LOCAL DEPARTMENT.

Almost Suffocated.—J. M. Fickes' family of Newport, had a narrow escape from suffocation by coal gas, on Saturday night a week. Had Mr. F. not awakened at the time he did, fatal consequences would have ensued.

Shocking Accident.—On Wednesday last, a young man by the name of C. W. Barr, of Cameron county, met with a terrible and fatal accident, at Girty's Notch, Buffalo township, this county. While in the act of snubbing a raft, his leg was caught in the coil of the rope, and drawn two or three times around the post.

Drowned.—On Sunday the 26th ult., the body of Geo. Walton Monroe, of Liverpool, was found in the canal at that place. He had been missing since the Monday night previous, at which time he was seen in town much intoxicated. His hat was found in an alley, but it was not known what had become of the wearer until the water was drawn off from the level on Sunday, when the fact of his death was made certain.

Perry County Sunday School Convention.—The following suggestions are offered for the benefit of those interested in the success of the convention to be held in New Bloomfield, May 12th and 13th:

- 1. Each Sunday School is requested to send at least three delegates.
2. Delegates expecting to attend will report to Mr. Wm. Grier, Chairman of the Committee on Entertainment at the place of meeting of the convention.
3. Delegates are requested to bring with them the statistics of their schools.
4. Each school is expected to send at least one collection in order to defray the expenses of the convention.

Let the Sunday School workers of Perry County turn out in their strength and make this convention a great success. JAMES CHAWFORD, Pres.

Dr. Schoeppe "Thoroughly a Villain." Judge Williams, of Chicago, on Wednesday decided on the application of Dr. Paul Schoeppe, alias "Count" Schulenberg, for release on habeas corpus, holding that the suspension of sentence was obtained by a fraud upon the court.

The judge in his remarks said: The prisoner, in my opinion, is a bad, dangerous man—thoroughly a villain from head to foot. Counsel have very eloquently urged that he has been seeking to lead a new life; but every where we track him by his crimes. I do not think he is a man in whose behalf the law should be stretched. He is entitled to the same rights as any other citizen, and no more. The fact of his superior intelligence renders him but the more dangerous. The court sentenced him to the penitentiary for three years.

Meteorology.—An extract from the record of B. McIntire, Esq., shows the following changes for April, 1874:

Average of the Thermometer at 8 o'clock A. M., 37°; 58°; of Barometer, six-tenths of an inch minus 30 inches—maximum of Thermometer, 45°; 36°; minimum 34°, 26°. There fell 14 inches of snow, and 6 inches of rain. The wind blew from the North East 8 days; South East 4 days; West 2 days; East 2 days; North 2 days; Northwest 6 days; Southwest 4 days; and from South 2 days. There were 3 clear days, rain and cloudy, 15 days; snow 2 days; partly clear 8 days, and rain two days and nights. The coldest day, the 12th; Thermometer sank to 20°; warmest, the 15th; Thermometer rose to 61°. This was the coldest April that has been for 15 years—by average of 4°, 30°. There fell in April 1868, 7 inches more snow, but the Thermometer averaged 4° higher. There fell more water in April 1874, than fell in the month of April, for ten years. On the 9th of April 1862, there fell 23 inches of snow—by the 14th all had melted.

Junata County.—From the Midlinton papers of last week we copy the following:

The R. C. Gallagher farm, south of town, was appraised last Thursday at \$153 per acre.

Mr. Daniel Stouffer sold the Mansion Farm to Mrs. Elizabeth Stouffer for \$185 per acre.

John Lindsey, an employee in R. W. Humphrey's saw-mill, in Delaware township, had one of his fingers broken recently by having a log roll on it.

Mrs. Mary Horning's house, in Fernman township, was destroyed by fire last Wednesday. The people who lived in the house were not at home at the time of the fire.

We are sorry to announce the death of Mr. David Kurts, of Walker township, father of Mrs. James W. Hamilton, of this place. He died on Wednesday afternoon, after a protracted illness.

The Democratic County Committee of Juniata county met on Tuesday last and elected Dr. L. N. Grubb representative delegate to the state convention. John Dunbar, A. G. Bonsall and David Fowles were elected senatorial conferees to select a senatorial delegate in conjunction with conferees of other counties in that senatorial district.

The Sentinel says: Court was held in the M. E. Church. We were in the room long enough on Tuesday afternoon to receive an installment of the most doleful feelings, engendered by the smell of new paint and plaster. The ventilation was dreadfully poor. The Bench and the Bar looked as if something was the matter. If there had just then been a couple of good earnest revival men, with lungs to endure any kind of an atmosphere, they might have turned the Court into a revival meeting and converted the whole house.

Seth Zeigler, who has his home with Jonathan Kauffman, who resides south of town on the R. C. Gallagher farm was the victim of a robbery last Saturday night.—On that night between the hours of 8 and 9 o'clock, two men knocked at the kitchen door of Mr. Kauffman's residence and were admitted by Mrs. Kauffman, to whom they stated that they were Pittsburgh detectives sent to get Seth Zeigler's trunk, that Zeigler and Kauffman were under arrest at Will's hotel, and before Mrs. Kauffman recovered from the shocking announcement one of the men, who from his action seemed to know the house, hastened from the kitchen through an adjoining room to Kauffman's bed chamber and drew from under a bed in which two children lay asleep a trunk, saying as he drew it out "this is the trunk." The other scoundrel who until then had kept back, seemingly fearing recognition stepped forward, took hold of the trunk and the two men were soon out of the house into the darkness, meanwhile one of the two girls who have their home at Kauffman's hastened upstairs to waken the hired man who had gone to bed. He hurried down and followed the men by sight across the basin bridge to the town side, only to lose them about the quarry. The trunk was found on Sunday in the quarry, broken to pieces. A valise that was in the trunk was also found there cut open. It is hoped that the bold thieves may be traced out to a certainty, and brought to justice. Kauffman and Zeigler were in town at the time of the robbery.

Cumberland County.—From the Carlisle papers of last week, we copy the following:

Chas. E. Maglaughlin, Esq., died very suddenly on Sunday morning the 19th ult. Mr. Noble, an old resident of Carlisle, was prostrated by a paralytic stroke, about noon on Tuesday. He was removed to his room at the Mansion House, where he lies in a very critical condition, his physician having given it as his opinion that he cannot recover.—Shippensburg Sentinel.

We regret to announce that Mr. Daniel Low, of West Pennborough township, met with a very severe accident on Thursday a week. He and his farmer were driving in a buggy on the State road, near David Doner's when the horse took fright and ran off, throwing Mr. Low out, breaking two of his ribs, and injuring him about the head. Though very severely hurt, his physician is of the opinion that he will recover.

The other day G. W. Elliot, of West Pennborough township, made a good haul of foxes for one day. He shot one old one, and captured eight young ones. The manner in which he succeeded in getting hold of the young ones was as novel as it was original. The hole was deep down in a rock, but by attaching a piece of bacon to a string as a bait they were all brought to the surface. It was during this operation that the old one was shot. The mother was also wounded. These foxes had been committing great depredations in the neighborhood.

The following liquor dealers who were found guilty, received their respective sentences on Friday morning last, as follows: H. L. Burkholder—second offence—fined \$100 and costs. Geo. Z. Bentz—second offence—fined \$100 and costs. Jacob Hipple—first offence—fined \$50 and costs. Adam Hoffman—first offence—fined \$50 and costs. Jacob Thudium—second offence—fined \$125 and costs. Wm. Noaker—two indictments—first and second offence—fined \$150 and costs. Wm. D. Skiles—sentence suspended, and the defendant directed to enter into recognizance in the sum of \$500, with sufficient security, to appear at the Quarter Sessions of the Peace, on Tuesday, the 9th of June, 1874, and in the meantime to be of good behavior.

In the case of Fred'k. Babler, who had been sentenced three months to prison and to pay \$300 fine and costs, the Court modified the sentence so as to read thirty days imprisonment in the county jail, \$150 fine and costs.

The Magic Inkstand.—Pour water in one end of this nobby invention, and ink comes out of the other, enough to last an ordinary lifetime. No acids, climates nor air can affect it. It is simply wonderful.—Sold at two (2) dollars each by all book-sellers or by mail from R. C. Roor, Astor & Co., New York.

Summer Travel.

Pleasure travel, which has become so common with all classes of Americans during the summer months, is anticipated by many as the most enjoyable event of the entire year. It carries them to new scenes, familiarizes them with strange people, breaks the monotony of their lives, relieves them for a time from mental and bodily strain, and reinvigorates them for life's cares and duties. It, therefore, becomes a momentous question how this recreation, often limited by considerations of economy both of time and means, can most profitably and pleasantly be enjoyed. Many of our transportation lines have arranged routes and rates to meet the requirements of the people, and from season to season these facilities are improved and extended. The Pennsylvania Railroad Company has gained a high reputation for the facilities it annually presents this class of travelers, and the popularity its lines enjoy is well merited. They extend into the most interesting portions of the Middle States, and excursionists can be carried over them for long distances at low rates, without annoying changes or transfers. Its roadway and rolling stock are probably the most perfect in America, and its management is complete, careful, and courteous. As a consequence the comfort of travelers is assured and their safety guaranteed. Every reader of current news is aware of the fact that a "terrible accident" is rarely chronicled on any portion of this great railroad system.

So far as scenery goes, no lines of railroad on the continent can surpass those running through Pennsylvania. Magnificent agricultural panoramas, beautiful river views, splendid mountain pictures, picturesque hills and valleys, lovely villages, and flourishing towns and cities are seen in quick succession. A ride of twelve hours between Philadelphia and Pittsburg shows more interesting variety than can be seen in the same time and distance anywhere else in the United States, and from this main channel a score of branches run, leading to localities and resorts of unsurpassed attractiveness and world-wide popularity.

The State of Pennsylvania is in itself an interesting study. Its bosom holds all the anthracite and much of the bituminous coal found on the continent. Its hidden fountains produce the larger portion of the oil now so essential to the comfort and industry of the world. Many of its hills are depositories of iron and other ores, which are utilized in immense manufactures seen in every valley. Its forests supply the principal part of the lumber used in the great cities of the Atlantic seaboard. Its soil varies from the richest to the poorest. Its territory is washed by the tides of the Atlantic and the waters of Lake Erie, and is drained into the Gulf of Mexico by rivers navigable more than two thousand miles.—Its boundaries completely separate New England and New York from the Mississippi valley; and its entire area is dotted by scenes of more than ordinary historical interest. All these combinations add to the charm and interest of travel, and every American can find something in it instructive and gratifying.

The accommodations provided for summer tourists on the line of the Pennsylvania Railroad are unsurpassed. Good hotels in all the towns reached by it are the rule, not the exception, and many of them are elegant in all their appointments. It would be difficult to select any highway of travel anywhere that can compare, in the essentials of comfort, safety, expedition, and interest, with the magnificent system of railroads managed by this company.

On Monday a week, a son of Harrison Shuler, of Liverpool, a lad about 10 years of age, went with another boy out of town, and when about a mile distant undertook to return alone. He missed the road however, and was found near Richfield, Juniata county, about fourteen miles from home, when from that place he was returned to his friends, whose anxiety can well be imagined.

During the late high water at Nanticoke, Luzerne county, the boat "Jos. Stickney & Co., No. 3," was being towed across the river by the P. Co. steam tug, when the current taking them down so rapidly it became necessary to cast of the canal boat or both would be lost. The above named boat went over the dam, with a full cargo of coal on board, and broke in twain. No lives lost, the crew was taken off by a foot boat.
