

The Bloomfield Times.

NEW BLOOMFIELD, PENN'A. Tuesday, August 25, 1874.

LAST WEEK in Philadelphia the democrats nominated Hon. W. V. McGrath, for congress in the Fourth district.

THE Congressional conferees of Adams, York and Cumberland counties, met at Bridgeport last Thursday, and nominated Col. Levi Malah, of York, as the candidate for that district.

THE timber dealers in many parts of the State, have entered in a combination to keep up the price of lumber. Owing to the depressed state of the market, this had become necessary.

A Precher's Victim. Jersey City, August 18.—Miss Mary E. Pomeroy, the alleged victim of the Rev. John S. Glendenning, of the Presbyterian church, on the Heights, died at her uncle's residence to-day.

"One night after I found I was in trouble, and after the matter had all been talked over between Rev. Mr. Glendenning and myself, and he had assured me that everything would be made right, meaning, as I supposed, that he would marry me, Mr. Glendenning came into the parlor as I was seated by the door.

"Then he began to dictate something for me to write and I refused to do it because it was false. He then drew a revolver from his pocket and told me I must write it. I was very much frightened and all seemed dark and blank to me.

"I wrote whatever he told me, but what it was I cannot tell, except that it was something to shield him and set him right before the public and the church. I signed my name to the paper and it is now in his possession."

Miscellaneous News Items. Augusta, Ga., August 18.—There was considerable excitement here this afternoon, caused by reports of an anticipated fight between the blacks and whites at Ridge Springs, Edgefield county, South Carolina, forty-two miles from Augusta, on the line of the Charlotte, Columbia and Augusta railroad.

Arms and ammunition are being shipped from this city. Everything is quiet here but there is a feeling of serious trouble in South Carolina.

A man living about sixty miles from Parsons, Kansas, stole a horse recently. A crowd went to his house, as they supposed, at night, and finding the occupants in bed, told his wife that they wanted to see him a minute.

An extraordinary marriage took place at Jevington, England, the other day the ceremony being performed by the Very Rev. Archdeacon Philpott in the presence of a large congregation. The married couple both belong to the parish of Jevington, but the singular part is the fact that the bride has no arms, and the ring had to be placed on the third toe of her left foot.

All About a Dog. On the 10th inst., a farmer named Hagarman, living near Troy, Pa., told his hired man to kill a savage dog. This dog was a pet of the wife and daughter of Longwell, a neighboring farmer, and when Longwell heard of the killing he and his hired man attacked Hagarman.

William Price, a mining boss in Gilroy, was sent on a search for Tom Collins. He was told that the noted myth had accused him of robbery, and the joke was so successful that he carried a revolver ready for shooting when he should meet the defamer. The wild goose chase was kept up all day, and at last he was told in a saloon that Collins had just gone into the back yard. At this he became so excited that he unintentionally pulled the trigger and shot himself fatally.

San Francisco, August 19.—The loss by the flood at Austin, Nevada, yesterday caused by a cloud burst, will amount to over \$100,000. The people were warned in time by a messenger on horseback and escaped to the hills. The deluge was about ten feet deep as it rushed down the canon.

Chicago, August 21.—An acre of land, near Mound City, Palaaki county, has sunk ten feet, leaving a smooth edge, as if cut with a knife. A number of trees were on it, but they were not disturbed by the landslide.

Carp, Ont., August 19.—Destructive bush fires are raging in this vicinity. Eight farmers living a short distance from this place had their dwellings and outbuildings destroyed. The weather is excessively dry.

Sabbath School Celebration. BLAIN, PA., Aug. 17th, 1874. Mr. Editor:—On last Saturday, the 15th inst., we had a grand celebration on Church Hill, a little below town, in which three schools participated, namely, the New Germantown, Blain and M. E. School, of Church Hill. The Germantown School came into town in the morning, on a large wagon, which was bedecked with spruce and a beautiful banner, besides two flags flying in the breeze.

A Pic-Nic. We had thought for some time past that pic-nics at "Run Gap," Ickesburg, were almost "Run Out," but found our mistake on Tuesday, when a party from Juniata, sent down into our valley for a coffee pot. We appreciate the good taste of our neighbors in wanting such healthful stimulants, after a hard ride, and perhaps they would think of the adage, "What you have not in your head, you have in your heels," when they discovered that useful article forgotten. As far as we ascertained the names are as follows: Hon. Ewing's family, Mr. Sayford and family. The Misses Speece and Mr. Milton Glendenning, all of Harrisburg, Rev. Joseph Mathers and sisters, Misses Clemmie and Sadie Kepner, Mamie Coyle, Jennie McGintie, Rev. H. Stewart, Dr. Shelley and Prof. McCulloch. As we passed, the whole party seemed to be enjoying a game of squeak. Why cannot our counties get up a more sociable spirit, and make it suit to have parties from both counties meet on the mountain, and become acquainted, even squeaking together would be preferable to living within a few miles of each other and yet strangers.

An Excursion.—Lancaster City, in connection with a few towns on the P. R. R., east of it, enjoyed quite an extensive excursion on the 19th inst., going by a special train of 22 cars, to New York City, where a few of the party remained to take a view of the metropolis and its novelties, while the rest embarked on Steamer "Richard Stockton," in readiness for the occasion, and continued up the Hudson River. The trip was a long and interesting one, and apparently enjoyed by all, especially while on board the Steamer and embraced the rich variety and grandeur nature has bestowed on one of its favorite toys, the Hudson. The party returned arriving at Lancaster, late in the night of the same day, having made a safe journey. It was conducted under the auspices of the Y. M. C. A., and netted quite a profit for the association.

By the different excursions and lectures superintended by the association during the season it has added to its treasury over three thousand dollars.

Mr. Editor:—Permit me to address you and the many readers of your very valuable paper, with a few items of current news, of Buffalo township. First, the weather has been excellent for summer crops, with the exception of oats, which has been a total failure. Every thing else in abundance, not excepting the potato bugs. Fruits of all kind above the average yield. Times are rather dull, the Pennsylvania Canal Co., have discharged all the men in their employ, with the exception of one man on each division, to watch the locks and march up and down the tow-paths. Boating has been very poor, in fact more so than any other season known. The general health of the locality has been good, only a few cases of bilious fever, caused I suppose, by drinking too much muddy water, intermixed with tangle-foot—that is eye water. Local option has been very strictly observed, as the record of court will show that the township has not in a single instance been reported for violation of the law. So much in praise of Buffalo township. We have no candidates who seek to serve the country in the time of peace, but many were compelled in time of war. Oh, who would not be an officer now. Politics are very seldom mentioned in our vicinity, but as the time approaches you will see the old Buckwheat farmers leave their ploughs standing in the fields and march boldly forth, and say by their ballots "By the Eternal Jackson," we must and our rights we will retain, as long as we are a free country. Sunday School celebrations and pic-nics, seems to be the order of the day. There was one held on Montgomery's Island, on Saturday the 15th inst., which was well attended by those of both sexes, who love to tip the light fantastic toe. All passed off as pleasant as a marriage bell, until some time in the evening, when certain rowdies who having been over to Dauphin county, and who partook of too much benzine, became disorderly and riotously inclined. At last the quiet and order-loving portion of the party all left the island for their homes, and the "Frog Uglies" took possession of the platform, but not only that, but stole all the boats that were moored to the banks of the river. Too much praise cannot be given to Samuel W. Balf, for his courtly and kind attention to his guests, under whose supervision the dance was gotten up.

The depressing feeling of Languor or Debility, incident to the heated term, is at once removed, the energies restored, and new life and vigor imparted to the prostrated system, by its use. IN DYSPYPSIA, LIVER COMPLAINT and AFFECTIONS OF THE KIDNEYS it invariably works like a charm.
