Barn Burned.—On Tuesday night of last week, Gen. John P. Taylor's barn, with all its contents, in Brown township, Mifflin county, was destroyed by fire; the work of incendiary. Both he and his tenants are heavy losers. The fire occurred about 1 o'clock. Loss about \$5,000.

Man Fatally Injured.—Thursday evening a week, an old man named Neal McBride, who resided near Huntingdon, was struck by an empty car near that station and knocked down and run over. His right foot was cut off at the shoe top and the calf of his left leg badly crushed, though the bones of the leg were not broken. He was probably injured internally, for he died the same night. He was a feeble old man of 87 years, quite deaf, and had been sick nigh unto death a short time prior to the occurrence of the accident.

Not Pleased.—Much dissatisfaction exists among those who desired to be present at teachers' examinations, because public notice was not given as to when these examinations would be held. One subscriber writes to know why we did not publish the days designated for the different districts of this county, when we gave such notice for the adjoining counties. The only reason why we did not give such notice, was that while we were furnished such information from Juniata and Cumberland counties, we had no information regarding the examination in Perry.

Not Used to the Cars.—On Monday of last week a girl named Boyer, aged 15 or 16 years, whose step-mother lives near Millerstown, took the train at that station for Newport. When near that place, the conductor called out, "Newport," when the girl immediately took her satchel and jumped of the train while it was yet moving quite rapidly. A freight train was passing up just at that time and the girl was between the two trains, yet strange to say, the only injury she received was slight bruises on the arm. As soon as the train stopped, a brakeman hurried back, expecting to find her at least badly hurt, but met her coming along all right. The girl said she never was on the cars before and had been told to hurry out as soon as the station was called, she therefore followed her instructions a little too closely.

Another Fatal Accident.—William Moore, aged about sixty years, was instantly killed between eleven and twelve o'clock yesterday on the Pennsylvania railroad at Cox's alley near Second street. While walking between the fence and railroad (only two or three feet apart) he is supposed to have slipped and fallen against a car being shifted by engine 190, the result of which was to throw him under the wheels and to crush his body across the abdomen terribly. Deceased resided on Eleventh street near Hamilton's brick yard, where he owned a house and several lots. A wife and several children survive him. The coroner's jury donated their fees to the bereaved widow.—Harrisburg Patriot.

Narrow Escape.—The Reading Eagle of last week, contains the following account of the narrow escape of a boy in that city: A miraculous escape from instant death occurred on the Philadelphia and Reading railroad. A lad about 11 years of age, named Reed, attempted to cross the track this side of the railroad company's rolling mill, when the pilot of the 4 o'clock passenger train which was approaching Reading, struck him and threw him as high as the smoke stack. In descending the boy alighted on one of the bumpers of the engine, when engineer Lufkins rushed forward and held the lad until the engine stepped at the upper station. Strange to say the boy was but very slightly hurt, and refused to be assisted from the depot to his home. His foot was slightly lacerated, and he complained of pain in his arm.

Important Sale.—On Saturday, the 18th of October, next, the Assignees of the late George Hoffman, will sell at the Mansion Farm, 2 1/2 miles east of Bloomfield, the assigned personal property, consisting of Horses, cattle and farming implements, lumber, hay, &c. Sale to commence at 10 o'clock A. M.

Cumberland County.—About four o'clock on Monday of last week, Oliver G. Myers, of Carlisle, was killed on the Cumberland Valley railroad, near Kingston and William Murray, of Chambersburg, thrown a distance of twenty feet, into a field. The deceased had been in charge of several empty coal cars, which he intended to have loaded at Williamstown, that county. At the place of accident these cars are supposed to have left the rails, causing those following (about twenty loaded ones) to pile up on them and involving the complete wreck of twelve or fifteen. Mr. Myers was sleeping in the caboose when the catastrophe occurred, and when discovered was lifeless, having been badly mangled. The remains of the deceased was conveyed to Carlisle, where he leaves a wife and two children.

A little son of Mr. S. A. Pague, tanner, aged about five years, whilst riding on a flying-horse fell off and broke his leg, on Tuesday, at Carlisle.

James Blair, of Shippensburg, has discarded wood, and now burns his brick with coal. The brick are more speedily burned and are brighter in color than by the old process. He has burnt three kilns this season, with coal, and now has no disposition to return to the old method.

The Old Lady's Opinion.—"When I go to buy," said an old lady, "I allus ask for what I wants, and if they have it, and it's suitable, and I feel inclined to take it, and it's cheap, and it can't be got at any place for less, I almost allus take it, without chaffering all day, as most people do, and I always go to F. Mortimer's to do my trading, for then I am sure to find what I want at the price I think cheap, and it don't do any good to try to 'jew' him either, for I never could do it."

Spring Township Schools.—The schools of Spring township were given out Saturday, Sept. 27th. Teachers, and salaries paid are as follows:

Table with 2 columns: Name and Salary. Johnson Rice, Elliottsburg school, \$32.50 per month. H. G. Tressler, Germany, \$1.00. D. Kane, Milltown, \$30.00. C. M. Meadeth, St. Peters, \$28.00. Geo. Waggoner, Union, \$30.00. A. Glen, Quaker Point, \$30.00. Miss Alice Waggoner, Springdale, \$30.00.

Juniata County.—A correspondent sends the following:

Some excitement was caused last week by a report that the Juniata Valley bank had suspended. It was soon found, however, that the report was entirely unfounded. The story originated from the fact that the bank kept a city account with the suspended city institutions, and had at the time in their hands nearly \$25,000. The locking up of that sum causes some inconvenience in their foreign business, but does not in the least interfere with home depositors, or the regular business. Both our banks are entirely safe and reliable.

On Friday evening the 19th inst., a fellow called "Dad Smith," attacked Samuel Buck in his store, at Perysville, and inflicted severe injuries on his head and face. "Dad" pretended to imagine that Mr. Buck owed him a dollar and demanded it, which demand Mr. B. refused to comply with as he owed him nothing. The fellow was arrested and taken to jail in Mifflin. It is to be hoped that he will be kept a while in close quarters.

Most of the farmers are done with their fall seeding in this vicinity, and many fields of grain are already nicely up.

On Wednesday a serious accident happened to George Baker in Patterson. He was digging a drain on R. R. avenue, when the sides caved in burying him nearly out of sight. Help came to relieve him at once, but when got out it was found that he had received serious injuries internally.

Lykens Items.—A correspondent from Lykens sends the following items: On Thursday morning a boy by the name of Coles, attempted to jump on the moving cars in the Big Lick Slope, but slipped and had both legs taken off. His case is hopeless.

On the same morning at the short Mountain Colliery, a man by the name of Anders had one of his legs badly crushed. He was taken to his home some thirteen or fourteen miles distant.

The dog that fought Wade when he committed the McBride murders, will fight no more, as the cars cut him in two at Newport last Saturday.

When a business firm can afford nothing more expensive than postal cards to acknowledge the receipts of money, they ought to sell out to some one who can. Nice things to file, postal card receipts are.

Samuel Hale, residing near Scotland, Franklin county, one day last week threshed 78 dozen of wheat from which he received 81 bushels, weighing 65 pounds to the bushel. He challenges any one to beat it.

The Shippensburg Sentinel says: A walk about town revealed the fact that at least one-third of the married women split their own wood. The women of that town are either very smart, or the men very lazy.

Thursday morning, at about 2 or 3 o'clock Friling's residence and store on Market street, Sunbury, with all the contents, and all the outbuildings on the premises, were destroyed by fire. This was the first building above the court house. Loss about \$3,000; insurance about \$1500.

An old farmer up in Clinton county, when asked by a traveling agent if he didn't want to buy a "Weed sewing machine," got mad, and said he could "raise enough weeds without sowing 'em." But when spoke to about a Singer Machine, his good humor returned and he ordered one at once. They can be had of F. Mortimer, New Bloomfield, A. F. Keim, Newport, or Jas. P. Long, Buffalo township.

Bloomfield Academy.—This school, which opened its new session last week, is rapidly increasing and bids fair to outstrip in the number of its scholars the previous spring session, large as that was. Several scholars from Cumberland county enter this week. The principal, Rev. John Edgar is on the ground with his able assistant, Prof. A. L. Markel. Miss E. M. Green and Miss Mary Harmon, both of Philadelphia, have charge, respectively of the Painting and Drawing and of the Music, Vocal and Instrumental.

WANTED! Internal Revenue Stamps of all descriptions, at a reasonable discount. J. A. H. FERGUSON, Newport, Perry Co., Pa.

An Act of Cruelty. Chapped hands and face are the most serious annoyances that farmers, and people who labor much out of doors, experience from exposure. Exposed persons, especially children, repeatedly suffer intensely from great cracks upon the hands that often bleed. It is cruel to allow one's self or others to suffer in this way when the means of positive prevention are so easy to be had, and so cheaply, as to pay ten cents for a cake of Hand Sapolio. Hand Sapolio is not only better than the costliest soap for removing dirt, but it prevents chapping, and renders the skin soft and pliable. Sold everywhere.

That Favorite Home Remedy,

PAIN-KILLER

Has been before the public over Thirty Years, and probably has a wider and better reputation than any other proprietary medicine of the present day. At this period there are but few unacquainted with the merits of the PAIN-KILLER; but, while some extol it as a liniment, they know but little of its power in easing pain when taken internally; while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all, that it is equally successful, whether used internally or externally. It is sufficient evidence of its virtues as a standard medicine to know that it is now used in all parts of the world, and that its sale is constantly increasing. No curative agent has had such a wide spread sale or given such universal satisfaction.

DAVIS' PAIN-KILLER is a purely vegetable compound, prepared from the best and purest materials, and with a care that insures the most perfect uniformity in the medicine; and while it is a most effective remedy for pain, it is a perfectly safe medicine, even in the most unskilful hands.

It is eminently a FAMILY MEDICINE; and by being kept ready for immediate resort, will save many an hour of suffering, and many a dollar in time and doctor's bills.

After over thirty years' trial, it is still receiving the most unqualified testimonials to its virtues, from persons of the highest character and responsibility. Eminent Physicians commend it as a most effectual preparation for the extinction of pain. It is not only the best remedy ever known for Bruises, Cuts, Burns, &c., but for the Dysentery, or Cholera, or any sort of bowel complaint, it is a remedy unsurpassed for efficiency, and rapidity of action. In the great cities of India, and other hot climates, it has become the standard medicine for all such complaints, and other kindred disorders. For Coughs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony to be an invaluable medicine.

We would caution the public against all imitations of our preparation, either in name, or style of putting up.
