The Penitentiary.

The forty-fourth annual report of the inspectors of the Eastern Penitentiary has just appeared. The cost of support for 1872 was 34 cents a day for each prisoner. Of this, however, 51 cents per day was chargeable to items of fuel and gas light. During the year 4872 there were received 226 prisoners and 217 were discharged. The whole population for the year was 840.

The prisoners received were thus divided, as to sex and color, viz.: 187 white males, 2 white females, 36 black males, 1 black female; and the 217 discharged consisted of 186 white males, 3 white females, and 28 black males.

Of the 226 persons received, 98 could read, write and cipher ; 113 went to school, and 49 to Sunday school, 36 had moral training in their youth; 7 had a business education; 104 went to public schools; 9 to private schools.

Of the 226 received, 36 were minors; 198 unapprenticed; 18 apprenticed, and left before their term of apprenticeship expired, and 10 served out their term; 20 had been in the House of Refuge; 16 had been in Congregate Prisons, and 28 had before been in the penitentiary.

Of the 226 received in 1872, 4 were under 18 years of age; 32 between 18 and 21; 73 between 21 and 25; 50 between 25 and 30; 24 between 30 and 35; 15 between 35 and 40; 10 between 45 and 50; 4 betweed 50 and 60; and 4 between 60 and 70 years of

The labor of the prisoners has been satisfactory, when it is considered that so large a number of young prisoners are received who have no trade, and many others never learned any handcraft occupation. Nearly all these prisoners are taught a trade while in prison; not a part of one, in connection with machinery, which manufactures the other parts, but a trade in all its parts, by which an honest livelihood may be obtained on their discharge from punishment.

The physical and mental health of the 226 prisoners received was found, on examination, to have been on reception as follows: 90 were in impaired physical health; 22 in impaired mental condition.

As to the health of prisoners discharged in 1872, 87 had been received in impaired 87 of whom were discharged cured; and of the remaining 34, 8 were improved and 13

A Building Falls In.

A dispatch from Middletown, Conn., dated the 9th inst., says; A terrible accident occurred here this afternoon. The nearly completed brick building known as the Shepard Block fell in, burying under the ruins tifteen men. All business was suspended, and the people immediately gathered at the spot, and commenced the work of taking out the dead. Six bodies have been recovered up to the present time. The following are their names: Elizur H. Harrison, James Tyron, John Kelly, Owen Sullivan, Julius Phelps and Joel Shepard. The latter is a brother of the builder. Two

or three others received slight injuries. At 6:30 o'clock two hundred men were hard at work rescuing those who were still in the wreck, and it is expected that two or three more bodies will be found. The Fire Department did good service. The Middletown National Bank building was slightly injured by the accident, a portion of the block having fallen on it. Shepard Block was located on the site of the old North Congregational Church, between the Postoffice and Middletown Bank. When completed the building would have cost about \$25,000, and it is probable that \$20,000 had been already expended upon it. The cellar was dug during the winter, and propably the accident was caused by this fact. Two ladies passing in front of it when the accident occurred escaped without injury, as did some of the inmates, among them the builder who says he wishes he "had been buried with the others in the ruins."

Surrounded by Fire.

The town of Gordansville, Va., is nearly surrounded by fire, the timber on all sides being in flames. The entire population are panie-stricken. Some families are leaving their homes to avoid destruction. The fire commenced south of the village on the farm of Mr. Michel, in the Green Spring neighborhood, and swept across the railroad track at Meltons, a station on the C. and O. R. R., three miles south of this place, destroying the station, dwelling house, and everything in its path. The railroad track is rendered impassible, and trains will be detained probably for hours. The fires have swept nearly all the fencing, &c., in its path, and has caused great destruction to timber houses, &c. The loss is heavy in the mountains and along the line of the O. and M. Railroad, and C. O. Railroad Companies. The latter will lose heavily on wood and buildings.

Terrible Accident.

8th inst., the foundation of the wall on J. M. GIRVIN & SON, the river side on Front street of the new city building for the police and fire departments, went out, when about twenty or thirty persons were upon it, looking at the river. It is estimated by those who were eye-witnesses of the affair, that ten or fifteen persons were carried into the river and swept over the High Falls. No names of the lost are yet reported. Five or six are known to have escaped.

\$4,000 TO BE CREDITED TO MUTUAL POLICY HOLDERS. 54,000 MUTUAL POLICY HOLDERS. The Pennsylvania Central Insurance Company having had but little loss during the past year, the annual assessment on Mutual Policy-holders will not exceed 69 per cent, on the usual one year cash rates, which would be equal to a dividend of 40 per cent, as calculated in Stock Companies, or a deduction of 2 per cent, on the notes below the usual assessment; and as the Company has over \$200,000 in premium notes, the whole amount credited to mutual policy-holders, over cash rates, will amount to \$4,000. Had the same policy-holders insured in a Stock Company, at the usual rate, they would have paid \$4,000 more than it has cost them in this Company. Yet some of our neighbor agents are running about crying Fraud! Fraud! and declare that a mutual company must fail.—But they don't say how many stock companies are represented in Perry County to-day. It is a well-known fact that a Mutual Company cannot break.
