Duncannon, Bloomfield & Loysville R. R.

THIS Company now being duly organized is prepared to receive subscriptions to the Capital Stock. Subscription blanks can be had at the Perry County Bank, or of either of the officers of the Company at Bloomfield, or of W. R. Swartz, at Duncannon. Mr. James McIlbenny has also been appointed an Agent for receiving Subscriptions.

The Directors of the Company urge upon the citizens of the County, the importance of prompt action so that the work of grading the road can be commenced this season.

F. MORTIMER, President.

J. T. MCINTHER, WM. A. SPONSLER, Secretary.

Bloomfield, May 27, 1873.

J. T. McINTHE, Secretary, Bioomfield, May 27, 1873.

Receipts are not sent to persons remitting subscriptions as they are not required, the change in date on the direction label being sufficient evidence that the money has been received.

A Dog that Eats Oats. - It said that a resident of Oliver township, found a strange dog in his corn-crib one morning last week. As there was two bags of oats missing he supposed the dog had ate them, and the owner is requested to pay for the oats and take the dog away.

Struck by Lightning .- During the thunder shower on Friday afternoon the Lutheran and Reformed church at Blain was struck by lightning. The electric fluid passed down the steeple, shivering it badly and then along the spouting to the N. E. corner from where it entered the ground without doing further damage.

XAn Exhibition, which will undoubtly be humorous as well as interesting, will be given in the Court House in this borough on Thursday evening of this week. The exhibition is to be given by Valentine Vox, ventriloquist and Magician. The admission price is only 15 cents for adults and 10 cts, for children. Mr. Vox claims that it is the best exhibition for the money, in America, and the best way to prove whether he is correct or not is to go and see it. Doors open at 8 o'clock exercises commence at half past 8.

Fatal Mistake .- A lady living near Harrisburg died the other day from the effects of an overdose of morphia administered by an ignorant servant girl. The domestic had been instructed to give the patient a certain quantity of the medicine, but forgetting the physician's express directions she gave the sick lady all the morphia left by the doctor at one time. The patient was insensible for two days after receiving the fatal draught, and when she regained consciousness it became evident that death was approaching.

An old Dodge Revived .- The Reading Eagle says: Three or four weeks ago two men traveled through a neighboring county pretending that they wanted to establish township libraries, which were to be kept at the farmer's house, and the books loaned out free of cost. Calling upon a wealthy farmer they would ask if he would take charge of the library. If he would, they asked him to write his name on a piece of paper, which was to "be sent to the County Auditors." The men then cut the sheet into silps, turned them over and wrote a note of hand on the other side, leaving the farmer's name to back it. They served half a dozen or more farmers this way, writing notes of \$50 or \$60, to run thirty days, and signing any name they pleased, so long as the note had a good endorsement. The notes were afterwards discounted at the bank and the thieves fled, leaving the farmers severely stuck.

A New Idea.-Since Local Option has gone into effect clubs have been organized in this place, the members of which send to neighboring towns for beer and have it brought here by express. The clubs are organized under the same principle as stock companies, each member paying in so much money-say one to five dollars -until the desired amount is obtained .-A treasurer is elected or appointed to take charge of the money, and attend to all business pertaining to the club. They secure the services of a man for issuing out the beer, and he is also paid for the use of his house. Each member draws on the treasurer for so many tickets, and each ticket entitles him to so many glasses of beer. Any person can become a member by complying with the above. If the above course continues without the interference of the court, (and the members of the club contend that the court cannot stop them,) Local Option is certainly a failure .- Carlisle Voluntéer.

How to Cure It. To cure the disagreesble odor arising from perspiration, it is only necessary to procure some compound spirits of ammonia, and place about two tablespoonfuls, in a basin of water. Washing the face and hands and arms with this, leaves the skin as clear and fresh as one could wish. The wash is perfectly harmless and very chesp. It is recommended on the authority of an experienced physi-

Cumberland County.-From the Cumberland County papers of last week, we copy the following:

Mr. George B. Heck, of Lower Allen township, who was a prominent candidate for Sheriff, very suddenly of heart disease on Thursday last. Mr. H. was a man of excellent head and heart, and his death is sincerely regretted by a large circle of friends. He leaves a wife and two children.

A valuable horse belonging to Mr. A. H. Blair, swamped in the Letort Spring on Sabbath afternoon. It was with considerable difficulty that the animal was extricated from his perilous position.

The Carlisle Volunteer says: Most of our plasterers are out of employmen at present, very few buildings of any kind being erected. Scarcity of money and lack of enterprise is, no doubt, the cause.

Mr. Theodore Swigert, residing on Pine street, Mt. Holly, found on entering his hog-pen recently, three of his best porkers lying dead and another unable to eat. He cannot account for the strange affair, as he discovered nothing wrong with the hogs the evening previous.

Mifflin township claims a woman who swings a grain cradle from morning to night, while her "worser half" rakes and binds the grain. How is that for "equal

A valuable cow belonging to Mr. Adam Bowers, of Newville, died suddenly one day last week from the effects of an overdose of green corn stalks.

A child of Mr. G. H. Russell, of near Green Spring, was attacked by a large sow, recently, which took it by the leg and dragged it about twenty yards into a carriage house, and but for the timely interference of its mother it would no doubt have been torn to pieces.

Juniata County .- From the Mifflintown papers of last week, we copy the fol-

Proposals will be received at the Commissioner's office for the erection of a new Court House.

Mr. David Wilson, of Fermanagh township, died on Monday evening of this week. He resided in this town for many years. He was a man of strict integrity and strong natural talents,—was respected by all who knew him. He was in the eighty-fifth year of his age.

A couple of weeks ago one of our citizens was returning from Perrysville, by the pub-lic road on this side of the river, on foot, when he met a pedestrian of celtic extrac-tion, between the lock and Perrysville tion, between the tock and Perrysville bridge, who demanded his pocket book. Our citizen made motion, as if in the act of drawing a pistol, when the stranger replied that he was used to such things, he had seen them before. As the citizen was unarmed, he used discretion and proceeded towards Mifflin with due haste and alacrity.

A little daughter of Mr. Robert Rey-A little daughter of Mr. Robert Reynolds, of Fermanagh township, was sent to the woodhouse for chips, on Saturday evening last. In the act of picking a chip up she felt a sudden sharp pain in the thumb of her right hand. She immediately ran into the house crying and held up her thumb, which was torn and bleeding. She could not explain the cause. Her father took a light and went to the woodhouse and there found a corporhead, about three and there found a copperhead, about three feet long, coiled and head erect, ready for another spring. The snake was soon despatched. The little girl's arm commenced to swell, and the swelling extended to the shoulder. Dr. Elder, was sent for and the case treated. The little girl we understand is out of danger now, but has a bad looking thumb.

About six o'clock Friday evening a small barn belonging to Peter Fisher, Susquehanna twp., Dauphin co., was struck by lightning, and the electric fluid passing through the grain stored in the building was soon enveloped in flames. All the live stock in the barn (two horses) was saved, but the building and grain contents, as well as a wagon and farming utensils, were entirely destroyed.

For the Bloomfield Times.

As the time of our delegate election is approaching, I feel more and more, the importance of having good men to represent us at Harrisburg. I approve of the recommendation of John Irvine, for the House. No better, more upright man can be found, but no one has been mentioned for the Senate. I suggest the name of Judge Martin Motzer, for that office. He is a noble incorruntible gentleman, who is a noble incorruptible gentleman, who will be more surprised to see himself rec-ommended for that office, than any one But there is concert among some of us, in recommending him. Let us rally around Motzer and Irvine. Rys.

Never Known to Fail!

THOMPSON'S Fever & Ague Powders

FOR THE PERMANENT CURE OF CHILLS AND FE-VER, DUMB AGUE, OR ANY FORM OF INTERMITTENT FEVER!

The Greatest Discovery of the Age!

THERE are no diseases so debilitating in their effects upon the constitution as the above, and none more difficult to cure by the usual modes of practice. The Fever and Ague Powders will effect a cure in cases of the longest standing, as well as prove a preventive in the forming stages of disease. Being purely Vegetable, they act with certainty on the dis-case, totally eradicating it from the system, and preventing a return at any future period.

and preventing a return at any future period.

Why waste your money and health in trying every medicine you hear of, when Thompson's Fever and Ague Powders have never falled to cure the Chills in any case. REASONS WHY THEY ONLY SHOULD BE

USED: Their Reputation is Established. — Thousands of testimonials have been received, showing that these Powders have performed miracles in curing cases of long standing, many of them considered hopeless.

There is no Risk in Taking Them. — They contain nothing injurious, and, therefore cause none of those lingering diseases so often the result of the many nostrums of the day. Physicians recommend them as far superior to Quinline, or any other known remedy, for they leave the system in a healthy state, and the patient beyond the probability of a relapse.

BEWARE OF COUNTERFEITS. - The genuine are put up in square tin boxes, with "Thompson's Fever and Ague Powders" stamped on the lid. and the signature of "Thompson & Crawford," on the wrapper.—No others can possibly be genuine.
