LOCAL DEPARTMENT.

MONTHLY CALENDAR MAY. Table with columns for days of the month and rows for weeks.

Our Digestion.—We have read it, and feel compelled to say that no person can spend an hour over that book, without recovering information worth many times the cost of the volume.

Accident.—On the evening of the 21st inst., Mr. David Bitner, of Ickesburg while boring posts on a machine driven by horse power, (at Mr. John Boden's farm), slipped and fell bringing his left wrist in contact with the augur, which was revolving rapidly; and before he could recover himself his wrist was sadly mangled.

Agricultural Fair.—The Committee to fix the location for holding the next exhibition of Pennsylvania State Agricultural Society met at Harrisburg on the 23d inst. After considering various propositions, they chose the city of Erie. The days fixed for holding Fair are September 17, 18, 19 and 20.

Decoration Ceremonies.—The citizens of Bloomfield borough and vicinity are respectfully requested to assemble at the Court House on Thursday evening at 5 1/2 o'clock to unite in the decoration ceremonies of the nation's honored dead.

The co-operation of the ladies in procuring flowers is earnestly solicited.

An address will be delivered suitable to the occasion and the procession will move to the cemetery where the floral offerings will be made.

Insane.—The Harrisburg Patriot of the 23th inst., says; that a young man named John Wireman a former resident of Perry County, but who has resided in that city several years, yesterday gave unmistakable evidences of insanity. Among his first movements after the dethronement of his reason was to order two suits of clothing, a gold watch and a gold headed cane. He imagines that he is invested with superhuman power and authority.

Good Luck for Duncannon.—A family about moving to Duncannon went to Baltimore to visit some friends. While there, two of the children did not seem to be very well, but it was thought nothing serious was the matter, so the family continued their journey. The house they were to occupy not being quite ready for them, they stopped with some friends in Maryland, where the sickness of the children increased and soon proved to be small pox in a bad form. It seems almost a providential escape for Duncannon.

Bought Love Powders.—A correspondent from Marysville sends the following: We think that five dollars is an extravagant sum to pay for a pint of powder-sand, and the people of Marysville think so too.

It is a fact that a few days ago, one of the would be aristocrats of this town sent that amount (\$5) to a firm in New York for Love Powders, but imagine his surprise, when instead of getting them, he received a small box of the above named useful culinary article. The ladies think it an inferior Powder, (It being very coarse in the grain) and therefore refuse to partake of it. The boys got wind of the sell and teased him lively. Of course he is mad about it, and now he goes around with a cane of a prodigious size, mentally swearing that he will make the first fellow smoke that says powder-sand.

Fatal Accident in York.—The large fly-wheel of the York iron and steel works was forced out of the socket, on Wednesday, and bursting, the fragments demolished a large portion of the building. Some of the pieces struck the Northern Central track and tore it up for a short distance, while others took an opposite direction, landing in a meadow about 100 yards from the works. Almost simultaneously with this accident the boiler burst, rending the large building in the centre and reducing the southern portion to a complete wreck. A large number of persons were injured, supposed fatally, and one is dead.

Surrounded by the Fire.—During the terrible mountain fire last week nearly all the citizens were called to the rescue, to save the buildings adjacent the fire, not alone the yeomanry but the women lent their hands to stop and check the fire fiend. Several of them in the neighborhood of Paxtonville in their zeal to extinguish the flames were encircled by them, and but for the desperate efforts of husbands and friends would have perished in the flames. One of the ladies fainted from suffocation, and was carried from the scene, in an insensible condition.—Middlebury Post.

Bark by Weight.—At a meeting of Bark buyers held, at Corning, New York, it was on motion of H. F. Willis, Esq., resolved in purchasing Hemlock bark 2200, pounds should be considered a standard cord, and the bark to be dry enough to be ground; and it was furthermore resolved that the parties in attendance agree to buy all bark delivered by weight. Some twenty-six leading establishments, in Pennsylvania and New York, were represented.

A Singular Fatal Accident.—On Saturday the 18th inst., Peter Sholey of Rye township while unloading a load of wood, fell off his wagon, and in falling, his foot caught on one of the standards so that it threw him on his head and shoulders, straining him internally so badly that he died from the effects on the following Monday. Mr. Sholey was a highly respected man aged about 30 years. He leaves a wife and four children, and many warm friends.

Losh's RUN STATION, P. R. R. May 25th, 1872.

Mr. Editor.—The P. R. R. Co. are now busy laying a new piece of track on the straight line between Aqueduct Station and Baileys. When completed it will be about three miles long. They have about 75 men at work on it doing the grading and putting down the ties and iron. They calculate to have it in good running order by the middle of July. The Pennsylvania and Ohio Coal Co., are having a large quantity of coal boated to this place, for market both east and west. Mr. H. C. Lewis, the agent of the coal company, has built a new grocery besides the coal wharf for the accommodation of the community around here. He is also moving one of his dwelling houses so as to be more convenient for his business. Several Iron Co's., are having a large quantity of iron ore hauled to the canal at this place, to be boated to their furnaces. The citizens around this place had a petition drawn up, and sent to Mr. Creswell, Post Master General, to have a post office at this place, but with what success they have met I do not know, but the community is greatly in need of one. Taking everything into consideration I think it really looks like business.

W. H. FREEBURN.

Brief Items.

A fire in Rye township which broke out in Zorger's clearing burned more than seven hundred cords of wood, and a large number of chestnut rails for Mr. Zorger.

Millersburg had a scare over a small-pox patient which was brought home there from Harrisburg. The gentleman who brought the girl home was compelled by a mob to take her away again.

Among the names added to our subscription list last week, was a subscriber from Yorkshires England.

A splendid rain visited this section of the county on Wednesday afternoon and continued throughout the night. The drouth appears to be ended and we shall probably have a very wet summer.

Some farmers do not feel satisfied to sell wheat at the present high prices, and are holding it, with the expectation of getting three dollars per bushel. They will probably be disappointed, as prices are already a shade lower.

H. C. Dern, Esq., one of the proprietors of the Altoona "Tribune," paid us a visit last week. We are glad to learn that the "Tribune" proprietors are meeting with the success they merit.

A clerk in Duncannon a few days since insisted upon selling a lady a long handled garden hoe because she had inquired for "long hose."

The Juniata "Republican" is in the future to be edited by Messrs. Wm. H. Allison & H. H. Wilson. Mr. Allison has purchased the interest of W. W. Davis, Esq., deceased.

A supposed mad dog was killed in Penn twp., last week. The dog had killed a sheep. If the dog was not mad, the owner of the mutton was.

"Black Jim" was committed to jail last week by Esq., Zinn on the charge of assault. The assault was committed in the Justice's office, on another day.

Mrs. Hannah Campbell formerly of Landisburg, a sister of Henry Rice, of this place, died suddenly last week of heart disease in Chicago, Illinois.

A Valuable Book.

"Our Digestion; or, My Jolly Friend's Secret," is the happy title of Dio Lewis' latest and most important work. It is well calculated to do good service in promoting the health of the people, and deserves a wide circulation. The very reading of the book will tend to make one wiser and jollier, for the doctor writes with great directness and vivacity, and a due infusion of humor, playfulness, and anecdote, which are sure to render the work attractive and universally popular. It ought to supersede Buchan's and every other "Domestic Medicine," as a household book; for it shows how medicine may be dispensed with, to a considerable extent, in a majority of cases. We confidently believe this book will save thousands of doctor's bills, if its wisdom is heeded. It solves the problem of cheap living, and will thus "if read by the many bless the million." It teaches us how to live so that we need never be troubled with "the blues," or suffer with biliousness or dyspepsia. It tells you how to manage so that you will have white teeth, sweet breath, strong muscles, good spirits, refreshing sleep and long life. This is the nature of the secret of our jolly friend, and is really, worth many times the price asked for the book. Buy it, and study its invaluable information and receipts, is our advice to all. We are informed that the book is to be sold entirely by agents, and in our opinion they are seldom offered a better chance to make money rapidly, than the sale of this low-priced practical book will afford. We advise all seeking profitable employment to write without delay, to the publisher, Geo. Maclean, 733 Sansom Street, Philadelphia.

New Marble Yard.—Mr. Humbach who is so well known as the proprietor of the Newport Marble Yard, has opened a branch yard in this borough. In the future those coming to Bloomfield can make their selections and leave their orders here, feeling sure that they will be promptly filled. We trust our friends will see that he is well patronized. 293t.

New, Sugar Cured Hams and a lot of superior country Bacon for sale by F. Mortimer.

If Johnson's Anodyne Liniment is half as valuable as people say it is, no family should be without it. Certainly no person, be he lawyer, doctor, minister, or of any other profession, should start on a journey without it. No sailor, fisherman, or woodsman should be without it. In fact, it is needed wherever there is an ache, sprain, cut, bruises, cough or cold.

Farmers and "Horse Men" are continually inquiring what we know of the utility of Sheridan's Cavalry Condition Powders, and in reply, we would say, through the columns of the BLOOMFIELD TIMES that we have heard from hundreds who have used them with gratifying results; that is also our experience.

If Pain Cure Oil don't cure you of Neuralgia, Headache, Lameness, or any pain, nothing will. If you have never used it, get it. It will cost but a trifle to try it.
