An Outrage.—A correspondent from Juniata county, informs us that on Tuesday night a week some scamp sadly mutilated four horses on the farm of Stewart Turbett, in Turbett twp. Their tails and manes were cut off and gashes were cut down the thighs, while two of them were rode to the mountain and left there, one of them having a jaw broke in addition to other injuries.

Fire in Newport.—Shortly after midnight the house belonging to Mr. James Hand in Newport, took fire from a defective flue, and was entirely destroyed. Mr. Hand was absent from home and neither his wife or her sister awoke till a portion of the roof had fallen in. Consequently the alarm was not given in time to save much of the personal property, which was all lost except a little of the parlor furniture. There was an insurance in the Etna company, of \$500, on the furniture and \$1000 on the building.

Religious Revival.—The protracted meeting in the Reformed church at Ickesburg, closed Saturday evening, February 22nd. It continued four weeks under the supervision of Rev. F. S. Lindaman, Pastor, assisted first two weeks, by Rev. A. B. Shenke, of Millersville, Lancaster county. Christians were revived, and sinners were awakened, sixty-eight of whom were led to seek an interest in the great atonement of Christ. The Holy Spirit was present in an especial manner.

The Bloomfield Academy.—This institution begins the spring under excellent auspices. Alfred M. Markel, M. S., who has so well filled the position of principal in the Bloomfield High School becomes teacher of English branches in the Academy, while the Rev. John Edgar, still principal since the departure of Prof. Dill, continues the languages and the advanced branches. The force of the institution as thus arranged is as follows :

Principal, Rev. John Edgar, A. M. Teacher of English Branches, A. M. Markel, M. S. Teacher of Music, Painting and Drawing, Miss S. Life. Teacher in Preparatory Department, Miss E. M. Morrow. Teacher of Penmanship, Prof. J. R. Flickinger.

The institution was never better manned than now or in better working order, and we commend it to the people of the county.

Singular Accident.

The Lancaster Examiner records the following singular accident: Yesterday (Sunday) morning Mr. A. F. Shenck, of this city, met with a singular and painful accident while returning to this city from Harrisburg. It seems that Mr. S. had attended the P. O. L. of A. encampment, and the duties and labors that he had gone through with being very arduous he fell asleep in the cars. His head was laid back upon the cushion, and his mouth fell open. He was sitting immediately under one of the lamps that illuminate the cars, and when the car gave a sudden jolt the lamp became detached from its fastening and came crashing down upon Mr. Shenck's face, bruising and lacerating it in one or two places. Persons who were in the cars and witnessed the accident thought that Shenck's eyes were knocked out, but happily this was not the case. His face is somewhat swollen from the accident.

For the Bloomfield Times. RICH. ANDERSON CO., KAN., February 15, 1873.

Mr. Editor.—After a long silence I will again send you a line or two. The winter here has been pretty cold with considerable snow, but not much at a time. The deepest did not exceed 8 inches, but it almost invariably drifts here. The L. L. & G. Railroad was blocked with snow by the great snow in January, but in two days after the trains were running again.

Crops here last season were most abundant (with the exception of wheat). Corn at harvest time was dull, selling at 15cts per bushel. It is proverbial that some men cannot bear riches, it is equally true that some farmers cannot bear a large crop, as an over yield causes them to be wasteful.

In gathering if an ear happens to miss the wagon they do not take the trouble to pick it up, consoling themselves with the remark, that, corn is plenty. Few western farmers gather the corn clean and some few are criminally wasteful. I have received several letters from persons living in Perry Co., asking "can you raise sweet-potatoes in Kansas?" to which I will reply with an item from the Kansas Farmer, published at Leavenworth.

"Mr. M. Kenyon of Leavenworth county, Kansas, has raised a very large crop of sweet potatoes. A neighbor writes that the whole crop will average 3 1/2 lbs. Out of 6 bushels sold to a dealer one bushel was picked out and returned as too large for the trade."

Last spring, I started a little nursery (for my own use) of fruit and forest trees. The following are the growths they have made in one season, they will be one year old this spring. Cottonwood, from cutting 5 to 9ft and 6 inches, Lombardy poplar, from cutting, 4 to 7ft and 8 inches; Golden willow, from cuttings 4ft; Catalpa, from cuttings, 18 inches; Soft Maple, from seed, 3 to 6ft and 2 inches; Elm, from seed 3ft and 4 inches; Chestnut, from seed 2ft; Walnut, from seed 1ft; Peach, from seed 4ft; Apple, from seed 2ft; Cherry from seed 18 inches; Concord grape, from cutting, 4 to 9ft. I have over 6,000 fruit and forest trees, besides an orchard of 125 choice apple trees 3 years old, and 80 peach trees 4 years old. If this proves a good fruit year I will have all the peaches I can make use of. Last season peaches sold from 20cts to \$2. per bushel according to quality. If a man makes the right start here he will not be long without timber as he can soon grow it on his own farm, and just where he wants it too. Since the 2nd of Feb. we are having very fine weather, and farmers will be plowing in a few days if it continues pleasant. There was considerable cotton raised here last season, and I am very well pleased with it and shall raise more this coming season than I did last. Peanuts are also raised by many, I shall plant some this season as they mature perfectly in this soil. Last season I sowed a little flaxseed and it also does remarkably well in Kansas soil and in fact I have never seen better flax than I had, though I sowed it for the seed only. Yours truly, B. F. REIBER.

Cumberland County.—From the Cumberland county papers of last week we copy the following :

On last Friday afternoon a blind horse belonging to Mr. John Burkholder, while standing hitched to a post in front of a building in Newville was frightened by snow falling from the roof. He immediately tore loose, broke the shafts of the sleigh, in which he was hitched, and ran his head into the window of Mr. Landis' Jewelry store, smashing things badly. The bewildered animal then twirled directly around and ran across the street, striking his shoulder against the corner of Mrs. McFarland's fence, which circumstance saved one of the large windows of Scouler's Drug store from wreck. The horse had his nose considerably cut by the glass of the broken window.

George Henry Tate, a young man who was raised in the family of James B. Weakley, South Middleton township, while assisting in threshing—taking back the straw in the mow—stepped off the mow across

the thrasher on the pile of sheaves to assist the young man who was handing the sheaves. In going back he sprang over the table on the top of the cylinder, broke through a board on the cylinder, standing upright, caught the right limb, and injured the small toes and foot. The flesh on the leg from the knee down was badly torn. The large bones of the leg were not broken. As soon as the accident occurred, Mr. Weakley extricated the young man and conveyed him to the house. The shock was very great, and as no reaction took place, he only lived 14 hours till death relieved him of his suffering.

Juniata County.—From the Mifflintown papers of last week we copy the following :

On Wednesday of last week William Bargey, aged about 17 years, son of Mr. Enos Bargey, of Fermanagh township, while engaged in cutting down timber in a wood, a short distance from his father's residence, received an ugly gash in the left side by being struck with an axe, which was thrown to him by John Bargey, a brother, at his request, who was standing about 25 feet away from him. The wound inflicted was about eight inches in length. Dr. Banks, of this place, was summoned to render the proper aid. His wound is of a dangerous character and he has had several hemorrhages since the accident, but we learn that he is doing as well as could be expected.

On Tuesday afternoon Mr. Jacob Thomas, Sr., of Fermanagh township, was found dead on the road near his home. He had been attending a public sale about one mile from his residence, and was returning home, when he was suddenly overtaken by the grim monster, death. It is supposed he died of heart disease. He was in the 65th year of his age.

The public road between Mifflintown and the cemetery was filled with huge piles of snow, and there being no effort made to open up the same, one of the Supervisors of Walker township was arrested and bound over for his appearance at Court, for neglecting or refusing to do his duty as a public officer. After his arrest he employed men and went to work opening up the thoroughfare, and as fast as they opened it up, it drifted full again. They were finally compelled to abandon it and open a passage through the fields in order to allow funerals to go down to the cemetery.

A son of Mr. Solomon Shatto, a short distance above Newport, had one of the bones of his left leg broken, and the knee put out of joint, on Thursday while wrestling.

Serious Fire and Loss of Life.

A fire occurred in Boston on last Thursday which resulted in the loss of four lives and the wounding of over twenty persons. The fire broke out in a mattress factory and the inflammable material caused the rapid progress of the flames. Sixteen girls were at work in the fourth story, who, with the exception of one reached an adjoining roof and were rescued. At eleven o'clock the walls seemed strong, and several firemen on ladders were directing water on the Hanover street side of the building, when the spectators were appalled to see the upper portion away and fall outwards, carrying with them the ladders and a score of firemen, with the terrible result given.
