Chicago Contributions. - The Sunday School Times lately published a list of contributions to Chicago and the Northwest, among which we notice the contribution in the Court House here of \$12.50 and the contribution of the Presbyterian School of this place amounting to \$11.28, the Lutheran School being the only other one in town contributing.

Over the Bank .- On Wednesday last a team owned by S. Kern, residing near New Germantown, slid over the bank while passing through the narrows. The wagon was overturned and fell with its load of railroad ties on one of the horses. It was with much difficulty that the horse was released and the wagon drawn up on to the road, though it was finally done and both wagon and horse were found to be but little injured.

Conference.—The Pennsylvania Annual Conference of the United Brethren in Christ will convene in Duncannon, this county on the 22d inst. This body numbers about sixty ministers, and includes within its bounds Cumberland, Franklin, York and Perry counties, in Pa., and Baltimor City in Md. It is included in the Eastern Diocese District and is presided over by Bishop Beaver, of Baltimore. This church now claims nearly one hundred and thirty thousand members, and is rapidly growing. At Dayton Ohio they have a publishing house and issue from there the Religious Telescope, which is the organ of

Walker twp., aged 12 years, was burned to death under the following circumstances: The mother of the boy went to a neighbor's house, leaving the boy at home. During her absence the boy went to the stove and played with the fire. In the play his clothes took fire. The mother came home to find her boy wrapt in flames, and so seriously burned that he died from the eff ects. He was buried on the following Sunday .- Juniata Sentinel.

Answer to Problem .- The problem in last weeks TIMES, had brought a variety of answers, which show how great a difference of opinion will sometimes exist over a sim ple problem.

H. L. M. of Howe twp., says, B lost \$10 and the sugar; A Centre twp., subscriber says, B lost \$8 and C \$3; Another says, B gambling house. lost \$10 and the sugar and C \$1 and the tea; While a Madison twp., correspondent says, B lost \$5 and the sugar and C lost \$2 and his tea. None of the above are correct. The result of the transaction is as follows, the entire loss being \$10: C lost nothing as he had the \$2 counterfeit on hand before the trade began, and is a gainer to the amount of profit on the tea sold. A has \$8 cash and \$4 worth of goods for his spurious bill, while B is out \$7 in cash and \$3 in sugar for which he has received the \$10 worthless bill.

Even the following apparently simple question will not be answered as readily as may be supposed.

"If 3 cats catch 3 rats in 3 minutes, how many cats will it take to catch 100 rats in 100 minutes?"

Parler Organ and a Melodeon are offered for sale AT A BARGAIN. The instruments are both new and splendidly finished. For further information apply at this office, or call on or address, Jas. Oir, New Bloom-

METAL LINED cucumber wood pumps and also the celebrated Blatchly pumps for any depth of well on hand and for rale at low prices by F. MORTIMER.

Sheriff's Fees .- A bill to reduce the fees of the sheriff of Perry county which we last week mentioned as having been introduced into the House, is merely an act, to repeal an act, whereby the Sheriff receives \$3,50 a week for boarding the prisoners in the county jail, and placing this county on the same footing as most of the counties in the State. That is, it leaves the price for board of prisoners to be fixed by the Court, of Quarter Sessions of each county, who are really better qualified to regulate that matter than the Legislature, who are not supposed to know the local prices for board in every locality in the State. The passage of this act will meet the approval of a large portion of the citizen of the county, as the price now paid for the board of prisoners is as much as the hotels of this borough charge for board and room.

Mr. Editor:—In reply to article in Times, in reference to the preachers asser-tion on Morality. I would beg leave to cortion on Morality. I would beg leave to cor-rect our worthy informant.

He states, that one of the preachers at

Germany, remarked, that the punishment of the moral man would be greater, than that of the out-breaking wicked man, and by this statement conveys to the minds of the public, that we advocate such doctrine. We remember the remarks made which gave rise to his statement, and we think that an explanation is necessary, that the that an explanation is necessary, that the public mind be not wrongly impressed, and that justice be done us. The subject which we introduced upon that occasion, was, regeneration or the new birth, and in treating the subject, we noticed, 1st, the nature of regeneration. In answer to the question, what is it to be born again, we remarked that it could not mean a second natural birth, neither a mere baptism of water new yet an external reformation, and water, nor yet an external reformation, and further, remarked, that he who would assume the form of Godliness, and take upon himself the name of christian, without the new birth or regeneration, if there was a difference, God would look upon the man without a profession with more favor than upon the "wolf in sheep's clothing," this is the idea conveyed, and the doctrine advanced, and we are able to defend the same with the sacred scriptures.
