

The Bloomfield Times.

Tuesday, December 3, 1872.

LOCAL DEPARTMENT.

MONTHLY CALENDAR for December 1872. A grid showing days of the month from 1 to 31.

A Lecture, is to be delivered in the Court House on this (Tuesday) evening, at 7 o'clock. The lecturer is Prof. W. H. Booz, and the subject is, "Home and its attractions."

Tax Payers of Centre twp., who pay their school tax to the Treasurer of the school board, Mr. Robert Moore this week, will save 5 per cent. as after the 7th inst., 5 per cent. will be added.

J. Rinehart, ex-sheriff, has taken possession of the Railroad Hotel, at Millerstown, formerly occupied by Henry Martin. Mr. Rinehart does not spare any pains in making this a first class hotel and those favoring him with their patronage will find it so.

Bloomfield Academy.—This institution is now fairly in operation under the new administration. Pupils can be prepared here for teaching, or fitted for any college in the land. Students are now preparing for Princeton College, Rutgers University, &c.

Venison.—On Monday of last week, a party consisting of Messrs. John and Samuel McBride, Harry Smith and several others, returned from a hunting expedition to Black Log, with one buck and one doe, which they had shot. We return our thanks to the party for the fine piece sent to us, as the meat was very nice.

Fond Dead.—A man named Edward Donahue, boarding at Mrs. Boyers, in Newport, was found dead in bed on Sunday morning.

He had retired the night previous in apparently good health. The deceased was an unmarried man aged about thirty-five. Heart disease is supposed to be the cause of his death.

Pretty.—"Vicks Floral Guide" the January number of which we have received is a beautiful specimen of printing. The book is now to be published quarterly at 25 cents per year, and the January number alone is worth much more than the yearly price. Address—"James Vick, Rochester, N. Y." See his advertisement in another column.

Child Scalded.—A child belonging to Mr. John Toland, an employee at the rolling mill in Duncannon, had its hands, arms and legs badly scalded, on Monday morning, by falling into a pan of hot water. Mr. Toland was butchering, and the family being busy, did not see its proximity to the water until the little one had received its injury.

Fire.—On Sunday a week, a slight fire occurred in the house of Mr. D. S. Wommer of Tuscarora twp., supposed to have been caused by a dress having been thrown against a stove pipe. The tax duplicate for that twp., was destroyed, and Mr. W. also claims a loss of nearly \$1000, of tax money, which was in the desk in the room where the fire occurred. We wonder if any other tax collector in the county has such an amount of money on hand. If so it is not strange there is a scarcity of money in the county treasury.

Incendiaries in Bloomfield.—The citizens of this borough have been greatly excited the past week by two attempts that have been made to set fire to the town. The first of these attempts was made shortly after 6 o'clock on Monday evening, by setting fire to some straw, which the incendiary had placed in the rear of the stable belonging to the Robinson House. The fire was fortunately discovered by Sheriff Rinesmith, before it had made any headway, and was extinguished by the prompt application of a bucket of water. It was then made public that a similar attempt had been made during the preceding court week, and it was consequently supposed that the outrages had been committed by some person calling here to attend court.

On Wednesday evening however, another fire was kindled in such a manner as to convince every one that the person guilty of this insolvency was no stranger to the place. The spot selected was a recess under the stairway leading to the lodgerooms, and could be reached only through the yard of the building, and by passing into a narrow place known to those familiar with the premises. Several washing machines were stored in there, and in one of these the fire had been kindled, and when discovered had burned through the bottom of the machine. At about 10 o'clock Mr. Luther Bernheisel who had visited his shop noticed the light, and called the at-

tention of Sheriff Rinesmith, who happened to be passing. They accordingly went into the yard to see the cause of the light, and discovered the fire in time to extinguish it without giving any alarm. Shavings and blocks ready fixed for easy lighting were found in another machine. Who in our midst is wicked enough to be guilty of these incendiary attempts, is at present a mystery but we trust, the guilty party will not long be unknown. Should he be discovered, it is more than probable that the county would not be put to the expense and trouble of trying him. A meeting of the council and citizens was held on Saturday evening, to take measures to protect the town, and offer a reward for the arrest of the rascal, but the meeting adjourned until this evening without taking any decided action.

Court Proceedings.—At a special term of court held the past week, Judge Bucher of the 20th judicial district presiding, the following cases were tried:

Freck & Co. vs. J. A. Longstaff, et al. This was an action brought to test the legality of a mechanics lien which had been entered by plff. for lumber purchased by one of the dft's. Smiley & Barnett for plff. McIntire & Sponsler for dft. Verdict for plff. Motion for a new trial was made and rule granted to argue at next court.

Beaver, Marsh & Co., vs. Lanigan, et al. Action in trespass. Jury found for plff. Barnett for plff. McIntire & Sponsler for dft.

Hugh Boyd, et al. vs. Harriet E. Reed, et al. An action in ejectment to recover possession of a tract of land in Madison twp. Verdict for plff's. for three fourths of the tract claimed. Barnett for plff. Potter, Sponsler & Nelson for dft.

Geo. T. Shearer, vs. Perry Co., Insurance Co. Summons of a plea in covenant. Jury sworn, but afterwards discharged and case continued to Jan. term.

CASES SETTLED.

Michael Foose, for use of A. B. Grosh, et al. vs. Wm. L. Beale & D. Kistler. John Shively for use of Samuel Noss, vs. John S. Foose & S. Noss dft's. & James Blain Garnishee.

Wm. Blain, vs. John S. Doughten. Summons in ejectment.

Juniata County.—The following items we copy from the Milltown papers:

The mails between here and Richfield are now carried by footmen. This is occasioned by all the stage horses having the epizooty. The distance is eighteen miles.

On last Saturday a week Jacob Webster in attempting to get onto an engine that was in motion in the shifting yard in Patterson, missed the foot step on the locomotive with his left foot, which passed on the rail, where it was caught and run over and badly crushed by the wheels of the engine. Dr. Banks was called and rendered the attention that the case required.

A young man named William Sharp, who resides in Patterson, while assisting in raising a telegraph pole at Patterson on Saturday, was hurt by the pole falling on him breaking his collar bone and inflicting other injuries. He is doing well.

Henry Stump, a pauper in Millford twp., was drowned in a small stream of water which runs through the farm of Samuel Kerlin, in Licking Creek Valley about 6 miles above Patterson, on last Tuesday morning. He left the residence of John Partner on Friday morning for the purpose of going to his boarding house, and crossing the fields, it is supposed when in the act of jumping across this stream he was seized with an epileptic fit, to which he was subject, fell into the water and was drowned.

Some days ago, S. W. Henderson, of Fermanagh township, in passing through his barn yard noticed that a large sow had located her litter of pigs in a place where he did not desire to have them. He walked to the spot to drive her away. The brute became enraged at his interference and attacked him; she reared on her hind feet and thrust her fore feet and snout against his breast, thereby throwing him to the ground. Fortunately his hired man was near by and came to his rescue. The vigorous thrust of a pitch-fork in the hands of the hired man caused the sow to give up the fight and run away, and thus we are spared chronicling serious injury if not the death of Mr. Henderson.

Lykens Letter.

LYKENS, Nov. 29th, 1872.

A party of four men arrived here last Friday, from a deer hunt of two weeks with nine deer, they were at Snow Shoe, Clearfield Co. The party consisted of four men David Hawk, and Jacob Hensel of Lykens, David Kiser and Henry Workman of Williamstown.

The first deer has to be shot yet in this section. The horse epidemic is still very bad here. It has not stopped the works yet, but they will be stopped in a few days. As yet no deaths have occurred, but it is so bad that the attendance at market was a perfect failure. I am sorry to say some drive their sick horses in the rain and snow.

Big Lick Colliery is stopped for this winter, as it will take some time for repairing the things that were destroyed by the fire, and another reason is that the mules that were not smothered or sick were sent to Williamstown Colliery.

Rabbits are very plenty around here, and so are hunters. Diptheria is still causing a great many deaths around here.

A woman by the name of Troutman was arrested in Sunbury, on Saturday last charged with having stolen jewelry from George Daniels of this borough, she was arrested by Constable Hoke and, lodged in the jail at Harrisburg.

Mince Pies.—A superior article of mince meat can be had of the subscriber. Also new raisins, currants &c. F. MORRIS.

Brief Items.

On Sunday the 24th ult., Andrew Asper, of Juniata twp., had his arm broken. At the time of the accident the boy was riding a horse and leading another, and was caught between the horse and the fence.

The P. R. R., has laid a third track from Newport to Clemsons Crossing, about a mile west of that Station.

Marshall Furnace at Newport, has blown out for the purpose of making some alterations and repairs.

When the girls use newspapers for bustles they should remember that they are full of P's.

A brindle cow with a bell on her neck, came to the premises of Mr. George Swartz on Thursday last. The owner is requested to pay for this notice and take the cow away.

The horse epidemic is gradually passing away. The only animal that has died from the disease during the week past is a "Jenny," belonging to Mr. George Swartz.

Epizooty caused the Duncannon baker to miss his trip to this borough on Saturday. He hopes to get a horse for his Wednesday trip.

Cloth-horses and night mares, have so far escaped the epizoot.

Deer tracks have been seen this fall near the residence of Mr. Jacob Bruner in Carroll twp.

Energy and Pluck.—The publishers of Ballou's Monthly Magazine were burnt out by the great fire at Boston. In less than twenty-four hours after their premises were destroyed they had purchased a new office and were hard at work on the January number, which will be issued at the usual time and sent to subscribers. We like such evidence of pluck and we like Ballou's Magazine also, for it is worthy of the support of the whole community.
