

The Bloomfield Times.

LOCAL DEPARTMENT.

MONTHLY CALENDAR JULY. Table with columns for days of the week and dates from 1 to 31.

Where does he live?—We have a letter containing money for subscription to the Times for one year, signed John S. Warner, but nothing in it designating where it comes from, or where the paper is to be sent.

Badly Cut.—On Thursday, last Mr. Geo. Swartz of Centre township while splitting a block brought the ax down on to the back of his left hand cutting the leaders to three of the fingers so badly that the fingers dropped down powerless.

Conventions.—The election for delegates to the Democratic County Convention will be held on Saturday the 27th inst., and the Convention will meet on Monday the 29th.

The election for delegates to the Republican County Convention will be held at the same time and the convention will meet at 10 A. M., on Tuesday the 30th inst.

Off and on Again.—A few days since as a long freight train was running near Meytown, a set of wheels under one of the cars slipped off the track, and, after running thus for a mile, cutting ties making the stones fly, and tearing out or breaking off about 150 bolts and spikes, jumped upon the track again, and ran along as though nothing had happened, the hands on the train knowing nothing of the matter at the time.

Sandy Hill Campmeeting.—The Campmeeting of the M. E. church of New Bloomfield charge, will commence on Thursday August 22d in Culbertson's Grove near Centre Mills. Distance from Duncannon 23 miles, from Newport 16 miles. Horse feed and boarding accommodations on or near the grounds. Huckstering will not be allowed on or near the grounds.

Ministers and members of surrounding charges are most cordially invited to tent and participate in this "Feast of the Tabernacles."

A. W. DECKER, L. F. SMITH, Pastors. July 23d, 1872.

Death and Fire by Lightning.—On Monday afternoon of last week the barn belonging to Dan. Billman in Spring twp., near Bridgeport was struck by lightning and entirely destroyed by fire. His son Jordan about 20 years of age was just closing the barn doors, and was instantly killed by the stroke. Another son was in the basement of the building at the time putting away the horses, and he hearing the stroke came up and dragged his brother away from the fire, and succeeded in getting out some of the vehicles that were in the barn. All of Mr. B's crop of grain and a quantity of hay with many farming implements were destroyed. The horses were turned out in time to save them, so that no stock was burned except two calves. There were no lightning rods on the barn and Mr. Billman had no insurance on the premises.

Several other buildings in the vicinity received slight shocks but escaped with but little damage.

Burned to Death.—A sad accident occurred at Thompsontown, Juniata Co., on Thursday last, by which a daughter of Mr. Mills, a merchant of that town lost her life. The girl who was about 12 years of age was trying to kindle a fire in the cook stove with coal oil, when the oil in the can took fire and exploded, throwing the burning fluid over her. The child ran into the garden and a neighbor came to her rescue and smothered the flames with a blanket, but not before the little girl was burned so badly that she died in a few hours. A little boy was in the room at the time of the accident but escaped without injury. The mother was absent at the time, having gone to Mexico. There seems to be a singular fatality pertaining to that house, as our correspondent says this is the third child burned in that building, within a few years. When will persons learn that coal oil is not a safe kindling?

Notes Stolen.—On or about the 30th, of June the subscriber had four notes stolen from his residence in Saville twp. Three of the notes were dated on the 2d of March 1872, and were transferred to me by A. M. Miller. One of the notes was drawn by John Shuman for \$11 54, one by P. D. Delancy, for \$12 05, and one by Wm. Jacobs, for \$14 43. The other note was drawn by Jacob Swab, on or about March 1st 1871, for \$30 payable to my order. All persons are cautioned against purchasing said notes. D. S. SHUMAKER.

Candidates For Office.—There seems to be no danger of the offices not being filled from scarcity of Candidates. The following is a list so far as we have learned but there are probably others in our county who seek official honors.

For Congress the most prominent candidates, are Wm. Grier, Esq., and Mr. John A. Magee of this borough, C. Cary Tharp of Liverpool twp., Chas. G. Brandt of Greenwood, ex-Sheriff Kinehart of Millertown, and Dr. Swartz of Duncannon. Several others are also mentioned as seeking the nomination, from this county, while the present member Hon. R. J. Halderman is working for a re-election.

For Associate Judge, the following gentlemen have been announced. Geo. Spahr, Esq., of this borough, John Kochenderfer, Esq., of Saville twp., Mr. John Stambaugh of Tyrone twp., Col. John Hartzel of Newport, Mr. Isaac Meek of Liverpool, Dr. J. E. Singer of Newport and Mr. Aaron Egolf of Tyrone twp.

For Register and Recorder Thos. J. Sheibley, the present officer is the only candidate as yet announced.

For District Attorney, Jas. H. Furguson and Wm. N. Seibert, Esqs., are announced as Democratic candidates—While Calvin Neilson, Jacob Bailey and Wm. Sutch, Esqs., are announced as Republican Candidates. These are all worthy young lawyers and either of them would make a officer.

All the above except the three last, are candidates subject to the decision of the Democratic Convention.

We make no charge for the above notice, but if any of the candidates feel a delicacy about receiving gratuitous advertising they can remit such amount as they think best.

Shot by a Horse Thief.—On Sunday morning a week since the Lebanon Courier a farmer named Christian Risser, residing in South Lebanon township, was shot by a horse thief. About 3 o'clock on Sunday morning he heard a noise in his barn, and thought that one of his horses had got loose. He arose from his bed and was going towards the barn, and when some twenty yards from it he saw a man coming from the barn door with a saddle on his arm. Mr. Risser made for him, and catching him by the left arm a struggle ensued; but soon the man drew a revolver and fired, the ball from it striking Mr. Risser on the right breast. He fell, but was up again in a moment and again caught the thief, who again fired, this time the ball passing through Mr. Risser's hat just above the rim and striking him in the forehead, without penetrating. Again he fell, but rising again, the thief fired the third time, the ball striking him on the left breast and glancing around, passed into a post to the depth of two inches. The thief then took to his heels and escaped. Mr. R. describes him as a man of middling size, smoothly shaved and about twenty-five years of age.

Men, Not Party.—The indications now are that the fitness of each candidate for the office he seeks, will be more closely scrutinized this fall than it has ever been at any previous election. The people seem to have realized the fact, that party success, must no longer be the only motive to guide their action at the ballot box. They have learned that in both political parties, there are honest and capable men, and it is such persons they have determined to elect to office, even though to do so they are compelled to defeat candidates placed in nomination by the party which has heretofore received their support. The day in which voters blindly followed the lead of the politicians has gone, and we trust never to return. It will be well for our county conventions which meet next week to remember this fact, and place in nomination men whose character and capabilities will meet the popular demand.

The party failing to do this will without doubt meet a defeat at the coming elections and in such case they will only receive what they merit.

Can Any One Tell?—Can any one tell why men who cannot pay small bills, can always find money to buy liquor, and treat when happening among their friends?

Can any one tell how young men who dodge their washerwoman, and are always behind with their landlords, can play billiards night and day, and are always ready at a game of cards?

Can any one tell how men live and support their families who have no income and do not work, while others who are industrious and constantly employed are half starved?

Can any one tell how it is that nine-tenths of the mothers are so ready to sew for the distant heathen, when their children at home are ragged and dirty?

Can any one tell why four-fifths of the young women prefer a brainless fop under a plug hat, with tight pants and a short-tailed coat, to a man with some brains?

Church Notices. Presbyterian Church—Preaching on next Sabbath at 10 1/2 A. M. Preaching in the M. E. Church next Sunday at 10 1/2 o'clock A. M. Prayer meeting on Thursday evening. Preaching in the Reformed church next Sabbath at 10 o'clock. Prayer meeting on Thursday evening. Preaching in the Lutheran church next Sabbath at 2 1/2 p. m. Prayer meeting next Wednesday evening.

Juniata Co.—We copy the following items of news from the Millintown Democrat and Register:

On Friday morning last, whilst the clerk in Waream's hardware store was in the cellar, the money drawer was robbed of twenty-seven dollars—one twenty, one five and one two dollar bill.

On last Wednesday afternoon, eleven cattle were in a field on a farm of Mr. Moses Shank, Hamilton township, Franklin county, and during the thunderstorm which visited that section of the country seven of them were struck dead by one flash of lightning. The cattle were all standing under one large tree.

One day last week, Solomon Seiber, the butcher, was quietly relieved of having any further use for sixty-five dollars. It was taken out of his vest-pocket. The vest was hanging in the dining-room of his residence in Fermanagh township. Strong suspicions are fastening around a certain person who was then in the neighborhood.

Brief Items.

A Carroll township man a few days since caught a snapping turtle from which he obtained 13 pounds clean meat.

Boring for salt is the next excitement in this county. The trial is to be made in Tyrone township.

The Furnace at Newport is now fairly in operation, and already the building of another one is talked of.

Whortleberries appear to be unusually plenty this year and have been freely offered the past week in this town at 8 cts. per quart.

Only eleven candidates seek the nomination for Sheriff of Adams county. It is expected that all but ten of them will be successful.

A lad named Free whose father is an engineer on the middle division P. R. R. was drowned while bathing in the river at Marysville on Tuesday last.

A valuable two year old colt belonging to James M. Anderson, Esq., was killed by lightning in Upper Allen twp., Cumberland county, on the 4th inst.

Huntingdon has a new bell on the Presbyterian church which was rang for the first time on the 4th of July. It weighs 1230 pounds.

S. D. Ingram, Esq., of Harrisburg has been appointed Superintendent of Dauphin county common schools, in place of Mr. LaRoss, who was elected, but declined an examination as provided for by law.

Candidates for Congressional honors have been remarkably busy the past two weeks. Should either of them be elected to the office and work as faithfully there, the people would have at least one hard working member of Congress.

On Friday last Mr. David Stambaugh, of Spring township, was badly cut by a sythe. He was opening the cutter to the reaper, and a brother who had accompanied him to the field was swinging around a sythe, which caught him on the calf of the leg cutting it to the bone. The wound was dressed by D. Ellerman.

A New Counterfeit.

The public is cautioned against a deception being practiced by some persons in Peoria Ill., who are putting some stuff in bottles, and labelling it with an imitation of Alfred Speer's Port Grape Wine, from Alfred Speer, New Jersey. The general appearance of the same is such as to deceive the public, until they use the stuff in the bottle, when it will tell for itself. Speer's Port Grape Wine is made at Passaic, N. J., and the label together with the number of his New York office, is printed on his label. His name is Speer, Vineyards, New Jersey; not "Spor & Co., Peoria, Ill." Our readers will easily notice the difference of places on the label. This attempt to rob him of the high character his wine has obtained, to injure his business, and to destroy the reputation of his Port Grape Wine, by palming off a vile imitation, will, we trust, be frowned down and discouraged by all honest dealers and the Press everywhere. Speer's reputation as a wine grower, and the character of his wines, is so well established that several attempts have been made by unprincipled fellows to impose upon the public some mixture put up and labeled similar to his Port Grape Wine. It is well known throughout the United States that Alfred Speer was one of the first large wine growers in this country, the first who advertised native wines, and the first and only one who adopted the name of Port Grape Wine.

We would impress upon Physicians, in prescribing his wines, to request their patients to inspect the label, and see that they get Speer's Port Grape Wine, from his Vineyards in New Jersey, the oval landscape in the centre of the label having a lady on horseback, holding in her hand a bunch of grapes.

Every bottle of his goods has his signature, "Alfred Speer, Passaic, N. J.," over the cork. None other is genuine.

We have often wondered whether there is a person in all New England, who does not know and appreciate the value of Johnson's Anodyne Liniment as a family medicine? It is adapted to most all purposes, and is the best pain killer that can be used.

Farmers and stock raisers have frequently told us that they have seen very good results from giving Sheridan's Cavalry Condition Powders to cows and swine before and after they drop their young. The powders put them in good condition, and give them strength to care and provide for the sucklings.
