LOCAL DEPARTMENT.

MONTHLY

CALENDAR AUGUST. Table with columns for days of the week and dates from 1 to 31.

CALENDAR

A Campmeeting commences to-day in Bowmans grove about a mile from Millersburg.

A Valuable Book.—We are in receipt of the "Year Book" published by the proprietor "of Everybodys Journal."

Hurt.—A colored lad named Enos Carter about 13 years of age had a leg broken and received other injuries by being thrown under the cars at Newport, on Friday last.

A Warning to Druggists.—A prescription being prepared on Sunday last, by Dr. Sweeney, spontaneously ignited and came near setting fire to the building.

Real Estate Sales.—We call attention to the public sale of Real Estate and personal property, by Jonas Books, in Spring twp., on Friday of this week.

Also to the sale of valuable property in Wheatfield twp., the advertisement of which will be found in another column.

A Strange Freak of Lightning.—During the shower which visited this section of the country on Wednesday night last, a three year old steer belonging to Wm. Power in Centre twp., was instantly killed by lightning.

A Freshet.—At about 11 o'clock on Friday night the 16th inst., the small stream which empties into Buffalo Creek at Eschcol, being swollen by the unusually heavy rains, overflowed its banks, doing considerable damage, and creating quite an excitement.

At the hour of midnight, all whom slumber bless Rest upon the bosom of unconsciousness.

Sound of many waters dashed on all beneath, Meeting from all quarters on the drowning beach; Pouring down in torrents from the teeming skies,

Sweeping to the valleys;—How the waters rise! Rushing on and onward till the swelling sea Spreads its murky waters over all the lee;

Flooding the morasses,—thus with all it copes, Foaming in its fury, writhing in its wrath, Terror and destruction follow in its path.

Stately trees are lifted toppling to the ground, Rocky ledges rifted, strewed in fragments round.

Fences, timber, bridges, chicken-coops and hens, Stone walls banks and barrels, firewood, logs and pens;

These within the torrent, or upon it borne, Dash and crash and mingle, broken, crushed and torn.

Floating wrecks and timber, jamming in the woods, Form a mighty basin, damming back the floods; But the rising torrent overleaps the height, Sweeping all before it in its headlong might.

Urging upon "Andy" to forsake his walls. "Andy" came a yelling "come and help me save—

Save the helpless women from a watery grave!" John, with voice exceeding far the torrent's roar,

Thundered forth his warning at each neighbor's door, Till the wakened ladies, rising in their fright, Bought the scene of terror, in their robes of night.

Still intent on doing "good for man and beast," John sought out the hog-pen and knocked in the East

Gable in a moment; but, his feathers wet, Forker could not fly up and is in yet. Rhymer, luckless rhymer, seeking grief abroad, Dreamed not that destruction brooded o'er his head;

Wist not that the waters in their fury wild Had his Seabright Bantams unto death beguiled. Smith, within his cellar seeking for his luncheon,

Found his butter floating in the soft-soap puncheon. On a "sea of slaughter" seeking for his bread, Soon the muddy water closed above his head.

Madam, quite excited, coined this apothegm: "Mercy on my pickles! some one succor them!" Now a simple moral will conclude this strain: When destruction cometh human help is vain.

Eschcol, Pa., Aug. 16th, midnight. The plastering of the new Poorhouse has been completed, and contains 8757 yds.

The second trial of Dr. Scheppe commences in Carlisle on Wednesday of this week. Mr. Lewis Bosh, of Chambersburg dropped dead in his livery stable at that place on Thursday last.

Last week was remarkable for its heavy showers and vivid lightning. The shower of Thursday was accompanied by hail. A farmer of York county recently plowed up twenty eggs each of which contained a snake.

Mr. George Stroop of Millersburg has sold his printing office at that place to Mr. J. B. Seal, who proposes to start a newspaper after a while. Drinking water is now quoted at 5 cents per pint.

At least such was the charge at the Sandy Hill camp on Sunday last. Parties owning that pump will please report any change in price, so that our readers may be kept posted as to the market value of water.

While Miss Jane McDuffy and sister were driving along the canal about 3 miles above Liverpool on Friday last, the horse became frightened and threw the young ladies out and breaking the arm of one of them. The fracture was adjusted by Dr. Sweeney of this borough.

Cyrus Knight of Liverpool was badly injured by the caving in of a bank where he was digging on Tuesday last. Both limbs were broken and other injuries were sustained.

The bank barn of Abraham Brubaker, in Union twp., Snyder co., was struck by lightning during the thunder shower on Monday afternoon, and entirely destroyed together with three wagons, and the hay and grain crop of this year.

On Tuesday evening of last week, a barn belonging to Mrs. Peter Fox, Susquehanna township, Dauphin county, was struck by lightning and consumed. All the live stock was saved, but the grain contents were destroyed.

The Democratic County ticket is, for Prothonotary—Irwin D. Wallis, of Walker township; Commissioner—David B. Dimm, of Delaware township; District Attorney—Robert McMeen, of Mifflintown; County Auditor—Cornelius Bartley, of Mifflintown.

The Republican Convention is held on Monday of this week. The following we copy from the Juniata County papers. Early on Saturday morning last a babe, about six days old, was discovered wrapped in a shawl lying on the front porch of the residence of Mr. Rohm in Patterson.

Business Notices.

Where to Emigrate. We answer, go to Southwest Missouri, because the Atlantic & Pacific Railroad Co. offer 1,300,000 Acres of Land to actual settlers, at low price on long credit, besides furnishing free transportation over their road to purchasers; this road extends from St. Louis, through Missouri to Vinita, Indian Territory, is being pushed rapidly to its destination, the Pacific Coast; will be one of the trunk lines of the country, never blockaded by snow—the lands along the road are in a rich fertile country, as productive as any in the State; the climate combines all the advantages of northern and southern latitudes; good climate, soil, health, water, timber, grazing, fruits and flowers, invite you to go to this region.

Grape Culture. Is fast becoming one of the leading businesses of this country, and that together with wine-making are generally very profitable. Mr. A. Speer of New Jersey, one of the largest producers in the East, commenced but a few years ago in a small way to make wine from currants, blackberries, and other fruits. He soon turned his attention to grape raising, and planted large vineyards, from which his famous Port Grape Wine is made, which chemists and physicians say rival the world for its beneficial effects on weakly or aged persons or scrofulous complaints.

During the past ten years Dr. Carpenter has treated and cured thousands of cases of the above named diseases, and has now in his possession certificates of cures from every part of the country. THE INHALATION breathed directly into the lungs, soothing and healing over all inflamed surfaces, entering into the blood, it imparts vitality as it permeates to every part of the system.
