SALE BILLS .- Having added new cuts and new styles of type to our former assortment we are prepared to print bills promptly and in a manner sure to give satisfaction. A list of sales will be published each week without extra charge to those whose bills were printed at the TIMES office.

Persons who do not wish to come to town can send items and the date of sale by mail, and we will print and return bills promptly.

Rail Read Meeting .- A meeting of the stock holders of the Duncannon Bloomfield & Loysville R. R., was held in the Court House on Wednesday last, for the purpose of electing officers, for the ensuing year. The former board of officers was unanimously elected.

Very Deceptive.-The great light seen by so many persons in this vicinity on Monday night of last week was caused by the burning of a large building at Lisburn, York county. In this vicinity the fire was supposed to be between here and Shermansdale, while at that place the fire was supposed to be in the vicinity of Middlesex. This shows how deceptive a light is at

XA Slight Fire occurred in the shoe maker's shop of Mr. Spohn, in Elliottsburg, on Saturday night, caused by hot ashes having been put in a wooden box. Some boys coming home from "sparking" at an early hour on Sunday, discovered the fire in time to extinguish it before much damage had been done. As long as people are foolish enough to put hot ashes in a wooden box, fires will happen, and young men coming home in the "wee sma' hours" should keep a sharp look-out, as they may thus make their late call a public benefit.

Another Fire .- On Tuesday evening Bloomfield was again visited by an incendiary fire. At a quarter past six on that evening, the flames suddenly blazed forth from the hay mow in the stable owned by Hon. J. A. Magee, and in a short time the building and all its contents except a cow were destroyed.

By vigorous exertions the fire was kept from communicating to any other buildings, though only across a ten foot alley were two other stables. The wind carried the sparks and flames towards the residence of Mr. Magee, and towards the row of frame buildings in the rear of the bank, and for a short time there was fear of a general conflagration. A fall of snow during the latter part of the evening removed apprehension of danger from stray sparks lighting on the roofs.

It is certainly high time some steps were taken to discover the author of these fires, and we believe it the duty of the Town Council to offer a reward for the arrest and conviction of the guilty person. There were rumors during the week of other iscendiary attempts having been made, but from what we can learn, the rumors are unfounded.

The Railread .- In another column we give place to a railroad communication, signed "Spring," in which we think the writer shows more enthusiasm, than the case warrants. We should not be surprised if the people of Bloomfield yet saw a locomotive coming into town, before one was seen at Landisburg. Commencing to build a railroad at that part of the route, don't look much like success. A man wishing to erect a building and expecting to succeed in his undertaking, does not often commence with the roof. Still we hope the road will be built, as the county would be much benefited by the success of the enterprise, but we should have more faith had the work been commenced at the end where there was a connection with another railroad.

A Meeting of Citizens .- On Wednesday evening, a meeting of citizens was held in the Court House, to devise means to protect property in town from fire. It was finally decided to select three different committees, one to take charge of the engine, one to to take charge of the ladders and one for the hooks, whose duties should be to take those things promptly to any

Appointing committees is all very nice on paper, but when it comes to work, that is another thing. A much better way would have been to have the young men form a volunteer company and select their own officers, and with such an organization the outsiders in case of fire, could cooperate. Then the ladders should be placed on a truck, which could be done at little expense, and thus be brought easily and promptly to the scene of the conflagration. The council could easily provide a place for keeping the truck either at the end of the market lot, or in the Court House yard. Until some such course is adopted, the organization will not amount to much.

A Narrow Fscape. -- As the Pacific express train westward bound was coming into the city yesterday morning one of the passengers fired off a revolver out of the window, the ball passing through the window of the private residence of Mr. Homer Vaughn, striking the wall opposite and rebounding on the floor. The inmates of the house were moving around the room through which the ball passed and narrowly escaped injury. It is supposed that the shot was fired by a party of boys in one of the sleeping coaches attached to the train. Mr. Vaughn has the ball in his possession. -Altoona Tribune.

Meetings in Rye Township. - A correspondent who signs himself "outsider" sends the following: "The week before Christmas, Rev. Stover commenced a protracted meeting at the Bethel Church, in Rye township, which is still continued. The effect has been to rekindle the zeal of the professors of religion, and to add quite a number of new converts. On Saturday night the 10th inst., there were some thirty or forty penitents at the altar. Bro. Stover, though a young man, has done, and still is doing good work in God's service.

Charles H. Spurgeon .- C. H. Spurgeon, of London, has been engaged as the special contributor of The Christian at Work. As he writes for no other paper in America, admirers of this great preacher, would do well to send to their publication office, 102 Chambers street, N. Y., for specimen copies. T. De Witt Talmage, as editor, and Spurgeon, as special contributor, make a strong team.

Justices of the Peace should remember that they are required to take the oath, to support the New Constitution, within 30 days after the proclamation of the governor declaring it a law. This proclamation was dated the 7th of January, consequently the oath must be taken before the Recorder, previous to the 7th of February.

Fire in Jall .- A fire broke out in the Franklin county jail, on Tuesday night of last week which originated from a defective flue. When discovered some of the partitions were burning, but with the prompt arrival of the engines on the ground, the flames were soon extinguished. The loss will amount to several hundred dollars.

For the Bloomfield Times

DONNALLY'S MILLS, Jan. 14th, 1874. Mr. Editor :- I will send you a note of the proceeds of our Tuscarora township Institute :

Meeting opened January 9th, at 7 P. M.
Mr. David Leonard, chosen President,
and F. E. Wox-Secretary.
Subject for debate. School Government.
Debate opened by the President and followed by Messrs. Miminger, Shull, Asper, Leonard, Bitner and then a general debate. Next in order was music, "Little Bir-die." Then a class strill on Arithmetic,

Mr. John Fry chosen teacher, who gave beneficial instruction. Music, "Fair as the Morning" and, "The Dearest Spot."
Adjournment 9 o'clock P. M. Morning"

SECRETARY.

Railroad Excitement.

SPRING TWP., Jan. 10th, 1874.

Mr. Editor: — The railroad excitement increases daily while the grading of the road bed is going on near Landisburg. It is reported that about 300 hands (Irishmen), are to commence work at Gibson's Rock, in a week or two. I have not been able to find out who is at the head of the cuterprise. A man by the name of Berel, is said to have contracted for the grading of the road from Laudisburg to Maryaville, at \$5,000 per mile.

Maryaville, at \$5,000 per mile.

Some say the Granges are making the road, and that it will be one of the greatest railroads in the United States, extending from Boston to St. Louis, and will be about 200 miles nearer from Boston to St Louis, than any other rali-

I only state what I have heard and if my

I only state what I have heard and if my statements are not correct, I wish to be corrected by those who know better.

I am told that the contractor who is to grade the road thinks one good blast of Nitro Glycerine, will send Gibson's Rock into the creek.

The road is to run through the rock about 100 feet from the creek, it then cuts through Mr. Frank Gibson's erchard, and meadow the most valuable part of his property, but Mr. Gibson says, he does not care where it rune, only so he gets a railroad.

It is reported poles for a telegraph are being cut already near Landisburg, and that they are to be put up in a short time.

Some persons think when this road is made our county seat will be removed back to Landisburg, where it had been at first.

I do not think our seat of justice will be removed to Landisburg, but it is certain that in this age of steam and electricity, no county seat can long remain without railroad and telegraphic communication.

Evaluation.

Juniata County.-From the Mifflintown papers of last week we copy the follow-

Mr. Solomon Seiber, residing in Fernianagh township, killed a hog last week, that dressed 573½ pounds.

One day week before last, a valuable horse belonging to David Nailor, residing on Stewart Turbett's farm, in Turbett township, fell into the well in the barnyard. The horse's body was wedged in so tight between the pumpstock and the wall of the well, that the horse had to be killed and cut to pieces to get the body out.

Samuel C. Stimeling, of this borough, is night watchman at the machine shop, in Patterson. On Sunday evening last, about solved, six tramps entered the shop, seized Mr. Stimeling bucked and gaged him and took three dollars and fifty cents out of his pecket-book—all the money he had about him. They then untied him and went on their way rejoicing.

The Democrat and Register of Missintown says: Mr. J. P. Johnson informs us quite an excitement prevails in Perrysville and an excitement prevails in Perrysville and vicinity, on account of the supposed finding of coal on the property of Jerome Thompson, in Turbett township. Parties are now prospecting for it, and it is confidently expected their hopes will be realized. Should it be found in paying quantities, it would be a grand thing for that vicinity and also the county.

A correspondent also sends the following: "The revival meeting, under the superintendance of the Rev. S. W. Seibert, at Locust Run, previously noticed is still in progress. Last Sabbath there were twenty two accessions to the Church. The Sacrement of the Lord's supper was administered to forty-seven communicants and the prospects still continue prosperous.

The Sentinel says:

On Monday a week a child, aged 19 months, son of Mr. Michael Bashoar, of Walker township, reached to a shelf on which, but a moment before a pint full of beiling milk had been placed. The milk was upset, and in its descent struck the boy on the face and ran down on his breast under his clothes. His face, breast, and right arm were scalded in the most shocking manner.

On last Sabbath day a week, a child of the Rev. Mr. Whitney, of Perrysville, about one year old, swallowed a pin, point downward. Dr. Graham was immediately called. His first effort to remove the pin with an instrument was crowned with succaught the pin, and drew it out, thereby snatching the life of the child from a distressing and painful death.

Cumberland County. - From the Cumberland county papers of last week, we copy the following :

The estimable wife of our townsman Mr. Jefferson Worthington, fell on the pave-ment, on South Street, on Saturday evening last, and sustained severe injuries in her back and shoulder.

On Saturday evening last as two young men from South Middleton township were driving down West street, the horse frightened and dashed off at a rapid rate. At the corner of Pitt and South streets the buggy came in contact with a fire plug, at which point the young men were thrown out and the buggy demolished. The horse continued his flight down South street. The occupants of the buggy escaped with a few slight bruises.

The Newville Star says : It seems we have a professional burglar among us. As yet he has not aspired to the more delicate complicated business of drilling and blowing open safes, but his operations have assumed a belder and more successful turn this time. On Sabbath night the store of Mr. Stephen Skinner was entered, and besides eight dollars in currency, several pistols were stolen, among which was a valuable revolver. The burglar, with an inch auger, had endsavored to bore through the shutter of the back window, but the auger striking a bolt plate, he abandoned the attempt by that means. Doubtless while boring he looked up and spied the transom of the back door and concluded that was the more convenient way of in-The glass of the transom was broken through, regardless of the noise it must have made falling to the floor, and by this opening he went in and out.

The Weekly Graphic.

The New York Graphic says : "In accordance with the requests and sugges-tions contained in thousands of letters which have been received from all parts of the United States, the publishers of The Daily Graphsc have resolved to begin on Wednesday, January 14, the publication of

wednesday, sanuary 19, the publication of a weekly illustrated paper for popular and household reading.

The Weekly Graphic will be at once a newspaper, a picture paper, a literary paper, and a story paper. In this fourfold character it will combine the best obtainable productions of pen and pencil, and the effort will be to make a paper which shall be no less creditable to American enter-prise than entertaining, instructive, and smusing to its readers.

Church Notices.

Reformed Church—Preaching next Sab-bath at 2 o'clock P. M. Prayer meeting on Thursday evening.

Preaching in the Presbyterian church next Sabbath at 11 A. M. and at 61 P. M. In the M. E. Church preaching on Sun-day morning next. Prayer meeting on Thursday evening.

Life has few Charms for the Dyspeptle, which is not to be wondered at when we take into account the amount of bodily and mental suffering that this distressing malady generates. The Peruvian Syrup (a protoxide of iron) has cured thousands who were suffering from this disease.

Northy of Note.—An exchange says there is scarcely a day passes that we do not hear, either from persons coming lute our office or in some other way, of the success of Johnson's Anodyne Liniment in the cure of coughs and colds, so prevalent about town just now.

Times any by recommending Parson's Purgative Pills, to be the best anti-billious medicine in the country, we are willing to do so. We have had about as good a chance to know as

KIND WORDS.

The Associated Reformed Presbyterian says
—For years Perry Davis' Pain-Killer has been known as a most useful family medicine. For pains and aches we know nothing so good as the Pain-Killer. For many internal diseases it is equally good. We speak from experience, and testify to what we know. No family ought to be without a bottle of Davis' Pain-Killer.

MESSES. PERRY DAVIS, & SON, Prov., R. I., Messus. Penny Davis, & Son, Prov., R. I.,

Gents:—Although a stranger to you I am
not to your invaluable medicine, Pain-Killer.

I formed its acquaintance in 1874 and I am on
most intimate terms with it still; my experience in its use confirms my belief that there is
no medicine equal to Pain-Killer for the quick
and sure cure of Summer Complaints, Sore
Throat, Croup, Bruises and cuts. I have used
it in all and found a speedy cure in every case.
Yours Truly, T. J. GARDINER, M. D.

Judging by our own experience whoever once makes a trial of Porry Davis' Pain-Killer, will not fall to recommend it widely as an unequal-led liniment, and valuable internal remedy for colds and various other complaints.—Every

Month.

The efficacy of Perry Davis' world-renowned
Pain-Killer in all diseases of the bowels, even Pain-Killer in all diseases of the bowels, even in that terrible scourge, the Asiatic cholara, has been amply attested by the most convincing authority. Missionaries in China and India have written home in commendation of this remedy in terms that should carry conviction to the most skeptical, while its popularity in communities nearer home is ample proof that the virtues claimed for it are and taugible. Among family medicines it stands unrivaled.—Boston Courier.

The Saturday Even'y Gazette of Boston says: It is impossible to find a place on this broad land where Perry Davis' Pain-Killer is not known as a most valuable remedy for physical pain. In the country, miles from physician or

pain. In the country, miles from physician or apothecary, the Pain-Killer is cherished as the exclusive panaces, and it never decrives.

"Perry Davis' Pain-Killer is really a val-"Perry Davis' Pain-Killer is really a valuable medicament, and, unlike most of the articles of the day; is used by many physicians. It is particularly desirable in locations where physicians are not near; and, by keeping it at hand, families will often save the necessity of sending out at midnight for a doctor. A bottle should be kept in every house."—Boston Trans-

"We have tested the Pain-Killer, and as "We have tested the Fain-Kijer, and assure our readers that it not only possesses all the virtues claimed for it, but in many instances surpasses any other remedy we have ever known,"—Herald of Gospel Liberty.

January 1, 1874.

The Household Panacca. and Family Liniment

is the best remedy in the world for the fellowing complaints, viz.; Cramps in the Limbs and Stomach, Pain in the Stomach, Bowels, or Side, Rheu-matism is all its forms, Billious Colic, Neuralgia Dysentery, Colds, Fresh Wounds, Burns, Sore Throat, Spinal Complaints, Sprains and Bruises, Chills and Fever. For internal and External use. Its operation is not only to relieve the patient, but entirely removes the cause of the complaint. It penetrates and pervades the whole system, restoring healthy action to all its parts, and quick-

ening the blood. THE HOUSEHOLD PANACEA IS
PURELY Vegetable and All Healing.
