FARM AND HOUSEHOLD ITEMS

We invite communications from all persons who are interested in matters properly belonging to this department.

Rolling the Ground.

A correspondent writes: "On dry or wet ground the effect of the roller is found to be salutary. Plowed and prepared for sowing, dry land is much helped by the roller. The blades of grass spring up sooner and retain a firmer hold in the earth. In a season of drought, rolling has saved the crop, when without it the seed would have never sprung from the ground. In wet and heavy ground it is believed the roller, smoothing and hardening the surface, will leave the soil immediately beneath the surface in a better condition to generate the seed. On grass ground that has been heaved by the frost, the roller has an excellent effect in fixing the roots. Rolling the ground is also good when the land has been laid down unevenly the previous year. If the land is too dry, wait till just after a soaking rain, and it will work capitally. It is a good idea to roll plowed sowed ground before harrowing, as it presses down the furrows that would be turned back, and makes the surface less uneven, and the harrow pulverizes it much. We find that on an average not one farmer in four has a roller."

Manuring with Brush.

Mr. Clark writing to the Germantown Telegraph, says: My idea was that one great cause why we could not get as good crops from old fields as when they were first cultivated, was owing in a great part to the density of the soil. I had observed that the first eight or ten years after clearing off the forest the land would give good crops with very little care in plowing; the reason for this, I argued, was the decaying of innumerable rootlets of the trees cut down. In order to test this theory I cut about two tons of water-brush, hardback and other small bushes, and let them lie in a pile exposed to the weather a year and then applied barnyard manure to another half acre adjoining. The result proved the manure to be a little the best the first year for corn. Sowing grass seed the fall after harvesting the corn. The manured place did pretty well for about five years, the brush piece did well for about ten years, proving the theory to be correct. I used two tons of manure as a balance for the two cords of brush; the plowing was six or eight inches deep. I have repeated the experiment since, with the same result.

About Grafting.

There are many curious facts about vegetable life. We can, for example, graft the apricot on the plum, and the peach on the apricot, and the almond on the peach, and thus we may produce a tree with plum roots and almond leaves. The wood, however, of the stem will consist of four distinct varieties, though formed from one continuous layer. Below the almond wood and bark we shall have perfect peach wood and bark, then perfect apricot wood and bark, and at the bottom perfect plum wood and bark. In this curious instance we see the intimate correspondence between the bark and the leaf, for if we should remove the almond branches we might cause the several sorts of wood to develop buds and leafy twigs each of its own kind. Each section of the compound stem has its seat of life in the cambium layer, and the cambium of each reproduces cells of its own species out of a common nutrient fluid.—Mass., Ploughman.

How to Make a Mustard Plaster.

The ordinary way is to mix the mustard with water, tempering it with a little flour, but such a plaster as that makes is simply abominable. Before it has half done its work it begins to blister the patient, and leaves him finally with a painful, flayed spot, after having produced far less effect in a beneficial way than was intended.—Now a mustard plaster should never make a blister at all. When you make a mustard plaster, then, use no water, whatever, but mix the mustard with the white of an egg and the result will be a plaster which will "draw" perfectly, but will not produce a blister even upon the skin of an infant, no matter how long it is allowed to remain upon the part.

If hot tar is applied to boot soles it makes them water-proof. Let it be as hot as the leather will bear it without injury, applied with a swab, and dry by the fire.—The operation may be repeated two or three times during the winter, if necessary. It is a good plan to provide boots for winter during summer and prepare the soles by tarring as they will then become, when they are wanted to wear, almost as firm as horn, and will wear twice as long as those unprepared.

Cracker Pie.

Eight crackers pounded fine on which pour boiling water to soften; eight table spoonfuls of vinegar, eight of sugar, one lemon; if too stiff, add water.

Newport Advertisements.

NEW STORE ROOM.

NEW FIRM! NEW GOODS!

E. B. WISE,

Having opened a New Store at the corner of Fourth & Cherry Streets, just above the Foundry, H. R. depot, in Newport, are now prepared to show a

Complete Stock of New Goods,

Iron in the Blood

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protochloride of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoea, Bolls, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, life-giving, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP blown in the glass. Pamphlets Free.

SETH W. FOWLE & SONS, Proprietors, No. 1 Milton Place, Boston.

SOLD BY DRUGGISTS GENERALLY

DR. CROOK'S WINE OF TAR!

Ten Years ago a public test has proved Dr. Crook's Wine of Tar to have more merit than any similar preparation ever offered to the public. It is rich in the medicinal qualities of Tar, and unequalled for its cures of the Throat & Lungs, performing the most remarkable cures. It effectually cures all Croup & Colds. It has cured so many cases of Asthma and Bronchitis, that it has been pronounced a specific for these complaints. For Pains in the Breast, Side or Back, Gravel or Kidney disease, diseases of the Urinary Organs, Jaundice, or any Liver Complaint, it is unequalled.

It is also a superior Tonic. Restores the Appetite, Strengthens the System, Restores the Weak and Debilitated, Causes the Food to Digest, Removes Dyspepsia and Indigestion, Prevents Malarious Fevers, Gives tone to your System.

KEEP THE BLOOD PURE

And the health of the system will follow. There is a preparation of Iron and Poke Root more essential than all others, which will remove from your system the impure and vitiated blood which causes disease, and at the same time build up your health and strength. If you fail to cure, if you have Scrofula, Scrofulous Diseases of the Eyes or Ears, or Scrofula in any form, Eruptions, White Swelling, old Sores, Ulcers, or Scrofulous Inflammations, you can rely on being cured with this preparation known as Dr. Crook's Compound Syrup of Poke Root. Rheumatism, Pains in Limbs or Bones, Constipation broken down by Mercurological or other poisons, are all cured by it. For Syphilis, or Syphilitic taint, there is nothing equal to it. A trial will prove it.

Beautify your Complexion.

Do not use paint or powder, but get a more permanent beauty by purifying your blood. This preparation of Iron and Poke Root makes a rough and scaly skin soft and smooth, changes that sallow complexion to one of freshness and health, and removes any Eruptive Diseases of the Skin, Pimples, Freckles, Blisters & Eruptions. If you wish your cheeks and a healthy complexion, use Dr. Crook's Compound Syrup of Poke Root.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blisters, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the term of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

INSURE IN THE

Perry County

Mutual Benefit Association,

OR

NEW BLOOMFIELD, PERRY CO., PA.

[Chartered by the Legislature March 9, 1872.]

THE CHEAPEST AND SAFEST LIFE INSURANCE ever offered to the people. It is a Mutual enterprise for the protection of Widows and Orphans in the county. Members pay FIVE DOLLARS for a certificate of membership, and annual dues on ages between 20 and 35, \$1.00; between 35 and 50, \$1.50; between 50 and 65, \$2.00; for the term of three years, commencing January, 1873; and the sum of \$1.10 on the death of a member. The membership not to exceed one thousand. A member dying, to receive as many dollars as there are paying certificate-holders. This plan is adopted in order that persons who have been excluded from benefits in other Life Insurance Companies by reason of their expensive LIFE RATES may obtain some benefit on a small investment. It commends itself to the public for the reason that it prevents the country from being drained of our money by foreign companies.
