FARM AND HOUSEHOLD ITEMS

We publish communications from all persons who are interested in matters properly belonging to this department.

How to Cure a Cold.

In the February, number of Home and Health we find the following simple and useful instructions for curing a cold. "The first hour after catching a cold, it may be cured, by anything which thoroughly warms and restores circulation. Thoroughly warm such parts of the body as may have been first chilled, or affected by the cold. An old physician said to me, when I was attending his lectures during my student life, "We must drive out a cold by the same door through which it entered." I have found this to be excellent advice. If the cold has come from wet or cold feet, bathe them thoroughly in hot water with mustard. If the neck of the spinal column has been the door of ingress for the cold, stand or sit with the back against or near the hot stovepipe, or toward the fire, until the part is thoroughly warmed, and the circulation in those parts are restored to its healthful condition. Imbibing warm drinks at the same time will be of use. A thorough bathing and rubbing of the skin will also be of great service. These rules thoroughly followed will generally avail. If any medicine be required, I know of nothing better than the Cold Powder recommended first by Dr. Beard. The formula or prescription for it I will now write for you, as follows:

Camphor, two parts. Powdered Opium, one part. Carbonate of Ammonia, one part. Dissolve the camphor in ether to the thickness of cream, then add the opium and ammonia. Get the druggist to prepare it. Keep it in a bottle tightly corked. Take before retiring to bed; dose, three to six grains in a little water. The druggist who puts it up will advise you how to measure grains. Keep on hand at all times, and take as soon as may be convenient after becoming thoroughly chilled. The effect of this powder is seen in the opening of the pores of the skin, and in producing sleep. While, however, I recommend this powder, I advise always that the warming process be resorted to, and in most cases this should suffice. Avoid taking medicine when you can."

Copperas and Salt as a Preventive of Pear Blight. An exchange says: Many years since we used copperas water applied to the soil, as a remedy for leaf blight in the pear, and the use of iron filings, scraps, etc., has been occasionally reported as a preventive. In other words, pear trees standing near a blacksmith shop, around which all the refuse filings, etc., of the shop were thrown, have been reported healthy, when trees not so supplied, but in equal and better soil, just adjoining have blighted and died. The use of hot copperas water as a wash to prevent the blight has been advised, but while it has acted beneficially when taken in the very first stages of the disease, it has not generally been accredited as of specific value. The why? is believed to be, because the blight is caused from some unhealthy condition of the tree, and like the human system subjective to whatever disease may exist in the same. A study of the organism of the plant, its ingredients to form health and vigor, has therefore been as much a point with the intelligent horticulturist, as has the human system to the professor of medicine; and a careful observation makes it apparent that copperas or sulphate of iron, as well as common salt, are necessary health in the pear tree. With this knowledge in view, therefore, it becomes the pear tree grower to apply to his soil a solution of copperas and salt, in preference to a free use of animal manure, in which are only a small percentage of the great properties of the two ingredients of food requisite in the tree. As to quantity and time of application it is our impression that to each pear tree of ten years' growth one-fourth pound of copperas and two pounds of salt dissolved in two gallons of water and sprinkled over the ground within the area of the branches is about the quantity that should be used, and that any time previous to March, is the time to make the application.

Corn Starch Paste. Corn starch makes the best paste for scrap-books. Dissolve a small quantity in cold water, and then cook it thoroughly. Be careful and not get it too thick. When cold it should be thin enough to apply with a brush. It will not mould or stain the paper. It is the kind used by daguerrotypists on "gem" pictures.

Remedy for Chronic Diarrhea. Put a table-spoonful of wheat flour in a tumbler of water; beat until it foams, and drink immediately. If the patient is thirsty more water may be added. It should be taken four times a day; before meal times and before going to bed.

To Remove Rust From Cloth. Take three parts water and one part muriatic acid, and apply to the spots. Rinse thoroughly.

A GREAT MEDICAL DISCOVERY

Dr. WALKER'S CALIFORNIA VINEGAR BITTERS

Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

THEY ARE NOT A VILE FANCY DRINK, Made of Poor Rum, Whiskey, Proof Spirits and Helious Liquors doctor, opium and sweetened to please the taste, called "Tonic," "Appetizer," "Restorer," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

\$100 will be given for an incurable case, provided the bones are not destroyed by mineral waters or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Head ache, Pain in the Throat, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Itches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scars, Discolorations of the Skin, Humors and Diseases of the skin, of whatever name or nature, are literally cast up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

J. WALKER, Proprietor, R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 22 and 24 Commerce Street, New York.

SOLD BY ALL DRUGGISTS AND DEALERS.

PROSPECTUS FOR 1872. FIFTH YEAR.

A Representative and Champion of American Art.

THE ALDINE: An Illustrated Monthly Journal

claimed to be the handsomest Paper in the World.

"Give my love to the artist workmen of THE ALDINE who are striving to make their profession worthy of admiration for beauty, as it has always been for usefulness."—Henry Ward Beecher.

NEW FEATURES FOR 1872. ART DEPARTMENT. As a guarantee of the excellence of this department, the publishers would beg to announce, during the coming year, specimens from the following eminent American artists: W. T. Richards, Granville Perkins, Jas. Smiley, Wm. Hart, F. O. C. Darby, R. E. Piquet, Wm. Beard, Victor Seelig, Frank Beard, Geo. Smiley, Wm. H. Wilcox, Paul Dixon, Aug. Will, James H. Beard and J. Hows.

These pictures are being reproduced regardless of expense, by the very best engravers in the country, and will bear the severest critical comparison with the best foreign work, it being the determination of the publishers that THE ALDINE shall be a successful vindication of American taste in competition with any existing publication in the world.

LITERARY DEPARTMENT. Where so much attention is paid to illustration and set up of the work, too much dependence on appearances may very naturally be feared. To anticipate such misgivings, it is only necessary to state, that the editorial management of THE ALDINE has been intrusted to Mr. Richard H. Stoddard, who has received assurances of assistance from a host of the most popular writers and poets of the country.

THE VOLUME FOR 1872 will contain nearly 300 pages, and 250 fine engravings. Commencing with the number for January, every third number will contain a beautiful tinted picture on plate paper, inserted as a frontispiece. The Christmas number of 1872, will be a splendid volume in itself, containing fifty engravings, (four in tint) and, although retailed at \$1, will be sent without extra charge to all yearly subscribers.

A CHROMO TO EVERY SUBSCRIBER was a very popular feature last year, and will be repeated with the present volume. The publishers have purchased and reproduced, at great expense, the beautiful oil painting by SEA, entitled "Dante Nature's School." The chromo is 11x13 inches, and is an exact fac-simile, in size and appearance, of the original picture.

TERMS FOR 1872. One Copy, one year, with OH Chromo, \$5.00 Five Copies, " " " " " " " " 25.00

Any person sending 10 names and \$40 will receive an extra copy gratis, making 11 copies for the money.

Any person wishing to work for a premium, can have our premium circular on application. We have many beautiful and desirable articles offered by no other paper.

Any person wishing to act, permanently, as our agent, will apply, with reference, enclosing \$1 for outfit. JAMES SUTTON & CO., PUBLISHERS, 23 Liberty Street, New York.

NOTICE TO TRESPASSERS.—The subscribers hereto have received that all parties are forbidden to use private roads on his premises, or trespass on his property in any manner whatsoever without permission. HENRY KELL, Seville Twp., Jan. 17, 1872
