

The Bloomfield Times.

Tuesday, November 21, 1871.

LOCAL DEPARTMENT.

OUR TERMS

Are \$1.25 a Year in Advance.

Coal.—A vein of coal 13 inches thick has been found by Mr. George Sheibly, on the farm of Mr. Freeman, near Loysville.

Hotel Sold.—The Hotel property on Carlisle street owned by Mr. Turbett, and now occupied by Mr. Amos Robinson has been sold to Mr. Wm. Grier, for \$3,300.

Valuable Property.—We call attention to the valuable property offered by Griffith Jones Esq., of Duncannon, at public sale. See advertisement in another column.

\$2.75 will get THE TIMES from now till January 1st, 1872, and Peterson's Magazine for 1872. Those who want good reading at a low price will send us \$2.75.

A Chicago Sufferer.—We call attention to a letter in another column, from a former resident of this county, and hope those who feel disposed to send aid, will promptly respond to the request of Mr. Soule.

New Time Tables have gone into operation on all the railroads. The new schedules for the Reading and the Northern Central were not received in time for correction, this week. The Penn'a. time table will be found correct.

Killed.—Jacob Myers Jr., and Peter Magloughlin, while working in an ore bank, on the farm of Jacob Myers, in Dickinson township, Cumberland Co., on Saturday a week, were killed by the caving in of the pit.

Persons wanting Boots, Shoes, or Rubbers for men, women or children, can get a good article of F. Mortimer & Co.

Assessment.—The Lycoming Fire Insurance Company, which holds quite a number of risks in this vicinity, having lost largely by the Chicago fire, has made an assessment of 12 1/2 per cent. on the premium notes.

More Poison Found.—The chemist in Philadelphia, to whom was entrusted the analysis of the remaining portion of the body of the first wife of Emanuel Shaffner, has notified the District attorney of Dauphin county, that he has discovered undeniable traces of arsenic.

Sausage-Cutters and a complete assortment of Hardware can be bought cheap of F. Mortimer & Co.

The Storm.—The severe storm that visited us on Friday last, was widely extended. In this vicinity we have heard of no particular damage that was done, but along the whole Atlantic coast many wrecks are reported. In the vicinity of New York and Long Island much damage was done to trees and buildings.

Life Insurance.—Mr. I. H. Wenzel, who is agent for the "New York Life Insurance Company, is at present canvassing this county. Those who wish to take a policy, (and no man with a family should fail to have one) cannot get into any safer company than the one represented by Mr. Wenzel. The assets of the company are seventeen millions of dollars.

The best stock of Cassimeres and Coatings in the county, will be found at F. Mortimer & Co's.

Good Corn Crop.—We see some of our exchanges are telling about the good corn crops that have been raised in their neighborhood, but we have seen no report that equals the following: Mr. Robert Neilson, of Centre township, raised from 29 acres 3,520 bushels of corn in the ear, an average of a little over 61 bushels of shelled corn to the acre.

Every Pair Warranted.—Those who buy the winter boots sold by F. Mortimer & Co. will be sure of getting a good article, as every pair is warranted not to rip. They had them made to order from the best stock, and in the most substantial manner.

Addition to the Cemetery.—The lots in the cemetery in this borough having been nearly all sold, it was found necessary to make an addition. Consequently the field lying east of the old cemetery has been laid out into lots and the entrance will now be by an avenue 16 feet wide by which carriages can enter and reach the centre of the grounds and return by the same route, a provision having been made for turning. The plan is one furnished by S. H. Galbraith, Esq., County Surveyor, who surveyed and laid out the lots.

For Over-Coats, good and cheap, call on F. Mortimer & Co. They also have an assortment of Ready-Made Clothing of a good quality.

CHICAGO, Ill., Nov. 7th, 1871.

Mrs. Mary Jane Soule—I suppose you will be surprised to hear from me—I suppose you have heard before this time of the terrible fire in Chicago. Over eight thousand houses burned, all the North side is burnt, all the business places—the court house, the chamber of Commerce, the water works, Field Lighter & Co., that large dry-goods house—everything is gone—people are obliged to live in churches, and school-houses—We had four horses burned, and one of my feet got badly burned—Mary Jane, do be so kind as to speak to the neighbors, and get me a box of bedding, and some clothing—it will be thankfully received—We have not clothing enough to make us comfortable—There are so many that are needy and in want at the present. JANE STAMBAUGH.

The above letter is from Mrs. Jane Stambaugh, wife of William B. Stambaugh, a brother of Mrs. Soule, with whom she spent part of last winter in Chicago—We hope that the numerous relations and friends of Mr. and Mrs. Stambaugh in Perry county will respond immediately to the supply of their necessities—The friends and relatives of the above, are generally of the wealthy class in the county—Mrs. Soule is making arrangements to send a box as soon as possible—The friends will, therefore, send to Mrs. Soule at Lindsburg, bed clothes of all kind, and wearing apparel, especially for women. J. B. SOULE.

A Barn Burned.—The Carlisle Volunteer says: On Saturday last, about noon, the splendid barn of William M. Watts, Esq., in Upper Allen township, was entirely consumed by fire, together with all its contents. The fire is supposed to have originated in the threshing machine, and when it was first discovered on the floor, beneath the machine, was about the size of a half bushel measure. One of the workmen called for a bag to smother it, and doubtless could have done so; but no bag was at hand, and in another moment, a blast of wind swept through the barn door, and the heap of straw at the end of the separator was in flames. Then all the hope of saving the building was at once abandoned. The men had barely time to save themselves. A wagon, partially loaded with grain, in the barn floor, was in flames before it could be removed. All the live stock was saved, but all the other contents of the barn were consumed, consisting of 500 bushels of barley, 1,000 bushels of corn, a mow of hay, and a large quantity of wheat, threshed and unthreshed. Quite a number of smaller buildings, adjoining the barn, were saved. This was a new frame barn, three stories high, and was one of the best structures of the kind in the county. Mr. Watts' loss will be heavy, but we presume it is at least partially covered by insurance. This is the third fire, from a similar cause, which has occurred in this county within the last three or four years.

The Latest Swindle.—A lot of New York Swindlers are sending out a circular reading as follows: Mr. (here follows the name of the person addressed) to N. Y. Rubber Stamp Company, 302 Broadway, New York. To one outfit as agent for this company, \$5.00 Sir; You having left your gold watch as security for an outfit of this Company, and not hearing from you, I take the liberty of sending you this letter, informing you that unless you send us the money immediately we will not hold the watch. Please remit the amount by return mail and the address you wish the watch sent to and we will forward it to you by express, as I fear we have not your correct address. Hoping to hear from you soon, we remain yours, &c. N. Y. RUBBER STAMP CO., 302 Broadway.

This is so transparent that it only needs a slight explanation to make it perfectly plain to our readers. The swindlers intend that their victim shall think that the sending of the bill to him is an error. He of course is expected to jump at the chance of getting a gold watch for \$5.

Murder Trial.—The trial of John Keihl charged with poisoning his wife was began at Carlisle on Wednesday last. The whole of that day was consumed in obtaining a jury, which is composed of the following gentlemen: John Jacobs, Carlisle; Henry P. Chapman, Carlisle; Jacob Hemminger, Penn; George W. Pressel, Monroe; Christian Kaufman, Mechanicsburg; Jacob Landis, Mechanicsburg; Andrew Homer, Middlesex; William Hastings, Penn; Uriah Coral, Southampton; John B. Draybaugh, Lower Allen; Alexander Meek, Carlisle, and David Dewalt, North Middletown. Considerable time was taken up with the Medical testimony, and the case probably occupied the whole week.

A Wild Cat Shot.—On Monday, while William Armprister and some others, were hunting rabbits, on what is known as Barnitz's hill, where the Railroad crosses the Codorus creek, about two and a half miles below town, their dogs "scared up" a wild cat, and after a short chase, the animal tumbled.—Wm. Armprister shot it and brought it to the ground the first fire. Judging from the appearance of the cat, it is probably not over six months or a year old. It measures twenty-five inches from the tip of the tail to the end of the nose, and weighs six and three quarter pounds. York Press.

For Sale.—An Oriental Heater nearly as good as new for sale at a bargain, apply to Geo. Spahr.

A Panther.—A Clearfield county paper tells the following story: On the 28th ult., E. J. Cunningham, a boy of fourteen years living at Rockton, made a narrow escape from a panther. While on his way to the tunnel, on an errand, in Union township, he was startled by a low and heavy growl near overhead. Upon looking up he saw a panther perched on a tree about thirty feet from the ground, which was wagging its tail, in anticipation of springing upon its prey. No sooner did the boy's eyes meet those of the panther than it gave a loud and very piercing yell and leaped to the ground. This sudden, bold and noisy demonstration on the part of the panther, frightened the colt, which the boy was riding, and it took to flight at full speed—the panther keeping close to its side and about neck to neck, giving on occasional fierce yell, which seemed to add speed to the colt's feet. After running in this manner for about forty rods, the panther gave up the chase, and disappeared in the forest.

A Girl Stolen.—E. Kealing, living at Raymlton, near Franklin, Venango county called on us in great distress, stating that his daughter, aged fourteen, and an only child of a deceased mother, had been stolen away from the school of the Sisters of Charity at Meadville, by Grayburn & Minnich's, Minstrels, a band of wandering vagabonds who, some two weeks ago gave an exhibition in this place. The girl was taken away about the 16th of October, and the father is now on hunt of the troupe, and if he finds them, to rescue his daughter and punish the villainous wretch who stole her away. Any information of the whereabouts of the Grayburn & Minnich Minstrels will be thankfully received by the distressed father. The troupe had had luck while here, and left unable to settle their hotel bill.—Greenville Argus.

Burned to Death.—The Gettysburg Star and Sentinel says: On Friday night last, about 11 o'clock, Miss Edith Gitt, aged between 15 and 16 years, daughter of Jesse W. Gitt, merchant, of Hanover, attempted to blow out a burning lamp of Kerosene oil. The fluid ignited, exploding the lamp, and scattering the burning liquid over her clothing, which was at once enveloped in flames. Aid was at once summoned, but before the flames were extinguished, the young lady was terribly burned, the face and breast to a crisp. She lingered until 11 o'clock Saturday morning, when death relieved her sufferings. Miss Gitt was a young lady of culture and the idol of a large circle of loving friends.

Libel Suit.—James H. Grier Esq., formerly of this borough but lately of Pottsville commenced a civil acti on for slander against Frederick Ha eseler claiming damages in the sum of \$20,000 and on the 13th, the case came up for trial before Arbitrators in Pottsville and after four days furious fight the case adjourned until the 5th of December. We understand enough of evidence is already given to show that Grier has won the suit but the Arbitrators have the fixing of the amount of damages and may make them great or small.

Serious Accident.—The Huntingdon Monitor says: While George, aged 12 years son of G. W. Bouse, of Three Springs, was in the act of crossing a fence, a few days ago, with a loaded shot gun in his hand, a rail fell striking the hammer, which discharged the gun, the load passing through the arm below the elbow, causing a frightful wound. Dr. Thompson was called in and dressed the wound and the boy is doing as well as could be expected.

A Large Lumber Order.—The firm of Kendig and Hostetter, which has for the last three years been operating with steam saw-mills in Perry county, in getting out ship, car and wagon stuff, have recently purchased 5,000 acres of excellent white oak and yellow pine timber lands in Huntingdon county. A few days ago the above firm received an order from the Harrisburg Car Company for one million feet of car-bottom plank, besides a large amount of car stringers.—State Journal.

Duncannon Items.—Our correspondent at Duncannon sends us the following: The revival meeting, which commenced in the Methodist church six weeks ago, is still in successful progress. Pedestrians are rejoicing over new crossings that have been put down in heretofore much used, but very poorly paved places in our streets, the one between the Odd Fellows Hall and the Pennsylvania House will be highly appreciated. The Duncannon Iron Co., have built a new warehouse at their Nail factory for storing nails; they have also commenced one to be built of brick in front of the Company's store, to replace the one recently destroyed by fire. Our pork raisers, seem to have learned that meat is more palatable as an article of food, than lard and consequently, no betting on "big hogs" is heard of, nor Sunday visiting of pens seen, this fall. The Susquehanna has risen over four feet since Thursday night, and we are informed, is swarming with ducks in the vicinity of Wistlers Island. Thursday noon, eight wild turkeys were driven into town by Mr. George Mutzy, who had been gunning west of Shull's dam, the birds having lit in Jones' meadow, were again chased up by Mr. M. when they started to fly across the river, but being already nearly exhausted by flying four of them failed. Three of them falling in the river were captured, and a fourth after flying half way across, turned and came back lighting on the stack of the furnace, and after a lively chase it was captured by Mr. Morris Rochers. The affair caused considerable excitement for a while.

Great Immigration Into Kansas.—Returns from the General Land Office at Washington, show that 132,000 acres of land have been located in Humboldt and Augusta districts, during last month, principally under the homestead. Allowing each settler 160 acres, it shows that about 300 families have gone in during October. A number of persons of this place, and other parts of the county during the summer of 1870, entered about 3,000 acres, and have an advance of 100 per cent in one years time. About 8,000 acres of choice land can be had at private entry, in this district, at a cost of \$141.60 for 160 acres. This sum pays all expenses, including price of land, entry, fees and patent deed. A number of persons in Bloomfield mean to make an effort to secure this tract and hold it for advanced rates. J. Rinehart, Esq., late sheriff, and Chas. L. Murray, Esq., will correspond with any person wishing to join in the location. This land lies near Eldora and Eureka, the county seat of Greenwood and Butler counties, and but a short distance from railroad. Persons will understand this tract does not require settlement.

Public Sales.—We call attention to the following sales—bills for which have been printed at this office: On November 18th, Christ C. Derick, from his residence at Perdix Station, will sell horses, cows, young cattle, wagons, sleighs, and a variety of farming implements. On November 28th, Wm. Dowdy, at his residence in Tyrone township will sell a fat hog, pigs, and household and kitchen furniture. On November 30th, Moses F. Noll, at his residence, one-half mile east of Ellottsburg, will sell 6 work horses, 3 cows, hogs, pigs, wagons, sleds, and a great variety of farming implements. Also a large quantity of household and kitchen furniture. On December 2d, the assignees of Henry Comp will sell a house and lot in Millerstown borough. See advertisement.

FOUR EVILS.—Whoever habitually uses any alcoholic preparations as an "appetizer" will be likely to suffer from four evils, viz: an overplus of food in the stomach, impaired ability to digest it, the pangs of Dyspepsia, and a doctor's bill. DR. WALKER'S VEGETABLE VINEGAR BITTERS, the great Teetotal Restorative of the age, without overstimulating the palate or irritating the stomach, imparts a healthy appetite, promotes digestion, regulates the liver and bowels, purifies the blood, and thus, instead of entailing four evils, confers four inestimable benefits. 4744
