Duncannon, Bloomfield & Loysville R. R.

This Company now being duly organized is prepared to receive subscriptions to the Capital Stock. Subscription blanks can be had at the Perry County Bank, or of either of the officers of the Company at Bloomfield, or of W. R. Swartz, at Duncannon. Mr. James McIlhenny has also been appointed an Agent for receiving Subscriptions.

The Directors of the Company urge upon the citizens of the County the importance of prompt action so that the work of grading the road can be commenced this season.

F. MORTIMER, President. J. T. McINTIRE, Secretary. W. A. SPONSLER, Treasurer. Bloomfield, May 27, 1873.

Don't do it.—Some of our subscribers complain that postmasters are demanding 20 cents, or one year's postage in advance. They have no right to make any such demand. Subscribers can pay quarterly, in advance if they prefer so to do, and we advise them not to pay for more than six months (ten cents,) until it is seen if some change will not be made in the law.—Postmasters who demand a year's postage in advance exceed their authority.

The Rain of Wednesday and Thursday, extended over a great portion of the country, doing considerable damage to property. In New York, New Jersey, Maryland and Ohio, the railroads suffered, tracks being washed away in many places, preventing the running of the trains. In Philadelphia the streets in some portions of the city were three feet under water.

Corn Whisky.—On Saturday evening Mr. Ed. Miller arrived in town with a keg containing twelve gallons of whisky, which he concluded to leave in his wagon until after he got his supper. By that time however, some one had removed it for him, and he felt bad about it, as he said he had bought it to give his friends.

On Sunday the peculiar movements of some young fellows attracted the attention of Mr. Henry Rice and the consequence was he found where the keg was hid in his corn field. Three gallons of the stuff was missing at the time. Towards evening the buzzing around of certain chaps, when they learned that the keg had been moved, was very amusing. As Mr. Miller bought the whisky, he says for the purpose of giving to his guests and friends, (it is astonishing how liberal some people are,) he ought to feel grateful to them for taking it without giving him the trouble of dealing it out.

Heavy Rain.—B. M. McIntire, Esq., who keeps a complete weather record makes the following report about the rain of last week:

Last week we had the greatest fall of water, that has occurred at any one time in this section of Pennsylvania, for twenty five years. On Tuesday the 12th, at seven o'clock P. M., the rain commenced, and at eight o'clock A. M., Wednesday, had ceased during which time there had fallen, two inches and three tenths. At nine o'clock P. M., same day rain again began falling, and continued to eight o'clock A. M., Thursday, in which there fell three inches and seven tenths. At 9 o'clock A. M., same day, rain again commenced and continued to three P. M. when it ceased, there fell one inch and eight tenths.

Whole time raining, thirty hours, quantity of rain that fell, seven inches and eight tenths, consequently there fell on each acre of the earth over eleven hundred and sixty two and two-tenths tons of water, allowing an inch of rain water to weigh fifty seven hundredths of an ounce.

Camp Meeting Incidents.—At the Sandy Hill camp on Sunday a horse belonging to Geo. Hall, in Carroll twp., dropped dead while the rider was on him. The horse had been rode around just previously but at the time he fell, the young man who was riding him had stopped to talk to some friend.

While two parties from the neighborhood of Sherman's Creek were racing their horses home from camp the spindle of one of the buggies broke, dumping the young men suddenly into the road, but fortunately hurting none of the parties.

A young man from this place accompanied by two young ladies had the misfortune to smash a wheel while driving around the camp.

Another horse while being fed out of the vehicle to which she was tied, became frightened and pulled the carriage over on to her, making things look lively for a minute or so. Fortunately the young men who had driven the animal succeeded in cutting the halter before the carriage was dragged any distance.

Church Notices.

Preaching in the Reformed Church next Sabbath at 2 1/2 o'clock P. M. Catechetical instruction on Thursday at 2 1/2 o'clock, also in the evening. Preaching in the Lutheran Church next Sunday at 9 o'clock P. M. Prayer-meeting on Wednesday evening.

To The Citizens of Pennsylvania.—Your attention is specially invited to the fact that the National Banks are now prepared to receive subscriptions to the Capital Stock of the Centennial Board of Finance. The funds realized from this source are to be employed in the erection of the buildings for the International Exhibition, and the expenses connected with the same. It is confidently believed that the Keystone State will be represented by the name of every citizen alive to patriotic commemoration of the one hundredth birth-day of the nation. The shares of stock are offered for \$10 each, and subscribers will receive a handsome steel engraved Certificate of Stock, suitable for framing and preservation as a national memorial.

Interest at the rate of six per cent per annum will be paid on all payments of Centennial Stock from date of payment to January 1st, 1876.

Subscribers who are not near a National Bank can remit a check or post-office order to the undersigned.

FREDK. FRALEY, Treasurer, 904 Walnut St., Philadelphia.

A Cow in a Fix.—A cow belonging to Ananias Horting, of Granville township, got herself in a fix a short time since. She failed to come home with the other cow one night, and search being made in the woods, she was found standing by a sapling, around which her tail was tied fast. It is supposed that in switching after flies, the tail wound around the tree, and the long hairs tied themselves. At any rate the cow was fast and must have died of starvation, had she not been found and released.—Lewistown Democrat.

Land Slide.—A heavy landslide occurred on Tuesday night about two miles west of Black Log, in the Lewistown Narrows, filling the track with the debris of trees, rock, soil, etc., causing considerable detention to the different passenger trains. The Cincinnati express, Philadelphia express and fast line east, and southern express and Pacific express west, were compelled to pass around by way of Lewistown and Sunbury. By evening the track was again clear.

A Rab.—The editor of the Selinsgrove Times talks about Perry county justice as follows: "John S. Burd and Wm. Berrier of Perry county were mulcted in \$8.00 damages for depositing sawdust in a stream so as to render the water unfit for use and destroying the fish in the stream. In the same court John Strouse and Irvin Nailor of Millerstown were each fined \$20.00 and costs for driving a horse to death. About \$25.00 fine we presume would be the penalty in Perry county for deliberate murder.

Road Proceedings had at August Term.

DUNCAN'S ISLAND BRIDGE.

Josiah R. Dunbar vs. the Commissioners of Perry and Dauphin counties. Rule to show cause why the said Commissioners and Christian Heikel should not be restrained from beginning or conducting the erection of a bridge across the Juniata river from Duncan's Island, in Dauphin county, to a point in Perry county, on land late the estate of Cornelius Baskins, deceased. This bridge is to be erected at a cost not exceeding \$18,000, as per act of Assembly of 24th March, 1873. August 7, 1873, the defendants having filed their answer to bill in equity, denying many of the allegations of facts therein contained, the Court hereby appoint Calvin Neilson, Esq., examiner to report the evidence on 24 hours notice; and further, that he report to this Court by 10 o'clock A. M., of Thursday, the 14th of August, 1873.

George Swartz, C. Roth and John Withrow, appointed Commissioners to deter-

mine quality and value of land of David Bixler, taken by school directors of Juniata township for school purposes, and day designated for their meeting.

Special Term.

The Court convened on Thursday last to take into consideration the matter of grant in an injunction to restrain the county Commissioners and contractor from proceeding with the erection of the Bridge over the Juniata River at Duncan's Island. The complainant in this action was Josiah R. Dunbar, of Newport, who alleged that fraud and improper motives had influenced the Commissioners in the awarding of the contract. After taking the testimony in the case before a Commissioner appointed for that purpose; the counsel for complainant announced in open Court, that he did not consider that the allegations of the Bill are sustained by the evidence, and therefore did not feel it his duty to press the case. Whereupon the Court refuse to issue an injunction, and dismiss the bill at the costs of the complainant.

Juniata County.

From the Millintown papers of last week we copy the following: Two of the hotel keepers were prosecuted last week for alleged violation of the "Local Option law." They both waived a hearing and entered bail for their appearance at the September Term of Court.

The Juniata County Agricultural Society, will hold their annual fair, on Tuesday, Wednesday and Thursday, October 7th, 8th and 9th, 1873.

G. M. GRAHAM, Cor. Sec.

The contract for building the court house was awarded on Monday last, to Messrs. Hetrick & Fleisher, of Newport, Perry county, for the sum of \$48,000.—They furnish all the material including the brick.

On Monday morning as Dr. Thomas A. Elder, accompanied by his sister, Miss Annie, was driving through the country, visiting his patients, and descending a hill near Locust Grove, in Milford township, the horse took fright at some men who were at work on the road, and, turning suddenly around, the buggy careened, throwing out its occupants. The buggy being right side up the horse started for home at a rapid rate of speed, but meeting a wagon at the hill beyond Patterson, the horse turned out of the way and in so doing upset the buggy over an embankment, demolishing it and detaching himself therefrom. The Dr. and Miss Annie escaped uninjured.

A correspondent from Juniata county also sends the following:

On Thursday an old man named Tobias Kreider, of Greenwood twp., was drowned in Horning's Run. The water was very high and carried off the bridge on which he was standing at the time, though warned that it was not a safe place. Up to this time the body has not been recovered.

On the same day as the above Samuel Wilson was drowned while trying to swim a creek near Waterford. He was remonstrated with but persisted in the attempt with fatal result. The body was not recovered when our informant left the vicinity.

A landslide occurred at the Rock near Perrysville, on Friday, which delayed the trains somewhat.

On Friday of last week, whilst a party of men had sought shelter in the bridge near Newburg, during a thunder storm, the bridge was struck by lightning, and a son of Thos. Skinner of this place, was thrown against the side of the bridge, so violently as to break his nose. The balance of the party escaped injury.—Shippensburg News.

The Valley Sentinel says: Mr. John Wilhoffer, in going from Carlisle on Wednesday last where he had been attending market, came near losing his life in the Conodoguit creek which he was attempting to cross near the meeting house springs, a few miles above Carlisle, which was greatly swollen from the recent rains. When in the middle of the creek, he found that his horses and wagon were being swept down the stream. Mr. W. was several times under water, but finally succeeded in reaching the bank saving the horses and wagon, but lost a number of articles swept from the wagon.

Brief Items.

The young man who is paid for taking charge of the clock should be "doctored" a portion of his pay every time the clock is allowed to run down. Better have no clock than to have it stopped a portion of the time.

Demorest's Monthly Magazine for September is rich in literary novelties, and also gives a fine display of the new Fall Fashions. Demorest seems to outbid all his contemporaries in the value of Premiums to his subscribers; he announces an astounding offer for 1874, of the large and celebrated chromo, "The Old Oaken Bucket," after Jerome Thompson, and several other equally large and valuable Chromos, "The Captive Child," "Home, Sweet Home," and "After the Storm," for the ensuing year, worth \$15 each. Time Tests the Merits of all Things!

PERRY DAVIS' PAIN-KILLER

Has been tested in every variety of climate, and by almost every nation known to Americans. It is the constant companion and inestimable friend of the missionary and the traveler, on sea or land, and no one should travel on our Lakes or River without it. Since the PAIN-KILLER was first introduced, and met with such extensive sale, many Liniments, Balmes, Panaceas, and other remedies have been offered to the public, but not one of them has ever attained the truly enviable standing of the PAIN-KILLER.

WHY IS THIS SO? It is because DAVIS' PAIN-KILLER is what it claims to be a Reliever of Pain.

ITS MERITS ARE UNSURPASSED. If you are suffering from INTERNAL PAIN, Twenty or Thirty Drops in a Little Water will almost instantly cure you. There is nothing to equal it for.

COLIC, CRAMPS, SPASMS, HEART-BURN, DIARRHEA, DYSENTERY, FLUX, WIND IN THE BOWELS, SOUR STOMACH, DYSPEPSIA, SICK HEADACHE.

FEVER AND AGUE

prevails, there is no remedy held in greater esteem. Persons traveling should keep it by them. A few drops, in water, will prevent sickness or bowel troubles from change of water. From foreign countries the calls for PAIN-KILLER are great. It is found to CURE CHOLERA WHEN ALL OTHER REMEDIES FAIL.

WHEN USED EXTERNALLY, AS A LINIMENT, nothing gives quicker ease in Burns, Cuts, Bruises, Sprains, Stings from Insects, and Scalds. It removes the fire, and the wound heals like ordinary sores. Those suffering with RHEUMATISM, GOUT, or NEURALGIA, if not a positive cure, they find the Pain-Killer gives them relief when no other remedy will. IT GIVES INSTANT RELIEF FROM ACHING TEETH.

EVERY HOUSE-KEEPER SHOULD KEEP IT AT HAND, and apply it on the first attack of any Pain. It will give satisfactory relief, and save hours of suffering.

Do not trifle with yourselves by testing untried remedies. Be sure you call for and get the genuine PAIN-KILLER, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine. Directions accompany each bottle. Price 25 Cents; 50 cents and \$1 per Bottle. August 19, 1873—1m
