Subscribers desiring to change their Post Office address, should give the name of the office to which the paper has been sent, as well as the new address. And don't send notice of the change until the week you wish it made.

A Break Down.—On Saturday night the tire came off one of the stage wheels, while on the ridge, but the driver succeeded in reaching this place. When opposite the court house the wheel gave way, but no one was hurt, and after obtaining another vehicle the passengers and mail started on their way up the valley.

Dog Law.—Mr. Shuler has introduced a bill extending the dog law of Schuylkill and Lancaster county to Perry county.

This law provides that the clerk of Quarter Sessions shall keep a docket for the registry of any dog for which the owner shall pay the fee of one dollar and a dog so registered shall become personal property, and a person stealing said dog shall be liable to prosecution for larceny same as if any other property was stolen.

Mr. Shuler has also introduced a bill for the election of but one supervisor of roads in Oliver township, Perry county.

To the Voters of Perry County.

The undersigned members of the central no-license committee of Perry co., address this request to the voters of the county. Believing it to be for the best interests of the county, that it should vote no-license we request every friend of this cause to be certainly present at the polls on Friday of this week, March 21st, to vote on the question and also to use his influence in having every voter present for like purpose if possible. Only a small minority of the counties voting on the question, have gone against no-license. Let not Perry be added to that list by your indifference.

REV. A. DECKER, W. BURNS, W. WILLIS, DAVID MICKLEY, B. M. MCINTIRE, Secretary.

We notice on the list of appointments made by the M. E. Central Pa. Conference, which convened at Chambersburg, Pa., on the 5th of March, 1873, the following:

A Somnambulist.—The few who were favored, witnessed a queer scene Thursday morning. When the Pacific Express arrived at the depot, a little girl probably 13 years old got out of a car, walked around the train and up Third Street to the corner of Hill, where she turned up Hill. When about the middle of the block she suddenly awoke, looked around her and, apparently was unable to tell where she was. Some well disposed person made inquiry of her as to where she belonged and received the answer that she was from Indianapolis; that her father and her were in a sleeping car, and that she had gotten up in her sleep at this point with the result above stated. In the meantime the train had moved off, bearing the little one's sleeping parent with it. She was taken to the depot, and W. H. DeArmitt, Esq., telegraphed to Mifflin for the father to wait for her at that point. W. S. Decker took charge of the little one and soon landed her safely in the arms of her father.—Huntingdon Monitor.

A Pretty Picture Free.—The chromo issued by the American Land & Law Advisor, is a beauty. Subscribers to that paper receive the chromo without extra charge. Those who wish, can have that paper and THE TIMES, Chromo included for \$3.25. Those who have already paid their subscription for The Times can by remitting us \$2.00 obtain the chromo, and the "Land & Law Advisor" for a year. For further particulars regarding the paper see advertisement in another column.

BASKINSVILLE, PENN TWP., PA. March 15th, 1873.

Mr. Editor.—The village of Baskinsville is situated near Duncannon, on the Pa., R. Road, and is a beautiful location. The land formerly belonged to Cornelius Baskins, Sr., and Robert Clark's, heirs, and sold in lots to suit purchasers; it has been slowly increasing for the last fifteen or eighteen years and made but poor progress until the last six or eight years; we now number about 38 voters who are principally sound on the Local Option question.

We have two school houses, and plenty of juveniles to make very respectable schools, have very good teachers and think the young Americans are advancing in education very rapidly.

There is also a very beautiful little church erected by the Dunkard congregation, to which there is a very respectable attendance every four weeks.

One of the school houses and the church are builded on a part of the farm formerly belonging to Clark's heirs, and sold about four years since to Dr. J. Swartz, Ex-Sheriff John Shelby and Wm. King, who have sold it in lots; and the place the farmer once followed the plow, we see dotted with beautiful houses, and other improvements; Mr. W. C. King, one of the proprietors, has finished a splendid barn and is now building a beautiful house, within full view of the Pa. R. Road, beautiful Susquehanna river, and the town of Duncannon, Dr. Swartz, intends to "follow suit," during the coming summer. I am under the impression that the time is not distant when the borough line will be extended so as to include Baskinsville, and think it would make quite an addition to Duncannon.

There has been a petition presented the legislature and senate to rebuild the bridge at the mouth of the Juniata river, the former bridge having been swept away by the flood of 1865. I am pleased to learn that the Bloomfield R. Road is to be connected with the Pa. Road at Duncannon and think it will make a decided improvement Bill.

For the Bloomfield Times.

One of the Fathers Gone.

Father John Wormley died at the house of his son-in-law, Edward Hull, at Centre, Perry Co., Pa., on Sabbath morning March 2d, 1873. Father Wormley had reached the advanced age of 88 years, 3 months and 2 days. Though his physical strength had been for some time impaired, to such an extent, as to confine him to his room and bed, he enjoyed to the last, an almost perfect use and exercise of his natural senses and mental faculties. He was in more respects than one, an interesting man. His memory ranged backward, with remarkable distinctness, over a period of full eighty years. He, near which place he was born, remembered when Harrisburg was a mere village. He was a lad when the Republic came into being, and grown half-way to manhood when the nineteenth century had its birth. He might have borne arms in Napoleon's campaign to Moscow; and was a man of middle age, when that bloody hero died on St. Helena. During his life time many of the greatest events of all ages occurred. Between the day of his birth to his death, the sun walked through the heavens some thirty-two thousand two hundred times; he saw twenty-three Leap-years; he saw four thousand, five hundred and eighty-nine Sabbath days. Whilst he lived some 300,000,000 beings were born into the world; and about an equal number died. What a company he has gone to meet! But of all that company, how few, comparatively, had lived as he lived; had died as he died. His life was one of quiet usefulness; his death was full of peace. He fell asleep as a weary child on its mother's breast might fall asleep, thinking of the joys of the morrow. We laid his body down to its quiet sleep at Loyalville, on Tuesday; Rev. McPherson of the Presbyterian Church, delivered the funeral oration—an impressive discourse, based on the text "Your fathers where are they?" Father Wormley's companion had preceded him to the "Long Home," by some three years. Of seven children, three had also been called away, four are left to mourn his departure. Having embraced the Christian Religion in early life, he walked by the rule of the Gospel, a member of the Lutheran Church, and died in hope of a blessed immortality.

Cumberland County.—From the Cumberland county papers of last week, we copy the following:

On Tuesday evening of last week a son of a well to do farmer residing near Plainfield, hired a team at Mr. Wm. Bretz's livery, to take a short drive. Mr. B. had gone home at an early hour, leaving the stable in charge of a lad. Nothing further was heard of the team until about 12 o'clock, when the mare was discovered on East Main street, with her left front leg broken in two places. The sleigh was picked up in different parts of the town. The animal was a fine blooded mare, and was worth at least \$200. We have not learned whether the proprietor intends to bring action against the person who hired, or not; but we think the law for the protection of livery stable men comes in here.

Last Sabbath night the residence of Mr. Yeinget, in South Middleton township, about one mile east of Mount Holly Springs together with its contents, was totally destroyed. We have not received any particulars, excepting that \$600 in money and \$200 in notes were destroyed.

It becomes our painful duty to announce the death of our esteemed friend Will. A. Lindsey, member of the Carlisle Bar, and formerly County Superintendent. Mr. Lindsey was a gentleman in the true sense of the term, and was respected by all who knew him.

Church Notices.

Preaching in the Reformed church next Sabbath at 2 o'clock p. m. Prayer meeting on Thursday evening.

Juniata Co.—From the Mifflintown papers we copy the following:

One-half interest in the Mexico mill property was sold at sheriff sale, on Saturday last, to Jerome Hetrick for \$4,500.

On Saturday afternoon last, the dwelling house on the farm owned by John Yoder, in Fernmanagh township, and occupied by B. F. Dillman, was totally destroyed by fire. All the furniture was burned except what was on the first floor. The family was absent from home when the fire occurred. The fire was first discovered by a young Hower who was passing along the road. The fire originated from a defective flue. No insurance.

Two cars, loaded with coal oil, were burned on Monday evening at Black Log station, about 4 miles west of this place, and the fast line, west, and the mail, east, were delayed several hours in consequence.

Brief Items.

Dr. Wm. W. Rutherford, a Harrisburg physician, well known in this county, died on Thursday last.

A large Newfoundland dog belonging to Mr. W. R. Swartz, of Duncannon, was poisoned by some person last week. The dog was a valuable animal.

The snow has gone away just enough to make travel with sleighs almost impossible, while on many of the cross roads it is very difficult to get along with a wagon.

Should Perry county vote against license and Cumberland county for it, the hotel at Sterretts Gap, would be well located. It would only be necessary to move the bar to a room in another part of the house, as a portion of the hotel is in each county.

The vacant Cadetship at West Point has been filled by the selection of Mr. William W. Galbraith of Dickinson township, Cumberland county.

James Burns, Esq., of Lewistown, while enjoying a plate of oysters at the West Philadelphia depot last Saturday a week, had a valise containing clothing and papers and an overcoat, stolen.

A New York man recently committed suicide because he was so wicked. If that kind of business was encouraged we fear the next census would make a poor show for that city.

In Newport, births are published under the head of "New arrivals," and some people get mad about it.

The town of Fagundas is in a queer position on the license question. One portion is in Warren county, which voted against license, and the other in Forrest, which voted for license, leaving the town with one-half at liberty to sell liquor, and the other half prohibited. All the hotels in the Warren portion of the town are to be put on runners and slid over the line. In view of the necessity of always having a small supply of the "very best" on hand for medicinal purposes, several small drug stores are to be opened very early in the spring.

"Oh! what pretty paper," is what all say who look over the spring styles of Wall paper now for sale by F. MORTIMER, Wall Paper Border, Picture nails, cord &c., in great variety.

At a meeting of the School Directors and teachers, of Liverpool Borough and Township, on Thursday evening March 13th, 1873, Benjamin F. Funk was elected Chairman and E. C. Long, Secretary.
