LOCAL DEPARTMENT.

Notices of Marriages and Deaths not exceeding four lines, will be inserted free, and friends throughout the county are requested to send such notices in.

Our thanks are due James H. Ferguson, Esq., for furnishing THE TIMES, a record of the Court proceedings, during our absence from home last week.

On Friday last when steam was up at the foundry in this borough, a plug used for drawing the water out of the boiler, began to leak, and in tightening it, the burr was turned the wrong way causing it to blow out. The noise of the rushing steam alarmed some persons, but no harm was done except losing the steam, and the afternoon's work.

Fatal Railroad Accident.—On Wednesday afternoon, Mr. Frederick Hagar, aged about 86 years, was run over near the depot at York and received such injuries as to cause death in an hour after the accident. It appears in making up the train for that place, a car was run alone on the track, before which he attempted to pass, but being aged he could not get out of the way. The car struck and threw him on the track with the sad consequence above related.

The State Superintendent of Common Schools has invited the County Superintendents of the State to meet him and other officers of the school department in private conference to talk over and settle all educational questions which it is their duty to consider. The counties of Juniata, Dauphin, Blair, Bedford, Clearfield, Huntingdon, Mifflin, Perry, Cumberland, York, Adams, Franklin and Fulton will meet at the school department in Harrisburg, on Tuesday, June 3, at 10 o'clock in the morning.

Fire.—Yesterday afternoon, about half-past one o'clock, an alarm of fire was sounded, which was caused by the burning of a dwelling house on the other side of Sherman creek, in the locality known as "Boston," belonging to the Iron Company and occupied by Mr. Samuel Hamilton. It is supposed the fire was caused by a spark from a passing locomotive, which ignited the roof, and had soon gained such a headway as to render all efforts to save the house unavailing, whereupon the furniture and all the other movable contents of the burning building were quickly and safely removed. Buckets were freely brought into requisition, and by the use of these and the hand engine, the adjoining buildings were saved from destruction. We did not learn whether the house (which was totally consumed) was insured or not.—Duncannon Record of 8th inst.

R. R. Directors' Meeting.—As we go to press the board of directors for the Duncannon Bloomfield & Loysville R. R., are having a meeting. To-day, we suppose a Treasurer and Secretary will be elected, and steps taken to secure the services of a competent engineer. If the citizens of the county will properly second the exertions of the officers of the company, it will be only a short time before contracts for the grading of the road will be given out. We hope that those who have not already subscribed to the stock of the company will see the importance of doing so at once. The subscription book is now open and we earnestly urge the citizens of the county to come forward now, so that there may be no delay in getting to work.

Enough bark and timber has gone to waste in this county during the past ten years to have paid the entire cost of grading this road from Duncannon to Loysville. With this road in operation, the county will send each year, thousands of dollars worth of these two articles to market that otherwise will be of no value. In addition to this we have iron in large quantities, and now shall we have a rail road to make this wealth available or not? This is a question better answered by actions, than by words. Will you act?

Man Killed on the Railroad.—The State Journal of the 7th inst., says: About 8.15 p. m., yesterday, while the mail train eastward-bound of the P. R. R. was at a point equi-distant between Marysville and Parris, a man was observed coming up the main track, right in the face of the locomotive. The engineer gave the usual danger signal, but in spite of the warning the man kept on his way and was struck by the engine and thrown from the track. The train was immediately stopped, and the man picked up, but he survived his injuries only about ten minutes. He had one of his legs broken, and had a deep gash on the head, and had several severe bruises. It appears he was a strolling mender of umbrellas, and his tools, stock, &c., were scattered about promiscuously. He was apparently, forty years of age, and most likely under the influence of liquor when injured. He was taken to Marysville, where an inquest was held over his remains. We did not learn the nature of the verdict rendered by the coroner's jury.

Court Proceedings.—The regular May term of court convened on Monday of last week. Judges Junkin, Baker, and Stroup on the bench.

The attendance was not very large owing to the backwardness of the season, and as a consequence the farmers were too busily engaged to leave their business simply for the purpose of attending court. A great deal of miscellaneous business was disposed of Monday afternoon, and on Tuesday morning at 9 o'clock a jury was empanelled to try the case of Sarah Ann Weber and her minor children, against the Pennsylvania Rail Road company, for the killing of her husband by said Rail Road company, near Marysville, this county, on August 28th, 1869, and which was tried at August Term of 1871, and a verdict then rendered in Mrs. Weber's favor for \$2,500. An appeal was then taken by the Rail Road Co., to the Supreme Court, who after a review thereof awarded a venire de novo, on a defect in the evidence that had been admitted by the court below, hence a second trial. This case occupied the attention of the Court for two days, and was very ably argued by Barnett & Smiley, for the plff. and McIntire & Hall for the Rail Road Co. The jury after being out some length of time rendered a verdict in favor of the plff. for \$4,166.66.

Christian Boyer vs. Samuel Noss, administrator of Israel Fritz. This was an action brought for the recovery of a sum of money for boarding of Israel Fritz in his lifetime. Verdict for def't. for \$240. Potter & Barnett for plff. Sponsler for def't.

School District of Madison Township vs. Wm. B. Gray. This was an action brought to recover the amount of subscription subscribed by the def't. for bounty purposes. Plff took a nonsuit, McIntire for plff. Barnett for def't.

Same vs. Samuel Ernest.—This was a similar action, but was compromised and did not come to trial.

Same vs. H. T. Swarner.—This was a similar action, and was also compromised and did not come to trial.

Same vs. Edward Hull.—This was an action similar to the above, also compromised, and did not come to trial.

QUARTER SESSIONS.

Commonwealth vs. Daniel Etter.—Indictment assault with intent to commit rape, and also assault and battery, on information of Mary Sheats. A nolle pro. entered by leave on the first charge, and def't plead guilty on second of assault and battery. Court sentenced def't. to a term of six months in jail, to pay costs of prosecution and a fine of \$25 and stand committed until the sentence is completed. Baily & Barnett for com. McIntire & Graham for def't.

Same vs. A. J. Duffield.—Indictment fornication and bastardy, def't. plead guilty and was sentenced by the court to pay the prosecutrix a fixed amount for her maintenance, and pay costs of prosecution. In default thereof def't. was committed to jail. Baily for com.—Barnett for def't.

Same vs. Jerome Kauffman.—Indictment fornication and bastardy. Bound over for his appearance at August session.

Same vs. Sarah Sharon.—Indictment fornication.

Same vs. Abner Snyder.—Indictment larceny. Not a true bill and county to pay the costs.

Same vs. Supervisors of Buffalo township.—Indictment neglect of duty. Not a true bill and the county to pay the costs.

Same vs. Supervisors of Tuscarora twp.—Indictment neglect of duty. Not a true bill and the county to pay the costs.

In the case of James Crist by his father vs. Burgess of Newport. Motion for a new trial over-ruled, and judgment entered for Plaintiff.

In the case of George J. Shearer vs. Perry County Mutual Insurance Company. Motion for a new trial over-ruled, and judgment entered for Defendants.

On Tuesday, on motion of Hon. C. J. T. McIntire, the Hon. L. W. Hall, of Harrisburg, was admitted as a practitioner in the several Courts of this County.

Upon exceptions filed to Report of Viewers to assess damages in opening out 6th street in the borough of Newport, Mrs. Thos. McDonald was awarded \$150.00 and the amounts required to be contributed by Wm. Smith, S. Clay, R. H. Wingert, Rev. Kelly and Mrs. S. Glaze, were struck out by the Court, so that no one contributes, and Report of Viewers thus modified, confirmed, and the borough of Newport, ordered to pay the costs. Court adjourned on Friday.

Lykens Items.—A correspondent from Lykens, sends us the following:

Things have been very quiet here for a long time, the works have been stopped for some months, but will start on Monday next. Last Tuesday every thing was in readiness to start, when the first cars that were let down, (which were new ones) were found to be too high to pass down the slope, and they were obliged to postpone the opening of the works, until the slope should be repaired.

A son of Uriah Fraunce, while amusing himself by jumping from the top of a foundation into a cellar, on Tuesday last, broke his leg. At last accounts he was doing well.

On the first of this month the citizens of Williamstown were quite excited by a fire breaking out in Dr. Mattis' barn. The fire burned briskly consuming all the contents of the building, and spreading to a furniture store close by, totally destroying it. Had there been a high wind the work of destruction would have been far greater, but as it was, the flames were stayed. The loss is estimated to be over \$3000.

Juniata County.—From the Mifflintown papers of last week, we copy the following: To the Honorable the Judges of the Court of Quarter Sessions of Juniata county, State of Pennsylvania.

The Grand Inquest of said county would respectfully report that an inspection of the Court House has counselled them that it is unfit for the accommodation of persons having business to transact in the several Courts, and also unfit for a proper transaction of business; that the building is in a dilapidated condition, the vaults in which the public records are kept are entirely insecure, the offices are ill arranged and the Court room entirely too small to accommodate the citizens of the county, that such complaints have long been known to and made by the citizens of the county.

We therefore recommend that the County Commissioners be directed by the said Honorable Court to alter the Court House, that the Court room shall be on the second floor, and the public offices on the first floor, and that grand and petit jury rooms, witness, attorney and judges rooms be provided and properly located after the modern style of Court Houses, and for the foregoing purpose we further recommend the Court House be enlarged and added to.

Also, two or three of the prisoners' rooms in the jail are unfit for prisoners to be confined in.

Also, that the north-east corner of the Court House grounds, where the county stable stood, is open and without any fence, and the borough ordinance prohibits the re-erection of the stable, that then, in that case, a fence like the one standing around the rest of the public ground be extended from the termination around to the jail wall.

Also, that the water closets be purified and thoroughly cleansed and kept in good condition for the accommodation and use of persons in attendance upon business at Court.

Witness the Inquest this 30th day of April, A. D., 1873.

JOHN DIVEN, Foreman.

All applications for Tavern Licenses at the late Term of Court were summarily disposed of by Judge Junkin, who said, "that the citizens of Juniata by a large majority had taken this prerogative out of the hands of the Court, and hence the applications could not be considered."

Brief Items.

The "Patent Outside" has been dropped by the Newville Star. We are glad to see the change.

The Lebanon Courier says: "It is feared we shall suffer greater annoyance in Lebanon county, from tramps, this season than heretofore. It is supposed that they will not find it agreeable in the counties where the sale of liquor is prohibited, and will, therefore, give the benefit of their presence to the other sort." We hope their fears may prove true.

Eleven deer in one troop, probably aware of the game law in their favor at this time of year, came down Beatty's knob into the open fields some ten days or so ago, performing all kinds of antics, such as running, jumping fences, &c. An eye witness, who watched them about half an hour, describes it as one of the prettiest scenes he ever laid eyes on, the deer being as frolicsome as young colts. At one time eight came marching down the field abreast.

On Thursday the body of a man was found floating down the Susquehanna in the vicinity of Rockville by several railroad hands on a train. They communicated their discovery to a party, who procured a boat and brought the body to shore. Our informant was unable to give us any further particulars—who the man was or under what circumstances he was drowned.—He had evidently been in the water some weeks and from his dress was probably a miner, or employed around iron works.

GREEN.—On the 29th ult., in Penn township, Sylvanus H. Green, aged 73 years, 11 months and 23 days.

CLARK.—On the 8th inst., in this borough, of Typhoid Fever, Mr. Charles Clark, aged 20 years, 7 months and 16 days.

It is with sad feelings that we record the above death notice. The deceased was a graduate of this office and during his apprenticeship, conducted himself in such a manner as to win the regard of all with whom he was brought in contact. We offer to the afflicted parents our heart-felt sympathy in their bereavement, and feel that in the death of CHARLES, we too, have met a loss. Thus, "Friend after friend departs, Who has not lost a friend? There is no union here of hearts, That finds not here an end. Were this frail world our only rest, Living or dying none were blest."

Tribute of Respect.

At a regular meeting of "Bloomfield Council, No. 95, Jr. O. U. A. M.," the following preamble and resolutions were unanimously adopted: WHEREAS, It has pleased Almighty God in His wise Providence, to remove from time to eternity, our beloved friend and Brother CHARLES CLARK, who was esteemed by all who knew him, and was ever faithful to the duties devolving upon him in our Council. Therefore, be it

Resolved, That while we bow in humble submission to the will of Him who rules over the destinies of men, and doeth all things well, we cannot but express our heartfelt sorrow at the loss we have sustained, and that we accept the occurrence as the decree of Providence, warning us of the uncertainty of life, and

Resolved, That though we mourn the loss of our departed brother, we trust that he has been called up higher to enjoy that rest which is the haven of love, which remains for the people of God.

Resolved, That we deeply sympathize with the bereaved parents in their sad affliction, and commend them to the love of our Heavenly Father, the great and only source of consolation.

Resolved, That in memory of our departed Brother, our Charter be draped in mourning for the space of thirty days, and that the usual badge of mourning be worn by the members for the space of thirty days.

Resolved, That these Resolutions be inscribed in the minutes of our Council and that a copy be presented to the parents of the deceased, and the same be published in the county papers.
