A Stockton, (Cal.) paper tells the following good joke:

"Where the road between Merced and Snelling crosses the Merced river that stream is about two hundred yards in width, and even at this season of the year, when the water is quite low, it looks like a dangerous and deep stream to cross. A short time since, a patent medicine agent, traveling on horseback through that section, came to the river and hesitated about attempting to ford it as he saw the wide expanse of rushing waters. There is no bridge anywhere along there, so after some indecision he concluded to swim his horse across. Spying a boy fishing in a small punt tied to the bank, he said:

"Hello, bub!"
"Hello, yourself."
"Can I get you to take my clothes across the river in your boat?"
"I reckon you kin, if you've got any soap."

"All right, I'll give you a quarter to take over my clothes and this carpet-sack to the opposite shore."

To this the boy nodded assent, and the stranger disrobed, turned over the carpet-sack and habiliments to the juvenile, who paddled out into the stream, and mounted his horse, prepared to swim the river and enjoy the luxury of a bath. With a splash at every moment, the horse stepped into the stream and walked across—the water was nowhere more than eighteen inches deep! To say that that medicine man, perched on the back of his horse, was a man of iniquity for the space of half an hour would hardly do justice to the occasion. There were enough "dams" along the Merced that afternoon to supply a hundred mill-sites."

The Atlantic Balloon.

The Graphic Balloon for the trip to Europe, is to be ready by the 10th or the 15th inst., every preparation is being rapidly pushed forward. A few days since Prof. Donaldson, the aeronaut left New York for Long Branch, in the canoe which is to be attached to the balloon in the voyage across the Atlantic. Two miniature sails were spread on a bamboo mast, with which and a broad paddle for steering the voyager began his travels. The waters of the upper bay were passed successfully, and the canoeist spent the night in his boat on the shore of Staten Island. Next morning he resumed his trip in the teeth of a high sea under a northeast wind. Temporary landings were made at Red Bank and Coney Island. From the latter point along the coast to Long Branch the voyage was made in a sea that often hid the little craft in the trough. Off the Branch its strange rig made it the principal object of interest, and a great multitude collected when it was headed for shore. It reached the Branch without accident until in the last breaker it was fairly submerged, coming up without its crew and freight. The professional bathers rushed in and dragged Professor Donaldson out, and the next wave washed ashore the canoe and its scattered contents.

A York County Hermit.

They have a genuine hermit in York county. He is about fifty years old, does not shave, considering it wrong to do so. He abandoned business some years ago, and renounced all intercourse with the world. He lives alone in a small log house 14 by 16 feet, with a loft above, in which he sleeps, and a small pit beneath the lower floor, in which he stows his winter vegetables. His house cost him only \$11.50. He cultivates an acre of ground, and raises more on it than he can consume. He eats no meat, grinds his own grain in a hand-mill, does his own cooking, and dispenses with a table, eating out of the vessel in which his food is cooked. The whole cost of his living he estimates at thirty cents a week, or sixteen dollars a year. His furniture consists of three chairs, a desk, a bureau with drawers, a saucepan and kettle, a bucket, a pitcher, one earthen dish, and some cups made of cocoon shells. He drinks nothing with his meals, and but water at any time. His house is kept scrupulously clean, and he seems to be perfectly contented. He raises more than he can consume upon his acre of ground, and sells the surplus. He has thus laid by money, which he puts out at interest. He is said to have been led to this method of life by reading the works of Fowler and Wells upon vegetable diet. His name is George Gite, and he has brothers who are noted for their activity in life, one being a prominent merchant in Hanover, and the other a prominent civil engineer.

Terrible Storm in Nova Scotia.

A terrible storm last week visited Nova Scotia. Private dispatches received state that the storm was the most severe ever experienced in that section of the country. Over 100 miles of the Montreal telegraph wire was blown down, and there was a fearful destruction of bridges, trees, telegraph wires and poles from Dorchester, New Brunswick, to Plaster Caver. Trees were blown down in all directions, and the wires blown across them and tangled up. Great destruction of property is reported at Shediac, and the prevailing opinion there was that the storm was even more violent further east.

THE GREAT REMEDY FOR CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

IS THE MOST POWERFUL CLEANSER, strengthener and remover of glandular obstructions known to Materia Medica. IT IS SPECIALLY ADAPTED to constitutions "worn down" and debilitated by the warm weather of Spring and Summer, when the blood is not in active circulation, consequently gathering impurities from the sluggishness and imperfect action of the secretory organs, and is manifested by Tumors, Eruptions, Blisters, Pustules, Scrofula, &c., &c. WHEN WEARY AND LANGUID from over-work, and dulness, drowsiness and inertia take the place of energy and vigor, the system needs a Tonic to build it up and help the Vital Forces to regain their recuperative power. IN THE HEAT OF SUMMER, frequently the Liver and Spleen do not properly perform their functions; the Urinary and Urinary Organs are inactive, producing weakness of the stomach and intestines and a predisposition to bilious derangement.

Dr. Wells' Extract of Jurubera IS PREPARED DIRECTLY from the South American Plant, and is peculiarly suited to all these difficulties; it will cleanse the Vitiated Blood, strengthen the Life-Giving Powers, and remove all Obstructions and Impaired and Enfeebled Organs. IT SHOULD BE FREELY TAKEN, as Jurubera is pronounced by medical writers the most efficient Purifier, Tonic and Deobstruent known in the whole range of medicinal plants. JOHN Q. KELLOGG, 18 Platt St., New York. Sole Agent for the United States. Price One Dollar per Bottle. Send for Circular.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetters, Salt-Rheum, Blisters, Spots, Pimples, Pastules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Ulcers and Diseases of the Skin of whatever nature or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
