**CARSON'S STELLAR OIL**

This is not the lowest priced, but being much the best is in the end by far the cheapest. Do not fail to give it a trial, and you will use no other.

**Carson's Stellar Oil**

FOR **ILLUMINATING PURPOSES.**  
The proprietor of this Oil has for several years felt the necessity of providing for, and presenting to the public, as a substitute for the dangerous compounds which are sent broadcast over the country, an oil that is SAFE and BRILLIANT, and entirely reliable. After a long series of laborious and costly experiments, he has succeeded in providing, and now offers to the public, such a substitute in "CARSON'S STELLAR OIL." It should be used by every family.

1ST. Because it is safe beyond a question. The primary purpose in the preparation of STELLAR OIL has been to make it PERFECTLY SAFE, thus insuring the lives and property of those who use it.

2D. Because it is the most BRILLIANT liquid illuminator now known.

3D. Because it is more economical, in the long run, than any of the dangerous oils and fluids now in too common use.

TH. Because it is intensely BRILLIANT, and therefore economical, giving the greatest possible light at the least expenditure to the consumer. Its present standard of SAFETY AND BRILLIANCY will always be maintained,—for upon this the proprietor depends for sustaining the high reputation the STELLAR OIL now enjoys.

To prevent the adulteration of this with the explosive compounds now known under the name of kerosene, &c., &c., it is put up for family use in Five Gallon cans, each can being sealed, and stamped with the trade-mark of the proprietor; it cannot be tampered with between the manufacturer and consumer. None is genuine without the TRADE-MARK.  
STELLAR OIL is sold only by weight, each can containing five gallons of six and a half pounds each, thus securing to every purchaser full measure. It is the duty and interest of all dealers and consumers of illuminating oil to use the STELLAR OIL only, because it alone is known to be safe and reliable.

All orders should be sent to **JARDEN & CO.,**  
WHOLESALE AGENTS,  
136 South Front Street,  
Philadelphia.

**HUMOROUS ITEMS.**

Old Mrs. Jones takes a trip to the sea shore and is badly troubled with mosquitos.

The difference between a cook and her lover is, one cooks the meat and the other meets the cook.

Why is it easier to be a clergyman than a physician?—Because it is easier to preach than to practice.

A coroner's jury in Minnesota recently declared a man to have been 'severely frozen to death.'

A doctor was asked to dance the "Lancers." He declined; but expressed a willingness to lance the dancers.

A hen-pecked husband, who had married his wife because she was handsome, declared that "a thing of beauty was a jaw forever."

Mr. Speckles says the best vegetable pill yet invented is an apple dumpling; for destroying any gnawing in the stomach, it is a pill which may always be relied on.

A drover, who always sells his cattle by live weight, always gives them as much water as they will drink, before driving them on the scales. "That," he says, "is what I understand by 'watering stock.'"

Judge Jeffries, pointing with his cane at a prisoner before him, observed, "There is a great rogue at the end of this stick." The man replied, "At which end, my lord?"

An old farmer in New Hampshire recently killed a pig, and being asked how much it weighed, replied that it did not weigh as much as he expected, and he did not expect it would.

A preacher out in Iowa, whose congregation took up a contribution for him in small change, remarked as he pocketed the gift, "We'll let her pass this time; but remember this 'widow's mite' business is played out here!"

"Mamma," said a five-year-old-Nellie, "they sung 'I want to be an angel' in Sunday school to day, and I sung with them." "Why, Nellie!" exclaimed mamma, "could you keep time with the rest?" "O, yes, indeed; I kept ahead of them most all the time."

A cockney conducted two ladies to the observatory, to see the eclipse of the moon. They were too late; the eclipse was over, and the ladies were disappointed. "Oh!" exclaimed our hero, "don't fret. I know the astronomer, very well; he is a very polite man, and I am sure he will begin again."

At a wedding dinner near Mt. Carmel, Whiteside county, Ill., recently, some malicious cuss put croton oil into the custard. The bride and groom and twenty or thirty relatives and friends partook of it freely, and the consequence was, people were unusually active thereabouts all night.

Ah! girls ain't what they used to be when I was young; and the fellows are worse still. When I went courting for instance, I never thought of staying till after ten o'clock, and only twice a week. Now they go seven
