LOCAL DEPARTMENT.

Table with columns for months (Jan, Feb, Mar, Apr, May, Jun) and days, likely a calendar or schedule.

We call the attention of capitalists to an advertisement headed 10 per cent. investments.

J. T. R.—The letter you refer to failed to reach us. Isn't the matter getting a little too stale for further notice now?

The regular annual meeting of the Pennsylvania Editorial Association will be held in Harrisburg, on Wednesday, January 23d, 1873, in the Senate committee rooms of the State Capitol, at 11 o'clock a. m.

A New Secretary.—The Perry County Mutual Benefit Association have elected Lewis Potter Esq., for Secretary. A better selection could not be made as Mr. Potter, besides being an energetic, reliable lawyer, has had considerable experience in the insurance business, which will be of value to the association.

Railroad Meeting.—There seems to be a rapidly increasing interest in the project of a railroad from this point to Bailys', and the friends of the proposed enterprise have determined to hold a meeting for the purpose of comparing ideas on the subject, and seeing who is willing to aid in the undertaking. A meeting is therefore to be held in this borough on Wednesday evening the 29th inst. It is to be hoped all who desire to see the success of the project will be present.

Cadet Examination.—The committee, consisting of Messrs. Wm. Grier, of Perry Co., Martin Herman, of Cumberland Co., and—Boyd, of York Co., selected to examine applicants for the cadetship, at the West Point Military Academy, assembled in Carlisle, on last Thursday, when quite a number of candidates appeared before them. The lads were required first, to go before a medical Board composed of Drs. Keiffer, and Dale, who rejected those that were physically disqualified. The three successful ones, returned by the committee as having stood the best examination...

It now remains for the Hon. R. J. Halde-man, to select one out of these for the position.

Freshets.—The fog and rain of Wednesday and Thursday last, broke up the ice and raised the streams to an alarming extent. From various places come reports of damage to bridges, though so far we have heard of no loss to property in this county. The ice on the Juniata, broke up on Saturday, and the river raised so as to cause some fears of damage by the quantity of ice that was coming down. A bridge at Tyrone, was washed away, and it is reported that one some distance below that point had been damaged.

We are informed by eye witnesses that the breaking up of the ice on the Juniata River, was one of the grandest, most thrilling scenes they ever saw. At about 10 o'clock on Saturday, the ice commenced to move, and in a short period the whole body of ice from shore to shore was a seething mass of ice and debris, from the shores and from a bridge that had been swept away. Ice floes that would cover a quarter of an acre, came rushing along with lightning like rapidity crushing any thing, and everything, out of existence that offered any resistance.

At one time it was feared the Newport bridge would be washed away, but the fears subsided and so did the water, to a certain extent about noon of that day. Whether any damage was done down the river farther we did not learn.

Killed.—On Tuesday evening last, a man named Oliver Wilson, an employe of the Penn'a railroad while walking on the track about one mile east of Newton Hamilton, in company with another man, was struck by the Cincinnati Express east, and instantly killed. The other man escaped by throwing himself between the tracks.—Wilson's remains were brought to Patterson and an inquest held by Joseph Middagh, Esq., and a verdict rendered in accordance with the above facts. Wilson was formerly a resident of Spring Run, Franklin county.

No License Convention. In accordance with notice, a large meeting of the citizens of Perry county, was held in the Court House in Bloomfield, on Thursday, Jan. 16th, at 1 o'clock, p. m.—On motion, BENJ. MCINTIRE, Esq., of Bloomfield, was chosen President; Geo. Hoobaugh, of Tyrone, and Dr. Wm. Hays, of Spring, Vice Presidents; Samp. S. King of Duncannon and John D. Baker of Saville, Secretaries. CONVENTION MET AT 6 1/2 O'CLOCK, President in the chair and was opened with prayer by Rev. J. Edgar.

The Executive Committee reported that all of the editors in Bloomfield had offered the free use of their columns for a reasonable space each week for the advocacy of the cause of "No License," and on motion a vote of thanks was tendered them for their generous action.

On motion Wm. W. McClure, Samp. S. King and Rev. A. W. Decker were appointed a committee to visit Harrisburg, if necessary, and urge the Legislature not to repeal the "Local Option" law.

The convention and a large audience was then addressed by Rev. A. W. Decker, Samp. S. King and Jacob Billow, against License System. Adjourned to meet at the call of the Executive Committee.

A Freak of Nature.—Mr. John Worley, constable of the First Ward, has from time to time furnished us with queer specimens, or freaks of nature, which were in every instance genuine curiosities. Mr. W. yesterday placed upon our table an object which is evidently an egg, about the size of a fully developed goose egg, and which would weigh easily a pound. The outside was covered with a coating or skin of a soft-shelled egg; inside of which was a yellow mass, perfectly fresh, of the consistency of the yolk of an egg when poached, and in the very centre a fully developed natural hen egg, of a clever size. The mass was taken from a fat chicken killed yesterday.—Harrisburg Journal.

Sudden Death.—On Friday morning last, Mr. Thomas M. Thompson, a patent right agent, was found dead in the outhouse of the Franklin House of this place. During the previous day he had been complaining of neuralgia in the head, and it is supposed that the disease had gone to his heart, causing his death. Intelligence of his death was sent to his partner, Mr. Van Wee, at Bloody Run, but no word being received from him, the remains were buried in our cemetery on Saturday afternoon last.

Mr. Thompson was a civil, sober and industrious gentleman, and has been in town for several weeks selling territory for the use of a patent hub. His relatives reside in Ohio. He was a widower and leaves one child.—Huntingdon Globe.

YOCOPE SCHPRAGLE.

Juniata County.—From the Independent we copy the following: A young child of Mr. James Williams, who resides on the pike about 3 miles north of this place, was found dead in its bed on Friday morning last. The child was put in bed by its mother the previous evening apparently in its usual health, but during the night its pure spirit took its everlasting flight, and the next morning it was found in the cold embrace of death.

On Saturday evening last Sopherus, a son of D. A. Doughman, Esq., of Patterson, aged about 17 years, was seriously injured while skating on the river. It seems he came in contact with another boy, who was also skating, with such force as to throw him violently from his feet upon the ice. The fall rendered him unconscious, in which state he was taken to the residence of his father and medical aid summoned. He is, we learn, in a critical condition.
