LOCAL DEPARTMENT.

Notices of Marriages and Deaths not exceeding four lines, will be inserted free, and friends throughout the county are requested to send such notices in.

Brief Items.

The furnace at Newport, has blown out for the present, owing to dull times.

Cumberland county is troubled with an over supply of "tramps."

The editors of Centre county held a meeting and resolved that no paper should leave their respective offices after the first of January next unless prepaid.

The Chicken Cholera, has not troubled Cambria, county, judging from the supply of roosters, Woodruff shows in the Johnstown Democrat.

Mrs. Sarah Fisher, of Annville, an old lady about 80 years of age, retired in her usual health, on Monday evening, and on Tuesday morning was found dead in her bed.

We don't know whether Mr. Samuel Kepperly, of Carroll twp., has a stump pulper or not, but if not, he must soon get one, if his wife raises many such turpins as one brought in last week. It was a whopper, weighing nearly 6 pounds, and measuring 2 feet in circumference.

The motive power of Beavertown Mill, in Tod township, Huntingdon county, was suddenly stopped, and efforts to start it were futile. The next morning, upon examination, it was found that the wheel was full of cels, and upwards of a bushel were taken out before the wheel would pursue its daily rounds.

The Lewistown Democrat says: On Monday last somebody wounded a young buck, somewhere up Granville run, and it crossed the river a short distance below the Granville bridge, where Mrs. Joseph Long, with her children and dog, made chase, and after several hard tussles threw it down a fifty-foot precipice to the canal below, which ended its running, and it was easily captured.

On Tuesday last, Reuben Herrington, a worthy citizen of Granville township, Mifflin county, was instantly killed whilst engaged at work in the mines of the Juniata Sand Company. He had exploded a blast, and was engaged in working loose a large rock overhead, with a steel pointed bar, when the rock suddenly fell, striking the bar and driving the lower point into his brain, just above the eye, producing instant death.

SPECIAL NOTICE.—Having laid in an unusual heavy stock which must be closed out, I am selling off at greatly reduced prices. Persons wanting goods of any kind will make money by giving me a call.

Leg Broken.—Last week, Mrs. Polly Bumbaugh, made a misstep going down the steps leading to the railroad track at the Duncannon depot, and fell forward in such a manner as to break her leg. The fracture is a very serious one and will probably lay the old lady up for some time. She was taken to the hospital at Harrisburg.

Arrested.—A charge has been preferred against Jake Yohn, Jim Duncan and Michael Smees, for robbery and assault on Michael Foltz, on Saturday a week.

The two latter were arrested and lodged in jail, but owing to the delay of the constable in Newport, the news of the warrant being issued, reached Yohn, and he took "leg bail" and up to this time has not been arrested. He is the man who left Newport on the evening of the assault with Foltz, saying he would take him home, but after accompanying him to the lonely part of the road left him and returned to Newport.

Heavy Tea Shipment.—On Monday of last week thirty cars laden with tea direct from California passed over the Pennsylvania Railroad en route to New York. On Sunday a similar number from the same source and consigned to the same place passed over the road. The tea was shipped from China to California a few weeks ago. During the next two weeks it is expected that several more trains loaded with tea will pass through consigned to Philadelphia and New York.

A Rabid Horse.—About six weeks ago a horse belonging to Mr. Alphonso Robinson, who lives near Clayton, was bitten by a dog, supposed to be suffering from hydrophobia. This horse, on Friday last, while being ridden by a son of Mr. Robinson, began to slobber freely, lacerate his flesh, and give other evidence of suffering from the same disease. His condition continued to grow worse, and every attempt to approach him was violently resisted.—He became so vicious and unruly that Mr. Robinson found it necessary to kill him.—Baltimore County Union.

Winter Boots.—A splendid assortment of winter boots are now offered by F. Mortimer, very cheap, call and see them.

Church Notices.

Preaching in the M. E. Church on Sunday evening next. Prayer meeting on Thursday evening.

Reformed Church.—Preaching next Sabbath at 10 o'clock A. M. Prayer meeting on Thursday evening.

Preaching in the Presbyterian Church on Sunday next, at 11 a. m., and 7 p. m. Prayer meeting on Wednesday evening at 7 p. m.

Strange Freak of an Old Woman.—About three months ago, the wife of Daniel Kessler, of Middlecreek township, this county, without saying a word to any one as to her intentions, bundled up her best clothes, and took all her own money, and a small sum of her husband's money, and then started off on the public road towards Middleburg, saying as she left the house, "It will be a good while before you will see me again." It appears that not the best feeling prevailed between the old folks some times, and that about the time she left her feelings had been ruffled for some reason or other, which was the immediate cause of her departure. Every effort has since been made to ascertain her whereabouts but without avail; nor can any one be found who has seen her since or who saw her at the time she departed. She was a woman probably 60 or 65 years of age, and raised a family of children all grown up. Her strange disappearance is a strange mystery, indeed.—Solingsgrove Times.

Mr. Editor.—Will you or some one of your subscribers please answer the following questions through the "TIMES."

- 1, Does green corn shrink while drying?
2, And if so, how much?
3, Does that persons return the same amount of corn who borrows a certain number of bushels when thoroughly dried and returns only the same amount green out of the field. An answer to the foregoing questions, will lay a great many subscribers under obligation to you.

Cumberland County.—From the Cumberland county papers of last week, we copy the following:

A disgraceful fight occurred near the Mansion House, on Main street, Carlisle, on Thursday evening last. One or two of the party were sent home for repairs.

Another row occurred on Saturday evening in the vicinity of the market-house. Several of the combatants were knocked down.

The Union Fire company of Carlisle, have disposed of their hand engine, horse carriage and four hundred feet of hose to the council of the city of St. Peter, Minnesota. The price paid for the same was \$1,200.

A deer was captured near the Court House early in the morning a few days since, by a couple of colored men. Who the deer belonged to or where it came from we are unable to learn. His deership at first refused to be taken by his captors, but was finally compelled to succumb by force.

On Thursday morning, as a son of Mr. Benj. Kough, of Hopewell township, was driving a team down the large hill west of Sterrett's mill, in Mifflin township, and while engaged in locking the wagon some part of the lock gave way, throwing him under the wagon, the wheel passing over his head, killing him instantly.

A correspondent informs us that the Liquor cases held over from the former court were disposed of as follows: On the charge of selling liquor without license, the accused plead guilty and were sentenced to pay a fine of \$50 each. The charge of selling to minors was quashed.

Juniata County.—From the Mifflintown papers of last week we copy the following:

A German passenger on the Cincinnati express train east on Monday evening last attempted to commit suicide, but was prevented from doing the rash act by the passengers of the train. When the train passed Mifflin he was a raving maniac.

On Saturday night last, the boot and shoe shop of James Dean, in Patterson, was broken into, and eight pair of boots and several pair of shoes taken therefrom. Loss about \$75. An entrance was effected by prying open the back window shutter with a pick, and then hoisting the window.

The same night an attempt was also made to break into Dr. Rundio's drug store in the same borough, by prying up the sash in the window in the side of the building. The sash was fastened down with a patent window catcher, and the noise awakened Mrs. Rundio, who called the doctor, when the burglars became alarmed and fled.

Some excitement and extra labor occurred on Friday evening of last week, by the giving away of the frame of the Bartley building on the Nevin lot. A quantity of lumber was being piled up inside the building, the weight of which proved too heavy to be sustained by a temporary prop under the girder, hence the accident.

The Carlisle Shoes.—Wherever the Shoe made by the Carlisle Shoe Company have been introduced, the demand for their goods has steadily increased. In many respects they are superior to any other make of Shoes.

They use only the best quality of leather. They have superior workmen and make only good work.

The cut of their Shoes is such that dealers have little trouble in fitting their customers.

Mr. Stook, the traveling agent for this firm makes frequent calls on the merchants in this section of the state, and will faithfully fill any orders given him, or orders sent to the undersigned will receive prompt attention.

Ballou's Magazine for December.—The December number of Ballou's Magazine is a most attractive number—one of the best that we have seen this year. It contains some thirty different articles, and each is of remarkable interest to the general reader. The stories in this issue are fresh and good, the poetry eloquent and fervent, while the illustrations are such as will cause more than the usual share of attention. The leading story, "The Ghost of Hendee Hall," continues to be of absorbing interest, while "An Unfortunate Match" will still find admirers. Take Ballou's Magazine, the cheapest monthly in the country—and after an examination of its merits, we must confess that it is superior to most of the high-priced serials of the day; and yet to every subscriber is given a pretty little Chromo, an ornament for the home. Only \$1.50 per year, and 15 cents single copies. For sale at all the news depots in the country. Address Thomas & Talbot, 36 Broadfield Street, Boston, Mass.

ASIATIC CHOLERA IN CHINA. Almost Every Case Cured With PAIN-KILLER!

DEAR SIR: During a residence of some ten years in Siam and China, as a missionary, I found your Pain-Killer a most valuable remedy for that fearful scourge the Cholera.

In administering the medicine I found it most effectual to give a tea-spoonful of Pain-Killer in a gill of hot water sweetened with sugar, then after about fifteen minutes, begin to give about a tablespoonful of the new mixture every few minutes until relief was obtained. Apply hot applications to the extremities. Bathe the stomach with the Pain-Killer, clear, and rub the limbs briskly. Of those who had the Cholera, and took the medicine faithfully, in the way stated above, eight out of ten recovered.

Rev. R. TELFORD, Missionary in China. DEAR SIR: During a long residence in China I have used your valuable Pain-Killer, both in my own family and among the Chinese, and have found it a most excellent medicine. In the summers of 1862 and 1863, while residing in Shanghai, I found it an almost certain cure for cholera, if used in time. Indeed, using it in a great many instances, I do not remember failing in a single case. For three years I have been residing in this place, more than fifty miles from a physician, and have been obliged often to fall upon my own resources in cases of sickness. The Chinese come to us in great numbers for medicine and advice. Though without medical knowledge ourselves, the few simple remedies we can command are so much in advance even of their physicians, that we have almost daily applications. We allow them to come, because it brings us in contact with them and opens a door of usefulness. In diarrhea, colic, vomiting, cholera, coughs, etc., your Pain-Killer has been my chief medicine. Yours very truly, Rev. T. P. CRAWFORD, Tungechow, China.

Those using Pain-Killer should strictly observe the following directions: At the commencement of the disease, take a teaspoonful of Pain-Killer, in sugar and water, and then bathe the forehead across the stomach and bowels with the Pain-Killer clear. Should the diarrhea and cramp continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked and the patient relieved in the course of a few hours.

N. B.—Be sure and get the genuine article; and it is recommended by those who have used the Pain-Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls instead of one.

The PAIN-KILLER is sold by all the Druggists and Dealers in Family Medicines. Price, 25 and 50 cents and \$1.
