Iron in the Blood

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP blown in the glass. Pamphlets Free.

SETH W. FOWLE & SONS, Proprietors, No. 1 Milton Place, Boston. SOLD BY DRUGGISTS GENERALLY.

and a general assortment of articles used by Shoemakers.

F. MORTIMER.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurf, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

B. H. McDONALD & CO., Druggists and Gen. Agts., San Francisco, California, and cor. of Washington and Charlton Sts., N. Y. Sold by all Druggists and Dealers.

PRINTING ALL KINDS OF Printing neatly executed at the "BLOOMFIELD TIMES" STEAM JOB OFFICE.

Spoiled His Piety.

Horace Greeley used to affirm that newspaper men were the most patient people, as a class, on earth, and he was not far from right, though there are times when patience ceases to be a virtue with the most enduring. Nearly everybody in Michigan knows Burr, who used to start a newspaper about once a month the year round, generally bringing them out in Grand Rapids, but sometimes making a flying trip to other points. Burr could stand to be told that he lied about circulation, was on the fence as a politician and that he didn't know anything about publishing a paper; and when men threatened to sue or thrash him, he only smiled a sad smile and wished that mankind wouldn't get excited. During a religious revival in Grand Rapids, Burr was converted, and it frequently happened that religious people called at his office to talk with him. One day a minister came in, and after talking a while, he proposed prayers. He was in the act of kneeling, when his foot struck one of the outside forms, which was leaning against a leg of the stove, ready to be lifted up, and over it went, making a half-a-bushel of "pi." Burr looked at the ruin wrought, thought of the two weeks of overwork, and commenced taking off his coat, saying:

"I am trying to be a Christian, and set a good example, but rat my buttons if I can't lick you in just two minutes!"

The clergyman backed down-stairs in no time, dodging the lye-brush on the way, and Burr back-slid at once, and sent down for a pint of stimulant.

A Scientific Joke.

It is related by the Charlotte (N. C.) Observer that one of the students at Davidson College, who was too lazy to do anything right, was in the habit of cleaning out his lamp-chimney by running his finger down as far as he could and twisting it around. After he had cleaned it out in this partial manner, one day not long ago, a fellow student took it up and carried it to the residence of one of the professors with the inquiry "Why is it that this chimney is smoked just up to this point and no farther?" The learned gentleman entered into an elaborate scientific explanation of why it was, arguing with great lucidness, and citing various authorities to show the correctness of his reasoning. When he had finished the student said to him, "No, sir, you are wrong." "Why is it, then?" inquired the professor. "Because the fellow's finger wasn't long enough to reach any farther," replied the student.

"Dad," said a hopeful sprig, "how many fowls are there on the table?" "Why," said the old gentleman, as he looked complacently on a pair of finely-roasted chickens that were smoking on the dinner table, "why, my son, there are two." "two?" replied the smartness, "there are three, sir, and I'll prove it." "Three?" replied the old gentleman, who was a matter-of-fact man, and understood things as he saw them, "I'd like to see you prove that." "Easily done, sir—easily done. Ain't that one?" laying his knife on the first. "Yes, that's certain," said dad, "and ain't that two?" pointing to the second; "and don't one and two make three?"

"Really," said the father, turning to the old lady, who was in amazement at the immense learning of her son, "really, wife, this boy is a genius and deserves to be encouraged for it. Here, old lady, do you take one fowl, and I'll take the second, and John may have the third for his learning."

A Kentucky man while drunk ordered his wife to take a hammer and a nail and knock his teeth out. With that meekness of spirit and obedience which characterizes her sex, that loving wife obeyed the orders of her lord. When he got sober his swearing didn't count, because he mumbled so it could not be understood.

This advertisement is published in the Fort Collins (Col.) Sentinel: "Wanted, about fifty unmarried ladies, between the ages of eighteen and forty, sound of limb, wind and bustle, by fifty axorious bachelors and widowers of this city. Husbands and homes guaranteed. No crusaders need apply."

The difference in natures was well illustrated at the Boston depot. Two sisters met. "O, my dear sister!" said one exhaustedly, as they embraced. "You've been eating onions," said the other, calmly and fearlessly.

A man in Berks county recently had a hair lip removed, and the operation necessitated the cutting away of a portion of each cheek. As the patient was not a book or lightning-rod agent, he has enough "cheek" left to carry on business as usual.

At Fontanelle, Iowa, lately, a couple were married with the following brief service: "Join your right hands. Do you want one another?" Both replied, "Yes." "Well, then have one another."
