

The Bloomfield Times. NEW BLOOMFIELD, PENN'A. Tuesday, May 13, 1873.

Messrs. E. P. Bowman & Co., No. 20 North 2d street, are our daily authorized advertising agents for Philadelphia. Advertisers can make contracts with them at our lowest rates.

Affairs in Louisiana are in a sad condition. Two parties of armed men each claiming to be acting under the proper authority, are liable to come into conflict at any moment. The Governor recognized by the U. S. authorities, as the legally elected officer, has telegraphed for troops to sustain him, and in the absence of the President, none could be sent him. Evidently the end of this trouble is not yet.

Importing Gewgaws.

The foreign goods imported into New York for the week ending March 31st were estimated at fourteen million dollars. Over three and a half million were dry goods and less than ten and a-half were general merchandise. Merchants appear to believe that Americans can consume and pay for an unlimited amount of foreign manufactures; but they will probably find the idea unsound, and that a day of severe reckoning is not far in the future. Since the first of January we have exported \$13,347,318 in gold and silver. This is at the rate of \$53,389,273 a year. Besides this there are indefinite thousands of prosperous citizens of the United States in Europe spending American gold. There are no statistics showing the amount of this drain on our precious metals; but it is higher in millions than even a well-informed man would be likely to believe.

Death's Doings.

Chief Justice Chase died in New York at the residence of his son-in-law, on last Wednesday morning. In his death the nation suffers a heavy loss. As he was a man of marked ability, unspotted purity of life, and in all things a Christian gentleman, he won for himself the respect and confidence of his countrymen. His death was caused by a paralytic stroke. He was 65 years of age.

Hon. Oaks Ames, member of Congress from Mass., was also struck with paralysis on Tuesday last and died on Thursday. Mr. Ames was but little known to the public until brought prominently forward in connection with the "Credit Mobilier" investigation during the late session of Congress.

Hon. Jas. L. Orr, U. S. Minister to Russia, died very suddenly at St. Petersburg on the 5th inst. His death was entirely unexpected, though he had been ill for several days.

A Disgusted Legislature.

The Ohio Legislature is disgusted with the action of the members of Congress from that State, and goes for them in the following resolutions, which passed the House by 60 to 20:

Whereas, The action of the last Congress in increasing the compensation of members thereof, the President of the U. States and other officers, was unnecessary, uncalled for and distasteful to the people of Ohio, and it is believed of the whole nation, and its repeal is earnestly demanded by the people thereof.

Resolved, That our Senators and Representatives be requested to zealously use all honorable efforts to procure the repeal of said law, or so much of it as relates to such compensation at the earliest practical period.

The senate adopted a joint resolution ratifying the second of the twelve amendments to the United States Constitution submitted by the first Congress in 1789, providing that no law varying the compensation of members of Congress shall take effect until an election for representatives shall have intervened. The vote stood 25 to 4.

Crime in Kansas.

A despatch from Parsons Kans., dated the 8th inst says:

Eight dead bodies, including a child eighteen months old, have been found under the house of the Bender family, thirteen miles west of here, in Sabett county, and near which the body of Senator York's brother was recently found. The Bender family left the country about two weeks ago. No effort will be spared to bring the guilty parties to justice.

The following are the names of the bodies found under Bender's house and thus far identified: B. F. McKensie, H. Louchor and child (eight months old), W. F. T. Carthy, D. Brown, John Geary, of Howard county, and Wm. A. York. All were killed by blows on the back of the head with a hammer and had their throats cut. The ground will be ploughed to-morrow for other bodies. The suspected parties will be arrested to-night.

The Medoc War—Description of the Lava Beds.

Capt. Hendley, of Washington, has received a letter dated Lava Beds, April 20, in which the writer says: I have just come in from Jack's strong hold, where I have been in the fight for the last three days; went as a volunteer and was attached to Major Thomas' battery of four Co-horn mortars, and it was the mortars which drove the Indians out, 6000 infantry could not have done it in six months without the loss of one-half of the commands.

Words cannot describe the character of these beds. Newspaper reporters may try to do it, but they cannot convey an idea. Since that fight I have been through a part of the bed, and that was enough for me. It is impossible to tell what damage we have done to the Indians, as they concealed or burned their dead, and the former is very easy, as all they have to do is merely to throw the bodies into a crevice, and then fill it up with rocks. We have, however, found eleven bodies. The beds are full of caves, and many undoubtedly are hid away, as every once and a while a stray shot comes out, but the majority have got out, and there is no telling where they will turn up. Our cavalry have gone out on pursuit. We have six dead here, twenty wounded, and about one half of the latter number on crutches from sprained ankles, from falling over rocks. To give you some faint idea of the sharp rocks, one half of our men went in with new shoes and came out mostly barefoot, with feet bleeding.

Rough on "Three Cent" Butler.

Rev. James F. Clark of Boston says: "A little paragraph has been going the rounds saying I have proposed Gen. B. F. Butler as Governor of Massachusetts. I have only referred to him once, and that was in a sermon preached in Boston on Fast Day, on 'The Humiliation of Massachusetts,' in which I spoke of the disgrace which had come upon Massachusetts from her treatment of Charles Sumner, the connection of her members of Congress with the Credit Mobilier scandal, and their complicity with the salary grab. I then added that it was understood that a member from Massachusetts, who headed the foray on the Treasury, had announced his intention to be the next Governor of Massachusetts. If he succeeded in this, I said I hoped he would not omit the word humiliation in his proclamation, for certainly Massachusetts would never be more humiliated than by such an event. If Gen. Butler and his friends regard this as a nomination, they are welcome to it."

Six Persons Poisoned.

John Gephart, residing in Showers' alley, between Susquehanna and Nagle streets, purchased some apple butter at market on Sunday last, and shortly after commencing to use it, the family, consisting of Mr. Gephart, and wife and three children, and Frederick Harwick, a boarder, were seized with severe pains, the result of gastro enteric inflammation. Dr. H. L. Stichel was summoned, who investigated the matter; and from what we can learn, the result has been from eating apple-butter, that was purchased by Mr. G., at market. One of Gephart's little girls, who did not eat any of the apple-butter, manifested no symptoms of poisoning, and this led to attributing their symptoms to poisoning from the glazing of the crocks in which the apple-butter had been kept. They are all pronounced as being out of danger, except Mr. Harwick, whose symptoms were from the first of a very aggravated character. —Harrisburg State Journal.

Miscellaneous News Items.

The members of a church in Raymond, Racine county, have got into a row over the sextonship, and last Sunday indulged in a free fight before their sanctuary.

A man on being discharged from the Stearns county, Minn., jail last week, cried like a baby, saying it was the only place he had lived in for years where he was "treated like a man."

Somebody up at St. Cloud, Minn., mistook an Easter egg for a cake of fancy soap and mourns a nice shirt front be-daubed because the egg was not boiled hard.

D. P. Nichols, residing at Hyde Park, near Boston, was found dead in his stable recently, having been kicked to death by his horse.

Dispatches from all sections of Virginia represent that all the streams are much swollen by the recent heavy rains, and fears are entertained that the flood will equal that of October, 1870.

Boston, May 7.—The trial of Rev. Kenneth Campbell before the Norfolk county Superior Court, on the complaint of Miss Howell, charging him with being the father of her illegitimate child, has resulted in a verdict of guilty.

Mrs. Babbette Wurflin, 53 years old, living at Waverly Heights, Montgomery county, while on a visit to Philadelphia last week, called at the store of Mr. John Rust, No. 531 Race street, and fell dead after being there a few minutes. An inquest was held by the Coroner in the afternoon, and a verdict rendered of death from heart disease.

A few days ago an elegantly dressed young man entered the West St. Louis Savings Bank, and presented a letter purporting to be from E. D. Randolph & Co., bankers, of New York, introducing James S. Adams, and endorsing a draft for \$8,000 certified by the Nassau Bank, of New York. The regular cashier of the bank absent, Mr. Harker, a young man, temporarily acting cashier, examined the papers, and thinking them genuine, gave Adams \$2,500, all he desired at the time. When too late the bank discovered that the letter and draft were forgeries.

Vienna, May 7.—A dispatch from Pesth brings intelligence of a shocking railway accident near that city. Twenty-one persons are reported to have been killed outright and forty injured, some of whom are not expected to recover from their wounds. Six of the carriages attached to the train were completely demolished.

The aggregate amount paid into the United States Treasury up to noon of the 6th inst., by twenty-seven members of Congress, it being their return of extra compensation is \$111,000.97 including a check received by Secretary Graham, on the account of Senator Sumner, for \$4,444.60.

A German in Chicago has been importing the authorities to arrest him for the murder of his sister-in-law in Germany. But no court in this country has jurisdiction in the case. It will be impossible for the self-confessed murderer to get justice here, unless he hangs himself.

George Davis, a resident of Baltimore county, Md., was arrested on Monday, by the authorities of Anne Arundel county, on the charge of killing Robert Perry, colored, in 1863. No trace of the murderer was discovered until recently, when circumstances pointed to Davis.

The negro, West Tate, who was recently hung in Georgia, for the murder of another negro, just as the minister began to pray, said, "I s'pose I might as well get off myself," and stepped off, hanging himself.

Women.—A woman always looks younger in a light print or cambric of simple pattern. Something of girl-hood and spring are suggested by them, and yet they are as available by the matron as by sweet sixteen. A charming young wife once confessed her penchant for these inexpensive toilets, "for," she said, in closing, "gentlemen like them so well." They show very good taste in liking them, as the best of the feminine sex have found out already. English and French women wear cottons in summer alternately with silks, and a most captivating effect does the latter know how to make, with her marvelously little chip hat, and broad parasol, with the nicest and the plainest of boots, and perfect gloves. It is a girlish purity and womanly grace combined that makes the charm of such a dress. There are stripes many and colors many, but the simplest are always best.

A great variety of these pretty Spring prints can be found at F. MORTIMER'S.

THE PUREST AND SWEETEST COD-LIVER OIL is Hazard & Caswell's made on the sea shore, from fresh, selected livers, by CASWELL, HAZARD & CO., New York. It is absolutely pure and sweet.
