

The Bloomfield Times.

Tuesday, March 24, 1874.

LOCAL DEPARTMENT.

Poor House Account.—The Poor House account for the past year will be found on the 6th page. It will pay for the tax payers to read it carefully.

To You.—If you wish to change the post office address on your paper this Spring, don't forget to state the place where you have been receiving it, as well as the place where you wish to have it sent in future.

Had a Fall.—Mrs. Way, mother of Jacob Way, of Carroll twp., while on the hay mow on Wednesday last, stepped on a defective slab, which broke, letting her fall through to the floor below, bruising her quite seriously, but fortunately breaking no bones. She is now recovering from her injuries.

Charged with Rape.—On Tuesday last, John Baker was arrested on the charge of committing a rape on a little girl named Robinson, a child of only 11 years of age living with Mr. John Rambo, in Carroll twp. The deed was committed the evening previous, during the absence of the family.

On Wednesday an examination was held and the child fully identified Baker, as being the guilty person, and he was accordingly remanded to jail to await his trial.

Again Located.—The many persons who stopped at the Grier House last year, previous to the fire of December, will be glad to learn that the landlords of that House, Messrs. Gruver & Grier have taken possession of the Perry House, where they will be prepared to accommodate all their old customers and as many new ones as feel disposed to give them a trial. Their advertisement will be found in another column.

The Eagle Hotel.—Mr. H. C. Meredith has leased this hotel and has already taken possession, and is now prepared to furnish good accommodations to such of his friends and the public as favor him with their custom. We have no doubt Mr. Meredith will make a popular landlord, and will secure and retain his share of public patronage. Advertisement will be seen in another column.

High Priced Sheep.—At the sale of the stock, &c., on the farm of Mr. Robert Neilson, in Centre twp., last week, 12 head of sheep, all ewes, brought \$182.00 or an average of \$15.16 per head. They were of the Coltswood and Leicester breed. Many other articles brought a large price. Mr. Neilson is quitting farming to give his son William a chance to show whether he can make as successful a farmer as his father.

Hurt.—On Monday the 10th inst., Mr. H. T. Reamer, of Rye township, was seriously hurt by falling from his wagon. At the time of the accident he was taking a load of boxed furniture belonging to Rev. Stover, to Marysville, and while reaching for the lock lever lost his balance, and fell to the ground, striking his head and shoulder. His horses being under good command promptly stopped, and saved him from more serious injury.

Drowned.—A dispatch was received here on Saturday evening, from Atchison, Kansas, stating that Cyrus Witherow, son of Mr. John Witherow, of Centre twp., was drowned while crossing the Missouri river to Atchison, on Friday evening last. The river at that place is a mile wide and the water very deep, with a swift current, and therefore the body was not recovered. The deceased was engaged in the lumber business at that point.

A Sad Case.—Two weeks ago a woman named Martha Coggswell wife of Anthony Coggswell, a drover, died, as was supposed in Chapmanville, Pa., and was buried. Her husband was absent at the time. His first knowledge of his beloved wife's death was on Saturday a week, when he returned home. Wild with grief, he insisted on her body being exhumed, so that he could see the remains. This was done, and the coffin was opened in the presence of several friends. To the unutterable horror of all, the body had changed its position in the coffin, showing that Mrs. Coggswell had been buried while she was in a trance. The body was lying on its face. Evidence of a fearful struggle made by the unfortunate woman when she recovered consciousness in the coffin, were visible. The flesh was torn from one shoulder, and the abdomen was covered with blood. When Mr. Coggswell saw what a terrible fate his wife had met, he fell senseless across the coffin, and has been a raving maniac ever since.

Egg Detector.—Among the latest inventions is an "egg detector." It consists of a neat little box in the top of which there is an egg to be placed. At the bottom of the box there is a looking-glass. Looking in at an opening made for that purpose, the reflection of the good egg is seen full and clear, while if there is a bad one in, it is indicated by a black blot. By the use of this detector the quality of eggs can be instantly ascertained, and it would seem to be a very useful article for the family.

A Bold Horse Thief.—Last Tuesday a sharper representing himself as being a liquor dealer made his appearance in York, forming the acquaintance of Mr. E. T. Moul. From this place he went to Dover where he bargained for the purchase of a lot of ground, and also proposed to erect a building, and on Tuesday last hired a horse of Mr. Liebenknech of Dover, to come to York for a load of lumber. On arriving here he sold the horse to Mr. Moul, for \$40 giving as his reason for selling so valuable an animal at such a low figure, that he wished to quit the liquor business. On Wednesday the owner of the horse came to York, and soon discovered his whereabouts and immediately came in possession of his property, when the swindle was made known. Squire Metzger, was then engaged to secure, if possible, the arrest of the thief, who telegraphed a minute description of his dress and appearance to prominent towns and cities, but so far, we understand the real thief has not been discovered.

The same evening, the Mayor of Lancaster, despatched to York that he had arrested the man answering the description given who gave his name as Harry Ruby, and who turned out to be a son of G. W. Ruby, of the York County Academy, a young gentleman of the most irreproachable character, who is salesman in a large business house at Philadelphia, and who was on his way to that city. He was released from custody, on proving his acquaintance with prominent business men of Lancaster, with whom he had been doing business frequently. The mistake was of course greatly regretted by all concerned.—York County True Democrat.

Frightful Accident.—On Saturday the 14th inst., a frightful accident occurred in Altoona, in which George H. Curfman a laboring man, was killed, and James Bradley, a machinist was badly injured. Engine No. 266, was standing over an ash pit, a short distance below the eastern round house, when James Kelley mounted the engine for the purpose of moving it a short distance, so as to draw the ash pan; when he seized hold of the lever, and the engine rushed backward, and came in contact with another engine, shattering the tool box of the 226, when he looked her forward, and she plunged into the round house, at the rate of 35 miles an hour, battering down doors, and smashing everything in her course. Kelley saved himself by jumping off. The engine ran about a quarter of a mile through the round house, and machine shop and only the turn table not being in the right position prevented it going through the wheel shop. Although over five hundred men were at work it is providential that only one man was killed, and another badly injured, with several narrow escapes. The damage to property will amount to several thousand dollars.

Death of Col. Thompson.—Col. John M. Thompson, Superintendent of the State Arsenal, died at his residence in Harrisburg, on Sunday morning a week. Colonel Thompson was a brave soldier in the Union army and received eight or nine of the enemy's bullets into his body, all but one in a single battle. His right arm was shot off and his thigh injured so severely as to shorten one of his legs several inches. For eighteen months he was treated for his wounds before being able to move about. All the balls (which he preserved) were extracted, but he frequently suffered intense pain from the old wounds, which were the primary cause of his death. Deceased was a faithful and popular officer, and was formerly a resident of Perryville, Juniata county. The body of the deceased was brought to the latter place for interment.

Drowning of Dr. M'Neil.—The Harrisburg Patriot of Monday a week says: "Dr. T. S. M'Neil, a resident of Shippensburg, was drowned in the Ohio river near Gallipolis, Ohio, on Thursday last. At the time of the drowning he was attempting to cross the river in a boat on his way to attend a United Brethren conference in West Virginia. He was well known in Harrisburg and surrounding country, not only as a preacher, but as the manufacturer of a pain exterminator and other medicines that were in use in many families.

A Conical Letter.—The following is a verbatim copy of a letter we received last week, which we publish for the amusement of our readers, leaving only a blank where the name and location occurs: TAKE NOTES I in form the siltizens of survill Townshipp eighteen month ago there was a family of the Name of ———— keep a warry had house it Cause a gradeel of Dis stor-bens among the weasmen Near the rock school House sens that family has left there is some other family has started up Near ———— it a pears that they have a good run of Custmers it a pears it is Destroying the young man and a good many of marred man tarres there I would lik to know what to Do with sutch family's it aut to be stoped some way D. W.

Church Notices. Preaching in the Presbyterian Church next Sabbath at 11 A. M., and 7 P. M. Prayer-meeting on Wednesday evening. Reformed Service.—Quarterly review of the Reformed Sunday School will be held in the Church next Sunday at 3 P. M. Public are invited. Prayer meeting on Thursday evening.

That Remarkable Room. I do not suppose the author of Wright's History swore his informant, (who by the way, I know to be a reliable ex-county officer), when he received the information of the "room" in question. Had he been as doubtful of the veracity of others as the editors of the Freeman and Advocate, and besides a Judge, (of small matters,) doubtless he would have done so; but he did write to a friend residing in Clearfield, who interrogated Ex-Governor William Bigler, as to the truth of the statement as written in the history and received his answer approving it so far as his family were concerned. Perhaps all these persons were mistaken, but we think Governor Bigler's statement ought to satisfy the legal minds of the Judge and the Legislator, and to convince them that the further use of slang in unnecessary in speaking of an honest and creditable effort to preserve the history of Perry county, by one who could not have had the expectation of a pecuniary reward for his labors. B.

Bloomfield Academy.—New term opens Monday, April 6th. The school now offers 1st, a Normal course, with special training for teachers during the two summer terms; 2nd, a general educational course for those designing to complete their education at the Academy; 3rd, a classical course for those intending to enter College; 4th, a commercial course for those fitting at once for business, with special attention to Book-keeping and Penmanship, with Photography, if desired and an effort will be made to add Telegraphy to this course. To YOUNG MEN.—Mining, Metallurgy, Civil Engineering and Chemical Analysis is now receiving more attention in our own and surrounding counties, and they will increase in importance as Railroad facilities increase. Why should not our young men prepare for good positions in this work. To prepare for a classical course in College, takes from two to three years, but I fit any one, with a common education, for a scientific course in one year. I will guarantee any such student, entering Bloomfield Academy this spring, that he shall be ready by next year for such a course. J. EDGAR, Principal.

Juniata County.—From the Millintown Sentinel of last week we copy the following: The new spoke and handle factory in prospect in Perryville, or rather Port Royal, is said will employ 20 men. We congratulate our neighbors on the occasion.—It is a plum for their cap. It will be the nucleus of a population of one hundred people within five years.

On Thursday night of last week some person unlocked the door of George Goshen's shop, in Patterson, and took therefrom a twenty-five pound sack of flour and about fifteen pounds of meat. This is the second time Mr. Goshen's shop has been burglariously entered within a week.

Dr. Elder made a narrow escape from being seriously hurt on Monday afternoon. His horse slipped in crossing the Horningtown bridge, Fermanagh township, falling, and throwing the Doctor off. The Doctor's left foot remained in the stirrup, and in that manner he was dragged over the ground on his head and back a distance of probably fifty yards, and strange to say, escaped without any serious hurts.

A correspondent, also sent the following: On the 12th inst., Ephraim Robinson, of Lack township, was instantly killed while in the woods. Mr. Robinson with a boy had cut down a tree, when a broken limb fell and struck him on the head with the above fatal result.

On last Saturday, Isaiah Burkey, of Port Royal, went to the woods to work, and remained so long that his wife became alarmed and sent after him. When found by the messengers, he was to all appearance dead, but was taken home, where after working with him a while he came to. He was considerably cut and bruised about the head and face, but can give no account of the cause of the trouble, only he remembers getting blind and then rolling down the hill, at the top of which he was working.

Cumberland County.—From the Carlisle Volunteer of last week, we copy the following: From present indications it would appear that during the coming season there will be many tenement houses and small business stands vacant in Carlisle. We are sorry to have to chronicle this unwelcome fact, and we suppose it must be attributed to the hardness of the times, and the great lack of employment for mechanics and laboring men.

Two fine colts were killed on the railroad near Middlesex Station, on Saturday. They were on the track and the train passed over them. We did not learn to whom they belonged.

The M. E. Church, of Mechanicsburg, through the energy of its pastor, Rev. J. Max Lantz, has succeeded in paying off the entire indebtedness of the new church edifice. The amount of money raised was about \$2,000.

Brief Items. In the Franklin, Falton, Bedford and Somerset judicial district under the new apportionment there will be two districts. The two judges in that district have already agreed upon the division made necessary by the new bill. Judge Hall takes Bedford and Somerset and Judge Rowe Franklin and Falton. The Rev. Selheimer will preach his farewell sermon in the German Bethel on Sunday evening, March 29th. After the sermon the ordinances of "feet washing" and the "Lord's Supper" will be attended to. A man in Spring township turned his sheep in pasture the other day and his neighbor turned them out. He turned them in again and his neighbor turned them out a second time. They both had business in Bloomfield the next day, where the lawyers reside. The citizens of Little Germany are wanting a new school house, and hoping the school directors of Spring township will grant their petition. Saturday a week Mr. Abram Horting, of Howe township, while unloading manure, fell off the wagon and dislocated his elbow. Dr. Orris was called and reset the injured limb.

Scolopticon Exhibition.—There will be a Scolopticon Exhibition in the Reformed Church, on Friday evening, April 3, 1874. Proceeds to be for the benefit of the Sunday School. The exhibition will be one of much interest, consisting of Bible scenes, Foreign and Home views, Fine Arts, Statuary, &c. The public are invited to attend, as they may not have an opportunity to see the like again. It will be conducted by a gentleman from Lancaster city. Admission. Adults, 15 cents; children 10 cents.

Don't be Discouraged. Suppose you have "tried fifty remedies" and received no benefit, is there therefore "no balm in Gilead?" Verily there is. Your liver may be congested, your stomach half paralyzed, your nerves quivering, your muscles knotted with torture, your bowels constricted, your lungs diseased, your blood full of impurities—yet in one week after commencing a course of Dr. Walker's Vinegar Bitters you will feel like a new creature. 13 4w.

"Summer's Grand Funeral March," by E. Mack, comes to us from the Publishers, Lee & Walker, Philadelphia. It is a beautiful tribute to the memory of the champion of universal liberty, and a copy should be on every piano in the land. It can be had at any Music Store for 30 cents, or will be mailed on receipt of that amount by the Publishers.
