FARM AND HOUSEHOLD ITEMS

We invite communications from all persons who are interested in matters properly belonging to this department.

Our Western Correspondence.

TOPEKA, KANSAS, Aug. 10th, 1874. Dear Times:—Oh how little is known of the Indians by those who have never seen them, when compared to the knowledge of us here living amongst the treacherous creatures, fed by the Government and kept alive only to murder the families on the frontier.

An investigating committee comprising five men, traveled all the way to Lawrence, Kansas, within four hundred miles of the scene of trouble, and there requested Mills to resign. He was the only agent that dared to tell Government, the truth when the frontier settlement was all leaving their homes, and at that time hundreds of families were camped near John P. Thompson's, on the Arkansas.

This season has been dry, with frequent slight showers, but no good soaking rains. We have an excellent wheat and oats crop. Wheat is selling off from the P. R. R., for 60 cts. here at \$1.00; Corn is a short crop. That will force the shipping of all the surplus cattle.

Keeping Celery.

Vick's Floral Guide gives the following instruction on this subject: "The time to take up Celery is just before hard frosts. Dig a trench about the width of a spade and a few inches deeper than the height of the Celery.

Here follows a receipt for making a good "help." It is taken from the Womans Journal: Let the mistress of the house take two pounds of the very best self-control, a pound and a half of patience, a pound and a half of justice, a pound of consideration, and a pound of discipline.

NEVER KNOWN TO FAIL!

THOMPSON'S Fever and Ague Powders!

PERMANENT CURE OF CHILLS AND FEVER, DUMB AGUE, OR ANY FORM OF INTERMITTENT FEVER!

The Greatest Discovery of the Age!

THERE are no diseases so debilitating in their effects upon the constitution as the above, and none more difficult to cure by the usual modes of practice. The Fever and Ague Powders will effect a cure in cases of the longest standing, as well as prove a preventive in the forming stages of disease.

REASONS WHY THEY ONLY SHOULD BE USED: Their Reputation is Established.—Thousands of testimonials have been received, showing that these Powders have performed miracles in curing cases of long standing, many of them considered hopeless.

There is no Risk in Taking Them.—They contain nothing injurious, and, therefore, cause none of those lingering diseases so often the result of the many nostrums of the day.

BEWARE OF COUNTERFEITS.—The genuine are put up in square tin boxes, with "Thompson's Fever and Ague Powders" stamped on the lid, and the signature of "Thompson & Crawford," on the wrapper.
