Secretary. Bloomfield, May 27, 1873.

In Jail .- D. S. Wommer of Tuscarora twp., was arrested last week charged with embezzlement. The charge was prefered by the county commissioners. Mr. W. having failed to pay over money collected for tax. Not being able to get the requisite amount of bail the accused was lodged in jail.

Our readers will remember that Mr. Wommer, claimed to have had quite an amount of money burned up in the latter part of November last. Other amounts have since been collected, which have not been paid over.

Over the Fence.-A young man hailing from Duncannon, must have drove very fast one day last week and thought it necessary to hang his horse over a rail to dry. At any rate he managed to get his horse over the fence just below Ayle's saw mill, leaving his wagon with two broken shafts on the opposite side. With help from the neighbors, the horse was got back in the road, and the young man wended his way to his destination on horseback.

A Noisy Sunday.—The neighborhood of the Academy was last Sunday a remarkably lively locality. All day long crowds were seen wending their way in that direction, and from the number of church going people among them, one would have supposed a camp meeting was the attraction. But such was not the case, as the cause of all the excitement, was the tents of Van Amburgh's show. It began to come in at about 9 o'clock, and among the numbers gathered in front of our house as lookers on, we saw very many whose " professions' should have caused them to be at church. It occurred to us that if it was wrong for a show to travel on Sunday, it was equally wrong to spend the forenoon looking at one arrive. We may not have the correct idea on this subject, but it seemed to us that the arrival of a show on Sunday, had a bad effect on saints as well as sinners. At any rate, we hope the next one that comes, will either arrive on some other day of the week or locate at the other end of town. We will however, do the showmen the justice to say, that they made as little noise and confusion as was possible, and during the day were as quiet a set of men as ever were seen.

Found Dead .- On Sunday afternoon at about 3 o'clock Mr. John Baird, residing in Centre twp., near the old Juniata Furnace, was found dead. His family had been attending Sunday School, and on their return found him lying between the house and barn. Medical aid was at once summoned, but he was past help. F. B. Clouser, Esq., of this borough, was sent for and held an inquest, the following gentleman constituting the jury: F. M. Mc-Keehan, Henry J. Light, S. S. Witherow, Isaiah Skivington, David Souder and Robt. Moore.

A wound upon the left side of his head, which looked as though it might have been made by the kick of a horse or from a blow from a piece of iron was the only apparent cause of his death. Mr. Baird had vicious horse, and it is thought that the animal may have kicked him, and while going from the stable to the house he fell and died from concussion of the brain. In absence of any testimony on the subject, however, the jury found a verdict as fol-

That the deceased came to his death from a wound upon the left side of the head inflicted in some manner unknown to the jury.

Spontaneous Combustion .- A case of spontaneous combustion took place in the wagon of a Williamsport rag merchant. It appears that on last Tuesday a rag merchant stopped at a farm house about a mile below Lewisburg and inquired if he could have dinner and horse feed. On going out to where the horse had been left he found him gone. He saw a few rags burning on the ground and he thought that his wagon was on fire. He overtook his horse and wagon at the next farm house in time to save the animal from burning to death. save the animal from burning to death. The fore part of the wagon was destroyed but no further damage was done to the vehicle. He lost quite a number of rags and a number of articles he had for sale. He was somewhat at a loss to know how the fire originated; but having a lot of dirty rags which were oil-soaked, he was told that it was the result of spontaneous combustion. To this he replied that he didn't know what that meant, but he had thought that the Davil had got among his rags and wares.

Another Brakeman Killed .- Between one and two o'clock Wednesday morning William Grubb, brakeman on the second Harrisburg freight car, was thrown under his train and fatally injured, dying four hours and a half after the accident. The accident occurred about fifty yards below Baldwin, and the impression is that the brakeman fell off the train in either attempting to stoop for his light or stepping from one car to another. He was badly mangled in the region of the abdomen. The company's physician attended him, but the serious nature of the wound precluded recovery. The coroner held an inquest, and the jury returned a verdict of accidental death. The deceased was about fifty-seven years and was a resident of Philadelphia, to which place his remains have been removed.

Sulcide.-Mrs. Maria Landon, wife of Mr. William Landen, residing about four miles from Glen Rock, York county, committed suicide by rushing in front of an approaching train of cars, on Thursday morning. It appears she went to a place about one and a half miles north of Glen Rock, and hid herself behind a pile of sleepers along the track, and when the "Fast Line" south, was almost there she leaped and threw herself on the track and was run over and was instantly killed. Her body was terribly mangled. The deceased has been for the last year suffering with an aberrated mind. She was the mother of nine children, seven of which are yet living, and was about thirty-six years of age .- Gettysburg Star & Sentinel.

Sudden Death .- John Brouse, of Kratzerville, went out early Wednesday morning to cut grass. His mother prepared breakfast, and rang the bell. He failing to come, she went to the place where he worked, and found him dead. He was single, and 22 years of age.

Cumberland County .- From the Cumberland County papers of last week, we copy the following :

A little daughter of John Spangler, while playing, was struck on the neck with a pair of seissors, thrown at her by an older sister, one of the blades penetrating the jugular vain. A physician was called in who stopped the bleeding, and at last accounts the little sufferer was recovering.

We learn that Hon. Lemuel Todd, of Carlisle, Congressman-at-Large for the State has appointed our young townsman, Mr. Peter S. Stuart, a cadet to the Military Academy at West Point. Mr. Stuart is an excellent scholar, having graduated from the High School, last week. He is also a young man of fine physique, and we think will stand a physical examination without much difficulty. much difficulty.

much difficulty.

An accident of an exciting nature occurred in the Lutheran church, at Newville, on Sabbath evening last. Just as the choir were about to sing the voluntary, the chandelier, which hung directly over the organ, fell with a crash and in an instant all was confusion and dismay. The burning fluid threatened instant and sure destruction to the church and all who composed the choir. Fortunately the floor was covered with heavy matting, and by a timely application of this by Capt. Derland the flames were extinguished. Several of the choir were slightly burned, among whom was Miss Drawbaugh, who made the most narrow escape, her dress having been on fire.

Juniata County.-From the Mifflintown papers of last week, we copy the fol-

Miltie Richabaugh, a lad of ten summers while bathing in the river on Monday after, noon had a deep gash cut in his left leg by being thrown out of a skiff, his leg striking a sharp iron spike which was placed in the boat for fastening the cars on.

On Friday last a young man named John Winnow, who had been committed to jail in default of bail, on the previous day on two charges, one for rape and the other for fornication and bastardy, made his escape from jail and is still at large. It is alleged that he climbed up by the gratings on the windows till he reached the spouting on the roof, along which he passed hand over hand, till he reached the top of the wall, and from thence climbed down the conductor to the pavement and walked coolly off.

The scenes upon our streets on last Saturday and Monday nights were disgraceful in the extreme. It has been a long time since so many drunken men and boys have been on exhibition at one time. It is high time that the law was enforced, whoever it may pinch. it may pinch.

The air this season must be unusually salubrious. It is only a few weeks since a pair of twins were added to the population of this borough, and now Centre twp., has had a like increase. This time one is a boy. About the poorest use to put a full

grown man to, is to set him to playing croquet. Whistling at a mark, would be about as good an occupation. The men could use those mallets in the pastures to good advantage early in the spring and help the farmers amazingly.

The Fourth passed off in this borough, in a very quiet manner. The citizens generally were treated to large doses of drum and fife, the Presbyterian Sunday School Scholars had a picnic in Barnett's woods, nd a few private parties went fishing.

XJohn Shearer Darius Long and J. Sanderson of Center Township and Wm. Hall of Spring Township, have each put up new barns this summer. Benjamin Rice Jr., has bought a part of his father's farm, on which he has erected a new dwelling house.
