

The heavy snow storm which we were visited on Tuesday last extended over a wide district of country.

A BILL is before the Legislature to change the time of holding Township elections from the second Tuesday of October, to the third Friday in March.

On Tuesday evening, the 22d inst.—Washington's birthday—a musical and literary entertainment will be given in Royers Hall, Freeburg Academy. The public is invited to attend.

SOME of our business men are talking of making an effort to get a bank in this place. We hope that they will not end in talk but that they will go to work at once and see what can be done.

The Shamokin Herald reached us last week enlarged to eight columns and in an entire new dress. The Herald is a good paper and we are glad to note this evidence of the prosperity.

If any of our business men are in want of a good Philadelphia daily paper we would advise them to try The Day. This paper contains all the news of the larger journals and costs only half as much.

JOHN H. GIBSON, Esq., has resigned his position as private secretary to Governor Geary, to take effect on the 1st proximo. His place will be filled by Benjamin T. Lee, a brother-in-law of the Governor.

The Jersey Shore post office, sixteen miles from Williamsport, Pa., was robbed on Sunday night. About forty-five dollars in cash was taken. The stamps and letters were not molested. There is no trace of the thieves.

SOME persons are under the impression that the special term of Court to be held in this place will be immediately after the regular term. This is a mistake; there will be one week intervening between the two terms.

LARGE PORKER.—Messrs Shetter & Edkin, of near Williamsport, slaughtered a hog on Thursday last, which weighed, when dressed, one thousand and five pounds.—It was a Chester County white breed. These gentlemen also slaughtered an ox on Wednesday, which dressed nineteen hundred pounds.—Dressed Luminary.

AN IMPORTANT R. R. MOVEMENT.—Since the election of the new board of Directors, our visitor appears to have been infused into the movement of the Middlebrook railroad company. We learn from a reliable source that a sufficient amount of money has been secured to complete the road from Lewistown to Sunbury and that the name will be changed from the Middlebrook railroad to the Sunbury and Lewistown Railroad. With such active men connected with the road as A. C. Simpson, Esq., its President, S. P. Wolcott, Esq., and Col. George Arms, definite results in regard to the speedy completion of this road must be attained.—Sunbury Gazette.

THE MUSICAL GUEST.—The February number is rich with the choicest of music and literature. The music consists of three beautiful songs—"Bloom upon the Cherry Tree," by Glover; "In the moonlight at Cape May," and "When You were Seventeen, Nellie," by Frank Howard. This last song especially is a gem, and is worth more than the price of the Guest per year.

Oh! when the roses bloomed, Nellie, So many years ago, Oh when the sun was red, Nellie, With sunset's crimson glow, Then hand in hand we strayed, Nellie, O'er meadows bright and green, When I was twenty-one, Nellie, And you were seventeen.

We would advise all our readers to subscribe for the Guest at once, as in this way you can obtain such music as the above for less than three cents per copy. Terms \$1.00 per year.—Sample copies ten cents. Address—Whitney's Palace of Music, Toledo, Ohio.

HOME ENTERPRISE.—The Bloomington (Ill.) Democrat publishes the following article, which is so well adapted to this community that we transfer it to our columns: It is the duty of every citizen who wishes to see home institutions prosper, and who desire to increase the wealth and build up the business of the town, to patronize all the local dealers and mechanics. Always buy at home when you can get what you want; and, by doing that you always get what you want at home. Don't send off to some distant city to buy your dry goods or groceries, or to get some sort of work done, because you do that you send the money out of the country, and a never comes back. You spend a dollar here at home, and it stays here, and is invested here, and the profits there, and so on, to improve the country. If you buy your goods at home the business of your place largely increases; the dealers make large sales and can afford to sell for smaller profits. If you get all your work done at home, our mechanics and manufacturers are thereby encouraged, and can increase their facilities for doing the various kinds of work, and will be better able to supply the wants of the people. And we are all dependent upon another, if any one of us neglects to patronize his home trade or manufacturer, he has no right to ask support from his fellow-citizens. Money sent away from home is money out of pocket to every man in the community. Patronize home industry and build up institutions, and our place will

J. M. Maddux, of Richmond, sends the United States for \$734,000, the value of tobacco destroyed by the Government in 1869. He will be a mad-dread before he gets a favorable verdict.

BARRAINS.—The place to secure barrains is at the well kept store of Jacob Aurand & Son in Centerville. They keep a large and well selected stock of dry goods, groceries, and everything usually kept in a first class country store. They sell goods at the lowest cash prices. Give them a call.

ON TRIAL FOR 50 CENTS. The publishers of that stirring family paper The Sunbury School Times offer to mail a copy for 17 weeks on trial for 50 cents. This is a good opportunity to form the acquaintance of one of the best journals in this country. Sample on receipt of a stamp. Address J. C. GARLAND & Co., 608 Arch Street, Philadelphia, Pa.

A WONDERFUL BABY.—The Lewistown Times Democrat says: There is a baby in Union township, this county, who, we think, has as many grand parents as any other baby in the State. This baby has no less than five living grand and great-grandfathers, and four grand and great-grandmothers; and, strange to say, has no uncles and never an aunt.

GOOD FOR TWENTY YEARS.—Mr. R. Rood, of Lexington, Ky., accidentally broke the cross-bar of his sewing machine, and in writing to the Greer & Baker S. M. Co. for a new one, says: Permit me to say that this is the first time in over ten years' steady family use that my machine has needed anything in the way of repairs, and it seems likely to answer fully as well for the next ten years.

—Some days ago a lad twelve years of age named Koerper caught a rope attached to an elevator, at Mount Joy Lancaster county, and requested a 18-year-old man to start the hoisting machine that he might be hauled up. The machine started and the little boy at the bottom did not know how to stop it. The boy was carried up a distance of sixty feet, when his arms were drawn through the pulley wheel and he let go his hold, falling to the ground below and landing on a wagon wheel. His neck was broken in three places and his body was frightfully mangled and bruised.
