

The Bloomfield Times.

Tuesday, January 23, 1872.

LOCAL DEPARTMENT.

CALENDAR. MONTHLY. JANUARY. Table with columns for days of the week and numbers 1-31.

The Article entitled "Religious Excitement" will not do to publish, though it contains much that is true.

The Lutheran charge at Loysville is without a pastor since the removal of Rev. D. Sell, to Cumberland county.

In Jail.—On Thursday last a young mulatto named Lawrence Oren was committed to Jail in this borough charged with making an indecent assault upon an old lady named Mrs. Christina Gardner, living in Howe twp. The act complained of, was committed on the 17th of December last.

Sadly Afflicted.—On Friday night last a sad affliction befel the family of Robert Milligan in Madison township. On that night three of their children, the youngest aged about 3 years and the oldest 12 years, died from scarlet fever. The deaths all occurred within fifteen minutes. It is one of the saddest cases we have had occasion to record. They have but one child left and that one is also ill with the fever.

Sale Bills.—Having a splendid assortment of Job Type we are prepared to print any size or style of sale bills promptly and cheap. Our friends who are not coming to town, can by sending us the date when they wish to sell, and a list of the articles they intend to offer, with instructions as to the size of the bill they desire can have them printed and returned by mail, without any expense for postage.

Barn Burned.—The light that was seen on Friday evening last, east of this borough, was caused by the burning of a barn belonging to Geo. Matchett in Miller twp. Quite a quantity of wheat, oats and fodder was destroyed. It is supposed the fire was the work of an incendiary as none of the family had been around the barn with fire or light. There was no insurance.

A Bad Accident.—On Thursday morning last, a son of Mr. John Moose of Madison twp., was run over by a loaded wagon. The wagon had been loaded the evening previous with 75 bushels of wheat and in backing it out of the shed in the morning the young man who was at the lock by some means was knocked down and one of the wheels passed over his breast, causing serious internal injury.

Kicked By a Horse.—On Wednesday last Mr. Joseph Rice, the driver of the mail stage on this line was kicked by a horse while at Newport. He was passing the horse in the stable when the accident happened. The cork of the shoe struck him just below the eye, making a decidedly ugly cut, though fortunately not a dangerous one.

A few days previous Willis Grouser of Centre twp., was kicked by a horse and knocked down. In this case the hoof struck just above the eye, and was an exceedingly narrow escape.

Furs and Shawls are now being closed out at great bargains by F. Mortimer. Call and see them.

A Sad Accident.—One of the most distressing accidents occurred in North Codorus township York county, on Sunday morning a week, at the residence of Mr. Geo. Markle, that we have chronicled for a long time. On the morning indicated, two small boys (twins) of Mr. Markle, aged about six years, got hold of a loaded gun which was in the house, and while handling the weapon the load somehow was discharged, the contents entered the forehead of one of the little boys, tearing the upper portion of the skull off and scattering the brains and blood over the room. Of course death was instantaneous.—This sad bereavement falls with crushing effect upon the parents, who have the sympathy of the community.—Ex.

Serious Accident.—On Friday a week a young son of Mr. Jackson Flukenbinder, of Millin township, met with a very serious and painful accident by means of a Threshing machine. The father was driving the horses, standing at the usual place, but, we believe, without a platform. His son, who attempted to get to him, was caught in the gearing, and his legs, though not exactly crushed, were broken in a number of places at the thigh joints. The father, in attempting to rescue his son, came very nigh sharing a similar, if not a worse fate. It is almost suicidal to be without a platform on a threshing machine, and it has been our painful duty to record several terrible accidents occasioned by this neglect. The condition of the lad is said by his physicians to be encouraging.—Newville Star.

Go to Whitmer's in Newport, for your Fancy French Note Paper, Periodicals and Magazines.

Duncannon Items.—Our Duncannon correspondent sends the following items: J. Q. Detwiler, of Kansas, lectured on Temperance on Thursday evening. His lecture was both good, and timely, as drunkenness is on the increase in this place.

William Pennell drove across the Juniata the other day, with a horse and wagon, but had to go around by the bridge to get back, the ice having quietly moved off five minutes after he crossed. Once before, Mr. Pennell attempted to cross during a storm, but was sent, horse, wagon and all, sailing down the Susquehanna, but was rescued opposite town.

Mr. Barker and bride, a newly wedded couple from Harrisburg, were at the National House on Thursday evening, where they received a lively serenade by the Duncannon Band. Music, dancing and feasting were the leading features up-stairs, but in the bar-room and streets below, something less enjoyable took place, namely, a free fight; all engaged, are related to each other, but pummeled away, nevertheless, inflicting ugly gashes in each other's craniums, blacking eyes, smashing noses, &c. Mr. Shires, the proprietor of the hotel, came in for an enlarged proboscis, while attempting to quell the disturbance, which he finally succeeded in doing.

Terrible Explosion.—There has been a portable steam saw-mill, owned by John Y. Shelley, in operation in a piece of wood about three miles northeast of Thompson town, in Delaware township. It appears that on Monday morning, the 8th inst., by some mistake water was not turned into the boiler. Fire was made under the boiler, but its emptiness was not discovered until it was red hot, and a number of pipes had been so damaged by the heat that they were unsafe. Work of course was suspended. A machinist from Harrisburg was brought to repair the damaged boiler. The machinist pronounced the boiler ready for use on Friday, the 12th inst. Water was turned on and the fire made. The machinist was making a final examination about noon, and had just pronounced the whole machine in working order, when a terrific explosion took place, tearing the mill to pieces, and scattering it in all directions. The machinist was near the boiler and in a stooping attitude at the time. The missiles passed over him and did him no injury. A laborer named John Graham was instantly killed. He was about thirty-five years of age, and leaves a wife and five children. Henry Rumbaugh had two ribs broken and was badly scalded. Foster Dimm was badly scalded, and a young man named Jackson sustained severe injuries.—Sentinel.

Cold Weather in Kansas.—By the following extract from a letter written by a subscriber in Kansas, it will be seen they have had remarkably cold weather there: "Our winter until the last few days, has been unusually severe for this region. An old cattle dealer told me the other day that there would 100,000 cattle die this winter in Kansas. There were 800,000 cattle driven up from Texas into Southern Kansas, during this last summer, and owing to the low price paid in the Eastern market, they are attempting to hold them over without making any provision for them, a thing they have been doing, but this winter has been very unfavorable, until now. If it continues as the past few days, however, grasses will soon start and release them."

Alum Baskets.—Below will be found another recipe for alum baskets in different colors, which may be acceptable to some of our readers:

To make an Alum Basket—first make your basket of wire, then hang it in a saturated solution of Alum (that will dissolve all the Alum the water will take up). The alum will crystallize on the basket equally if the water covers the whole. To make different colors, dissolve Bichromate Potash with the alum for yellow; Cochineal, for red; Bichromate Potash and Washing blue for green; &c. I send the above in answer to S. E. F. Yours &c. A. SCHUG, Easton, Pa.

COMMUNICATED. SPRING TOWNSHIP, Jan. 18th, 1872.

MR. EDITOR:—The protracted meeting in Little Germany is still kept up. I was present a few evenings since, when the preacher made the singular assertion "that if there was any difference in the punishment in hell between the moral man and the open sinner, the moral man would be punished the worst." What can we think of such a doctrine? We would advise our correspondent not to worry about the matter and still give preference to a moral life rather than to live a wicked one.—Ed.

Sudden Death.—On Wednesday afternoon, Mr. Henry Karns, residing in Shirmans town died very suddenly. He was sitting in the coach shop of Mr. Daniel Rupp, talking and seemed to be in the enjoyment of good health, when all of a sudden he fell to the ground dead. Dr. Mosser, having been sent for done all in his power to bring him to life again but in vain. Dr. Mosser pronounced his disease that of apoplexy.—Independent.

Sales.—We call attention to the valuable Real Estate in Wheatfield twp., formerly belonging to Washington Kirk deceased, which is advertised in another column, and for which bills have been printed at this office.

Almost a Serious Fire. Millers Township, January 20th 1872. Mr. Editor.—On last Wednesday about one o'clock a. m. G. W. Liddick, and myself being the night watchmen on this division, discovered the bake-oven of Albert Angany, who resides on the farm of Samuel K. Boyer, to be on fire. We repaired immediately to the place and extinguished the flames before it had got very much headway. Had we not discovered it when we did it would no doubt have resulted in the destruction of much property, or the loss of life, as the families, there being two in number (Angany's and Wilson's,) were all in bed and knew nothing of the affair until the fire was put out. The oven is only about a rod from the house. The house being a log one and pretty old, and rotten at that, it is a wonder it didn't set fire to it. Wm. H. F.

The New York Observer has issued its Year-Book and Almanac for 1872, including an amount of valuable information, very rarely condensed into one volume, and sold for one dollar. It is a library of statistics and interesting facts in civil, religious, educational, agricultural, and philosophical departments, such as every intelligent family desires have at hand for daily consultation. All the countries and governments of the world are here displayed, with accurate statements of their rulers, resources, productions; it gives a general summary of all the Benevolent Institutions and Religious Denominations in the world, with a complete Ministerial Directory of nearly every Religious Body in the United States; a complete list of all the Colleges, Theological Seminaries, Medical and Law Schools in the United States; a carefully prepared List of the recent valuable Publications issued by the leading Publishing Houses of this country, with the prices; an extensive Chronological Table of Important Events, from the Creation to the present time; also the entire reading matter of POOR RICHARD'S ALMANAC. (By Benjamin Franklin,) during the first years of its publication, including all its celebrated Proverbs and Apothegms. Subscribers to the OBSERVER paying one year in advance will receive the Year Book gratuitously.

A VALUABLE AGRICULTURAL JOURNAL, sent Three Months Free. We have made arrangements with the publishers of the "American Stock Journal" to send THREE monthly numbers GRATIS and POST-PAID to all our subscribers who apply for them.—Farmers and Stock Breeders should avail themselves of this generous offer, as the three numbers contain near 100 pages of choice original articles on Veterinary Science, Farming, Stock Breeding, Dairying, Poultry Breeding, etc., etc., handsomely illustrated with engravings. Also a great number of valuable recipes for the cure of various diseases to which Horses, Cattle, Sheep, Swine, Poultry, &c., are liable.—Address N. P. BOYER & Co., Publishers, Parkersburg, Pa.

Church Notices. Lutheran Church—Services each evening this week at 6 1/2 o'clock. In the M. E. Church preaching on Sunday next at 10 1/2 a. m. Prayer meeting on Thursday evening. Presbyterian Preaching in the Court House next Sabbath morning, and a Sabbath School service in the Church basement at 8 o'clock in the evening. Prayer-meeting on Wednesday evening in the same place, at 6 1/2 o'clock.

We received a very pleasant letter of thanks from our old friend Kendall, since his return home, for a bottle of Johnson's Anodyne Liniment which we gave him, and which he says has entirely cured him of the troublesome and dangerous cough he had when here.

On the death of one of England's most eminent physicians, all his effects were sold by auction, and among other things was a sealed packet, marked "Advice to Physicians," which brought a great price. The purchaser on opening the packet, read as follows: "Keep the head cool, the bowels open and the feet warm." If physic is necessary, use Parson's Purgative Pills; they are the most scientifically prepared pill that has appeared in the last hundred years.

Vendue Crier. I will attend to crying sales anywhere in the county when employed. My experience in the business of crying sales of Real Estate and personal property for over twenty years I feel certain I can give satisfaction to all that employ me.

N. B. Those wishing me to cry their sale had better call and see me before advertising I will have a list of sales. THOMAS SUTCH.

A BEAUTIFUL WOMAN.—The perceptive faculty of women is usually keener than the same phenological organ in men. Women know that beauty rather than genius is worshipped by the sterner sex. A man may talk of the latter to his lady-love, but the keenness of the woman knows that he is thinking of the former. Women are fond of admiration; hence one of their longings is to be beautiful. The grand secret of female beauty is health, the power to eat, digest and assimilate a proper quantity of wholesome food. Take VINEGAR BITTERS. It will cleanse the stomach, tone the vital organs, give a perfect digestion, purify the blood, clear up the complexion and produce a state of mental and physical electricity, which gives symmetry of form, bright eyes, white skin, glossy hair and a genuine type of female loveliness, which no cosmetic can produce. 2 d 4t

FLORAL GUIDE FOR 1872.—Containing Seventy-Two Pages and Two BEAUTIFUL COLORED PLATES nicely illustrated, giving plain directions for the cultivation of nearly a Thousand Varieties of Flowers and Vegetables. Full bound with your name in gilt, post-paid, in November, 50 cents. Paper cover and one colored plate, 5 cents.
