XAdmitted .- On Monday of last week, J.

Edward Junkin, Esq., passed his examination in a very satisfactory manner before a

committee, consisting of C. J. T. McIntire,

Lewis Potter and Chas. H.Smiley, Esquires,

and was on motion of Chas. H. Smiley Esq.

Rescued by a Broom Stick .- On Friday

afternoon last, Sheriff Rinesmith entered

the shop of Henry Bentzel, in this borough,

and got into a dispute with the proprietor. After some angry words had passed be-

tween them, Bentzel seized and threw a

two pound weight at the Sheriff. The

two men then clinched, and while the Sheriff was trying to pull Bentzel over the

counter, Mrs. Bentzel put in an appear-

ance armed with a broom, the handle of which she used over the Sheriff, so vigor-

ously that he beat a retreat leaving the

wielder of the broom the victory. During

the melee, the Sheriff fell against the edge

of the door casing and cut a gash in his head from which the blood flowed freely and had his hand skinned in warding off a

blow from the weight. Bentzel lost a light of glass from his show case, in the muss, but the broom and the woman came out of

the fracas entirely unharmed, and ready to rescue her husband again should occasion

Sad Case of Drowning .- On Wednesday the 22nd ult., Ellie Freck, aged about 17

years and daughter of Capt. Freck, of

Liverpool, was drowned in the canal, between Wm. Fry's store and Mt. Patrick. At

the time of the accident Miss Freck was

steering the boat, when the tiller came out

of the rudder post causing her to lose her

balance and fall overboard. Though her

three sisters and a brother saw her fall into

the water, they were unable to render her

any assistance, and before other aid could

come to her relief, she was drowned. The

body was recovered a short time afterwards

by one of the company's flats and taken

to Liverpool, for burial. Capt. Freck had

left the boat a short distance from where

the accident happened to take his wife who

was ill to the residence of John DeHaven,

instructing his boat to wait at Fry's wharf

till he overtook them, but they not obeying his instructions caused the death of his

Court convened on Monday, the 27th of October. All the Judges were in attend-ance. The business that was gone through with was not as important in its character, as at other Courts, generally. On Monday the usual miscellaneous matter was disposed of.

On motion of Chas. H. Smiley, J. E. Junkin was admitted to practice law in the courts of this county.

COMMON PLEAS.

COMMON PLEAS. Wm. T. Sheibly vs. Barbara Sheibly, an action for divorce. The grounds of com-plaint were crucel and barbarous treatment and desertion in the part of the wife. The trial excited considerable merriment, and fully proved that the "Honey-Moon" had but a short duration with this couple. The jury found for the plaintiff. George Shreifler's executor vs. Wm. Tritt. These were two cases tried before the same jury. Judgments had been given

the same jury. Judgments had been given by the defendant to Geo. Shreffler, in his lifetime to secure the unpaid purchase money of a tract of land he had bought from the said Shreffler. After his death, Tritt applied to the Court to open the said judgments on the ground, that there had been a reservation of the bark right on the sale of the land by Shreffler, and that the same was not known to him and Shreffler same was not known to him and Shreffler had executed a deed in fee-simple. He also alleged set-offs. On the trial it was proved that Tritt was cognizant of the reservation of the bark right. The jury found for the plaintiff, in the one case \$824.92, and in the other \$307.57. Dr. James Galbraith's Administrators vs. Thomas Winn. This was an action become to account the second of a dester

brought to recover the amount of a doctor bill. The defendant claimed that the ac-count was barred by the statute of limita tions and that many of the charges were unreasonable. The jury found for plain-tiff \$200, damages. The defendants coun-sel made a motion for a new trial.

sel made a motion for a new trial. Henry A Buckwalter, Executor of Mar-garet Marshall, deceased, vs. Wm.Marshall. This was an action of Trover and conver-sion brought by plaintiff to recover dam-ages for the retention of certain personal property, by defendant, which he alleged was the property of Margaret Marshall, at the time of her decease. The defense claimed that an absolute gift of the proper-ty in dispute, had been made by Margaret Marshall, to her son, the defendant in this action, prior to her death. The Jury found for defendant. Doty, Parker, & Co., vs. Ellas Fisher. This action was brought to recover the amount of a note on which the defendant was endorser. It appears from the trial

was endorser. It appears from the trial that Watson Gantt, had contracted to build a couple of houses for plaintiffs, in Mifflintown, Juniata county, and that he pur-chased brick of the defendant in this action for that purpose. The defendant went to see Mr. Gantt, some time after to receive payment for said brick. Mr. Gantt, in-stead of giving him a check for the money, drew up a note in the banking house of plaintiff's, payable to the order of defend-ant, and the cashier of said bank laid the note upon the counter in said banking house, with its face down, and asked de-fendant to endorse the same. The defendant alleged that he fully believed that it was a check, and endorsed it as requested, and received the full amount of the note. The note was afterwards protested and de-fendant duly notified that he would be held

liable for payment of same. The Jury found for plaintiffs to the full amount of their claim.

Upon a petition of David Bixler, the Court appointed Messrs. Wm. McClure, John Stambaugh and George Hoobaugh reviewers to review and assess damages sus-tained by said David Bixler, by reason of the school directors of Juniata school dis-trict locating a school house upon his prem-

QUARTER SESSIONS.

Commonwealth, vs. Jerome Kauffman. Indictment Fornication and Bastardy, upon oath of Margaret Fair. The defendant found an alibi, and the Jury sequitted him. found an alibi, and the Jury sequitted him. Commonwealth vs. John Shull, Indict-ment assault and battery, upon informa-tion of William Hockenburry. Jury found defendant guilty in manner and form as he stood indicted. The court sentenced him to pay a fine of \$5, and costs of prosecution and stand committed until sentence is complied with.

A Queer Decision.

The Record says : We are reliably in-formed that the election boards of this borough and Penn township, united upon a decision during the recent election, which is rather surprising, to say the least. It was that all erasions of names or substitution of others on the ticket, done with a lead pencil were illegal, and they therefore threw out all votes for such names as were scratched in that manner. We do not pretend to be exceedingly well versed in the election laws, and are always ready to receive information. If, therefore, it is not too much trouble for the gentlemen com-posing these boards, we would like the m to state where they get their "authority for such a decision" such a decision.

Cumberland County .-- From the Cumberland county papers of last week we copy the following :

An aged lady named Mrs. Risinger, fell on the pavement on East street, Carlisle, on Monday night, and broke her leg.

One day last week while a little son and daughter of Mr. Joseph Drawbaugh, of North Middleton township, were playing in the yard with a hatchet, the lad acci-dentally cut one of his sister's fingers off while in the act of cutting a stick in half. Unfortunately for the little girl she is nearsighted, and in consequence was not cogni-zant of the danger she was in until too late to avoid the accident.

Mr. Jas. Coyle, of South Middleton twp., met with a painful accident one day last week, under the following circumstances. He was erecting a barn for Sprole Woods, in Dickinson township, and while hewing a log with a broad-axe, the axe slipped in some manner, striking his knee inflicting a very painful wound. Dr. Kieffer was called in and rendered the necessary assistance

On Friday morning last, at about one o'clock, the people living near Mr. Andrew Comery's saw-mill, in Frankford township, were aroused by the burning of the mill. A number arrived on the spot while the building were burning but but at the building was burning but not soon enough to save any part of it. The loss is estima-ted at near \$1000.

The excursion train which left Shippensburg at 8 o'clock on Tuesday morning for Martinsburg, W. V., met with a very un-expected accident at Scotland. It appears that several workmen were engaged in shifting a car loaded with iron from the shifting a car loaded with iron from the main track to the siding, but had only partially succeeded in so doing, when the excursion train approached. The iron car was about half way on the siding when the engine "Susquehanna," which was going at medium speed, struck it, causing there-by a general smash-up of the iron car and engine. About 500 persons from Ship-pensburg and vicinity were aboard, none of whom were injured, except J. Hiram Hubley, assistant cashier of the Farmers' Hubley, assistant cashier of the Farmers' and Mechanics' Bank, and John Bash, train watchman at this place. Both men have returned to town—their injuries are not dangerous.

Juniata County .- From the Mifflintown papers of last week we copy the followng

Dr. Sterret of Academia, was thrown from his buggy last Thursday at the lower railroad crossing at Patterson. The horse he was driving frightened at a locomotive, and before the doctor could recover and manage the scared animal it had wheeled and users the horse. The doctor was an and upset the buggy. The doctor was con-siderably hurt, but not to such a degree as to prevent him from returning home the same day.

Hiram Ard, Deputy Sheriff, went to McVeytown last Saturday to arrest Mr. West, an attorney-at-law, for the purpose of bringing him to Mifflin to recover costs of a certain law-suit in which Mr. West was a party. Mr. West informed the Deputy that his warraut was defective and Deputy that his warrant was defective and that he need not accompany him, but said he would go as far as Lewistown. That place was reached in due time, and there Mr. West prepared to leave the car. The Deputy ordered him to remain and accom-pany him to Mifflin under the warrant. This he refused to do and proceeded to Deputy him to Mifflin under the warrant. This he refused to do, and proceeded to leave the car. Mr. Ard laid hold of him and prevented him from getting out. Meanwhile Mr. West kept up the dreadful cry of "Murder ! murder !" most lustily, thereby exciting the passengers of the car to a high degree.

Mrs. Isaac Shatto, of Newport, found a small pimple on one of her children last week, which on investigation was found to be caused by a piece of a needle about one inch long, which the Doctor extracted. How it came there is a mystery.

The Juniata Valley Camp Meeting As-sociation has declared dividends upon its stock of 7 per cent. for 1872, and 10 per cent. for 1873. On the 6th inst., thirteen Directors for the ensuing year are to be elected at the Association's office in New-ton Resultant ton Hamilton.

On Friday night a week Mrs. John Hade of Quincy township, Franklin county, who is in her 88th year, tripped on the carpet and fell, seriously fracturing her thigh bons, from the effects of which she is likely to be permanently disabled.

In the Williamsport Sun, of last week Octave Leburn, advertises two young fel-lows from New Bloomfield, named Samuel having Freet and Nathaniel Dorman, as having left her house without paying their board. She must be mistaken in the locality as there are no such persons living in this vicinity.

Last week we met an old farmer who had recently buried his wife, and thinking to condole with him a little, remarked that he had met with a great loss, through the death of his wife. He feelingly replied. Great loss ! you may well say so, that wo-man could make the best Sauer Kraut of any woman in Perry county.

H. Barney, aged about 30 years, was shot in Little Germany, the 30th ult. Barney had been working for Mr. Henry Foose, and refused to eat his usual amount until he was unable to work, and his friends thought the best way to get rid of him, was to shoot him. Though blind of one eye, and having the reputation of being a little lazy, he was a very quiet and intelligent horse

ors of the Poor, of Berks county, have issued an order requiring the professional beggars and tramps who stop at the county almshouse over night to break stones the following morning about two hours for their supper, lodging and breakfast. The Eagle says : "The news spread among the traveling paupers the same day, and the very next morning there were only six stragglers to break stones. The first morning there were twelve. On Wednesday evening a traveler appeared at the Berks county almshouse, who stated that on Monday he had heard at Harrisburg that preparation was being made for breaking stones on the "Berks County Farm," and when he reached Lebanon on Tuesday evening he learned that operations had been commenced that morning, which shows how rapidly the news spread.

Such a rule adopted at the jail and poor honse in this county, would save the taxpayers from feeding many worthless tramps.

Wetting Coal .- People who prefer wetting the winter's store of coal to lay the dust on putting it into their cellars do not generally know that they are laying up for themselves a store of sore throats and other evils consequent upon the practice. Even the fire-damp, says an exchange, which escapes from the coal mines, arises from the slow decomposition of coal at temperatures of but little above that of the atmosphere, but under augmented pressure. By wetting a mass of freshly broken coal and putting st into a cellar, the mass is heated to such a degree that carburetted and sulphuretted hydrogen are given off for a longer time and pervades the whole house. The liability of wet coal to mischievous results under such circumstances may be appreciated from the fact that there are several instances on record of spontaneous combustion of coal when stowed into the bunkers or holds of vessels. And from this cause doubtless, many missing coal vessels have perished.
