Democratic County Convention .--- The Democratic convention, to nominate a county ticket, will meet on next Monday, the 28th inst. The delegate elections are to be held on Saturday, of this week.

Personal .- We received a call a few days since, from Mr. Cornman, of the Huntingdon Monitor. We are sorry that we happened to be absent, but hope to be more fortunate should be call again. We consider the Monitor the best paper published in Huntingdon county.

Those interested will do well to bear in mind the fact that where the right to vote depends upon the payment of tax it must be paid thirty days before the day of election. A tax receipt given after the third day of October will not avail. As the new election law changes the rule in this respect double precaution should be taken.

Wonderful Growth of Apples. - Last week, Mr. Wm. Mehaffe, of this borough, brought to our office a twig of an apple tree about fifteen inches in length, having on it over fifty well formed apples. The bunch had the appearance of an enormous cluster of grapes, and was a curiosity worth seeing. What is still more remarkable, is the fact that though grown on a large tree there was no fruit except on this one limb.

Republican Conference.-The meeting of the Republican Conferees for this District, took place last week, at Mifflintown. On the 87th ballot, Col. Langhorne Wistar received the nomination, the vote standing Wistar 12; Stewart 5; Duffield 1. Mr. Lyons, of Juniata, had been withdrawn after the 86th ballot. On the first ballot the vote stood, Lyons of Juniata county, 3; Stewart of Franklin, 4; Wistar of Perry, 5; Duffield of Fulton county, 3; Allaman of Snyder county, '8.

A Democratic Congressional Candidate was selected on Friday last, after much wire puiling and many ballots. The candidate selected was W. S. Stenger, Esq., of Franklin county. On the three ballots immediately preceding the last, the vote was as follows

Perry 3, Juniata 3, Franklin 2, Fulton 1, (Robinson)-9 voted for J. A. Magee, Snyder 3, Huntingdon 3, Fulton 2-8, voted for R. Milton Speer. Franklin 1, (White) voted for W. S. Stenger.

On the last ballot all who had voted for Magee, cast their votes for Mr. Stenger-Mr. White's vote making the nomination. The last named gentleman would have voted for Mr. Speer, had Mr. Stenger been withdrawn.

We were at Newport shortly after the decision was made, and while some Democrats were as full of smiles as a sunflower is full of seeds, others looked as though wormwood and vinegar had been freely given them.

Cattle Disease in York County, Pa .--The York county Democrat of last week says : "The new cattle disease which the past week made its appearance in this vicinity has made sad work among some of our finest thorough bred herds. At this writing, Monday, P. A. & A. & S. Small have lost twelve head of Alderny, Holstein, and Durham cattle, one a Durham bull of about two thousand pounds weight. Several more are sick and are expected to die. The disease, generally, kills in about twenty-four hours. Several cows also died in the neighborhood supposed to have been affected by the same cause. The origin of the disease here is attributed to the fact of a drove of Texas cattle having been pastured in McIntyre's meadow, a few weeks ago, after which Messrs. Small's cattle broke down the fence from the meadow adjoining and grazed on the McIntyre's meadow after the Texas cattle had left. It is said by experienced drovers that native cattle are liable to this disease if put in the same pasture with, or soon after the Texas cattle. Several of these dead cattle were opened and examined. The disease is found in the lungs ; one side becomes inflamed and filled with black blood. The

kidneys also become affected, causing blood to pass from the animal when the disease commences to show itself. The theory is that these Texas cattle are full of live ticks, which drop from the animal, get in the grass, and our native cattle while eating will snuff' them up and take them into the lungs, which to them prove

poisonous, while to the Texas cattle they are perfectly harmless. Experienced drovers understand this so

well that they will never herd a drove of native cattle in a yard or pasture previously occupied by Texas cattle, knowing disease and loss of stock must follow. In some parts of the west laws are in force preventing Texas cattle from being unloaded from the cars in some counties. It seems after the drove of Texas cattle in McIntyre's meadow was disposed of a drove of native stock cattle was put into the same pasture. We are informed some of these last were sold into Warrington, Windsor and probably other townships, and some of them have since died from the same disease.

Accident near Harrisburg. - Quite a serious accident happened on the R. R. near Harrisburg on Tuesday last, resulting in probable fatal injuries to a Mr. Johnson, conductor of a freight car belonging to Zacharias & Son, of Mechanicsburg, and serious injury to Mr. Wilson Cramer. the company's train-master at Mifflintown. The switch leading from the siding to the main north track was left open, and when the Schuylkill and Susquehanna coal and freight train pulled out, the engine, No. 845, of the Philadelphia and Reading railroad, ran off the track. At the same time the Pacific express train eastward bound was seen approaching, yet it was too late to give signal. A collision ensued, in which the passenger engine. No. 422, had its cylinder broken, and was otherwise damaged. The springs, trucks, boxes and braces on the passenger cars were all knocked out of place.

The sides of the cars were considerably scratched, and the glass in some of the windows was badly broken. Some of the steps on the side nearest the freight train were entirely broken off, and others were considerably twisted. The freight engine, No. 345, was badly used up, one side be-

Arrest of a Postmaster.-G. W. Daicy, the postmaster at Phillipsburg, Pa., was arrested Friday last at the instance of special agent Hays, of the Postoffice Department, for embezzling money orders fun ds, and stealing money from registered letter packages. On the first charge he gave bail in the sum of \$1,500, but failed to procure the bail required, \$3,000, on the latter. For some time past complaints have been made in that quarter, and the agent has been on the scent but failed hitherto to detect the guilty party. Mr. Daicy, the postmaster, was so highly esteemed by his neighbors that to suspect him was thought almost a crime. He was a member of the Methodist church-a leader in the choir-and of apparently irreproachable character. The facts in the case which are incontrovertable, fell like a thunder clap upon his friends. Various case which are incontrovertable, fell like a thunder clap upon his friends. Various other charges of a similar character will be preferred against him we are told at the proper time. He was placed in the hands of a proper officer, who permitted him to escape, but he will doubtless soon be ar-rested again.—Altoona Tribune. An Accident and Miraculous Escape.

On Friday evening last, a little grandchild of Dr. Ulrich, two years old, fell from the third-story window of the Doctor's residence, on Cumberland street, to the stone pavement beneath, and yet the little fellow sustained no serious injury. With his luck he should be educated for a soldier .-Lebanon Courier.

nage. SHERMANSDALE, Sept. 16th, '74. Mr. Editor:--Shermansdale Council, No. 186, O. of U. A. M., held a basket pic-nic, at Huston's Rock, Saturday September 12th, a good many folks participated.--Everything passed off quietly and all ap-peared to enjoy themselves. The stars and stripes were flying to the breeze, also a banner with the inscription, "Honesty, Industry and Sobriety." At three o'clock the audience was addressed by A. H. Glenn, on the principles of the Order, after which the closing ode was sung by the members and all went again to enjoy them-selves as best they could until darkness closed the scene and all went home well pleased with the day's enjoyment. Mr. Creamer was riding on the engine of the Pacific express, and was thrown out by the concussion, receiving a cut on his head, being stunned and considerably bruised about the body.

The two injured men were taken to the Harrisburg depot where every attention was shown them at the hands of the railway company's surgeons, after which Mr. Johnson was conveyed to his residence, on North Second street, and Mr. Creamer sent to his home at Mifflintown, on the Mail train west.

Doran Buzzard, the fireman on the passenger engine, sustained slight bruises and scratches about the face. The engineer and fireman of the freight engine, as well as the engineer of the passenger engine, escaped without injury. None of the passengers on the Pacific express sustained any injury whatever, and they with their baggage were transferred to other cars and sent on their journey.

An Attack in the Rear .-- On Saturday evening a week, as Mr. John Dearing, Jr., of Juniata county, was on his way home to Licking Creek, a huge ram came up behind him very stealthily and struck him with such force as to throw him heavily upon the ground. While in the act of regaining his feet the animal struck him a very severe blow on the side of the face, cutting his check and otherwise bruising him about the head. In falling his hand came in contact with a sharp piece of wood that had been driven into the ground, which entered it in the paim, and pierced, his hand completely through. At last ac counts the wounds received were very pain ful and caused him much suffering and un-easiness - Democrat & Register.
