

The Bloomfield Times.

NEW BLOOMFIELD, PENN'A.

Tuesday, April 14, 1874.

The Mifflintown Independent which suspended last year after being burned out, made its appearance again last week, looking "as good as new."

The recent election in Connecticut, resulted in the election of a Democratic Governor, by a majority of about 2,500.

Harrisburg Correspondence.

HARRISBURG, April 11th, 1874.

The Legislature after a week's "loafing" have again gone to work, and are making some progress. In the House on Tuesday, Mr. Morgan, of Lawrence, offered a resolution providing for an adjournment sine die on the 30th inst.

In the House the appropriation of \$1,000,000, for the Centennial exhibition was finally passed, though an attempt was made by the Democrats to defeat the measure.

The Judicial apportionment has been finally disposed of, and the Governor has sent in the following appointments, which hold good until the first Monday in January next.

ADDITIONAL LAW JUDGES.

- Twenty-fifth district—Clearfield, Clinton and Centre—John H. Orvis. Twelfth district—Dauphin and Lebanon—Robert M. Henderson, of Cumberland county. Twenty-sixth district—Columbia, Montour, Sullivan and Wyoming—Thomas J. Ingham. Seventeenth district—Butler and Lawrence—Charles M'Canless.

PRESIDENT JUDGES.

- Thirty-second district—Delaware—John M. Broomall. Third district—Northampton—W. S. Kirkpatrick. Forty-second district—Adams—David Wills. Thirty-fifth district—Mercer—William Maxwell. Thirty-third district—Armstrong—John V. Painter.

The consideration of these appointments under the rules must lay over for five days, but in the case of J. H. Orvis, Esq., of Centre, a member of this Legislature the rules were suspended, and the nomination was confirmed.

You will notice that a Cumberland co. man is nominated as law judge for Lebanon and Dauphin counties, while no appointment has been made for Cumberland co. But then there is no haste for an appointment there, as the interests of the county are now properly cared for by Judge Junkin, and so no harm will come from a delay.

On Friday a vote was taken in the House, which decides the fate of the repeal of the Local Option Law. It will be allowed to remain as it is for the present. The yeas and nays being called for on the resolution to discharge the committee from further consideration of a bill repealing the law, a number of the members dodged the question, and among those who failed to record their vote, was the member from your county.

The Supreme Court of Mississippi, which was made notorious recently by a knife encounter between two Judges, has rendered a decision which may add to its fame or infamy. A white man named L. P. Dickerson died intestate. He had been intimate with a negro woman who was living at the time with her lawful husband.

A very destructive incendiary fire, broke out Sunday morning at Williamsport, in the lumber-yard of Brown, Early & Co., destroying over 80 acres of lumber, and fourteen dwelling houses.

Miscellaneous News Items.

Ex-Judge Edmunds, the well-known lawyer and spiritualist, is dead.

A Williamsport boy ran to his grand mother the other day, and said: "Granny, run down to our house quick, for dad's drunk as a fool and mam wants to run around awhile with them crusade folks."

An Oregon Judge recently fined two men each \$5 and costs, and as the men had no money he took their notes for the amount, and thinking the State ought to have security from its debtors, the Court signed the notes as security.

A French Custom House officer, possessed of an inquiring turn of mind, noticing the arrival of a large herd of rocking horses, thought he would see what those animals lived on. He opened several, and found their little stomachs full of cigars.

A boy in Greenfield, New Hampshire, told his father that he guessed he could make that hen quit setting, and his father told him to go ahead. The boy's plan was to set fire to the nest, and in carrying it out he burned the barn and all its contents.

According to the Lawrence Eagle, a peace-loving husband of that city a few months ago agreed to give his wife three dollars a week to maintain comparative silence, deducting one cent for each superfluous word she uttered. She now owes him nearly enough to pay the city debt.

It is a singular fact that when the funeral of the late Senator Sumner was passing through the streets of Boston, some obstruction in the way compelled the hearse to remain ten minutes directly in front of the residence of the lady who had once been the dead man's wife.

N. Y., April 5.—During an altercation which took place last night at their residence, No. 27 Thompson street, Richard Hickton, aged 19, was stabbed in the left side by his brother John, and mortally wounded. The wounded man states to the Coroner, who was called, that his brother was blameless, as he himself had been the aggressor.

A clergyman at Clarinda, Ohio, was away from home when the crusade began. He returned in the evening, and saw his wife standing at the bar of a saloon, singing as loud as she could yell. He supposed she was drunk, and entering the saloon, the tears rolling down his face, he said: "Come home, wife, you have ruined me—drunk—drunk—drunk."

At the Bebee Chemical Roofing Works, at Hunter's Point, on last Monday, four men named Caton, Flynn, Hennessy and O'Brien, entered one of the stills for the purpose of repairing it. They soon became overpowered with gas and went into convulsions. After being taken out, Caton, Flynn and O'Brien died.

Emil Lowenstein, under sentence of death in Albany, has been puzzled in his choice of a religion. Ministers of various denominations have visited him, and he has been very solicitous about the matter. At last he has decided to become a Roman Catholic, and will be baptized and prepared to die by a priest of that communion, to whom he is greatly attached.

The late Edwin Forrest and his wife were legally separated twenty or twenty-five years ago. He died a short time since, wealthy and childless. Recently his divorced wife, who survives him, effected a settlement with his executors who agree to give her \$95,000, provided that she relinquishes all further claims against the estate. The sum will more than keep the wolf from her door as long as she lives.

A generous, noble spirited man had a sick wife not long ago, and the doctor said a sleigh-ride would do her good. Did the fond husband hire a two-horse sleigh and dash out over the breezy plains? No! he borrowed a sleigh of the boy next door, placed his wife on it, and made his hired girl draw the sled up and down the sidewalk for an hour. But the wife failed to thrive on the treatment.

Collapse of a Balloon.

Barbier's balloon made an ascension from San Francisco last Monday afternoon. When nearly over the town San Loandro, six hundred feet in the air, the balloon collapsed, sank and struck the ground with great force, the car containing four men and two ladies, dragged about three hundred yards. Fortunately no lives were lost, but all were injured more or less; none seriously.

A Girl Crazy by an Idioteic Joke.

Another of those brutal practical jokes has just been played at Blackington, Mass. David Jones, "just for fun", dressed himself in a cloak, and with a hood drawn over his face, rapped at John Davis' door.—Louise, a daughter of Mr. Davis, opened the door, when Jones rushed in and seized her, frightening her so that she became a maniac. She is now in a critical condition.

A Disastrous Fire.

A very destructive incendiary fire, broke out Sunday morning at Williamsport, in the lumber-yard of Brown, Early & Co., destroying over 80 acres of lumber, and fourteen dwelling houses.

Interesting to Invalid Ladies.

Harlemville, Columbia Co., N.Y. July 9, '73 R. V. Pierce, M. D. — Dear Sir—Your favor is just received. I intended to have written to you several weeks since concerning the improvement in my health, which is now very apparent. I have used one bottle of Favorite Prescription with the best results, although I will admit I was somewhat discouraged after its use (for a short time only). I took it under very disadvantageous circumstances—having the supervision of the house and during the season of "house cleaning" I was obliged through the incompetency of health, to do more than I ought and, of course, suffered dreadfully, lifted when I ought not to have raised my hand, and did all I could to bring "order out of chaos,"—but upon laying aside all cares and continuing the remedy I find after using less than one bottle to be so much benefited that I have discontinued the use, with no return of the symptoms of which I wrote you. I have suffered terribly and what added to my distress was the consciousness of not procuring relief from ordinary sources, at times it seemed almost impossible to stand so great was the distress. All of those severe neuralgic pains have disappeared, they were so bad at times I could hardly walk without some external pressure. They seem to have left me like magic suddenly, and have had no return; all other symptoms have been removed. The severe weakness and faintness have disappeared, and I can go up stairs with comparative ease now. I would have informed you ere this of my improvement, for I appreciated it but I was fearful it was only transient benefit I was receiving, but I think sufficient time has elapsed to consider the beneficial results permanent. Accept my best wishes for your future success and your kindness in advising me. Very truly, Mrs. M. NETTIE SNYDER.

New Books.

Among the recent publications, is a book entitled "History of the Origin of the Appellation, Key Stone State." This is a singular title, and persons would wonder what there could be in the subject, to write a book about. But the book is out, and an interesting work it is, being full of historical incidents, and letters from men prominent in the early days of the republic. Appended to this work, is the New Constitution of the State, with an alphabetical list of contents. It is published by Claxton, Remsen & Heflinger, Philadelphia.

"Home Life in the Bible," published by Zeigler & McCurdy, is also received, and is found fully to bear out what is claimed for the work in the advertisement, found in another column.

"History of the Grange Movement," by the National P. Publishing Company is also at hand, and we repeat what we said when we read the advanced sheets. "It is a work of much interest, and ought to be in every house in the land."

The Venerable Archdeacon Scott, of Dunham, Canada East, says that he suffered from dyspepsia more than twenty-five years, but that three weeks' use of the Peruvian Syrup (an Iron tonic) has benefited him so wonderfully that he can hardly persuade himself of the reality, and people who know him are astonished at the change.

We call attention to the card of Mr. Patterson, the new landlord of the Mansion House. We have no doubt but what those who patronize the house will find Mr. P., an obliging and pleasant landlord.

To Young Men.—Mining, Metallurgy, Civil Engineering and Chemical Analysis is now receiving more attention in our own and surrounding counties, and they will increase in importance as Railroad facilities increase. Why should not our young men prepare for good positions in this work. To prepare for a classical course in College, takes from two to three years, but I fit any one, with a common education, for a scientific course in one year. I will guarantee any such student, entering Bloomfield Academy this spring, that he shall be ready by next year for such a course. J. EDGAR, Principal.

PAIN-KILLER,

after a thorough trial by innumerable living witnesses, has proved itself The Medicine of the Age. It is an internal and external remedy. One positive proof of its efficacy is, that its sales have constantly increased, and wholly upon its own merits. The effect of the

PAIN-KILLER

upon the patient when taken internally, in case of Cold, Cough, Bowel Complaint, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Stings of Insects, and other causes of suffering, has secured for it such a host of testimonials, as an infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

THE PAIN-KILLER

derives much of its popularity from the simplicity attending its use, which gives it a peculiar value in a family. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run; but the curative magic of this preparation at once disarms them of their terrors. In all respects it fulfills the conditions of a popular medicine.

Be sure you call for and get the genuine Pain-Killer, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine.

Price, 25 Cents; 50 Cents; and \$1 per Bottle.

Directions accompany each bottle. March 31,—1m.

It is invaluable to students, professors, teachers, physicians, in fact EVERYBODY, and especially the HOME CIRCLE, as a GEM.
