Mr. James McHenry has also been appointed an Agent for receiving Subscriptions.

The Directors of the Company urge upon the citizens of the County, the importance of prompt action so that the work of grading the road can be commenced this season.

WM. A. SPOSSLER, Treasurer.

Bloomfield, May 27, 1873.

Lost.—On Tuesday morning, August 26th, between the hours of seven and nine o'clock, on the road from Bloomfield to Newport, Rev. A. W. Decker lost a large dark grey shawl. The finder will be suitably rewarded, by leaving it at his residence in this borough.

A Dog With a New Trick.—A young man while out hunting last week had the misfortune to lose his dog, as the animal dropped over and after kicking a few moments died. The young chap looked at him sorrowfully a moment and then relieved his mind by saying "By gracious I never saw that dog do such a thing before."

Death at Camp.—Just as preaching was being begun at the Bunker Hill camp meeting, last week, Mrs. Martin, an aged lady of Myerstown, who was among the audience, was observed suddenly to fall over. She was immediately carried to a tent, and died in a few minutes. We learn that she was the first member of the Evangelical church at Myerstown.

Fatal Accident.—Mr. Wm. Adair, a resident of Loysville, this county, was fatally injured on Saturday morning. The facts as we learn them are as follows:

He was in Somerset county purchasing cattle, and while driving them along near a stone pile he struck at one of them causing his horse to suddenly jump over the stones throwing Mr. Adair off. His head struck on the stones, causing such an injury as to produce death in a few minutes. The deceased was a well known citizen of the county and was about 75 years of age. His body was taken to his late residence on Sunday.

The following is a list of the summer boarders accommodated at the "Grier House," New Bloomfield, Pa., during the present season:

Child Stolen.—On the 8th ult., Henrietta Trimmer, residing in Latimore twp., Adams county, made information against Isaac Bowers, of the same twp., charging him with fornication and bastardy. He was arrested and gave bail in \$400 for his appearance at court.

Between ten and eleven o'clock on Sunday night of last week, some time after Miss Trimmer and her mother had retired, the former was awakened by the noise of retreating footsteps on the stairway, and to her horror, found her child missing. She alarmed her mother, who, springing up, saw a man in the act of closing the door. A neighbor was aroused and a search of the surrounding premises instituted, but without finding the child. "About an hour after sunrise next morning, the missing child was found lying in a strip of woods near by, in its night clothes, bruised about the head, but still alive. It was taken home and medical aid called in. Information was made against Bowers, charging him with the larceny of the child, &c., and indictments were found against him covering the offences by the Grand Jury last week. Bowers, we understand, has disappeared and has not yet been arrested.—Star & Sentinel.

Wanted.—Internal Revenue Stamps of all denominations at a reasonable discount.

Our Railroad.—During the past three months, great exertions have been made to convince those using iron, that in this section of the county, we had quantities of that ore which was of good quality. Several lots have been sent away to be examined by experts, and in every instance the verdict as to quality has been favorable. On Monday of this week a gentleman representing a large Iron Company, and another interested in developing iron mines and building railroads, are examining the proposed route of the D. B. and L. R. R., and looking at the veins of ore which have been opened. This is done with a view of seeing if the quantity of iron is sufficiently large to warrant the purchase of rails for the proposed road, and if the decision of these parties is favorable, it will be a long step towards securing that desired object. It was thought best by the board of directors to expend no money on grading the road until assured that rails could be had, and as the charter gave no authority to issue bonds, it was necessary to wait legislation or to secure outside aid.

Those interested in the success of the road have therefore been endeavoring to make the latter available through the iron resources of the county, and we trust property owners who have iron on their lands will second these exertions, by offering liberal leases to the parties who will furnish this aid.

Drowned.—At Dauphin on last Tuesday afternoon the body of an unknown man was found in Robinson's mill race immediately below the railroad bridge, about 100 yards from the railway station. The man had a red mustache and goatee and was clad in comfortably and neat garments. On each of his wrists was a ladies' bracelet. On the back of his head was a contused wound, which he probably received by being struck by a train or in falling from the bridge.

A QUERY? Will you allow me to ask if the limits of the jail have been extended so as to take in the Mansion House corner? Seeing persons who are sentenced to confinement in jail sitting around there prompts the inquiry. The public will be interested in the reply.
INQUIRER.

NEW BOOKS.

"THE CASTAWAYS," published by Lipincott & Co., Philadelphia, is one of the most readable books offered to the public this year. It is well written and the interest is kept up throughout the work. It is a romantic narrative, both pleasing and instructive, and no one who secures a copy will regret the outlay. The book is sold by subscription only. Agents are wanted by the publishers.

"THE UNDEVELOPED WEST," is another very interesting work descriptive of the country West of the Mississippi. It gives a great deal of very valuable information, told in a pleasant style, and is enlivened with anecdotes and illustrations.—It is not only a valuable book to those intending to emigrate to the West, but gives information which every person ought to have. The author of this work is Mr. J. H. Beadle, who spent five years in that section, collecting the facts now given to the public. The book cannot fail to have an immense sale, and can be had only by subscribing for it. An agent is wanted in every county to procure subscribers. Published by the National Publishing Company of Philadelphia.

Brief Items.

The Perry County Agricultural Fair will be held at Newport on October 1st, 2nd and 3rd.

Dr. Vance, the "Indian Doctor" who was taken to the penitentiary last week, attempted to commit suicide by cutting his throat.

Prof. Wm. H. Dill has been invited to deliver an address before the Snyder County Agricultural Association in Selinsgrove, to be held in October.

The big Camp Meeting at Newton Hamilton, began on Tuesday last. Many persons who are not Methodists have taken tents and the attendance is going to be immense.

A lad named Allen Favinger, of Newport, was kicked by a mule on Tuesday last and having his jaw bone broken and his face badly cut. Dr. Orris attended to the injuries.

Monday last, the contract for building a stone bridge with two arches, over the Cocalamus creek, in Greenwood twp., was awarded to Maj. J. R. Dunbar, of Newport, for the sum of \$2100.

Deer hunting is now legal, and from the way the young fellows hang around the church door evenings as the girls come out, they mean to find the "dears" too.

A chandelier in the Presbyterian church at Pine Grove, Centre county, exploded and set the building on fire last Sunday. The flames were subdued before much damage was done.

Doctor Johnson once reprimanded a man for selling liquor. "I must live," said the inn-keeper. "I see no necessity for that," replied the Doctor.

A coal oil car, caught fire on the Penn'a. R. R., about one mile below Newport, on Saturday evening, and was entirely consumed. It caused a stoppage of all trains, and created quite a jam. The dense smoke that arose from the fire, overshadowed the Juniata Valley, and must have been seen for miles around. The cause of the fire was a "hot box."

Nothing finer has yet been produced in this country in the form of a magazine than the September ALDINE. Europe and America have been laid under contribution to furnish the most marvellously beautiful pictures which the best artists can produce. Mr. A. F. Banner has a series of three magnificent views in the Rocky Mountains, made expressly for the ALDINE. In these days of Yellowstone expeditions and excursions to this famous region, these pictures possess unusual interest. A full page of Clear Creek Canon, Rocky Mountains, opens up the wonderful grandeur of those hidden solitudes in a way to make them seem real; a large picture of the Snowy Range of the Sierra Madre is wild, gloomy, and grand, while a sketch of the interior of the Rocky Mountains, gives one the impression that all the world is made of mountains. A charming full page picture after Lejune, a French artist, called "The Blue Bird," shows a bewitching young woman confined in a strong tower to keep her from her lover. Mr. John Hows, a New York artist, has a full-page study of "Brookside Willows," remarkable for its faithful interpretation of nature and minute detail. A fine picture is seldom seen. Mary A. Hallock gives a society sketch called "Who Is It?" of two ladies peeping down stairs to catch a glimpse of the man at the hall door, and several other fine illustrations are given. The Poems and Prose contributions are all excellent, and will be read with pleasure by every one who can appreciate literary merit. The departments of Music, Art, and Literature, are each well filled with good solid reading matter, fully maintaining the high reputation THE ALDINE has long since earned. Subscription price \$5.00 including Chromos "Village Belle" and "Crossing the Moor." James Sutton & Co., publishers, 58 Maiden Lane, N. Y.

Bloomfield Academy.—This school, which opened its new session last week, is rapidly increasing and bids fair to outstrip in the number of its scholars the previous spring session, large as that was. Several scholars from Cumberland county enter this week. The principal, Rev. John Edgar is on the ground with his able assistant, Prof. A. L. Markel. Miss E. M. Green and Miss Mary Harmon, both of Philadelphia, have charge, respectively of the Painting and Drawing and of the Music, Vocal and Instrumental.

Time Tests the Merits of all Things!

1840 FOR OVER THIRTY YEARS, 1872

PERRY DAVIS' PAIN-KILLER

Has been tested in every variety of climate, and by almost every nation known to Americans. It is the constant companion and inestimable friend of the missionary and the traveler on sea or land, and no one should travel on our Lakes or River without it.

Since the PAIN-KILLER was first introduced, and met with such extensive sale, many Liniments, Reliefs, Panaceas, and other remedies have been offered to the public, but not one of them has ever attained the truly enviable standing of the PAIN-KILLER.

WHY IS THIS SO?
It is because DAVIS' PAIN-KILLER is what it claims to be a Reliever of Pain.

ITS MERITS ARE UNSURPASSED.
If you are suffering from INTERNAL PAIN, Twenty or Thirty Drops in a Little Water will almost instantly cure you. There is nothing to equal it for.

COLIC, CRAMPS, SPASMS, HEART-BURN, DIARRHOEA, DYSENTERY, FLUX, WIND IN THE BOWELS, SOUR STOMACH, DYSPEPSIA, SICK HEADACHE.

In sections of the country where **FEVER AND AGUE** prevails, there is no remedy held in greater esteem. Persons traveling should keep it by them. A few drops, in water, will prevent sickness or bowel troubles from change of water.

From foreign countries the calls for PAIN-KILLER are great. It is found to **CURE CHOLERA WHEN ALL OTHER REMEDIES FAIL.**

WHEN USED EXTERNALLY, AS A LINIMENT, nothing gives quicker relief in Burns, Cuts, Bruises, Sprains, Stings from Insects, and Scalds. It removes the fire, and the wound heals like ordinary sores. Those suffering with **RHEUMATISM, GOUT, or NEURALGIA,** if not a positive cure, they find the Pain-Killer gives them relief when no other remedy will.

IT GIVES INSTANT RELIEF FROM **ACHING TEETH.**

EVERY HOUSE-KEEPER SHOULD KEEP IT AT HAND, and apply it on the first attack of any Pain. It will give satisfactory relief, and save hours of suffering. Do not trifle with yourselves by testing untried remedies. Be sure you call for and get the genuine PAIN-KILLER, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine. Full Directions accompany each bottle. Price 25 Cents; 50 cents and \$1 per Bottle. August 19, 1873—1m
