W. Riever, has been appointed post-master at Marysville vice W. B. Millet.

Dr. Stites of Millerstown, has left for Europe, where he intends spending several months in attending lectures.

Col. John Wister, of Duncannon has been appointed one of the members of the the Republican State Central Committee.

week Calvin Neilson and John Edgar, Esqr's., were examined preparatory to admission as members of the legal fraternity. The examination took place at the residence of Mr. Sponsler, and was very creditable to both candidates. On Tuesday they were both admitted to practice.

Caught in the Fire. - A few days since a deer, a coon, a 'possum and squirrel, were found near together on the Tuscarora Mountain, in a spot which had been burnover by the fire. When found, they were all dead but the deer which was so badly burned that he shortly died. They had evidently been surrounded by the flames and unable to escape had gradually been drove together by the heat.

Effects of Lightning .- On the 6th inst., the lightning struck a black oak tree near the foot of the Half Fall Mountains and set the leaves and brush at the root of the tree on fire. There being no rain the flames spread rapidly, over the north side of the mountain, and not withstending great exertions were made to extinguish the fire, it was still burning on the 9th inst., at the time our correspondent wrote.

Charged with Assault.-On Wednesday last, a dispute arose between Samuel Grier of Rye twp., and Joel Sharp, regarding the fees of the latter as a witness in a resent suit, when it alleged that Sharp made an assault on Mr. Grier and injured him quite badly. A by-stander came to the help of Mr. Grier, or more serious damage would have been done. Information was made before Esq. Clouser, of this borough who issued a warrant for Sharp's arrest.

Swindlers.-Patent right swindlers are making their way throughout the country. Already we have learned of one instance in which a note was offered for sale on a farmer near here, whose signature was obtained by supposing it to be a contract, one end of which is afterward torn so as to leave a perfect note. We explained the swindle last summer, and there is no excuse for being caught by it now.

Tires. Serious and very destructive tires are devastating may portions of the tire for plff, Barnett for dfd. county. On Sunday the 5th inst., the blowing out of a charcoal pit near the Mountabella Furnace fired the woods, which have been burning ever since. On Saturday last quite large pieces of bark were found at Shermansdale, and in this borough five miles from the burning district, brought here by the high wind.

Mahonoy and Tuscarora mountains have both peen partially burned over during the must week.

Mysterious Disappearance.—Thomas T. Meckert, left Markleville on Saturday mosning, April 20th, and said he would be back by about 10 o'clock, A. M., but he did not come, and nothing has been heard of his since. With all inquiries nothing can'be found out about him. He was at the time a student of the Markleville Academy. His home is at Dalmatia Northumberland Co., Pa., and there they know nothing of him. Any information of his whereabouts will be thankfully received. Address either his mother Rebecca Heckert, Dalmatia, Pa., or any person at Mark-

Election of County Superintendent .- On Tuesday last the school directors of the county convened in this borough for the purpose of electing a county superintend-

The directors organized their convention by calling Hon. Martin Motzer to the chair and appointing as secretaries Messrs. John Irvine, J. A. Lineaweaver, E. C. Long and Lewis Potter.

Mr. G. C. Palm, Geo. C. Welker and Silas Wright were nominated for the office of Superintendent. Three ballots were then had resulting in the election of Geo. C. Welker. The ballots were as follows: 1st ballot. 2d ballot. 3d bal ot.

Accidents.—On Thursday evening a young man named Adam Sweger was thrown from his buggy about a mile from this borough and badly cut in the head. The young man returned to town for surgical treatment. The accident was caused by a sudden shying of the horse.

On the same evening a team belonging to Newport and driven by an individual of the " colored persuasion," upset near the half-way house on the road to Newport, and the front wheels becoming detached, the horses ran away with them. When near the spring in the narrows they collilided with a load of lumber, throwing down the horses and injuring one of them quite seriously. The accident was caused by the driver trying to haul too heavy a load of mixed Newport and Bloomfield whisky.

Struck by Lightning.-Yesterday afternoon, about 3 o'clock, a boy aged fifteen years, named Reuben Campbell, while harrowing with two horses in a field about one mile from York, on the plank road, on the farm of Mr. Jacob Spangler, was struck by lightning. He received severe injuries on the right side of his body, the hair on the left side of his head was burned off. One Admitted.-On Monday evening of last of the horses was struck dead immediately, and the other seriously injured. A man named Wilcox was planting corn in a neighboring field, and ran to the assistance of the unfortunate boy, who was taken to the house. There is little hope of his recovery .- York Daily, 7th inst.

> Leg Broken.-On Thursday last Mr. William B. Coates, of the borough of Patterson, Juniata Co., while working on the new track below that town, was struck by the locomotive of a passing train and knocked off the track, breaking both bones of the left leg several inches above the ankle, and cutting and injuring the foot of the right leg. He was conveyed to his own house in Patterson, and his limbs dressed by Dr. D. M. Crawford, assisted by Dr. L. Banks. He is now getting along as well as could be expected .- Sentinel.

> Fire in Shippensburg. - On Sabbath night a week a fire originated in the stable of Mr. Geo. Noftsker, and consumed nine stables before it could be quelled. The others who lost by the fire are Jno. Bridges, Mrs. Elizabeth Coover, Mrs. Deihl, Jno. Lawton, Geo. B. Cole and Judge Ruby. The loss is estimated at over \$6,000, covered partly by insurance. The fire is charged to an incendiary.

It is remarked by strangers visiting our State, that we show a larger proportion of good horses than any other State in the Union. This, we tell them, is owing to two principal reasons: in the first place, we breed from the very best stock; and in the second place, our people use Sheridadn's Cavalry Condition Powders, which in our judgment are of incalculable advantage.

THE CAUSE OF TEMPERANCE finds some of its most insidious and dangerous foes in the many so-called "tonics" and "appetiz-ers," made of cheap whisky and refuse liquors, finished up to suit depraved appetites, under the name of medicines. Dr. Walker's Califor-nia Vinegar Bitters are none of these. They nia Vinegar Bitters are none of these.
