LOCAL DEPARTMENT.

OUR TERMS

Are \$1 25 a Year in Advance.

Mill Burned.—Sunday night, the 25th ult., the Mill in Dickinson tow., Cumberland Co., belonging to J. T. Sterrett was destroyed by fire. The loss was heavy, there being a large quantity of grain in the mill at the time.

Is it for You!—A change having been made in our firm, we desire all persons who are indebted to us to call and settle their accounts either by cash or note. All accounts not settled by January 1st, will be placed in the hands of a collector.

F. MORTIMER & CO.

Acquitted.—John Keihl, who was on trial in Carlisle, charged with causing the death of his wife by poison, was acquitted. The trial occupied 14 days, and great interest was manifested in the case. The verdict is one which cannot fail to meet the approval of every one who read the testimony.

A Large Wild Cat.—On the 21st ult., as Mr. D. S. Henry was hunting on the land of J. Q. A. Morland, in Jackson twp., his dog started up some animal, and ran it up a tree. Mr. Henry succeeded in getting near enough to shoot it, when it proved to be a very large Wild Cat. It measured 3 feet 6 1/2 inches in length, and 19 inches around the body, and weighed 23 1/2 pounds.

Who Was It!—The Lewistown Sentinel says:—A hunter from Perry county killed three deer and four wild turkeys in the Licking creek region last week. On Wednesday last he made rather an extraordinary shot as four or five deer jumped up before him. He aimed at a fine buck, put a ball through its eyes, killing it instantly, and on going up to it discovered that he had also killed another standing by the side of the one shot at.

Public Sales.

We call attention to the following sales—bills for which have been printed at this office:

On December 14, 1871, Griffith Jones will sell at his residence in Duncannon, Pa. his valuable Mill property and private residence.

Another Poisoning Case.—Another case of poisoning is reported to have occurred last week, in Cumberland. The report says that the wife and two grandchildren of Alex Logan, residing above Carlisle, were poisoned by a colored woman in the employ of the family. One of the parties have died from the effects, and the woman has been committed to jail, at Carlisle, to await a trial.

Sudden Death.—On last Sunday a week Miss Catharine McNitt, a maiden lady aged about 67 years, died very suddenly, at her home in Armagh township Millin county. The family had sat down to their usual meal, and Miss McNitt, after serving one or two others reached across the table to help herself, when her hands and head dropped, and in a moment her spirit had departed. We understand she had been in good health, for some time, and her death was probably caused by paralysis. Ez

Wonderful Change.—In 1841 the following advertisement appeared in the New Orleans Picayune:

“\$5 Reward.—Run away from the subscribers on the 23d of November last, the negro boy, Oscar Dunn, an apprentice to the plastering trade. He is of gristle color, between twenty and twenty-one years of age, and about five feet ten or eleven inches high. All persons are cautioned not to harbor said boy under penalty of the law. Wilson & Paterson, corner St. John and Common streets.”

The “negro boy, Oscar Dunn,” was last week followed to the grave by an immense crowd of people, and at the time of his death was Lieut. Governor of Louisiana.

A Melancholy Accident.—Joseph Kister, residing at Goldsborough, met with an accident on Sunday, which caused his death. He, in company with Mr. Dinterman, a resident of the same place, took a ride in a buggy. As they were passing along the road, the wheels of the buggy struck a large stone with such force as to throw Mr. Dinterman out upon the ground, when the horse became frightened and ran away, upsetting the vehicle. Mr. Kister fell with his head upon a rock and fractured his skull, besides receiving other injuries. He remained in an unconscious state till Monday morning at 4 o'clock, when death relieved him from his sufferings. Dr. E. H. Pentz, of our borough, was in attendance and extracted a number of bones from the fractured skull, but his injuries were of too serious a nature to save his life.—He was about twenty-five years of age, and is represented as being a young man of unblemished reputation. His untimely death is deeply mourned by the people of Goldsborough.—York Press of the 1st inst.

For The Bloomfield Times. Those Potatoes.

Mr. Editor.—Sir—Having noticed in the Times of last week an article about “Poke’s potatoes,” permit me if you please to state for my friend Poke, that if I was in his place I would poke your correspondent—who wrote that article—with the hot poker when he pokes his head into my premises again, for poking his nose into his neighbors business.

Fearing that your correspondent has not yet learned the eleventh commandment I will here quote it for his benefit. It reads thus. “Mind your own business.” This commandment implies that you are not to poke your nose into your neighbors business.

Potatoes left in the ground keep better than when put in a cellar as long as they do not freeze; I suppose “Poke” is aware of this fact and if he chooses to leave his in the ground till Christmas he has a right to do so.

POKE’S FRIEND.

Brief Items.

On Friday last Mr. David Holmes, of Center twp., cut his foot quite seriously while chopping.

Spring township promised to furnish a slander suit. The trouble originated in a dispute on religion.

Rev. Selheimer of Landisburg, will commence a protracted meeting at Little German on Saturday next.

A Steam saw mill is now in operation at Eschol. It is run by Mr. Wm. Berrier.

Mr. George W. Sheibley who has been boaring for coal in various places in this county, has given it up and gone to Ohio.

Mrs. Jane Bistline of Spring twp., an old lady 77 years of age with great grand children almost grown up, has emigrated to Illinois.

The “Small-pox excitement is rapidly cooling off in this county, giving place to “large hog” fever, which proves very fatal to the hogs.

Mr David Tressler of Center township lost a two year old colt a few nights since by it being accidentally strangled while in the stable.

The Scarlet fever is prevailing to an alarming extent in Spring township. At Ellotsburg the school has been temporarily closed on that account. Several deaths have occurred.

On Thursday night last, the Shippensburg News says, that the barn about three miles from that borough belonging to James McCormick was destroyed by fire, causing a loss of \$8 to \$10,000.

To prevent Scarlet fever some of the physicians have recommended parents to place Assafetida, Camphor and Garlic, in a small bag and hang it around the childrens neck. It certainly would smell bad enough to drive every thing away, and we believe the remedy worse than the disease.

We call attention to the tailoring advertisement of S. H. Beck, which will be found in another column.

For Sale.—An Oriental Heater nearly as good as new for sale at a bargain, apply to Geo. Spahr.

Children cry for them—the neat little suits sold by Wanamaker & Brown.

\$2.75 will get THE TIMES from now till January 1st, 1873, and Peterson’s Magazine for 1873. Those who want good reading at a low price will send us \$2.75.

THE ILLUSTRATED CHRISTIAN WEEKLY just received contains a four-page supplement, beautifully illustrated with thirteen designs, in which short notices are given of holiday publications of the American Tract Society.—Thanksgiving-day is duly honored in the editorials, in the illustrated story “Dr. Bonese’s Thanksgiving,” and in the account of the rise and progress of the New York “Home for the Friendless.” The illustrations in this number and supplement are very profuse, numbering in all twenty-one. Dr. Robinson the oriental traveller begins in the next number a series of illustrated articles on eastern life and scenery. The paper will be sent to any address, on receipt of \$1, from this Thanksgiving number to the close of 1873. Send 5 cents to 150 Nassau street, New York, for it as a specimen, or buy it from your newsdealer.

You will be charmed—by the present Stock at Oak Hall.

Have you a severe wrench or sprain? Have you rheumatism in any form? Have you stiff neck, or lumbago caused by rheumatic pains? If so, Johnson’s Anodyne Liniment is a specific remedy, and is also the best pain killer in the world.

So Cheap!—Clothing this season at Wanamaker & Brown’s.

We often see a large stock of cattle which do not seem to thrive, and come out “spring poor,” all for something to start them in the right direction. One dollar’s worth of Sheridan’s Cavalry Condition Powders, given to such a stock occasionally during the winter, would be worth more than an extra half ton of hay.

Inquire the prices—at Oak Hall, before buying elsewhere.

Those who wish to have a reliable preparation should try Pain Cure Oil. It is a Wonderful Remedy, and fast becoming popular. Use it.

We would direct attention to Messrs. Bliss, Keene & Co’s advertisement of CUN-DURANGO, the new remedy for Cancer, Scrofula, and all diseases resulting from impure blood. The cures accomplished by this remedy, as reported, are truly marvelous. Messrs. Bliss, Keene & Co., are regular physicians of high standing, and thoroughly reliable.
