ONLY 10 CENTS a YARD

CAN BE HAD OF F. MORTIMER.

THE GREAT REMEDY FOR CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

PREPARED BY BETH W. FOWLE & SONS, Boston, Mass., and sold by Druggists and Dealers generally.

Nature's Great Remedy FOR ALL THROAT AND LUNG DISEASES!!

It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highest medicinal properties are retained. Tar even in its crude state has been recommended by eminent physicians of every school. It is confidently offered to the afflicted for the following simple reasons:

1. It cures, not by abruptly stopping the cough—but by dissolving the phlegm and assisting nature to throw off the unhealthy matter causing the irritation. In cases of acute consumption it both prolongs and renders less burdensome the life of the afflicted sufferer.
2. Its healing principle acts upon the irritated surface of the lungs, penetrating to each diseased part, relieving pain, and subsiding inflammation.
3. It purifies and enriches the blood. Positively curing all humors, from the common Pimple or eruption to the severest cases of Scrofula. Thousands of affidavits could be produced from those who have felt the beneficial effects of PINE TREE TAR CORDIAL in the various diseases arising from IMPURITIES OF THE BLOOD.
4. It invigorates the digestive organs and restores the appetite.

All who have known or tried Dr. L. Q. C. Wistar's remedies require no references from us, but the names of thousands cured by them can be given to any one who doubts our statement. Dr. L. Q. C. Wistar's Great American Dyspepsia Pills and Worm Symples have never been equalled. For sale by all Druggists and Storekeepers, and at Dr. L. Q. C. WISART'S Office, No. 232 N. Second St., Philad'a.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

Anecdote of "Old Thad."

Pierre M. B. Young, now a representative in Congress from Mississippi, a confederate General and a graduate of West Point tells this story of Old Thad. Stevens. Young came to Washington soon after the war, seeking to have his disabilities removed. He accepted the results of the war in good faith. He went to Thad. Stevens, who was chairman of the Election Committee, and Thad. began to play with him, as he sometimes did with those whom he intended to make his victims. He said: "You are a graduate of West Point, [I believe?]"

"Yes, sir."

"Educated at the expense of the United States, I believe, which you swore faithfully to defend?"

"Yes, sir."

"You went into the service for the infernal rebellion?"

"Yes, sir."

"You were brigade commander in the raid into Pennsylvania, which destroyed the property of so many of my constituents?"

"Yes, sir."

"It was a squad of men under your direct charge, and under your personal command, that burned my rolling mill down?"

"Yes, sir."

Young thought he was gone, but seeing that the old veteran had come into the possession of the last fact, which Young did not dream he knew, it was impossible to deny the truth of his questions. Thad. roared out, "Well, I like your d-d impudence. I will see that your disabilities are removed. Good morning." And the next day the bill passed the House.

Drunk as to the Legs.

Robert Wilson was brought before Justice M. last Saturday, charged with intoxication. He pleaded "half guilty," stating that he could drink a good deal, and be perfectly sensible. His head always remained clear, but his knees went off too freely, and he became drunk below the hips. The officer found him on a doorstep, at an early hour in the morning. Leaning back a little, he was striking at his legs in the fiercest manner for their base and contemptible conduct.

"I have lived with you now for nearly thirty years; I have fed you and clothed you. I have got you good nice pantaloons and comfortable drawers. And now, at this hour of the night, when it is wet, and I want to go home, you get back on me, and leave me in this place. Now, aren't you ashamed of yourselves—a pretty pair that you are? From this time I'm going to treat you differently. I believe I'll begin now, confound you—you shall have a wetting."

With that he began to take off his pantaloons, but the scandalized officer arrested him. He was fined \$3, and departed, murmuring vengeance against his lower extremities.

A Chicago parson, who is also a school teacher, handed a problem to his class in mathematics, the other day. First boy took it, looked at it awhile, and said: "I pass." Second boy took it and said: "I turn it down." The third boy stared at it awhile, and bawled out: "I can't make it." "Very good boys," said the parson, "we will proceed to cut for a new deal," with this remark, the leather strap danced like lightning over the shoulders of the depraved young mathematicians.

Johnny B., aged five, asked his father if he knew why the stars were made. The father, thinking the lad had conceived some queer notion as to the use of the heavenly bodies, said:

"No, do you?"

"Yes, it never rains when the stars shine, so they must have been made to plug up the rain-holes."

A man in an adjoining county died recently who had taken his county paper for twelve years without paying for it. Upon the day of his burial the kind-hearted, forgiving editor called to see him for the last time, and stuffed a linen duster and a pair of palm leaf fans into his coffin. He was preparing him for a warmer climate.

"Where was Bishop Latimer burned to death?" asked a teacher in a commanding voice.

"Joshua knows," said a little girl at the bottom of the class.

"Well," said the teacher, "if Joshua knows he may tell."

"In the fire," replied Joshua, looking very grave and wise.

A German writing home from Philadelphia concluded his letter thus: "If I live till I dies tell my friends at home that I shall visit mein faterland before I leaves Philadelphia."

A boy returning to his work after dinner was asked by his employer if he had no other motion than that. "Yes," said the boy, "but it's a slower one."
