

The Bloomfield Times.

Tuesday, October 20, 1874.

LOCAL DEPARTMENT.

NO CUTS INSERTED.

No Copy of Stereotype will be inserted in this paper unless light face and on metal bases.

Accident.—On Wednesday last, as Mr. Morrison, of Waterford, one of the firm of Morrison & Willhite, accompanied by a doctor from the same place, was driving over the mountain to New Germantown, their horse was scared by a pile of bark and shed to the side of the road so suddenly, that horse and buggy rolled down the embankment. In the descent the vehicle rolled over twice, badly injuring Mr. Morrison, and breaking the top off the buggy and badly hurting the horse. The doctor fortunately, escaped without injury.

Another Accident.—On Saturday last as Mr. George Wright was driving along the narrow on the new road, leading from Millerstown to Newport, one of his horses scared and sprang to the side of the road so quickly that the horse and wagon were precipitated into the river. Mrs. Wright who was in the wagon, being on the side towards the hill, jumped out and escaped uninjured, but Mr. W. went down with the wagon and was considerably hurt. One of the horses was killed, and the other badly bruised.

Dedication.—On Wednesday last, the Odd Fellows Hall, at New Germantown was dedicated. Five visiting lodges were present and assisted on the occasion, viz: Mackinaw, Blain and Mt. Dempsy, from this county; Fannett Lodge, from Dry Run, Franklin county, and McCoytown Lodge, from Juniata county. There were probably eight to ten hundred persons present, which joined in a procession up to the mountain, where an appropriate address, which was highly commended by those who listened to it, was delivered by C. J. T. McIntire, Esq. After the address was over the entire company gathered around the tables, where abundant provisions were spread, to which ample justice was done. The day was one long to be remembered by the citizens of the upper end of the county. The music on the occasion was furnished by the Bloomfield Band.

Robbing B. R. Trains.—There is some suspicion that the train that was thrown from the track, near Middletown last week, was purposely wrecked to give opportunity for robbery. The Middletown paper in referring to the case says: "If we are correctly informed the switch tender claims that the switch had been placed right for the train, and that it was tampered with by parties who contemplated plundering some freight trains. One thing is sure, that a number of freight trains were detained by the accident, and that some of them were robbed. Boxes containing dry-goods were emptied of their contents and strewn along the track, and there is other evidence to show that a bold scheme had been planned for a robbery on a large scale.

The New Election Schedule.—Election officers and citizens generally would do well if they would study up the provisions of the new election schedule. The whole thing may be said to be new. Next November there will be no meeting of return judges in the county convention, as heretofore, to count up the votes, fill up certificates of election, appoint district return judges, etc. Election districts, not over twelve miles distant from the county seat, must make their returns to the prothonotary the day after the election, and all the others must make them before twelve o'clock, a. m., on the second day after the election, when the judges of the court of common pleas will perform, with enlarged power, all the duties heretofore done by the return judges in their joint meeting the third day after the election.

Coal in Perry County.—We were shown on Saturday a lot of as pure coal as any we ever saw, that was taken out of lands of Edward Matchett, in Buffalo twp. The vein was discovered near the surface of the ground, and was then about one inch thick; but after running a drift 20 feet deep the vein has increased to five inches in thickness, and now increases in size more rapidly. The coal is easily mined and only needs a little capital to develop it. Here is undoubtedly a chance for some enterprising men, to not only enrich themselves, but to add to the wealth of the county. Mr. M. invites any person who takes an interest in this matter to come and examine for themselves, and he is willing to offer excellent terms to any persons or corporation who wish to test the matter. We know that geologists have maintained that Perry county was not in the coal fields, and consequently cannot have any coal, but the theories of even scientific men are sometimes upset by facts. If the people of that vicinity are awake to their own interests, they will aid Mr. Matchett to test the size of this vein.

Blanks.—Justices' and Constables' blanks, for sale at this office.

of coal thoroughly, and we sincerely hope they will take such action. The coal is semi-bituminous, in its character, and burns very freely. Some of the specimens can be seen at the office of Lewis Potter, Esq., and at this office.

A Six Weeks Fast.—More than six weeks ago, Mr. Lightner, residing near Middletown, Md., missed three of his hogs, and up to Friday last, he heard nothing of their whereabouts. On leaving home that morning he directed his sons to make search for the swine in the straw stack, and obeying these orders his sons went to work, removing the pile of straw, and their labors finally brought to light the long lost hogs—somewhat thin and emaciated, but still alive. It seems almost incredible, that they could live six weeks in the straw bank without food or water, yet it is true they did. They were found on the opposite side of the stack from where they entered, having worked their way around in search of a place of exit.—Newville Star.

Cumberland County.—From the Cumberland county papers of last week, we copy the following: One of the most heart-rending accidents it has been our duty to record in a long time, occurred at Pine Grove on Saturday evening last. Annie Wiley, daughter of David Wiley, aged 13 years, fell from a large chestnut tree to the ground, a distance of about forty feet, and was instantly killed. Upon examination it was found that her neck was broken, besides receiving other injuries. This sudden death has cast a gloom over the whole community.

On Tuesday night last a young man named Durbin Davis in the employ of Mr. C. Keep, of this place, went to the protracted meeting in progress in Mt. Zion U. B. church. On his return home, while in the act of hoisting an umbrella, he was shot in the arm by some unknown party.—The ball entered the arm near the waist and passed upwards along the bone about eight inches, inflicting a painful wound. Dr. Lauman was sent for and the ball was extracted. Another warning to those who handle fire-arms carelessly.—Mt. Holly Echo.

On Friday last, Mr. Henry Snyder, Steward of our County Poor House, while in attendance at the Agricultural Fair, had his watch and part of the chain taken from his vest pocket, by some light-fingered gentleman, whom, we presume, thought he had a better right to it than Mr. S. Of course, as in all other instances of the kind, no tidings of the watch has been heard. Mr. S. valued the watch at \$130.—Sentinel.

Brief Items.

Ice a quarter of an inch thick was formed in this vicinity on Wednesday night last.

The Bloomfield band on their way home from Germantown, stopped at the Andersonburg Orphan School, and played a few tunes, much to the delight of the scholars.

Mr. John Jones who was taken ill while at Mr. Meredith's in this borough, was taken to his home in Newport, on Thursday last, he having improved so that it was thought safe to remove him.

We notice that Calvin Hackett, Esq., Local Editor of the Altoona Tribune, (which by the way we consider one of the best of our exchanges,) is now in town on a visit. Calvin is looking well and hearty as though his duties agreed with him.

Persons mailing newspapers should be sure they put on stamps enough. If the paper weighs over two ounces, a one cent stamp does not pay the postage and the consequence is the paper cannot be forwarded from the office.

On Sunday evening a week, Joseph Wilson, of Duncannon, was badly hurt, by jumping from a canal boat on which he was riding and falling into the hold of the boat on which he jumped. The accident occurred while on his way to New Buffalo to church.

We acknowledge the receipt of a lot of sweet potatoes from Mr. I. B. Trostle, which for size beat any thing we ever saw. Some of them weigh 4 pounds each, and the lightest one in the lot weighs 3 pounds. There were 40 bushels of them raised on the Poor House farm this year. If the steward who succeeds Mr. Trostle equals this he will be very fortunate.

The Premium Engraving issued by "Peterson's Magazine," for 1875, is really one of the most beautiful and costly we have ever seen. It is not one of those cheap, colored lithographs, with which the market is flooded, but a first-class line and mezzotint engraving, executed in the highest style of art, after an original picture by J. W. Ehninger, and cost, as the publisher assures us, two thousand dollars, in all. No premium of equal value, he asserts, will be offered by any magazine for 1875. The subject is "Washington's first interview with his wife." The story is quite romantic. Washington, on his way to join Gen. Braddock, in the great French and Indian war of 1755, stopped, with his orderly, at the White House, since so celebrated in the Virginia campaigns of McClellan, Lee and Grant. Here he met a young and beautiful widow, with whom he was so fascinated, that the orderly, instead of being summoned within half an hour, as he had expected, led Washington's horse up and down, nearly all day, while his amored master was listening to the gay sallies of the charming Mrs. Custis. The result is a matter of history. Mrs. Custis became the wife of the great hero, and was known, in after years, as Lady Washington. This is a picture that ought to be in every household. You can get it gratis, by raising a club for "Peterson's" for 1875, or by remitting \$2.50 for it and for the magazine. This is a rare chance.

Church Notices.

Presbyterian Church.—Preaching every Sabbath until further notice, at 11 a. m., and 7 p. m., and prayer meeting each Wednesday evening at 7 o'clock.

Preaching in the Reformed Church next Sunday, at 2 1/2 P. M. Prayer-meeting on Thursday evening.

Sales.—We call attention to the following sales, bills for which have been printed at this office:

On Thursday October 22nd, Geo. W. Hitting in Liberty Valley, on the old Dalton farm, 3 miles from Bealton, will sell a great variety of personal property, among which are tools of all sorts, for blacksmiths, carpenters, shoemakers, painters, &c.

On Friday, October 23rd, 1874, at one o'clock P. M., C. Bosh, Executor of the estate of John R. McClintock, dec'd., will offer for sale, one of the most desirable farms in Perry county, known as the "Sheafers Farm," situate in Spring township, Perry county, Pa.

On Saturday October 24th, John McDonald will offer at public sale, his farm in Carroll twp.

County Price Current.

Table with columns for item and price. Items include Flour, Potatoes, Butter, Eggs, Dried Apples, Dried Peaches, Peas, Cherries, Onions, etc.

NEWPORT MARKET.
