That Favorite Home Remedy, PAIN-KILLER

Has been before the public over Thirty Years, and probably has a wider and better reputation than any other proprietary medicine of the present day. At this period there are but few unacquainted with the merits of the PAIN-KILLER; but, while some extol it as a liniment, they know but little of its power in easing pain when taken internally.

DAVIS' PAIN-KILLER is a purely vegetable compound, prepared from the best and purest materials, and with a care that insures the most perfect uniformity in the medicine; and while it is a most effective remedy for pain, it is a perfectly safe medicine, even in the most unskillful hands.

After over thirty years' trial, it is still receiving the most unqualified testimonials to its virtues, from persons of the highest character and responsibility. Eminent Physicians commend it as a most effectual preparation for the extinction of pain.
