LOCAL DEPARTMENT.

CALENDAR MARCH. Table with columns for days of the month and corresponding letters for the week.

Registry of Sales. We call attention to the following sales, bills for which have been printed at this office.

March 14th—John Kell from his residence in Rye township, will sell Horses, Mules, and other stock, together with a variety of farming implements.

March 14th—George Swager, residing 1 mile north of Shermadale, will sell live stock, and all farming implements. A credit of twelve months will be given.

March 16th—Samuel Reem in Wheatfield township 1 mile from the Junction, will sell horses, colts, hogs, cows and young cattle.

Notice.—Subscribers wish to change their post office address will please mention the name of the office to which the paper has been sent, as well as to the office to which it is to be sent in future. Attention to this request will insure the desired change.

Court.—The bell was rung for Court on Monday morning with the expectation of having some Orphans' Court proceedings to attend to. Judge Junkin being detained in Carlisle, and Judge Stroup not being present, no Court was held.

Fell In.—The Warehouse of the Cumberland Valley Rail Road at Shippensburg fell in a few days since, burying a large amount of grain in the ruins. No person was injured.

On a Strike.—The striking apparatus of the Court House clock needs reconstructing. As it is, it comes the nearest to perpetual motion of anything we know of. A few nights since it struck 240 without stopping, and it is no unusual thing for it to strike 90 to 100. In the condition it now is, it is no credit to the manufacturer, and the fact is that the striking part of the clock never has been as perfect as it should be.

Run Away.—A mare belonging to Fickes & Bro. got frightened on Tuesday last and ran away with the cart to which she was harnessed. While running at full speed the animal slipped and fell, injuring herself badly. When this occurred she was within a few feet of a team belonging to Wm. Luyfer of this borough, and only this fall prevented a collision and probably serious damage to his horses. The driver of his team congratulates himself upon escaping with a severe scare.

Grass-hoppers.—On one of the cold days of last week Mr. John Rice brought two grass-hoppers into our office, which he had found hopping around the meadow. They were a peculiar copper color and differed considerably in appearance from the insect of that kind generally seen. It is thought by some that next summer will bring these insects in such swarms as to be very destructive to vegetation, and the frequency with which they have been seen this winter gives ground for such a belief.

Saw Mill Burned.—On Thursday last the saw mill in Carroll twp., belonging to Mr. David Henshaw, together with a large amount of lumber and many saw logs, was destroyed by fire. The flames rapidly spread over the adjoining meadow and had not help fortunately arrived would soon have communicated to the house and stable. Mr. Lukenbaugh who rented the premises was absent at the time. Two men were seen to go into the mill shortly before the fire was discovered and it is supposed they set the place on fire. Mr. Henshaw who owns the property lives in Harrisburg. Our informant thinks the loss is over \$1000 on which there is no insurance.

Democratic Delegate Convention.—The delegates elected throughout the county on Saturday last met in convention at the Court House on Monday, for the purpose of electing delegates to the state nominating convention which meets at Reading on May 30th.

The meeting was called to order at 1 p.m. and was organized by the election of Isaac C. Meek as chairman, and C. J. T. McIntire and J. R. Dunbar, Esqrs., as sec's. Dr. Swartz then nominated J. A. Linaweaver, Esq., and A. E. Goff nominated Wm. Willis, Esq., as candidates for representative delegates. On the first ballot Mr. Linaweaver was elected having received a majority of 7 votes. The conferees appointed are John Minich, I. C. Meek and J. C. Barrett.

The Markleville Academy will open on Monday, the 8th of April, 1872.

Tuition per quarter of eleven weeks from two to five dollars. Good board can be had at private houses at \$3.50 per week. For further particulars (before opening), address ABAM ZELLERS, Oriental, Juniata co., Pa.

As we go to press we learn of the death of Dr. Eby of Newport, of small-pox.

Small-Pox.—We are sorry to see that several citizens of Newport are suffering with small-pox. The borough authorities have taken vigorous measures to prevent any spread of the disease, should it extend. As a precautionary measure the schools have been temporarily closed. It is to be hoped that the sickness may be confined to the cases already reported.

There is no truth in the assertion that there are some cases of small-pox in Centre twp., and we think the cases nearest to this borough are in Juniata twp., nearly four miles distant. Every parent or Guardian who has not already done so, should at once see that not only themselves but every person under their control is at once vaccinated.

A Mysterious Theft.—New York City has set an example which little York has felt bound to follow. There being a chance of a bill passing the Legislature authorizing a new audit of the County Accounts for some years past, the "ring" evidently became alarmed, and have taken pattern after the "ring thieves" of N. Y., and have stolen the vouchers. The York Press of the 8th inst., gives the following account of the affair:

"The Clerk of the County Commissioners, on Wednesday afternoon, in opening the case in their office, in the Court House, in which are kept the bills and vouchers, on which orders for the payment of money have been granted, discovered that those for the years of 1865, '66, '67, '68, '69, '70, and '71, were missing, having been abstracted by some person or persons unknown. We understand that immediate action will be taken to discover the perpetrators of this high-handed outrage. Various conjectures in regard to the matter are expressed, and we most heartily denounce the villainous acts, and hope that the guilty culprits will be speedily discovered and punished to the full extent of the law. The general impression prevails that the act was done by, or at the instance of persons who feared the investigation of our public accounts, that is soon to take place, and like the ruling spirits of the New York Tammany ring, have destroyed the records to save themselves from being exposed. Should there be any further developments made in regard to the matter we will keep our readers advised of the whole transaction. A full investigation should be had and if there are any persons found guilty, let them be made suffer for their crimes. Though the heavens may fall, let justice be done.

A rumor is afloat that a large number of papers have been burned at Herman Hoke's lime kiln, in West Manchester township, and judging from the relics or ashes of the same, it would appear that they were the lost papers belonging to the county."

Fires in Cumberland and Franklin.—The house of Edwin Noll, about one mile east of Shiremanstown, on the line of the Cumberland Valley railroad, was entirely destroyed by fire on Wednesday morning last. The building is supposed to have been set on fire by the engine attached to the third freight train east, which had just passed. The wind was blowing quite a gale, and all efforts to save the building were fruitless.

On Friday morning the 1st inst., the store of E. Eldon, in Waynesboro', was discovered to be on fire, and before it was extinguished a keg of powder exploded, knocking out the windows, and damaging the goods in the store-room. Fortunately the fire was put out before other buildings were damaged.

At Mechanicsburg on Wednesday afternoon last, a fire broke out in the warehouse belonging to Mr. George Koser on the South side of the Railroad track, which soon destroyed the building and its contents, and then communicated to Stayman & Bucher's warehouse on the North of the track; but that was extinguished before much damage was done. The buildings adjoining the warehouse were on fire several times, but by great exertion the flames were got under control before they had destroyed any other buildings except Mr. Titzel's stable. For a time it was feared that the disaster would be more serious.

Accident on the N. C. R. R.—The Niagara express which left Harrisburg on Tuesday evening ran off the track near Goldsboro while running at a good speed. The accident was caused by the breaking of a rail. At the place where the accident occurred the embankment is about 10 feet high and several of the cars went down the bank and slid on the ice where they laid on their sides. The escape of the passengers was truly remarkable, none of them being seriously hurt. One of the hands, a baggage master, was thrown into the water, and remained there sometime before he was removed, and was then found to be badly hurt. The night was dreadful cold and the suffering of the passengers from the weather was quite severe. But little delay was caused to travel, by the accident, but a friend of ours passing the next day saw the cars still on the river.

Minich had a fire on Tuesday night last which destroyed a building owned by Mr. John Wright and occupied as a store and residence. Only by great exertion a disastrous conflagration was prevented.

Sellingsgrove offers five hundred dollars for the discovery of the villain who fired that town.

You no longer have any reason to wear a troubled look about "that pain in your side," or your awful lame back, or your bursting headache, for Pain Cure Oil is now the Standard Remedy for all painful complaints. Use nothing else for "There is nothing like it."

Stamps on Leases.—As the time for the renewal of leases, and of the execution of new agreements between landlords and tenants is near at hand, the decision of the Commissioner of Internal Revenue, as to whether the provision of the law imposing a stamp duty on leases should be enforced in regard to stamping duplicate copies, usually furnished the lessee, is not only interesting but important to all. He decides that when an instrument is executed and in duplicate, triplicate, etc., as in the case of a lease of two or more parts, each part has the same legal effect as the other, and each should be stamped as an original. When parts mark executed duplicates or counterparts "copies," it does not make them more copies, or relieve them from duty as originals.

Church Notices. Presbyterian Church.—Preaching Sabbath morning in the Sabbath School room at 11 o'clock. No evening service next Sabbath.

In the Reformed Church, preaching next Sabbath at 10 o'clock a. m. Prayer-meeting on Thursday evening next.

In the M. E. Church, Prayer meeting on Thursday evening. Preaching on Sunday evening.

Pocket Dictionary.—We have just received from the publishers, 138 and 140 Grand Street, a copy of Webster's Pocket Dictionary, which is a great improvement over all previous editions and all similar works. In the first place it is neatly printed, and bound in morocco, with gilt edges. Then it contains 200 pictorial illustrations, which give a much clearer idea of the meaning of many words than could possibly be conveyed by the usual definition. The little volume, while being no larger than an ordinary pocket-book, embraces in its vocabulary a careful selection of over 18,000 of the most important words of the language, with definitions sufficiently clear, though necessarily brief, to meet the ordinary wants of any one requiring its use. Prefixed to the work are tables of money, weight and measure, abbreviations, words and phrases from foreign languages, rules for spelling, explanations, etc. It is in fact a most valuable little book, and is doubly worth the dollar it costs. The Publishers, Ivison, Blakeman, Taylor & Co., 138 and 140 Grand Street, New York, will forward it by mail on receipt of One Dollar. It can be bought at almost any book store.

Our musical friends will be glad to see the beautifully executed portrait of the venerable Lowell Mason, now in his eighty-first year, which is given in "The Illustrated Christian Weekly" of March 9th. It accompanies an interesting sketch, recounting his labors in the cause of church music during the last fifty years. We gladly commend this paper to all our readers, knowing that nothing which can corrupt, either through the eye or the heart, will be ever found in its columns.

The Aldine.—As a work of art no periodical in the country equals the Aldine, while it has no superiors in other qualifications. We hope to see our locality well represented on their subscription books. The price of the "Aldine" is \$5 per year, but we have made arrangements to supply the Aldine and the Times for one year on receipt of \$5. Subscribers already on our books can also avail themselves of this offer.

More than forty years have elapsed since Johnson's Anodyne Linctament was first invented, during which time hundreds of thousands have been benefited by its use. Probably no article ever became so universally popular with all classes as Johnson's Anodyne Linctament.

DEAD MEN TELL NO TALES: if they did, anathemas against the depilating lancet, the drastic purge, and the terrible salivants of the materia medica, would arise from every graveyard. The motto of modern medical science is "Preserve and Regulate, not destroy," and no remedy of our day is so entirely in harmony with this philanthropic logic as Dr. Walker's Vegetable Vinegar Bitters. In this powerful, yet harmless, restorative, dyspepsia, bilious complaints, and all diseases of the stomach, liver, bowels and nerves, encounter an irresistible antidote. 10d
