

WALKER'S VINEGAR BITTERS
PURELY VEGETABLE FREE FROM ALCOHOL
DE WALKER'S CALIFORNIA
PURELY VEGETABLE FREE FROM ALCOHOL

Vinegar Bitters are not a wine-fancy drink, made of poor rum, whiskey, proof spirits and Refine Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these BITTERS according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Constipation, Tightness of the Chest, Distention, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Liver, Pain in the Regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. To these complaints it has no equal, and one bottle will bring a better guarantee of its merit than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiarity of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Disorders.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Itches, Spots, Pimples, Pusules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scars, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful thousands proclaim WALKER'S BITTERS the most wonderful Laxative that ever sustained the sinking system.

Pin-tape, and other Worms, lurking in the system of so many thousands, are effectively destroyed and removed. Says a distinguished physiologist: "There is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the locality alone of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters."

Mechanical Diseases. Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, will be subject to paralysis of the Bowels. To counteract this take a dose of WALKER'S VINEGAR BITTERS once or twice a week as a preventive.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their malarial fevers, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal organs. There are always more or less obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vitiated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gleet, Scrofulous Inflammation, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intricate cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic and Carminegic. Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of Dr. WALKER'S VINEGAR BITTERS are the best safeguard in all cases of eruptions and malignant fevers, their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, colic, cramps, &c. Their Counter-Irritant influence extends throughout the system. Their Diuretic properties act on the Kidneys, correcting and regulating the flow of urine. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharge, the stool being lighter and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, &c.

Purify the body against disease by purging all its fluids with WALKER'S Bitters. No epidemic can take hold of a system thus forewarned. The liver, the stomach, the bowels, the kidneys, and the nerves are rendered disease-proof by this great invigorant.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassful. Eat good nourishing food, such as beef steak, mutton chop, venison, roast beef, and vegetables, and take outdoor exercise. They are composed of purely vegetable ingredients, and contain no spirit.

HUMOROUS.

The Higher Law.

Sergeant Johnson and three "high pri-
vates" belonging to Company C,
Regiment New York Volunteers, were
granted a furlough from the Army of the
Potomac, and with happy hearts started
on a visit to their friends in Seneca county,
New York.

They were all in the same car, on the
road between Elmira and Geneva, and they
were passing the time in telling stories and
eating peanuts. They were not particular
as to the disposition they made of the nut-
shells, and the floor of the car near where
they sat soon became littered with them.
The conductor coming around, and seeing
the shells on the floor, spoke to the party
as follows:

"Gentlemen, it is against the rule to eat
peanuts on this car."

Johnson bowed to the conductor and
that official passed on. Returning in a few
minutes, he noticed that the little company
were eating their nuts and cracking their
jokes without any regard to the admonition
he had just given them.

"Gentlemen," said he, "you must not
eat nuts on this car: it is a positive viola-
tion of the rules, and cannot be tolerated."

"Yes, sir; we hear you," said Johnson
quietly.

Returning again after a short absence,
the now irate conductor found these four
"boys in blue" munching away at their
nuts as though there were no rules to vi-
olate, or no officials to enforce them.

"Didn't I tell you to stop eating nuts?"
thundered the maddened conductor.

"Yes, sir, you did," was the subdued
reply.

"Well, then, sirs, why in the name of
reason don't you quit?"

"Because, sir," said Johnson, "we feel
authorized to eat on."

"Authorized to eat on! Who in the
thunder authorized you to do that, I'd like
to know?"

"The maker of this car, sir," said John-
son.

"The maker of this car! How do you
make that appear?"

"Very readily, sir. I will demonstrate
it to you." And Johnson, rising to his
feet, pointed to a metallic plate on the car
door.

"I don't know what you mean," said
the nonplussed conductor.

"Can't you read?" asked Johnson.

"Yes, I can read; but I don't want any
of your nonsense here. I—I do—don't
understand you!"

"Well, sir," said Johnson, "that me-
talic plate says, 'Eat on Johnson & Co.'
and it is signed 'maker.' My name is
Johnson, and these boys are my company;
and as long as the 'maker' of this car tells
me and my company to 'eat on' I'll do it,
even if the president of this road were on
the train? So go along with *your* rules
and your nonsense."

A hearty laugh from the passengers fol-
lowed this retort of the sergeant's; and all
eyes were directed to the plate on the door,
and in gilt letters they saw the words,
"Eaton, Johnson & Co., Makers."

The conductor smiled at the joke, and
calling the train-boy, he gave the following
order:

"Boy, you will supply Johnson & Co.,
with all the peanuts they can eat from here
to Geneva. I will foot the bill. Such
smartness as this company possesses should
be encouraged."

Another Slow Railroad.

A correspondent tells the following of a
slow railroad: "A railroad runs from Os-
wego to Syracuse. It is thirty-six miles
long. I rode on it, and those cars move so
slow that if you want the draught in your
face you have to ride backward to get it.
They never have hot journals on that road;
the great danger is that the stuffing and
gray around the axles will freeze. The
screach of the locomotive is very faint,
kind o' like the warble of a four-year-old
boy blowing through a knot-hole in a board
fence. It is capable of giving a grasshop-
per a thrill of alarm, but won't scare a crow
worth a leather cuss. The conductor, en-
gineer and fireman always walk ahead of
the train to look for broken rails, and the
cows always run on ahead of them to keep
out of the dust. I tried an experiment.
Two trains were passing,
