible reading in all families who secure a conv. Agents will in a short secure a copy. Agents will in a short time call upon the citizens of Perry coun-ty and give them a chance to examine the the work, and judge for themselves. We hope very many families in this county will avail themselves of this opportunity, and secure a treasure. We append the following testimonials:

New Bloomfield, Oct. 12, 1871.

Hitchcock's Analysis of the Bible will recommend itself to all Presbyterians when they are aware that it is one of their own best professors in Union Seminary, New York. To all others I would say that the author is of such reputation I can cheerfully recommend the book to them as one well suited to supply the object stated in its introduction, enabling any one to handle God's Bible more serviceable than could be done in any other way. Yours truly,

Pastor of the Presbyterian Church.

Pastor of the Presbyterian Church.

I have briefly examined the work entitled Hitchcock's New and Complete Analysis of the Bible, and am greatly pleased with the work, and think it will be found to be of almost in-estimable value to ministers and Bible students Being topically arranged, it will greatly fa-cilitate and clear ideas, save time and labor, besides affording pleasure.

Parsons' Purgative Pills will greatly re-lieve, if not entirely cure, dyspepsia when everything else falls. They have been tried in some desperate cases, and have given more relief than any other medicine.

It is said that if a puff of air were to be blown into a vein of an animal, death would instantaneously follow, because circulation would be stopped. The blood makes the entire circuit of the human body every seven minutes, and whenever this circulation is impeded or any of its channels are clogged by impurities which ought to be carried off, disease follows—fever or a disorder of liver or kidneys, or scrofula, or dwapersia. To get at and remove the source of dyspepsia. To get at and remove the source of the difficulty use the old and infallible blood purifier, Dr. Walker's California Vinegar Bitters. 43d4t

NEW FEATURES FOR 1872.

ART DEPARTMENT.

As a guarantee of the excellence of this department, the publishers would beg to announce during the coming year, specimens from the following emment American artists:

W. T. Richards, Granville Perkins, Jas. Smiley, Wm. Hart, F. O. C. Darley, R. E. Piguet, Wm. Beard, Victor Nehilg, Frank Beard, Geo. Smiley, Wm. H. Wilcox, Paul Dixon, Aug. Will, James H. Beard and J. Hows.

These pictures are being reproduced regardless of expense, by the very best engravers in the country, and will bear the severest critical comparison with the best foreign work, it being the determination of the publishers that THE ALDINE shall be a successful yindication of American taste in competition with any existing publication in the world.

LITERARY DEPARTMENT.

LITERARY DEPARTMENT.

Where so much attention is paid to illustration and get up of the work, too much dependence on oppearances may very naturally befeared. To antequate such misgrings, it is only mesessary to state, that, the editorial management of THE ALDINK has been intrusted to Mr. Richard H. Stoddard, who has received assurances of assistance from a host of the most popular writers and poets of the country.

THE VOLUME FOR 1872

will contain nearly 300 pages, and 250 fine engravings. Commencing with the number for January, every third number will contain a beautiful tinted picture on plate paper, inserted as a frontispiece.

The Christmas number of 1872, will be a splendid volume in itself, containing fifty engravings, (four in tint) and, although retailed at \$1, will be sent without extra charge to all yearly subscribers.
