Iron in the Blood

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protozoid of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP blown in the glass. Pamphlets Free.

Dr. J. Walker's California Vinegar Bitters

are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

PRETTY SPRING PRINTS STYLES

ONLY 10 CENTS A YARD

CAN BE HAD OF F. MORTIMER,

A Dog Story.

A Worcester boy was engaged in nocturnal cherry stealing a short time ago, and was observed by the owner of the fruit, who, unnoticed by the young robber, placed a large stuffed dog at the foot of the tree, and retired to watch the result of his strategy. The boy descending observed the dog, and then the fun commenced; he whistled, coaxed, threatened unavailingly, the animal never moving, and finally the youth, accepting the inevitable, settled down to passing the night in the tree.

After some hours had passed wearily enough to the lad morning dawned, and the proprietor of the tree coming from the house asked him how he came to be in the tree, to which the boy answered that he took to it to save himself from the dog, which had chased him quite a distance.—It isn't healthy for a smaller boy to say stuffed dog to that youth now.

A member of the Saginaw county bar, says a Detroit paper, was recently in one of our thriving interior towns on professional business. In the office of the hotel he was accosted by a very agreeable gentleman, evidently of the genus drummer, who wanted to know "where he was from. The legal gentleman not exactly relishing the stranger's familiarity, answered shortly, "From Detroit." The next question was, "For what house are you traveling?" "For my own." "You are! May I ask your name?" "You may." Pause—enjoyable to the lawyer, embarrassing to the other.

"Well (desperately), what is your name?" "Jones." "What line are you in?" "I don't understand you, sir." "What are you selling?" (Impatiently).—"Brains," (cooly). The drummer saw his opportunity, and looking at the other from head to foot, he said slowly, "Well, you appear to carry a d—d small line of samples." Blackstone says he owes that drummer one.

Uncle John Gibbons has a favorite hen up at the stage barn, which about five weeks ago showed a disposition to set.—Uncle John set her on fifty-three eggs, and yesterday he concluded that she had set long enough; she was worn down to a shadow, and ne'er a cheep of a chicken had he heard in that barn; so to save her life he removed her from the nest. An examination of the eggs revealed the fact that every mother's son of them was boited as hard as the hinges of perdition. It is now a mooted question as to whether the boys rung in the boited eggs on Uncle John, or whether he set the hen on them himself, in the hope of raising boited chickens. The boys say the latter; but Uncle John says the assertion is a base aspersion on an honest man's character.

The Louisville Ledger has been puzzled for a long time to know why the women of Massachusetts make more noise than their sisters in other States. Archbishop Whately once propounded a similar conundrum. "Why do white sheep eat more than black ones?" and answered it with the inevitable reply: "Because there are more of them."

The Rev. Mr. G., a clergyman of a neighboring town, being recently absent from home on business, his little son, a lad of four years, calmly folded his hands and asked the blessing usually pronounced by his father at their morning meal. At noon, being asked to pronounce the blessing he replied with a grave face, "No I don't like the looks of them taters."

Marshal Sout once, showing the pictures he stole in Spain, stopped before one and remarked: "I value that picture very much; it saved the lives of two estimable persons." An aide-de-camp whispered into the listener's ear: "He threatened to have them both shot immediately unless they gave it up."

An old man in New Jersey, earnest in his advocacy of the cause of linguistic lore, burst forth at a recent school meeting with: "Feller citizens, we ought to purchase a new dissentary for this skule room, for even I don't fully understand the dis-signification of words!"

The mayor of a Portuguese city once enumerated, among the marks by which the body of a drowned man might be identified, "a marked impediment in his speech."

"Cast Iron Sinks" is painted on the sign of an up-town plumber. "Well, who (he) said it didn't?" chuckled a drunken man, after carefully studying it over several times.

Landlady (fiercely).—"You must not occupy that bed with your boots on!"—Boarder.—"O, never mind, they're only an old pair. The bed-bugs can't hurt 'em.—I'll risk it, anyhow."

The feet that are covered with bunions may not be stylish, but they are certainly nobby.
