which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Romanco, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners; as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blisters, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurf, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no anthelmintic will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

WALL PAPERS,

SPRING PRETTY STYLES PATERNS

Have just been received by

F. MORTIMER

A Boy's Composition on Girls.

Girls are the most unaccountable things in the world—except women. Like the wicked fleas, when you have them they ain't there. I can cipher clean over to improper fractions, and the teacher says I do it first-rate, but I can't cipher out a girl, proper or improper, and you can't either. The only rule in arithmetic that hits their case is the double rule of two. They are as full of the Old Nick as their skins can hold, and they would die if they couldn't torment somebody. When they try to be mean they are as mean as purseley, though they ain't as mean as they let on to be, except sometimes, and then they are a great deal meaner. The only way to get along with a girl when she comes with her nonsense is to give her tit for tat, and that will flummux her; and when you get a girl flummuxed she is as nice as a new pie. A girl can sow more wild oats in a day than a boy can in a year, but girls get their wild oats sowed after a while, which boys never do, and then they settle down as calm and placid as a mud-puddle. But I like girls first-rate, and guess all the boys do. I don't care how many tricks they play on me—and they don't care either.—The hoity-toitist girl in the world can't always boil over like a glass of soda-water. By and by they will get into the traces with somebody they like and pull as steady as an old stage-horse. That is the beauty of them. So let them wave, I say; they will pay for it some day, sewing on buttons, and trying to make a decent man of the fellow they have spiced on to; and ten chances to one if they don't get the worst of it.

On Tuesday morning last, a little girl ran into the breakfast-room, where her mother was sitting at the head of the table, exclaiming:

"Mother, mother, did you ever see a cow eat a calf?"

"No," said the Mother, "but why do you ask me such a question?"

"Because it is a fact," said the daughter, "I saw it just now."

"Where?" said the mother.

"Why, out at the cow-pen."

"What cow?"

"Why, you know the red cow, Rose, don't you? Well, she came trotting up just now with a beautiful spotted calf following her. And as this is Coweta county, ain't the calf a Coweta calf?"

"Be off to school," said the mother, "I will Coweta calf you!"

This is the way a Florida man expects to get a partner to his bosom. He advertises as follows: "Any gal what's got a cow, a good featherbed, with comfortable linens, five hundred dollars in good, genuine slap-up green-backs, that has had the small-pox, measles and understands tending children, can find a customer for life by riten a small william ducky, addressed X. Y. Z., and stick in a crack of Uncle Smith's barn, jinin' the pig-pen, where Harrison Reed is now planning for future operations."

The Rochester Express is responsible for this: "A married man hearing that the eating of certain kinds of animal food would aid the same tissues of the human body, as, for instance, calves' brains would nourish the eater's brains, or beef's liver the eater's liver, immediately gave strict orders to his family market man that no more tongue of any kind be sold to his wife or mother-in-law."

A Sabbath-School teacher, desirous of waking the dormant powers of a scholar, asked the question, "What are we taught by the historic incident of Jacob wrestling with the angel?" The cautious reply came, "Dunno, zactly, but s'pose 'twas to tell us that we mustn't rastle."

"I tell you," said a Wisconsin man to a neighbor next day after burying his wife, "when I come to get into bed, and lay thar, and not hearing Lucinda jawing around for an hour and a half, it just made me feel as if I'd moved into a strange country."

"My dear," said a wife to her husband, "do you know what is the most curious thing in the world?" "Yes, madam," gruffly answered the brute, "the most curious thing in the world is a woman that is not curious."

On St. Patrick's day while the procession was marching past Oliver street a colored woman ran up to her son and said: "You John, come in out of dar!—Do yer want folks to think yer Irish?"

"Oh, Jacob," said a master to his apprentice, "it is wonderful to see what a quantity you can eat." "Yes sir," said the boy, "I have been practicing ever since I was a child."

A little three-year-old on being asked: "What makes you so dirty, sonny?" answered: "Why, I was made of dust, and it works out."
