

The Bloomfield Times.

Tuesday, March 25, 1873.

LOCAL DEPARTMENT.

Notices of Marriages and Deaths not exceeding four lines, will be inserted free, and friends throughout the county are requested to send such notices to this office.

Sales.—We call attention to the following sales, bills for which have been ordered at this office:

Tuesday, March 25th—A. B. Comp will sell on the farm of Samuel Comp, in Centre township, one mile east of Bloomfield, 3 Horses, 1 cow, 1 bull, young cattle, 1 wagon, 1 buggy, 2 colts, and a great variety of farming implements.

Subscribers desiring to change their Post Office address, should give the name of the office to which the paper has been sent, as well as the new address. And don't send notice of the change until the week you wish it made.

More Snow.—On Thursday last about 5 inches of wet heavy snow fell making travel very hard on horses. The stage on its up trip got only as far as this place, when the horses were found too near used up to go any further. The consequence was offices above this place were without their usual evening mail.

An Experiment.—A friend of ours from Carroll twp., brought into the office a few days since, some apples which he had placed under about two feet of snow in the early part of February, leaving about 4 to 5 inches of snow beneath the apples. When the snow had melted away so that the apples could be seen they were found to be in excellent condition, and did not seem to have been touched by the frost. In fact we never eat apples that tasted better.

Local Option in Cumberland.—Reports from Cumberland county make it pretty sure that the county has gone against license by a large majority. From a few places we have returns as follows:

Against License. Shippensburg Borough gives a majority of 154; Southampton twp., 43; Mechanicsburg 171; South Middletown twp., 121; Newville borough 97.

For License. Carlisle gives a majority of 104; Cook twp., 17; Shippensburg twp., 12.

Fire.—On Sunday morning a week the dwelling house owned by Mr. David Sauver in Greewood twp., was destroyed by fire. Very little of the personal property in the house was saved. We learn that there was no insurance on the building or contents. It is not known how the fire originated but is supposed to have come from sparks dropping on the roof which were fanned into a blaze by the high wind.

Caught at Last.—For some time past, the mail of the Southern Penna. Railroad has been robbed of money, at different times. On Tuesday night last the mail was again robbed, and on Wednesday morning, the thief was arrested, who proves to be the mail agent of the train, a man named Miller. The trap by which he was caught was set by Government detective Hopkins.—Valley Sentinel.

Ejectment Case.—A case in Snyder Co., court, in which the plaintiff was Joseph Vankirk and the defendant the Pennsylvania railroad company, was tried last week. This suit was brought to recover damages from the company for an ejectment from the cars, near Williamsport, of the plaintiff, who was riding upon a ticket which had been ridden on to Milton previously and was punched. The case was suddenly terminated by a decision of the judge, which took the case out of the hands of the jury. The ruling was in favor of the defendant.

Legislation for Perry Co.—The bill providing for the erection of a bridge across the Juniata has been passed. The bill provides that the commissioners of the counties of Dauphin and Perry be and they are hereby authorized and required to cause a good and sufficient public bridge to be erected over the Juniata river, from a point on Duncan's Island, in Dauphin county, to a point in Perry county, on the land now or late the estate of Cornelius Baskin, deceased, on the site and piers of the former bridge swept away by the flood of 1865, and the commissioners are hereby directed to provide the means equally from each county and cause such bridge to be erected as speedily as possible, so that the same may be completed on or before the first day of January next: Provided, The cost of the same shall not exceed the sum of \$18,000.

An act has also been introduced extending the provisions of an act relating to road tax in Sandy Hill district, of the township of Madison, in the county of Perry, to the township of Jackson, in the same county.

Alpacas.—A splendid line of Black Alpacas ranging from 30 cents to \$1. per yard, has just been opened by F. Mortimer. Ladies wanting dress goods of that kind will find it to their advantage to examine his assortment.

The Philomathean society of the Bloomfield academy will have a public meeting on Friday night of this week.

Fresh Garden Seeds.—A fresh lot of garden seeds have just been received and for sale by F. Mortimer.

ELECTION RETURNS.

Below will be found the returns from the different districts in the county, of the votes cast on Friday last, for and against License, with the vote cast at the October election, so that it can be seen how nearly the full vote was out:

Table with columns: Boroughs and Townships, Whole Vote cast October, 1872, Annual Elections, For License.

Majority against license 579.

Huntingdon, Juniata, Cumberland and Lancaster counties went against license.

HARRISBURG, Lancaster City, Pittsburg, Allegheny City and Lebanon, Dauphin, Montgomery and Berks counties gave a majority for license.

The Railroad.—The Commissioners for the Duncannon Bloomfield and Loysville Railroad have lifted the charter and completed their organization by electing John Wistar, Esq., of Duncannon, as Treasurer to their board.

They now give notice that all subscribers are expected to pay the first installment of \$5 on each share they have subscribed for. They will have the books at the Court House, on Wednesday, Thursday and Friday of THIS WEEK, at which time and place the assessment can be paid and when other subscriptions will be received.

It is hoped that the friends of the enterprise will come up promptly to the work and enable the commissioners to shortly place the further prosecution of the enterprise in the hands of a board of Directors. The Directors are elected by the votes of those who have paid the first assessment, each share entitling the holder to one vote. The friends of this project in other portions of the country will see by the annexed notice at what time the books will be at Loysville and Duncannon.

With anything like a proper spirit shown by those who will be benefited by the making of this road, the first 11 miles can be completed before another winter, and it need not be many months longer before the people of Loysville, can see the smoke from the locomotive.

Duncannon, Bloomfield and Loysville Railroad Company.

Notice is hereby given, that the Commissioners named in the special act of Assembly, incorporating the said Railroad Company, approved the 3d day of April A. D., 1872, will open books for receiving subscriptions to the capital stock of the same, at the following times and places, to wit:

At the public house of John Shively in the borough of Duncannon on Wednesday, Thursday and Friday the 26th, 27th, and 28th days of March, instant.

At the Court House, in Bloomfield on the days last mentioned.

And at the public house of Benjamin Ritter, on Thursday, Friday and Saturday, the 27th, 28th and 29th days of March instant, and that said books will be opened at each of the said places, on the days aforesaid, at the hour of 9 o'clock A. M., and be kept open for at least six hours, on each said days.

B. F. JUNKIN, President.

J. A. MAOKE, Secretary.

For the Bloomfield Times.

DELLVILLE, March 20th, 1873.

Mr. Editor.—I wish to inform you that there has been a great fall in eggs. As Mr. John Lenny of Mechanicsburg, was coming over to Dellville on last Monday week, about 1/4 of a mile from the former place, he took a notion that his wagon might perhaps run better on the side, as the road was bad and a little narrow. He came in contact with a snow drift, and thought he would try wagging on the side as the wagon did not like to go through the drift on wheels. He was also cutting up some monkey shins, such as standing on his head and rolling over eggs &c. He made a great many dinges in the shells of the eggs that never bent back to their proper shape, that you could tell by looking at the blue coat. Well, he got out, crawled got up on the fence and I presume looked down on the broken eggs and thought, what a great down come on eggs. Some of the neighbors would not care if there would be another come down on eggs as they did not get them all fixed in the shells. He forgot to tell about the come down until the next morning, but finding that his wagon had got painted a little too thick with the yellow he thought he might as well tell. He gave the supervisors a few words of comfort and thought they should open the roads when egg men come along, as they are an article that cannot be repaired.

The Philomathean society of the Bloomfield academy will have a public meeting on Friday night of this week.

Fresh Garden Seeds.—A fresh lot of garden seeds have just been received and for sale by F. Mortimer.

Brief Items.

Mr. Peter Frank a well known citizen of Hanover, died several days ago, from the effects of a mixture of nitric acid and quicksilver, taken in mistake for medicine.

George Campbell, brakeman on the Northern Central Railroad, was found on the 19th near Reed's station, lying on the railroad track, with his head and one leg severed from his body. It is supposed he fell from a coal train.

An act to increase the pay of Jörors to \$2 per day, with mileage, has passed both houses and been approved by the Governor.

A Pretty Picture Free.—The chromo issued by the American Land & Law Advisor, is a beauty. Subscribers to that paper receive the chromo without extra charge. Those who wish, can have that paper and THE TIMES, Chromo included for \$9.25. Those who have already paid their subscription for The Times can by remitting us \$2.00 obtain the chromo, and the "Land & Law Advisor" for a year. For further particulars regarding the paper see advertisement in another column. If

THE ALDINE for April will be received with enthusiasm and delight by every person of taste who has a grain of appreciation for the beautiful or a spark of pride in the progress of American Art. Being the latest, it is of course, the finest of the fine issues of all this wonderful press, and in this constant improvement may be noted the secret of the great success which this American Art Journal has achieved, where, hitherto, so many beginnings have invariably counted just so many failures. The publishers demonstrate, not only the amplest resources, but a determination to use these resources to the utmost, and this enlightened liberality in their business can have only one result—a hold upon the popular faith that will be to them a tower of strength for all time to come. The second of the child sketches, by John S. Davis, announced as the quarterly tinted plates for this year, appears in this issue. It represents a theft of a slice of bread and butter, by a roving cur, from a youngster who was seated in the open doorway to enjoy the balmy morning air. A shadow has in verity clouded his day, and the fast-falling drops of an April shower accompany his fearful protest.—It is a very pleasing sketch, and will add to the reputation of this promising young artist.—Thomas Moran presents five masterly delineations. The literary contents of the April ALDINE display the usual excellence and variety. Subscription price \$5.00 including Chromo "Village Belle" and "Crossing the Moor." James Sutton & Co., publishers, 58 Maiden Lane, N. Y.

THE DAILY GRAPHIC has been rendered a practicable enterprise by certain new processes by which wood engraving is entirely dispensed with, and the artist is thus permitted to deal directly with the public and engrave his own work. These new processes, in connection with photography, have made it possible to print pictures of events as rapidly as the occurrence can be related in type. Of course the possibilities of the invention are enormous; it is susceptible of application to an immense variety of purposes in regard to the publications of the day. It is no wonder that the public, who have been waiting the issue of THE DAILY GRAPHIC with great curiosity and interest, have welcomed with hearty unanimity the handsome daily paper which literally "sketches" all public events.

DEMORST'S MONTHLY.—The April number of this popular periodical comes to us as fresh as a Spring daisy. It is very much enlarged, and every way improved, and we guess the ladies are right when they say it contains as much genuine information as all the other Fashion Magazines put together.

"YOUNG AMERICA" for April fulfills the promise of its past. It is an excellent Juvenile Magazine, bright, live and instructive, as well as entertaining; full of amusement for the little folks.

"Oh! what pretty paper," is what all say who look over the spring styles of Wall paper now for sale by F. MORTIMER, Wall Paper Border, Picture nails, cord &c., in great variety.

Dried Fruit.—We have on hand and for sale at the right price, Prunes, Layer Raisins Valencia Raisins, Cherries, Peaches, Blackberries and Apples.

F. MORTIMER, New Bloomfield.

PLAIN HOME TALK

Is plain talk about the body and its physical and social needs. Dr. E. B. Foote, author of "Medical Common Sense," of No. 126 Lexington Ave., N. Y., who entertains everybody with his pen, and cures everybody by his skill, is its author. In its thousand pages it answers a thousand questions you don't want to see to your physician about. It is, as is stamped upon its cover, "a book for private and considerate reading." Price \$2.50, and postage pre-paid, everywhere. Contents table mailed free. Agents wanted. A beautiful original chromo, mounted, "THROW PHYSIC TO THE DOGS," worth \$10, goes with the book. No chromo without the book. No book without the chromo. Address—MURRAY HILL PUBLISHING COMPANY, No. 129 East 28th Street, New York. 10 121

Blain Photograph Gallery.—The subscriber has in Blain, Perry Co., the best built CHROME FLOOR Photograph gallery in the state. It was established five years ago, and is devoted exclusively to picture making, and producing every style and size of picture from "gem" to a life size photograph 18 by 22 inches. EVERY facility for putting up pictures in lockets, cases, &c. Also albums and picture frames constantly on hand. Call and see specimens. If WM. SEGAR, Prof. Photographer.

THE PUREST AND SWEETEST COD-LIVER OIL is Hazard & Caswell's made on the sea shore, from fresh, selected livers, by CASWELL, HAZARD & CO., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market. 944w

CHAPPED HANDS, Face, rough skin, pimples, ringworm, salt-rheum, and other cutaneous affections cured, and the skin made soft and smooth, by using the JUNIPER TAR SOAP, made by Caswell, Hazard & Co., New York. Be certain to get the Juniper Tar Soap, as there are many worthless imitations made with common tar. 944w

A New Era in Journalism.

THE GREAT ACHIEVEMENT OF THE NINETEENTH CENTURY.

"THE DAILY GRAPHIC"

ALL THE NEWS AND FULL OF PICTURES.

THE DAILY GRAPHIC is the title of a newspaper, published in New York, which is achieving the most remarkable journalistic success ever chronicled. It is an eight-page evening paper (three editions daily), elegantly printed, and conducted by the ablest editorial talent attainable.

As a newspaper, THE DAILY GRAPHIC stands in the first rank, and contains regularly, THE VERY LATEST AND FULLEST NEWS FROM ALL PARTS OF THE WORLD.

Its great feature consists in the fact that it is not only a newspaper, but an Illustrated Newspaper as well. Four of its pages are filled with choice reading matter—telegrams, editorials, general and local news, items, gossip, and correspondence on the freshest and most interesting topics. The remaining four pages consist of SPLENDID ILLUSTRATIONS executed in the most faultless and artistic style, and portraying accurately and fully all leading events within twenty-four hours after their occurrence. Those who have made journalism a study, and fully appreciate the great enterprise manifested in the collection and publication of news by the aid of the telegraph, steam presses, and the development of journalistic talent, have been fond of advancing the theory that the next advance in that field would result in a newspaper furnishing in its regular issues, pictures of all the current prominent events. The theory is a theory no longer; the newspaper of the future is THE DAILY GRAPHIC. The processes which render this marvellous achievement an existing fact are the result of the most careful study and an endless variety of experiments, gradually perfected during the past twelve years. The depend upon improvements in lithography and the application of the photographic camera. By their aid a picture is engraved and made ready to print in from twenty minutes to two hours. Costly and elaborate plates, works of art, scenes of interest, are reproduced and pictured forth with equal facility and the most scrupulous fidelity. Illustrations of lead events are engraved and prepared for the press even before the accompanying written narrative or description leaves the hands of the compositor.

For the proper practical working of so great an enterprise, THE GRAPHIC COMPANY was formed, with

A Capital of \$500,000 in Gold,

months and months before the first issue of THE DAILY GRAPHIC, the most extensive preparations were made, and to-day THE GRAPHIC COMPANY has

The Largest and Most Complete Newspaper Establishment in the United States.

In the great work of illustrating the events of the day, an extensive corps of the best known and most accomplished artists are constantly engaged.

THE DAILY GRAPHIC aims to be in its strictest sense a newspaper. Striving always to be just and truthful, it discusses all questions independently and impartially. It is not the organ of any party, sect, or creed. It is always high-toned, and contains nothing to offend any taste. Its contents give it an immense advantage over the "old fashioned" papers. The annual subscriber gets a PICTORIAL HISTORY OF THE YEAR, a volume of twenty-four hundred pages, constituting a valuable record of events and a graphic panorama of our time and progress. It possesses not merely a local interest, but is a paper for every reader of the language. It is, emphatically,

THE PAPER FOR THE HOUSEHOLD!

Terms, \$12 per year, or \$3 for 3 months.
