OUR city exchanges say that since the panic has seized upon some of the people in the country, and induced them to withdraw their deposits from the banks, the thieves smell their game afar off, and have gone to the country like vultures, to light upon those who keep money at their homes.

A SPECIAL ELECTION will be held on the 3rd Tuesday in December, to decide on the acceptance or rejection of the amended constitution. The convention adjourns to meet again at Harrisburg, on the 24th of December, when the returns of the election are ready to be acted upon.

ELECTIONS will be held to-day in ten states of the Union, namely: New York, New Jersey, Massachusetts, Minnesota, Virginia, Maryland, Arkansas, Wisconsin, Mississippi and Kansas. Massachusetts, Mississippi, Virginia and Wisconsin choose governors.

THE amount of silver paid out by the U. S. Treasury last week, was only about \$3,000, as it was only given out in sums of \$5, or less. This increase of the circulating medium gives each one thousand individuals a ten-cent piece, to divide among them. At this rate, it will be some time before the Forty Millions of fractional currency can all be dispensed with, or the pockets of the people will be in danger.

THE Bride who said No. On Sunday as the Rev. Mr. Garman, of the United Brethren church in York, Pa., was conducting the services at the Union church at Yocumtown, York county, the sexton handed him a note. After the sermon was completed the minister announced he had the pleasure of stating that a couple in the congregation desired to be united in the holy bonds of matrimony, and that the candidates should immediately present themselves. There was a considerable flutter in the assemblage—every eye staring around to see the happy couple. After some delay a fine and buoyant couple came marching up the aisle to the altar. The reverend gentleman immediately proceeded with the ceremony, and the groom answered promptly "Yes, I will," but to the dismay and astonishment of the clergyman and audience, when it came to the bride's turn, she answered just as promptly, "No, I will not," and smilingly left the church all alone, leaving the half married man in a quandary what to do. "Such is life."

Freight Car Robbers. A great deal of freight has mysteriously disappeared out of the freight cars on the Detroit Eel River and Illinois railroad in the last two months, and the company's officers have been hard at work ferreting out the guilty parties, who prove to be some of their own employees. The principal in these robberies has been J. L. Spangler, the agent at Auburn Junction, who, with one brakeman, the night watchman and two firemen, were promptly arrested, and their premises searched, which resulted in finding a large quantity of the stolen goods. The company intends to give the culprits the full extent of the law and thus deter others from following the conduct of the guilty parties.

Miss Perry, of Tremont, Schuylkill county, tried to kill herself with a knife because her lover had grown cold in his affections and had resolved to marry another.

Official Returns.

Below will be found the returns from all the counties in the State, of the vote cast for State Treasurer this fall and the vote for Governor last fall, as it is sometimes desirable to compare the votes of different years. The total majority for Supreme Judge is only 14,199.

Table with columns for 1872 GOVERNOR, 1873 GOVERNOR, 1872 TREASURER, and 1873 TREASURER. Rows list counties and candidates with their respective vote counts.

Miscellaneous News Items.

The trial of Udderzook, for the alleged murder of Goss is now in progress, in Chester county.

A Boston reporter found a package of \$10,000 the other day, and he refused the two dollars which the owner tendered him. Some folks are particular.

A few days ago, in Emporium, a mother undertook to punish her son, a lad fourteen years of age, when he resisted and fled. The mother started after him, and being cross-eyed, caught another woman's boy in place of her own, and gave him a flogging before she noticed her mistake.

It is estimated that New Hampshire has furnished more money for western railroads during the last twenty years than the whole manufacturing interests of the state are worth, and the same can with truth be said of Perry county. And the question might with propriety be asked why this is so.

San Francisco, October 27.—Mrs. Yano, wife of the Japanese Charge d'Affaires, at Washington, arrived here by steamer this evening, for the purpose of joining her husband. She is the first Japanese lady who has left her native country to join her husband in foreign lands. Mrs. Yano will go to Washington overland.

On Tuesday last, at New York, three ruffians entered the residence of Mr. Beefke, on Amity street seized Mrs. Beefke poured some liquid down her throat which rendered her insensible, ransacked the house, took the ear rings from the stupefied woman, whom they had tied to a piano, and were about to leave with a trunk full of plunder, when Mr. Beefke came in and the robbers fled.

Poughkeepsie dispatches state that the most serious results are following the labor panic in Dutchess county. The brickmakers have all been discharged, and the carpenters' business is at a standstill, and many men discharged. Some of the factories are running on three-quarter time. About two thousand hands employed at the print-works, at Wappinger's Falls, Cohoes, Rochester, Pleasant Valley, Newberg and Haverstraw, have all been thrown out of work by the closing of the works by the order of Garner & Co.

Lock Haven, Pa., October 28.—George Yocum, aged 86 years, of the firm of Bush & Yocum, lawyers, of Bellefonte, accidentally shot himself yesterday while out hunting, near Three Runs, Clearfield county. After walking and riding in a wagon for twelve miles, he reached Sinnamahoning and was brought here on a train and died to-day. He was the choice of the Republicans of Centre county for Congress last fall, but at the District Conference meeting gave away to Hon. S. Rosa.

A car containing 200 sheep, standing on the New Jersey Central track at Claremont was set on fire by sparks from a passing locomotive, and before it was discovered was completely enveloped in flames. The bleating of the sheep attracted the attention of a gang of track hands in the vicinity, and they at once proceeded to demolish the sides of the car in order to allow the sheep to escape, and their efforts were so far successful that only ten of the animals were burned to death. New York, October 27.—Five thousand persons are thrown out of employment by the suspension of the Harmony Cotton Mills in Cohoes. The pay-rolls of the mills foot up \$80,000 monthly. TO THE PUBLIC!

THE PAIN-KILLER manufactured by PERRY DAVIS & SON has won for itself a reputation unsurpassed in medical preparations. The universality of the demand for the Pain-Killer is a novel, interesting, and surprising feature in the history of this medicine.—The Pain-Killer is now regularly sold in large and steadily increasing quantities, not only to general agents in every State and Territory of the Union, and every Province in British America, but to Buenos Ayres, Brazil, Uruguay, Peru, Chili, and other South American States, to the Sandwich Islands; to England and Continental Europe; to Mozambique, Madagascar, Zanzibar and other African lands; to Australia and Calcutta, Rangoon and other places in India. It has also been sent to China, and we doubt if there is any foreign port or any city in Africa or Asia, which is frequented by American and European missionaries, travelers or traders, into which the Pain-Killer has not been introduced.

The extent of its usefulness is another great feature of this remarkable medicine. It is not only the best thing ever known, as every body will confess, for bruises, cuts, burns, &c., but for dysentery or cholera, or any sort of bowel complaint, it is a remedy unsurpassed for efficiency and rapidity of action. In the great cities of British India and the West India Islands and other hot climates, it has become the standard medicine for all such complaints, as well as dyspepsia, liver complaints, and other kindred disorders. For coughs and colds, croup, asthma, and rheumatic difficulties it has been proved by the most abundant and convincing trials and testimony, to be an invaluable medicine. The proprietors are in possession of letters from persons of the highest character and responsibility, testifying in unequivocal terms to the cures effected and the satisfactory results produced, in an endless variety of cases by the use of this great medicine. That the Pain-Killer is deserving of all its propitiators' claim for it is amply proved by the unparalleled popularity it has attained. It is a sure and effective remedy. It is sold in almost every country in the world, and is becoming more and more popular every year. Its healing properties have been fully tested, all over the world and it need only to be known to be prized.
