LOCAL DEPARTMENT.

MONTHLY

CALENDAR JULY. Table with columns for days of the week and dates from 1 to 31.

CALENDAR

Answer to Enigmas in last week's Times: Enigma No. 1—MONTFIELD, VERMONT. Enigma No. 2—BLOOMFIELD.

Will be Closed.—The stores and business places in this borough will be closed on the 4th of July.

Who is It.—We have received a piece of poetry entitled "Beautiful Rain." We will publish it for ten cents a line if the author will send his or her name. Without the chance to publish the name we think it would be worth twenty cents per line at least.

Pic-Nics.—The Presbyterian Sabbath School will hold a pic-nic on the 4th, in Barnetts' woods near the Pond.

The Methodist Sabbath School will hold a pic-nic at Milans' Spring, on the 4th. School to assemble at the Church at ringing of the bell.

Odd.—A dispatch from Williamsport to the Daillies on Tuesday last says: "Fifty odd editors and their wives are here on their way to Erie to attend the editorial convention."

We meant to have been one of the party but sickness in our family kept us at home. But why call those who went odd?

Those Labels.—Some of our subscribers seem to confound the abbreviations used for January and June.

If the label on your paper reads "30 '72" your subscription expired with the month of June. If it reads "1 7 '73," your subscription is paid till the 1st of next January. The abbreviation used for July is 7.

The Secret Orders of Duncannon will hold a grand union basket pic-nic in Mr. Steel's woods near Duncannon on the 4th of July. All the different orders in the county are invited to join in the grand celebration of the nations' birth day. A lively time is expected. The Duncannon Silver Cornet Band will enliven the occasion with choice music. The citizens of the town and friends generally throughout the county are heartily invited to attend.

By order of the committee. C. D. SMITH, Sec.

Accident.—The stage running between Landsburg and Carlisle, met with a mishap on Monday of last week, while at the house on top of the mountain, and causing serious injury to a girl named Lizzie Wilcox, who was on her way home in Landsburg. When the driver had reached the tavern on the mountain, he attempted to drive up to the trough to water his horses, and unfortunately turned the horses too short, upsetting the stage which was dragged for some distance, and threw the little girl violently to the ground, breaking her arm and dislocating the shoulder blade. Medical aid was procured as soon as possible, and it is hoped the injuries may not prove fatal.

Sheriff's Sales.—The following is a list of the properties sold at public sale, by the Sheriff on Friday last:

- 1. A lot of ground in Ickesburg having tannery, bark shed &c., thereon, seized as the property of Christ. Fisher. Sold to Dr. W. R. Cisna & Kendig for \$1250.
2. A lot of ground in Newport, having thereon a two story-frame house and out buildings, seized as the property of John Bair, and sold to James Everhart for \$625.
3. A lot of ground situated in Newport, seized as the property of Philip H. Miller. Sold to W. N. Seibert for \$130.
4. A lot of ground in Spring twp., containing 4 acres, having thereon a house, barn and out buildings, seized as the property of David H. Smith. Sold to Wm. Foose for \$450.
5. A tract of land containing 144 acres situated in Juniata twp., having thereon house, barn, saw-mill, foundry &c., seized as the property of Jacob R. Kough. Sold to Josiah Pickles, for \$1 00 subject to liens amounting to \$6,493.
6. A tract of land in Saville twp., containing 200 acres seized as the property of Johnson Kennedy. Sold to W. A. Sponsler for \$375.
7. A lot of ground in Carroll twp., containing 21 acres, having thereon a log house and blacksmith shop, seized as the property of Henry W. Casey. Sold to Henry Bentzel for \$240.60.
8. A tract of land in Carroll twp., containing 96 acres, having thereon a house and barn, seized as the property of Abner Lilly. Sold to Levi Adams for \$2,155.

License Refused.—The Wrightsville Star says: On the 17th, ult., President Judge R. J. Fisher delivered a decision in the matter of the application of Peter Fornoff for a license to keep a restaurant, eating house and beer saloon in Spring Garden township York County, Pa., the other judges concurring in the opinion. The case has attracted considerable attention and during the hearing, there was a large attendance at the court. The evidence elicited by the parties opposing the granting of the above license proved very conclusively that the said Fornoff was guilty of selling liquor on Sunday. The Court after a patient hearing, of the case unanimously refused to grant the license and his petition therefore, was dismissed.

Fornoff was much incensed at the action of the Court and displayed his ire in getting up a burlesque procession on Tuesday evening of last week.

A Man Drowned.

MARYSVILLE, June 28th, 1872.

Mr. Editor.—On last Wednesday between the hours of 1 and 2 o'clock P. M., the sad intelligence reached us that Frank King, foreman of a force of men employed by the Northern Central R. R. Co., on the new bridge, fell from the bridge into the river, and was drowned. It appears that in the morning, on account of the rapid rising of the river, it was found that a certain amount of work must be done in order to save the bridge, in case the water should wash the trestle work from beneath the bridge. Consequently, work was commenced earlier than usual and even dinner was refused until the bridge was considered secure, and while thus engaged in directing the work of the men, Mr. King, the unfortunate man became entangled in a rope which threw him from the bridge into the water, a distance of about 25 feet. Mr. K. was about 37 years of age, and a resident of Indiana county Pa. Up to writing his body has not yet been found.

Cumberland County.—We copy the following items from the Carlisle Volunteer of the 27th ult.:

On Saturday afternoon last, a fire occurred on the property of C. W. Ahl, Esq., near his forge, in South Middleton township, which consumed several hundred cords of wood.

On Wednesday afternoon of last week Mr. Harry Ginter was hauling wood from Allen's clearing about two and a half miles west of this place. While passing a tree which was being cut down, with his team, it broke off permanently, falling across one of his horses, killing it almost instantly. We learn Mr. G. was offered \$150 for the horse, a short time ago.

The reports that have reached the country concerning small-pox in Carlisle, are grossly exaggerated. We have but few cases in our town—not over a half-dozen all told. Indeed, the only real case of small-pox that we have heard of was a student at the college. He was promptly removed to a room in the poor-house, and is improving rapidly. The other cases in town are varioloid, and all are doing well and no more cases are reported.

On Saturday night, about 11 o'clock, a most diabolical outrage was perpetrated on a citizen of this borough, on the public square. Daniel Baily, who resides with Mr. William Noble, was down town on the evening in question. On returning home, and when in the vicinity of the square, he was met by two men who threw a bag over his head and robbed him of his pocket-book containing all the change he had with him, and also relieving him of his hat and shoes. The parties who committed the outrage have not been discovered.

Peter Fry, a notorious horse thief; belonging to an organized band between Virginia and Pennsylvania, and who is suspected of stealing a horse from Simon Bitner, near Shippensburg, last fall, and also of burning Mr. Bitner's barn a few weeks ago, was caught by the police at Martinsburg, Va., on the 11th or 12th inst., but succeeded in making his escape. He is described as being about five feet eight or nine inches in height, dark hair, dark eyes, large white front teeth, with one tooth out of upper jaw; he had on, when last seen a dark coat, light striped pants and slouch hat.

TOPEKA, KANSAS, June 29d, 1872.

Mr. Editor.—Our Spring rain and rapidly growing season still continues with a promise of a very abundant harvest of all kinds except winter grain, which was injured by an unusual severe winter. But it is now being harvested and we hear from every place of its being much better than was expected; fully three fourths of a full crop. Spring wheat is excellent much is harvested and out of damage.

On yesterday evening there was a grand ratification meeting held in the park for Grant and Wilson 5000 people in the assemblage. Speeches by the Hon. Matt. Carpenter of Wisconsin; Col. J. B. Stewart of New York, and Hon. S. A. Cobb, and a torch light procession with hundreds of banners with mottoes and devices of all kinds. The Atchison Topeka and Santa Fe R. R. is being pushed forward at the rate of two miles per day to Santa Fe, New Mexico. The company are compelled to have it finished this year or they lose their land grant. Last week over fifty car loads of cattle passed over this road per day but on account of a decline in the eastern market some days there are not more than 12 car loads passes. I see by this morning's paper we are to have one more Bank in our city; that gives us eight and still no trouble loaning money on good security at one and one-half to two per cent, and borrowers make money out of using it. You can judge of the business of this place from that.

Yours Truly, T. B. T.

For the Bloomfield Times. "We Want to Know You."

Unlike the character in the novel, who wanted to "know you," we see by your last weeks paper, that we have a chap in our midst nearer the county seat than here we throw, who without any ifs or ands "knows how it is himself," about the \$800 safe and the lightning rods, that are only to cost \$500. But will this "one who knows" inform us whether this includes the necessary expenses of a law suit, that has been instituted against the county by the contractor to compel payment of this \$500? "One who knows" evidently knows whereof he speaks, and was around when the negotiations were going on for the Lightning Rods, and the purchase of the safe.

Why a safe for the Treasurers office when the books and papers of that office are kept by Mr. Willis the assistant Treasurer in the Bank Vaults? As he is seldom in the Treasurers office in the Court House, we think it would be a rather awkward way of doing business if he had the papers in the Court House and he remain in the Bank.

How do you know "one who knows," that the order for the Lightning Rods was signed by the whole board of Commissioners? Did they show it to you, or were you called in to draw it up in form? These are pertinent questions and as you seem to know so much, why not inform us if you wrote the contract for the Lightning Rods and the safe and the inference would be that you did, since you are the "one who knows," you know.

"One who knows" has evidently studied Adam Smith's wealth of Nations, and that he is a political economist of no mean abilities, we have no doubt, after his effusion in your last weeks paper. The concluding paragraph of that effusion leads us to this belief. For he says, that, "the lightning rods and safe, are not a matter of a few days, but will last for generations to come and will be honor to the citizens of Perry county." Now forsooth, because they will last, and are durable, the county with a debt of thirty thousand dollars, should not only buy safes and Lightning Rods, but should at the same time pile up a debt for generations to come to pay. Hence a double set of Lightning rods, and two safes, would be a double honor to the citizens of Perry county, especially generations to come. They will not only have the safes, but will have to pay for them too. And right here is where "one who knows" intended that the laugh should come in for, will we not have the use of the safe and the Lightning rods, while coming generations will have to pay for them.

Try again, "one who knows," and don't tell so many secrets the next time, or the Commissioners themselves might go gunning" for your scalp. NEWPORT, June 26th, 1872. REFORMER.

Brief Items.

A few shad were caught last week between Newport and Millerstown.

The prospect for a good crop of fruit throughout the county was never any better.

Rev. Mr. Selheimer will preach a sermon on in the Little German church on Sunday next at 2 p. m., on the subject of Sunday Schools.

The amount of rain that fell during last Tuesday and Wednesday was three and six-tenths inches, and several heavy showers have fallen since.

Farmers who did not sell wheat while it was \$2 00 will probably have a chance to sell it for less. The reports from California show that, that state alone will be able to export about ten million bushels.

The lady who made a mistake on last Sabbath in the Presbyterian church, by taking Miss Annie Roth's parasol in place of her own, will confer a favor by returning it to the owner.

A young man from twp., in town on Saturday who measures 6 feet 5 1/2 inches, and he is as straight as a bean pole too and well formed. We wonder if they have many more such over there.

Frank King one of the mechanics employed on the R. R. bridge at Marysville, fell from the truss on Wednesday last and was swept away by the current. The river at the time being very high his body was not recovered.

A whirlwind passed over a part of Saville twp., last week which lifted a boy about 12 years of age off his feet and carried him 12 or more. It also carried up the hat of a man working with him entirely out of sight, and it was not again seen.

Speer's Port Grape Wine, of the vintage of 1867 and 1868, is in the market, and it is said that the vintage of those years of the Opoto Grape, far exceeded any before produced. The relaxing power of Johnson's Anodyne Liniment is truly wonderful. Cases are already numerous where bent and stiffened limbs have been limbered and straightened by it. TIME AND ENLIGHTENED EXPERIENCE have shown that certain substances formerly used and relied on in medical practice, are unnecessary and dangerous; yet some of these substances have found their way into medical compounds. Dr. Walker's California Vinegar Bitters, however, contains nothing injurious, being composed exclusively of vegetable substances from California. For all disorders of the liver, kidneys, bladder, skin, and digestive organs, and for purifying the blood, they are the most wonderful remedy known. 4w
