The Times, New Bloomfield, Pa.

The Contract for finishing the Presbyterian Church has been given to Mr. Wm. Burn, who is to push it forward as rapidly as possible.

Out Again .- We are glad to see that Mr. Edward Mickey who was so badly injured by the cars at Buda, Ill., is able to be around again, though minus one foot.

Fast Type-Setting. - Some of our exchanges have been bragging about the fast work done by their hands. Thos. Sutch, jun., an apprentice in this office, set the entire first page of this week's paper, and made up the form on Friday last, between the hours of 7 a.m., and 6 p.m. The proof was good too, there being but twenty errors on the whole page. When any boy beats this, he says he will try again.

County Superintendent .-- On the first Tuesday of May, a convention of School Directors will be held to elect a County Superintendent. The importance of a wise selection for this office cannot be overestimated. We are glad to hear that Capt. Gard C. Palm is the choice of many of the directors of this county for this position and we doubt whether a better selection could be made.

Sheriff's Sales .- On Friday last, the following properties, were sold by the Sheriff.

A house and lot situated in Markleville, seized and taken as the property of Jeremiah Rice. Sold to Wm. A. Sponsler for \$630.

A building, and lot of ground situated in Marysville, taken and sold as the property of John Kunkle, sold to Chas. L. Murray for \$800.

A property situated in Juniata twp., taken and sold as the property of Jacob Kough, sold to Andrew J. Fickes of Newport for \$1500.

A property situated in Tuscarora twp., taken and sold as the property of Philip Miller, sold to Abraham Fry, for \$520.

A property situated in Tuscarora twp., taken and sold as the property of Philip Miller, sold to Abraham Fry for \$406.

Widow has a dower in the last of \$246.

Temperance People Disappointed .- The Local option law which was passed for Shippensburg under which the voters by a large majority decided Against license, failed to have the desired effect. At the court held in Carlisle last week, applications were made for license in that borough, and were granted, the Court ruling that the law giving the people a vote on the subject was unconstitutional, and consequently void. Judge Junkin based his ruling on a decision of the Supreme court in a similar case which was decided 25 years since, the Court then holding that the Legislature could not delegate its power to make laws, back to the people. We presume the case will be again appealed, and perhaps it will be found that the opinions of the supreme court have undergone a charge during the last quarter of a century. If it has not, the general "local option law" passed at the late session of the Legislature will also be of no effect. The Scheppe Case .- At the Court of Quarter Session last week in Cumberland county, a certified copy of the bill authorizing the opening of the judgment in the case of Dr. Schoppe, was presented, and counsel for the prisoner asked that a day be set for argument on a motion for a new trial. There was considerable argument on both sides, Messrs. Maglauchun, Shearer and District Attorney Sadlar speaking against the prisoner, while on the side of Dr. Scheeppe was his former counsel, Samuel Hepburn, Jr., Esq. The court, however, cut all argument off with the words; "The man is under sentence of death, and is certainly anxious to know his fate as soon as possible. I set the judgment in the case of the Commonwealth vs. Paul Scheppe aside, and fix Saturday the 20th inst., the day at which I will hear the arguments on a motion for a new trial."

The following letter received in the renewal of a subscription, shows the estimation in which the TIMES is held by an old subscriber, and a former well known citizen of the county :

Norther county : ______, York County, Pa., April 10th, 1872. Mr. Mortimer — Enclosed is \$1.25, for the TIMES, as I perceive my year closes in a few days. I like the paper for its free-dom from party politics, and the abuse and slang so often found in party papers. I love it for its impartiality to both political parties, and for its direct reproofs and re-bukes, as well as its prompt exposure of all bukes, as well as its prompt exposure of all political intrigues, dishonesty and corrup-tion. That is right! Go on and expose, rebuke and reprove these public leeches that are trying to suck the vitals out of honest tax-payers. Don't spare on account of party. Yours truly. X. Yours truly. of party. Χ.

Barnum's Show .- In a circular received from that veteran Showman, he says :

" My immense traveling Show has un-"My immense traveling Show has un-expectedly grown to such gigantic propor-tions that I could not drag it through the country with less than one thousand men and herses. I am obliged therefore to transport it by railroad, using (60) sixty freight, and (5) five passenger cars. My daily expenses exceed (\$4,000) four thou-sand dollars. I regret to say, on this ac-count, that I shall not be able to visit your place. I hope, however, you will find it convenient to come and see us at the near-est point. This may be your only opportuest point. This may be your only opportu-nity. We shall visit every large town and city, this season, from New York to Oma-ha. I shall ship the entire Exhibition to Europe in November, 1872."

Among the places spoken of which he wishes to visit, is Carlisle on the 11th, and Harrisburg on the 12th of May. Those are the points nearest to this place.

A Dead Child Coughing in its Coffin.-A child died at Pemberton, New Jersey, recently whose illuess had been attended with inexplicable symptoms. The child was the daughter of a Mr. Williams, and was about four months old when she was taken ill with croup. She was in a dangerous state for some time, and on Wednesday, the 6th instant, she seemingly expired. -A coffin was procured and a grave- was dug at mount Holly Cemetery.

On Friday last, a short time before the funeral, the child suddenly coughed and instantly opened her eyes. The coffin was returned to the undertaker, and hopes were entertained that the child so strangely spared from burial, might regain its health. On Tuesday, however, she died, and her parents after waiting for another return of life until their could be no reasonable hope, interred the body in the grave opened the week before.

The County S. S. Convention.

The Sabbath Schools of the County are hereby notified to at once elect their delegates for the Spring meeting at Newport, Tuesday, May 14th. Only four weeks remain. County schools, open out! Do not let May day pass without organizing for the season and electing delegates. Each school is entitled to four delegates. Newport is preparing to give a hearty reception and' good speakers from abroad are expected: Send list of delegates, as soon as elected, to W. Fickes Esq. at Newport for accomodation during convention.

Paper Mill Burned. - On Wednesday morning last, the Paper Mill belonging to Mullin, Parker & Co., at Mt. Holly, Cumberland county, Pa., was entirely destroyed by fire. The fire is supposed to have originated from a heated journal. A barn near by, belonging to Peter Ritner, with much of its contents was also destroyed.

Fire in Oll City .-- A fire broke out in the Gault House, on the morning of the 19th inst., and before it was subdued, set fire to a 1000 barrel tank of oil, belonging to the Model Refining Co., which at once exploded. The tank was nearly one hundred yards from the fire, and its explosion was unlooked for. The wooden top flew off and a dense cloud of smoke was thrown up as from a volcano. A scene of indescribable terror and confusion followed. Hundreds of men, women and children rushed frantically in every direction for safety. The burning oil flowed down and surrounded the magnificent steamer No. 4, nearly destroying it. The fireman, with the team, made a hairbreadth escape from being burned to death. Iron tank cars were exploding, and few were brave enough to approach the burning region.

The burning oil had cut off the lines of hose; no water could be secured, and it was feared the entire west side would go. Messages were sent for assistance. The Model tank was filled with water as a precaution against fire, with only 200 barrels of oil on the top. The wind had been blowing almost a hurricane all morning. Hand engines and hook and ladder trucks were brought into use, after heroic and terrible labor on the part of the firemen and citizens, the flames were brought under control at about 12.30.

A Snow storm is whitening the ground as we go to press to-day (Monday). On Saturday last the weather was beautiful and garden making was the order of the day.

Death from Paralysis .- On last Wednesday a week, at about 1 o'clock, Mr. John Faller, merchant of this borough, while transacting business at Boslers' Warehouse, was suddenly seized with paralysis, and almost instantly expired. Mr. Faller, who was an active business man, had been to bank that day, apparently in the best of health, and quite unconscious that his end was so near. He was a German by birth, but for forty years had been a citizen of our borough, where he was highly esteemed for his excellent qualities of head and heart. He was in the 71st year of his age .- Carlisle Volunteer.

Killed on the Rail Road .-- A man named Jacob Weitzel residing near Carlisle, was instantly killed on Friday a week by being struck by the engine of a Northern Central train. Mr. Weitzel had just come out of the Harrisburg carshop and was walking up the track, when the accident occurred. After an inquest was held the body was taken to his friends in Cumberland county.

EDITORIAL NOTICES are so common that it is almost impossible for an editor to express his honest opinion of the merits of any article without being suspected of Interested motives. This fact, however, shall not deter us from say-ing that we think of a new addition to the Ma-teria Medica to which our attention has been recently directed. We refer to Dr. J. Walker's California Vinegar Bitters, a remedy which is making its way into more families just now than all the other advertised medicines put to-gether. There seems to be no question about the potency of its tonic and alterative proper-ties, while it possesses the great negative recom-mendation of containing neither alcohol nor mineral poison. That it is a specific for Indi-gestion, Billiousness, Constipation, and many complaints of nervous origin, we have reason to know i and we are assured on good authori-ty that as a general invigorant, regulating and purifying medicine, it has no equal. It is sta-ted that its ingredients, (obtained from the wilds of California,) are now to the medical world; and its extraordinary effects certainly warreant the conclusion that it is a specific world, and its extraordinary effects certainly warrant the conclusion that it is a competind of agents hitherto unknown. If popularity is any criterion, there can be no doubt of the Vinegar Bitters, for the sale of the article is immense and continually increasing. 1444t
